SENATE.

Washington, Jan. 31.—A bill was passed at the opening of the senate session today granting extra pay to the officers and men of the temporary force of the navy—two month's extra pay to those who served beyond the limits of the United States and one month's pay to those who served within the United States. The provisions of the bill are to apply to all such temporary force whether discharged yet or not.

The following cases were argued before the Supreme Court today:

Lodowick F. Crofoot, receiver of the Omaha Fire Insurance company, appellant, vs George W. Thatcher et al.

Maggie Smith Hussey, appellant, vs Charles Smith et al.

Charles Lippincott, etc., appellants, vs H. D. Rich et al.

Cleveland, O., Jan. 31.—The trial of Judge F. E. The trial opened with the reading of the formal charges against Judge Dellenbaugh, and the specifications accompanying them.

SHORT LINE FURNISH RAILS

Grading Contract is Signed, and One for Rails Almost Perfected—Other Railway News.

It is now learned from a reliable source that the contract has been let for the grading of eighty-one miles of the road, which will take the road to the heart of the great copper country. HELLO! HELLO! HELLO!
This—? That's right. I want—,

I want a can of U. S. baking powder and want it bad. Last time I bought the grocer made a mistake and gave me another brand. Wouldn't answer at all. Couldn't use it so well. Family didn't like it because the food didn't taste right and they all became dyspeptic. Now I want U. S. for you can depend upon it's being right. We have better health from using it and greater satisfaction in our food.

Remember, every can guaranteed to give perfect satisfaction or money refunded. You take no risk. Why not give it a trial?

has simply been a fight to keep the lines open and handle the mails, but when one engine to each car can't get through it's time to think of saving money somewhere. No doubt the men deserve double the pay they are getting, but the roads simply can't afford to give one cent increase. That applies to every road in the State and if the [illegible] are avoided by summer it will be quite fortunate."
