Bonding Against California Filibusters—Supposed Suicide Turns Out to be a Murder—Other News.

There are 20,000,000 acres of vacant public lands in Colorado, according to the September land bulletin.

J. Kier Harris and Frank Smith, the British tourists, are drawing large audiences in California.

Mr. Louis J. Hoot, of Delano, Cal., dropped dead in the street on Monday, the cause being a ruptured blood vessel.

The Santa Clara county, Cal., carnival of roses is to open May 6, 1896. It is expected to be the greatest floral display ever held in the West.

J. A. J. De Mooch recorded up one in San Francisco on Monday, because he could not get employment. He was from Holland, Holland, and could receive Boodle in several languages.

It is stated that Gen. Graham, of the Presidio, San Francisco, is to be promoted for that, in having the statement prepared for the government for the pollock state in 1896, during the winter, that they were killed up the sixties.

An irrigation company with $3,500,000 capital has been organized at Jackson Dog, Cal. It is proposed to furnish an irrigation system for all that part of San Diego county south of the Diego river and west of the main mountain range.

It is now given out that General Antonio Enciso, who recently left Guatemala and was supposed to be hot on the trail of Barrios, is a revolution instead, as really gone to Chiba, where he expect to obtain a command in the revolutionary forces.

It has been discovered that Alex. Sirbet, a prominent member who was used now to be some over Oil, Cal., and who was supposed to have absolutely left leaving Oxen, said Rights due to and owe a dozen from each, or $10,000 a year.

Montpelier, Idaho, Post: The editor of this paper lost a pig last week. It is a white one, four weeks old. Any information concerning the wanderings of our favorite porker will be hailed with delight by all the members of the editorial family. There are no excuses or trouble, and squeals will be rewarded.

The Mexican officials at Eucenda, Lower California, have been instructed to take prisoners the steamer Rosario, departing from any port in California and proceed against any Mexican if the Lower California coast. It is believed that this order is the result of reports from San Francisco to the effect that a Yaqui was outfitting there to take possession of Guadalupe island, for its guano deposits.

Gunnison, Colo., Avalanche: Two boys coming to hell from Crippe Creek Wednesday, met evening as they got out of a box car, at the instance of the railroad company, suspicion of breaking the seal of the car. They were released this morning, as it was found the seal door where the boys entered was not sealed and nothing is the car disturbed. They said they were sealing their way to Utah.

J. M. Derby of the Pacific Mail Steamship company's Gaelic has sent word to Labor Commissioner Fitzgerald of California that he has received information that the Japanese government has issued orders that none of its subjects should leave the island to settle a permanent residence abroad, unless they had sufficient money to engage in business. The only exception made to this is in the case of students, who must, however, be provided with enough funds for their support while attending college.

Judge Low, of Oakland, Cal., has discovered several queer things in the fight between Maurice Brandstetter, defendant, and Isaac Selig, prosecuting witness, in a remarkable bond enforcement case. Brandstetter was accused of obtaining $150 from Selig by representing that he had plenty of money in a bank at Coast Falls. Mr. Selig swore that he saved his money while working as street sweeper at $1.50 per day, paying one dime of each to 10 cents daily; his defendant pointed out that he was a world-to-man, showing Judge Low to prominent banks, the office of police and others in Coast Falls. The judge was on the eve of dismissing the case when he discovered a letter in the mail addressed to Coast Falls. A letter just received from Montana shows that Brandstetter has been an all offender, having served several terms. As a result Judge Low held him in answer before the superior court in bonds of $5,000.

The market full of cough mixtures, but one stands with head of them all that when they do a little good the patient has to take so much that he gets to hate the taste. The Pineola Balsam is superior to all other remedies because it is agreeable to the palate and its good effects are immediate. In a few days so obstinate a cough is gone altogether. Bronchitis and asthma are more stubborn, but they too are cured by Lily's Friends Balsam. A remedy worth trying. Twenty-five cents is all it costs.
