AN ANIMATED DISCUSSION

Caused By a Motion To Expunge the Anti-Sunday Liquor Selling Resolutions From the Record.

THE MAJORITY OF THE "LIBERAL" MEMBERS AGAIN PUT THEMSELVES ON RECORD.

Heavy Voting at the Intersection of First South and State Streets—Sunday Sermons Petition and Remonstrance—Miscellaneous Business.

The City Council met in regular session last night, Mayor Baskin presiding. The following members were in attendance: Rich, Folland, Hardy, Doran, Horn, Bell, Lawson, Evans, Sonnel, Beardley, Wandell, Howe, and Lindbouwer.

Immediately after the reading of the minutes by the recorder, Councilman Howe took the floor and spoke as follows:

Before the minutes of the last meeting are approved I would like to speak about two minutes against the resolutions introduced in the Council by Mr. Folland at the last meeting, relating to saloons being kept open on Sunday, and which were laid on the table indefinitely. I think they are as outrageous, and more that they be expunged from the records.

Lawson—I second the motion.

The Mayor—Are you ready for the question?

Rich (rising quickly)—I would like to know whether or not this Council is really aware of what it is about to do and if it does not know that salooons are kept open as the resolutions set forth?

Howe—Oh, probably one or two, or three or four, but I do not think—

Rich—I will then take occasion to inform this body that not more than four or five saloons of the most in this city observe the law prohibiting the sale of liquor on Sunday.

Wandell—I favor the motion because I believe that the resolutions are an untruthful statement of the morals of our city.

The Mayor—The question. Are you ready for the question?

Folland—Just a moment, please. I think I am entitled to an explanation from the gentleman who made this extraordinary motion, inasmuch as my variality has been called into question. I did not come here with the idea that good would be demonstrated from me. I wish it understood, however, that I am and am willing to back up my assertions with facts.

Although an explanation was asked for, Mr. Folland got none.

THE MINOR'S FUND.

Councilman Rees called for the reading of the resolution. Recorder Hamlin read as follows:

"Whereas, The law prohibiting the sale of liquor in saloons on the Sabbath day has been in force more than one, and is in the present being flagrantly and openly violated in all parts of the city, and

"Whereas, The mothers and daughter of drunken men and weak women have cause to blush for shame and grief, and

"Whereas, The children are in danger that should be rescued as sacred, and snatch the sons and savings the mothers and sisters nothing, and

"Whereas, This condition of affairs is a menace to the good, morality and good name of our most fair and prosperous city, and

Whereas, The integrity, manhood and independence of this city has been brought into ill repute in consequence of the total lack of the necessary legislation in the matter herein referred to therefore be it

Resolved, That the city marshal be instructed to present no more to take some action in the remedying of this disgraceful and giant evil which has already become a blot upon the present administration and be it further

Resolved, That if the ordinances herein mentioned, which are now violated that the guilty parties be arrested and punished according to law.

THE RESULT.

On a vote being taken Lawson, Howe, Wandell and Sonnel voted in favor of the motion.

Those who voted against the motion were: Folland, Rich, Hardy, Doran, Lindbouwer, Beardsley and Horn.

Councilmen Bell and Evans declined to vote.

The motion was declared lost.

SIDEWALKS WANTED.

The board of public works reported that they had entered into a contract with the Mountain Stone company for the purpose of obtaining walk to be built on State street, under their contract now in force, and in front of the property owned by Lindsay Brothers, Mrs. C. L. Ottey, O. C. Lewis, H. Partridge, the Social Hall Association, C. P. Brooks and Geo. Ellerbeck. Adopted.

SUNDAY SERVICES.

James Hagney and about one hundred citizens then asked that the ordinance prohibiting teaching on Sunday be repealed, thereby giving them an opportunity of dispersing of their ability to attend church services which they could not do on Saturday night owing to being detained at their work until a late hour.

Moved by Howe that the petition be laid indefinitely. Carried on a vote of seven to six.

INSPECTORS APPOINTED.

The board of public works reported that it has appointed Percy H. Rudmose inspector of retaining walls being erected on State street, at a salary of $100 per month; that it had appointed James Anderson inspector of sidewalks to replace Jos. T and S. at a salary of $100 per month. Street committee.

CHIEF STARKOUS'S QUARTERLY REPORT.

The quarterly report of Chief Stanfield, of the fire department, for the quarter ending month 31st, showing a total of $9,050.00. It was referred to the committee on the department.

SEWERAGE SUGGESTS.

Superintendent W. F. Shelton, of the sewerage department, sent in a lengthy report in which he suggested that there were numerous needs in his department that required prompt and favorable action. Five hundred feet of hose for flushing purposes should be purchased without delay, as sewerage pipes were constantly clogging up a fresh breakage in the sewer pipes was an urgent necessity. It would probably cost not more than $75. He also suggested that the assistant engineer's salary of the sewerage be increased from $90 to $125 per month. He asked for instructions regarding the grade of manholes and other things. Committee on sewerage.

DAMAGED PAVING.

The city engineer called attention of the Council to the damage done to the asphaltum pavement at the intersection of State and First South streets was being injured. A good foundation was the essential part of a durable pavement. At the place referred to there was practically no foundation at all other than that which consisted of dirt. He did not know to what extent the power of the city could be made to bear in the matter, but he did know that unless some steps were taken to follow the plans and curbs outlined employed, and he therefore suggested that the matter be called to the attention of the board of public works, and that the work be done under its supervision. Received and filed.

AMONG THE RELIEF TANK.

The street officer call the attention of the Council to the necessity of grading, fencing, planting trees and paint on a piece of ground surrounding the relief tank on the Cedar's reservoir conduit system at the foot of East Seventh street. The work if done this season should be done between Aug. Adopted.

THE OBLIQUE DECED.

The street officer in connection with City Attorney Rees, reported that in accordance with a resolution passed by them they had executed and put in the hands of the City Marshal a notice for the Union Pacific to move its track on West South Temple street.

TO SUE THE DAYS.

The street officer reported that he had commenced to use removal of his office duties in the year of 1891, the two attorneys of the city, for which he had received the following bills:

O. H. Rudmose ..... $ [illegible]
J. A. Stewart ..... [illegible]

Mr. Rudmose asked which bill he should accept, but wishing to take action in the matter until authorized, referred back to the city engineer with a Mayor concurred, with power to act.

BRIDGE OVERSEE ORDERED.

In the matter of the petition of John T. Lynch, H. M. Holdaway and others asking that Green street be opened, widened and extended, the street officer reported recommending that the street be widened, but that it be made to be brought to an entire length, so that it be graded as asked for, and that the name be changed to West Temple street. He also recommended the power vested in making such changes be exercised, and recommended that a special be levied on the property benefited in accordance with the provisions of section 1, chapter 63, Revised Laws of the Territory of Utah, Reserved back to the city attorney to prepare the necessary papers.

CITY ATTORNEY'S OPINIONS.

City Attorney Rees read the following opinions:

The law related to the matter of preparing notices of intention to pave and to levy assessments, and of publishing portions of Lake Temple from South Temple to Fourth South, South Temple, from State to West Temple, Second South, from State to West Temple, Third South, from State to West Temple, the law be finds that the last legislature amended section 1 of the law of 1890, which fixed the time and amount where the assessment is in such cases should become delinquent.

Section 1 of the amendment reads as follows: "Provided, that in the case of the Boulevard, with certain provisions, the exclusively with the consent between the law or alleys a different rule in the case of cases." He therefore requested the Council to indicate its wish on the subject before preparing the notices. Received and filed.

SIDEWALK ALLEYS.

In the matter of private alleys and the right of the Council to enforce the paving of the same, the same official reported that in his opinion the Council has not the power to compel individuals to pave them, for the reason that where the exercise under power in the City Council to assess, etc., for the purpose of paving the streets and alleys, only public alleys were intended. "Private alley ways," he says, "are as much the private property of persons as the private parts of their premises in which the public have no interest, and over which the City Council has no control further than the general police power." Received and filed.

WOOD HILL ORDINANCE.

The same official presented an ordinance providing for larger alleys within the corporate limits of the city to be kept open on Sunday. Received and filed.

The city attorney, who had been requested to draw up an ordinance fixing the salaries of the various city officials, reported that he had executed the same in the matter and had found that he ordinance was passed in April, 1890, by the City Council fixing the salaries, fees and compensation of the different officers of the city. "I do not believe," he said, "that the ordinance if now adopted can or would affect the salary, fees or compensation of any officer now in office, as the ordinance by the ordinance heretofore referred to. If this be so, I conclude it would not affect the purpose which your honorable body intended, and therefore it would be unnecessary at this time. Should your honorable body still desire and so direct to have such ordinance prepared, I should attend to it at the very earliest opportunity." Received and filed.

CARBON REPORT.

Regarding the question as to whether the city had the power to set aside the action heretofore taken in the matter of approving the plat of Kelsey & Gillespie, known as Fremont Heights, the same official reported:

That the plat was submitted to the city engineer for his approval, which that official refused to do and returned it to the City Recorder for the Council for instructions. That only referred the matter to the appropriate committee, which after investigation recommended that the engineer be requested to approve said plat. On this showing the engineer did as instructed. The City Council, therefore, set aside its former action.

MAYOR'S TREASURER.

City Treasurer Dale reported that J. N. Fisher be appointed as his assistant in paying the city employes. Committee on finance.

TO LAY A PETITION.

The Salt Lake Rapid Transit Company asked permission to lay a passing track alongside its main track near the eastern end of its main track on Indiana Avenue, representing that such switch was absolutely necessary to enable the company transport passengers to and from the city during the coming June and other driving meetings.

Referred to the street committee with power to act with the understanding that the matter remains the power to revoke such action.

OFFICIAL BOND REPORTED.

Marshal Jansen sent in the following:

H. S. Baskin, mayor:

Dear Sir—I respectfully submit for your consideration the following named officers whom I would like commissioned and qualified:

H. L. Stone, J. E. O'Reilly, J. W. Jenkins, William Peck, Al. Sabin, Charles Stanfield, W. S. Chase, Francis Smith, Al. Sabin, Robert Thornton, J. S. Brown.

I also recommend the appointment of special officer Frank Hartley, Thomas Sweeney, be revoked.

Yours respectfully,
E. M. JANSEN, Chief of Police.

FOUR FOR DAYS.

Accompanying it was the following:

I hereby recommend to the City Council the appointment of [illegible] Fred Tyler, Jos. Lynch, Jr., and Jos. Lynch, Sr., to take the place of the persons whose resignations is noted and respectfully request the Council to act on the confirmation.

I also appoint Mr. and Frank Wire to the position of inspector of sewer, and I request the Council to act on the confirmation of the appointment.

I also recommend the commissioning of special officers, Frank Sweeney, be revoked.

E. M. JANSEN, Mayor.

The recommendations were adopted without discussion.

THE MAYOR'S APPOINTMENTS.

At this juncture of the proceedings Mayor Baskin excused himself from attendance for the remainder of the evening, saying he has special business to attend to. He called Councilor Moses to the chair and left the chamber.

THE SALTAIR RAILWAY.

A communication from the Chamber of Commerce stated that at a special meeting of the directors held on the 18th inst. the following resolution was unanimously adopted:

Whereas, It has been represented to the board that the Saltair Railway Company is about to apply to the Legislature of the Legislature Council of Salt Lake City for a franchise to construct a street railway in said city, and

Whereas, It is deemed important that the street railway contemplated be built at the earliest practicable date, and

Whereas, The said street railroad have already contributed much to the growth and prosperity of the city, and

Whereas, This would be advantageous to the city, and

Whereas, The City Council has heretofore granted franchises and rights to other street railroads to enter upon streets that have completed building or operating, and

Therefore, The City Council be hereby requested to grant such rights and franchises to said Saltair Railway Company, and

Resolved, That this board earnestly urges the Honorable City Council to promptly make such action as may be necessary to enable said company to enter upon and lay the rails upon the streets of the city, and

Resolved, That a copy of the foregoing resolution be forwarded to the City Council, signed by the president of the board, and

Resolved, That the secretary be instructed to furnish the Saltair Railway Company with a copy of the foregoing resolution.

I laid on the table temporarily.

WATERWORKS REPORT.

The committee on waterworks reported the following recommendations:

That the petition of Thomas E. Jenny and others for an extension of watermains on Sixth West Street be granted. Adopted.

That the petition of M. A. Wilder and others for permission to connect with watermains be not granted until they have paid their tax in water rentals. Adopted.

That the bill of Rhodes Bros. for $[illegible] be placed on the appropriation list. Adopted.

SIDEWALK CONSTRUCTION.

The city engineer submitted the following estimate of cost for constructing cement sidewalk pavements eight feet wide and six inches thick on both sides at West Temple street, between South Temple and Second South streets:

Abutment protection	$[illegible]
City's proportion	[illegible]

A pavement four inches thick could be constructed at a cost of $1.00 per foot. West Temple street being a business street he did not advise the use of as thin a pavement. The recorder was instructed to publish notices of intention.

LICENSE MATTERS.

The committee on license reported favorably on the following petitions, which were unanimously adopted: On the petition of C. M. Allen asking to be allowed to transfer his liquor license to W. H. Butts; that the petition of Peter Torres and William Bates for similar privilege be granted.

CLAIMS ALLOWED.

The following from the committee on claims were adopted: Bill of D. W. Reisch for $[illegible], for work done on the sewer canal, to pay; that the bill of O. Taylor for $[illegible] for witness fees, be paid; that the bill of E. A. Abbitts for work in the city cemetery, amounting to $[illegible], be paid; that the petition of Josephine Hall be referred to the board of public works; that the bill of Rhodes Bros., for $[illegible], be placed on the appropriation list. Adopted.

ON PUBLIC GROUNDS.

The committee on public grounds recommended that the petition of Thomas E. Jenny asking that the north half of lot 5, block 60, Plat C, be sold to him to viewed favorably, and the price to be fixed upon to pay for it be fixed by an appraising committee to be appointed by the mayor. Adopted.

MAP OF PROSPECT PARK.

In the matter of a communication of B. A. M. Francis in relation to his map of Prospect Park submitted for approval stating or any intention to affect any junior rights, title or interest in, or to the Jordan and Salt Lake Canal by reason of said canal being shown on said map, the committee recommended that it be filed. Adopted.

STREET MATTERS.

The committee on streets reported recommending that the City Attorney be requested to prepare an ordinance providing for the opening of street by sixty-six feet wide through the Brewer blocks of the city.

That the petition of J. M. Sprott, asking a consolidation of Sixteenth Street, be referred to the Board of Public Works.

That the street superintendent be instructed to remove the sidewalk on the south side of Fifth South street, and the boulevard in sidewalk districts where new sidewalks have been ordered and have not been constructed, and to make the necessary assignment for the same in each case. Adopted.

That the engineer be instructed to furnish estimates for paving sidewalks on both sides of First West street and Second East, from South Temple to Sixth South.

That the street superintendent be instructed to remove all refuse from the streets in the business district, and call in the assistance of the city marshal if necessary.

That the Mayor be requested to call a meeting of the property owners who feel asked that the assessments on certain streets be suspended until the matter of the proper time for paying assessments could be inquired into.

That the street superintendent be instructed to immediately repair the gutter on Second South street.

The committee reported that they had instructed the City Attorney to draw up a Rule Schedule for the use of the cabinet, provided he did not outlaw upon the street too much.

MURPHY'S PETITION.

The street committee also reported on the petition of P. T. Murphy, asking for a change of grade in the Deep Creek street, and reported the following resolution:

Resolved, That the transfer for a fully was heretofore granted to Thomas P. Murphy of certain ground on Deep Creek street be amended as follows: By striking out the four lines down of the change beginning the same reading where the face of wall is granted, and inserting in the thereof the following: Beginning at the intersection of the south line of Second street, thence south on Second West street to Rose Street.

"THE POWER OF THE PRESS."

The production of the "Power of the Press" next week beginning on Monday at the Salt Lake Theatre, we are informed, will be identical with that which carried for the play for success at the Star Theatre, New York, last season. Manager Alexander Pantages gives the play a strong cast, and the elaborate stage settings, many of which are matters of mechanical ingenuity, are likely to create as marked an impression here as they did with the New York public. Several familiar local scenes in New York are reproduced with striking fidelity. The story of the play is left without the aid of newspaper slang, the issues being not to make prominent the political work of journalists, but rather to illustrate the influence of the newspaper of the day. The play is highly recommended by eastern critics.
