The Italians, however, did not arrive, and it was learned that they had changed their minds and decided not to come to Ogden.

The deceased was a lady of many virtues and was highly respected by a large circle of acquaintances and friends. She was a native of Ohio, and was thirty-three years of age. A social reunion of the people of the Twelfth ward was held last night in the ward meeting house. About 250 participated. The programme of entertainment consisted of songs, speeches, humorous readings, musical selections, etc., and all with a general hand-shake and a banquet.

The chapel had been tastefully decorated for the event. Following are the chairmen of committees which alone would testify of a splendid time: Music, H. H. Clawson, J. M. Wardsley, G. H. Robinson, Mrs. E. C. Kimball, Wm. M. Stewart, T. A. Williams.

Amusements.

RESOLVED TO SUSPEND.

The Salt Lake Mining Exchange Now a Thing of the Past.

ACCOUNT OF LAST NIGHT'S MEETING.

Financial Statement of the Institution. —Report of the Committee.

Less than a score of the stockholders of the Mining Exchange attended the adjourned meeting called for and held last night.

Mr. W. W. Chisholm acted as chairman, and Mr. F. O. Hoth as secretary. The committee to whom had been referred the duty of ascertaining the exact status of the Exchange reported as follows:

SALT LAKE CITY, Utah, Oct 21, 1891.

To the Chairman of adjourned meeting of stockholders of the Salt Lake Mining Exchange:

As your committee, the undersigned, have worked assiduously in the line of our designated duty, and have made every effort to arrange for the settlement of liabilities having fore and dues for current expenses, we report:

Having a money balance in the exchange of $[illegible] on Saturday last, we felt justified in the causes leading to the general indifference regarding its welfare, in the hope that a remedy might be made apparent, and the exchange made more useful, if not in its present form, at least in some slightly modified form.

We have investigated all the points bearing upon expense, as well as the actual status of the exchange in the actual disinterestedness of the exchange, for the purpose of ascertaining the cause of such indifference, and the remedy for such indifference.

We have learned to all the individual members of the several societies with whom we have conversed, and incidentally have gathered somewhat of public opinion regarding the exchange and its operations.

As a result of our careful investigation in all places, and conversant with the elements necessary to the successful continuance of the exchange, we are entirely convinced that it is quite useless for the board of directors the immediate suspension of sales and the cessation of all expenses of the exchange.

We further recommend that the individual members or organizations pending moneys forward the necessary amount, and an auditing committee be appointed from the non-official members of the organization, who, if satisfactory, report at an early date.

As your committee we desire to state that we have had opportunities to offer some of the things of the exchange for purposes of the exchange, as we feel confident that there is quite a feeling to be complained of, for the lack of proper appreciation of the importance of the application of this or some similar organization as an advocate and supporter of the mining interests of this great mining territory.

Respectfully submitted.

JOHN W. DONNELLAN,
Chairman.
GEORGE A. MEEKS,
C. E. WANTLAND,
Committee.

Secretary Horn then submitted the following tabulated statement of the expenses from the organization of the exchange to October 1, 1891:

Mr. Chisholm announced that of a total membership of one hundred, forty had paid up, and under the resolutions heretofore adopted only were subject to the action of the directory.

Secretary Van Horn said that in view of the exhaustive reports from both the officers and the special committee, there was but one course to pursue, and to that end offered the following:

Resolved, That the secretary be requested to call upon the delinquent members for their pro rata share of the indebtedness shown to be outstanding, and that steps be taken to wind up the affairs and business of the exchange.

A lengthy and interesting discussion followed, when Mr. Meeks offered the following, which was unanimously adopted:

Resolved, That the report of the special committee and the manner of carrying out the suggestions therein made be referred to the board of directors for their consideration and that all future business meetings of the exchange be indefinitely postponed.

A vote of thanks was then tendered the committee and the secretary of the board for the reports that had been given of the daily proceedings of the Exchange.

The Produce Market.

The produce trade is quite satisfactory, and there is everything to indicate a big business in the future.

Oats are declining as the crops come into the market. The Utah product is $1.30 to $1.35, sacked, on track, $1.37 to $1.40, sacked, on track, city.

In wheat, offerings more freely, millers paying 80c. per bu. bulk, for house consumption. Oregon shipping prices for San Francisco, 75c. to 75c. per bu.

Offerings of rye are free, very little changing hands, no export; $1 to $1.05 per cwt, sacked, track, city.

Barley crops have been large. Most of our market receipts are looked up at $1.10 to $1.25 per cwt. While eastern offered at $1.10, feed barley at $1.00, cracked at $1.10 per cwt.

Offerings of hay are heavy, prices weak, $5.50 to $6 for choice, $5 for wild, $10 for mixed meadow, $11 to $12 for mixed timothy, $12.50 to $13 for straight timothy.

As to potatoes, prices for home consumption are from 20c. to 30c. per bushel, while the export trade can only afford about 15c. to 17c. per bushel.

Butter—There is still a demand for a good article in creamery, market short, prices from 25c. to 30c. per pound, usual creamery 20c. to 25c., dairy 17c. to 20c., poor stock, off color, 10c. to 15c. per pound.—Price Current.

NORTH SALT LAKE SHOOTING.

Seeley is Charged with Assault with Intent to Commit Murder.—Other Police Items.

The shooting affair which occurred in North Salt Lake on July 22, of the present year, between two men named Hall and Seeley, has again been brought before the public by the arrest of the latter by Detectives Johnson and Dagnell, on a charge of assault with intent to commit murder. Seeley is now in the city jail, pending arrangements for a preliminary examination before Justice Gee.

Walter Purcher was convicted in the Police court this morning before Justice Gee on a charge of stealing a sack of coffee from the grocery store of G. W. Davis, yesterday afternoon. He was fined $25, the half of which he was remanded to jail for a period of twenty days.

H. N. Clary and T. J. Lorimer, a brace of intoxicated gamblers, were run in by the officers last night for fighting. They left $10 each to appear in court this morning and plead. They failed, however, to materialize and their bail money was declared forfeited.

Chas. Tilford was arrested last night for drunkenness and fast driving. He was taken to police headquarters, where he deposited $10 as a guarantee that he would appear in Judge Gee's court this morning at 10 o'clock. His name was called at that hour but as he was not present his money was declared forfeited.

George Jackson and Chris. Wallace, a couple of vagrants and easy-riders, were locked up.

Lizzie Brown was arrested by Detective Dagnell last night on a charge of "soliciting trade" on the public streets. When taken to police headquarters it was discovered that the arrest was the result of a case of mistaken identity, and she was consequently discharged.

Charles Cannon is held to answer to a charge of trespass and drunkenness. Joseph Hayden was convicted on a similar charge and fined $10.

Pat Weaver was sentenced to five days at hard labor for drunkenness.

A DAMAGE SUIT.

The Rocky Mountain Bell Telephone Company Sued for $5,000.

Robert Mason, by his attorney C. S. Glenn, has brought suit in the Third District court against the Rocky Mountain Bell Telephone company, for $5000 damages.

In his complaint the plaintiff alleges that the defendant is a corporation duly organized and existing under the laws of the Territory of Utah, and that the defendant, by its servants, was accustomed to place its telephone at the corner of the intersection of Main and Second South streets of Salt Lake City, on October 20th of the present year; that the defendant was within along said street when the defendant carelessly and negligently allowed a large pair of pliers, used for cutting telephone wires, to fall on his head, whereby he was injured in the manner hereinbefore mentioned, and for which he claims judgment as stated.

No Quorum Present.

An adjourned session of the City Council was to have been held last night for the purpose of taking final action on the ordinance abolishing the office of captain of police. The members in attendance were Messrs. Young, Hardy, Hyde, Tuddenham, Folland, Smith, Heath and Acting Mayor Pickard. The absent councilmen were James, Lynn, Anderson, Parsons, Pendleton and Kurtich.

Those who did be had purposely absented themselves in order that there should be no quorum present, thus defeating the object for which the adjourned session was to be held.

Under the state of affairs only eight members were in attendance, including the Acting Mayor, who declared that the number did not form a quorum for the transaction of business. The roll was accordingly called and an adjournment taken until next Tuesday evening.

Third District Court.

In Judge Zane's court yesterday John Welch, Dan Harrington and John Smith, for attempting to rob the office of Kelsey & Gillespie in July, were found guilty and sentenced to two years in the penitentiary.

The grand jury adjourned till November 25th.

Judge Zane's court was occupied this morning with the case of Anthony Cockrill, charged in August last with having wilfully run over Willard Bay, a child five years old. Witnesses for the prosecution, including Dr. Bowers who attended the child's injuries. The testimony showed that the child was playing in the street in the west part of the town and ran backwards into the wagon, the wheels passing over his body.

The jury returned soon after 12, and in a few minutes returned a verdict of not guilty.

The court adjourned till 2 o'clock, when the case of Wm. Freeman, indicted in 1887 for unlawful cohabitation, will come up for misdemeanor.

In the case of the Bank of Philipsburg vs. J. W. Farmer, all defendants were allowed ten days to plead.

John Crowley and James McCarty, tried for stealing a couple of hams at Murray, were found guilty and sentenced to six months' imprisonment in the county jail.

BEFORE JUDGE ANDERSON.

Yesterday the hearing of the case of Sarah A. Owens et al. vs. E. H. Cline, nonsuit, was issued by consent.

The appeal in the case of Midgley & Sons Company vs. Fritz Hoepen was dismissed, appellant having failed to docket appeal in the prescribed time.

Provo Woolen Mills Dividend.

The directors of the Provo Woolen Mills met today and declared a dividend of five per cent. on its capital stock, payable in cash on the first of December next, or in woolen goods at one, at the office of John C. Cutler & Co., in Provo, or at the mills at Provo. The institution is in a prosperous condition, and together with all the home enterprises deserves the support of the people.

The demand for the goods manufactured by the Provo woolen mills has been much greater than the supply, and the management of the institution, especially the directors therefore have taken steps to enlarge the plant without delay. The institution has been conducted on a strictly cash basis and speaks well for that system.

Personal.

Samuel Newhouse, a wealthy manufacturer of Philadelphia, is in the city.

President A. O. Smoot and Bishop J. P. R. Johnson, of Provo, are in town today.

D. J. Flynn traveling passenger agent of the Union Pacific, is in the city. He is registered at the Walker.

LATEST TELEGRAMS.

THE ANACONDA MINES.

The Mars and Stevens Again Waiting and Work Resumed.

Special to the DESERET NEWS.

BUTTE, Mont., Oct. 22.—Yesterday about 5 p. m. J. B. Haggin telegraphed from New York, "New York, Oct. 21. To Marcus Daly, Butte, Mont.—Start the work as soon as you can. I have agreed with the railroad.

(Signed) J. B. HAGGIN."

On the twentieth of last March, owing to a disagreement between the Anaconda Mining and Smelting Co., and the Montana Union railroad (which is controlled by the Union Pacific) the transportation of ores from the mines in Butte to the smelters at Anaconda, was stopped and work on the mines here discontinued, on that and the next day, throwing out of employment about three thousand men. Anaconda was left two thirds of its population, the street cars stopped and every other enterprise closed. Negotiations were continued, but this morning at seven o'clock, the stars and stripes were seen floating on the company's flagstaff at the boiling works. At the Anaconda and St. Lawrence mines and at Anaconda, the whistles blew for fifteen minutes announcing the welcome news of the resumption of work at the smelters. At the time the works were shut down, Montana union was hauling for the Anaconda company daily four hundred tons of ore, five hundred cords of wood and five hundred tons of coal. Particulars of the settlement of dispute are not known. It is said to Marcus Daly's credit that his personal check and private purse has continually helped quite a number of families of the old employes at Anaconda, and here during this trying shut-down, and not one failure is reported on the part of the merchants at Anaconda. The resumption of these works will add to the circulation of money in this district, several million dollars monthly. Plenty of men are here and at Anaconda to fill all requests for labor.

Yosemite Park Indictment.

CHICAGO, Oct. 22.—A special dispatch from Sydney, Colorado, says: It has just been received here that five companies of the U. S. infantry and cavalry are on the march from Fort Edward S. the scene of the Utah outbreak, one occurred four years ago, in the northern part of this country. Word was sent the governor that the Indians were encroaching upon the Yosemite park reservation. The Indians are determined to hunt, but the settlers declare that they shall not do it off the reservation.

A Fight Over a Saw Mill.

JOHNSTOWN, Pa., Oct. 22.—The Chilisi and Lehman factions' dispute over the right to operate a saw mill on a tract of timber land resulted in what for a time threatened to be a serious riot. The sheriff of Cambria county, who was engaged by Chilisi, proceeded to the disputed property yesterday and ordered his deputies to take possession of the mill. He was met by forty Lehman men, armed with revolvers, guns, pitch forks and every conceivable weapon. The first man to cross the line was knocked senseless, and order was then given to the farmer to fire. Before this move, however, the sheriff's little party retreated and the Lehman party then marched off. Chilisi faction will now have recourse to law. In the meantime the farmers will guard the property and threaten bloodshed, if interfered with.

Owing to the difficulty of transportation in winter, the efforts at relief seem to be almost hopeless. The supplies from Canada are impossible, practically and it is hoped they will avail to ward off the worst effects of the famine.

Advices from the interior of the empire are confirmed by the Russian Gazette. People are commencing to flee in Kartoff, Samara and Voronetz.

GLOUCESTER, Mass., Oct. 22.—The schooner "Percy," with a crew of twelve men, and the schooner "City Point" of Portland, with a crew of seven men, sailed on coasting and fishing voyages about August 25; neither has been heard from since and there is little doubt that they have been lost with all hands.
