OFFICIAL ANNOUNCEMENT

The "Deseret News," with all its properties and appurtenances, has reverted to the Church of Jesus Christ of Latter-day Saints, by which it is now owned and controlled. On and after January 1, 1899, a complete change in its management will be inaugurated. The editorial department, comprising all the reading matter in the columns of the paper, will be placed in charge of Elder Charles W. Penrose. The business management will devolve upon Elder Horace G. Whitney. It is the intention to make the "Deseret News" a first-class family newspaper, containing information of current events from the most reliable sources in all parts of the world. Also to make its utterances such as will be acceptable to the members of the Church and to fair-minded people generally. It will be the official organ of the Church and be sustained by its authorities. The aid and support of leading men in all the Stakes and Wards of Zion and in all the missions abroad are earnestly solicited, that the "Deseret News" may be able fully to accomplish the aim and design of its publication. The Daily will be published every evening, except on Sundays and holidays, the Semi-weekly every Tuesday and Friday. The Weekly will be discontinued, and subscribers whose terms have not expired will receive the Semi-weekly in its stead. The "Deseret Evening News" is commended to all the Saints and the general public who can be reached by daily mail and the "Semi-weekly Deseret News" to those less favorably situated. It should be had in every home. It is hoped that with the assistance of our friends, the organ of the Church will, in a short time, obtain universal circulation and become a public journal in which all Latter-day Saints will have confidence and pride.

Trustee-in-Trust.

NOTICE.

Advertisers in the Daily or Semi-Weekly "News" whose contracts do not expire until after Dec. 31, 1898, and subscribers who have paid beyond that date are notified that arrangements have been made with the new management of the "News" to carry out such contracts till their expiration. Any other arrangements for advertisements and subscriptions after Dec. 31, 1898, must be made with the new management, the present company's connection with the paper ending on that date.

CHRISTMAS.

We are at the threshold of a day which is held in sacred esteem by all Christian peoples as the anniversary of the birth of Him who came to redeem, to reclaim, to save the sons of men; not to save them by vicarious atonement alone, but by the force of [illegible]

[illegible] has a good deal of the ring of a [illegible] speech. Territorial expansion for the United States is a [illegible] policy when this country passes through an experience like that with Spain. Territorial aggrandizement as an aim of conquest is a different thing, and it is not so easy in acquiring either Hawaii or the Philippines.

It is not yet probable that war in sugar prices in Chicago will seriously affect the market here, though there is no certainty as to what will come. There are very many people in the country, however, whose sympathy will be with the Arbuckles in their aim to break down the [illegible] monopoly of the sugar trust.

It is just possible that in taking possession of Iloilo, Gen. Otis may have to fight insurgent Filipinos instead of the Spaniards. But if it comes to that, the portion of the natives that are in rebellion and are looting towns and villages will not be likely to seek many further conflicts at arms.

The accusation made by Admiral Sampson, about Spaniards seeking to transfer crown lands in Cuba to parties not entitled thereto, will, if true, convince fair-minded people that Spain has few [illegible] as well as her colonial [illegible]
