WORLDS' FAIR NOTES.

The Ecuador commissioners have had constructed a few models of the ancient palaces of the Inca Peoples, the sons of which stood near the city of Quito and will exhibit it at the fair.

The construction work has been in progress for several weeks at Pinkhoff-on-the-Main. The contractors are Philipp Holzmann & Co., the builders of the imperial palace at Strasburg and many other celebrated structures in Germany.

Carl Hagenbeck, of Hamburg, the celebrated dealer in wild animals, will have
