He will leave for home on Monday.

Court Tailings.

The case of James Irvine et al. vs. Joseph William Taylor et al. was submitted to Judge Zane yesterday afternoon after a long investigation as to the constant and cross-complaints. The bearing of the suit in interrogatories was referred to Commissioner Greenman, as referee, to try a report.

Unity Brown has commenced proceedings in the third district court for a divorce from her husband, John Brown. The parties were married in Glasgow, Scotland, on Dec. 22, 1891. The grounds on which the divorce is sought are desertion, failure to support and cruel and inhuman treatment. Plaintiff prays for the custody of their one-year-old child, Joseph Brown.

DON'T BE DECEIVED!

Some Suggestions that Afford Food for Reflection.

UTAH'S WELFARE IN THE THERE.

How the Republican Party May Have a Majority in the Next Legislative Assembly.

To the Republicans of Salt Lake City:

We have become accustomed to the ballot methods and political tricks we see and are, therefore, not surprised at the specious arguments they use to induce Democrats to assist the minorities of the Republican party in the present legislative campaign.

The well known desire of Republicans for the privilege of full American citizenship to be enjoyed only in a sovereign State has been appealed to in the hope that the desire for freedom which with one party leads to a vote for the ticket, at least temporarily, to be cast aside that Statehood may be secured.

The false statement has been made that a vote for a Republican is a vote thrown away; that we can't expect a short cut ticket and therefore that we should vote for one that possibly may be the winning ticket.

Not so—not with those base plots our Democratic friends have gone so far as to threaten. Let us show a Republican Legislature support that will not conform with the ideas of the Democratic party or the whims of his excellency, our Governor, will not be allowed to be "engraved on the statutes of Utah."

To such we say that Republicans are neither slaves nor traitors. We will unless compelled by force or the threat of an autocrat, temporarily vested with the power to thwart the will of a whole people, our being the men who have united with us in a firm purpose to work for the upbuilding of our country and the protection of her honest men and people.

Our party has grown from the day the people of Utah divided on party lines. Our opponents who worked so at first have seen an increase at every election that has been held. Nowhere has there been a decrease in our numbers. Every whole election after election has shown our increased strength.

Republican members will be elected in several legislative districts in the Territory. We can carry Salt Lake City on a fair vote, and thus have the Legislature Republican in both branches.

Republicans are sure to stay. Our Territory needs our efforts. Our opponents have been weighed in the balance and found wanting; and too plainly see the handwriting on the wall.

Remember that in this conflict we are animated by principle and let no man be deceived by the false promises of the enemy. We call upon every man who loves the principles of the Republican party to vote for those principles. The path of honor lies in avowing. Shame and disgrace would deservedly follow any other course.

Chairman Republican City committee.
