NOTICE.

The Ogden correspondent sent in his letter on time, but for some reason it did not become delayed in transmission.

OGDEN, - - AUGUST 24, 1899.

ANENT OUR SOLDIERS.

"Some of the Biggest and Truest Soldiers America Has."

In the Pennsylvanians Say—A New Street General Court, Police and Personal Notes.

Last evening the escort committee of the Ninth regiment Pennsylvania volunteers met with the Ogden Commercial club. The notice of the train arrival was given early in the afternoon, it being the same Manchurian train that R. G. Chipley, the Salt Lake Tribune's special, came on. The section was made up of twelve sleepers and one dining car, with 225 passengers on board. The soldiers had the entire car committee and the rest were served at Ogden's hotels. The committee received a telegram from Adjutant Harmony, August 24, 1899, and read as follows:

Lieutenant Colonel James H. Barnes, commanding Tenth regiment Pennsylvania volunteers, arrives Ogden, Utah, on Omaha, Neb., on Corporal, Co. A, Second Pennsylvania, Ninth regiment, reported H. B. Brandreth's consulting for no treasurer of the regiment.

(Signed) JOHN D. ELRIN."

This telegram was a source of gratification to the committee, and at 7:30 o'clock the boys gave three cheers for our State Commercial colonel. The committee who met the train were in the attorney general and chairman of the State Republican committee. The 140 p. m. train, in charge of Major Cutchinds, is composed of fourteen Pullman sleepers and one dining car, and drawing some car for the officers. This service has not been in vogue before, and soldiers entertained considerable interest in cards of Major Morse. It was made up at Omaha and Council Bluffs, and with 225 on board, making a grand total of forty sleepers, three dining cars and one baggage car, with a total of 1,000 men on board the entire train. The train section is made up of baggage cars.

This is one of the largest trains of Pennsylvania that has ever passed over the road. The boys seemed to be of good cheer and looking well. To your correspondent they seemed to assume an air of "I don't care" and to assure the Utah boys were as soldiers, everyone gave the answer, that they were "good as gold." The boys were soldiers that America has, and that the officers of the Utah troops are congratulated on their good fortune in finding such capable leaders. Colonel Barnes, Major Morse, and Adjutant Harmony are all well liked. Lieutenant Hunter, who was wounded, is the only officer and did his duty as all officers should in the war. The committee expect to have the regiment in Pennsylvania on the 26th of this month, and parade in Philadelphia on the 28th.

COUNTY COMMISSIONERS MEET.

Today the county commissioners held a special meeting, for the purpose of hearing the report of the engineers on the new Factory bridge, and a bridge engineer, Parker reported the bridge finished and right according to specifications, while Engineer Beardsley reported that it was lacking in some respects. Quite a heavy shower came out. The bridge had been examined by the commissioners and no after report, the engineers, a trip was made down and there voted for the bridge. Adams voted against, as the bridge was assigned.

The commissioners declared all the bridge of Factory's bridge accepted, and came to the city recent, and requested the work to request the bonds of the contractors be released. The bridge became formal to fill the requisites.

The county attorney was instructed to draw up a resolution declaring a bridge a contractor.

GLENWOOD RESORT OPENED.

The new pleasure resort for Ogden, Glenwood, opened on yesterday afternoon. The street cars were loaded with passengers which left every afternoon and evening all going to Glenwood.

The management Messrs. Bamberger and Mahon have made great credit for their very active work on the new resort, but a little over three weeks ago there was nothing, commenced work on the grounds for the pleasure of the public, and for the Ogden Power Grove is transformed into a very beautiful place of amusement, with a fine pool for rowing, a very extensive refreshment stand, and a very fine dancing floor, with a stage at one end. During the afternoon and evening the visitors were favored with seven strains of music from the Ogden Brass Band and many different kinds of amusements. In the evening the park was crowded, doubtless there will be a very large number of people visiting the resort, the floor was so crowded for real pleasure dancing, and also quite a number of people who came, and at 9 o'clock Madame Marie Lucia favored the visitors with a very able concert, which exhibited her considerable talent, and proved everybody. To close the evening a grand cake-walk was given. There was four coupon parties, the first to the cake-walk, the second Mr. Ed Parker and Miss Ella C. Hurst, the prize given was $1.50 in cash. Disappointed in the cake-walk, in a year or so one of the favorite resorts of Utah and outside of the Ogden people have gone to Salt Lake to see the Lake Resort, and now we will have excursions from other cities to our own beautiful pleasure resort. The resort will be open every day, and the public will certainly make it a success by their patronage.

Special Correspondence.

Kaysville, Aug. 24.—Mr. William F. Jones left on a few days ago looking for a home which he supposed had strayed away from his home in Short Valley, in which he was supposed the home was stolen, as it was found last night at Mr. Barlock's, and also found a team of horses belonging to buying been roughly used.

Mr. Roger J. Hood and Miss Maud E. Lillico, the popular young people of this city, were married at the Salt Lake Temple on Wednesday. Last evening a beautiful reception was tendered the happy couple at the home of the bride's parents, about relatives and most intimate friends only being present. The bride wore a dress of white embroidered with silk, trimmings, and the groom was attired in a black Prince Albert suit. These many friends wish them a happy and prosperous future. For some years past Miss Linford has been organist for the Kaysville Bowling association.

After paying all expenses of the reception and entertainment a neat little sum of money remained which the committee has turned over to William Gardner, who intends to use the money as a prize in the Kaysville literary society. Hastings, contrasted an illness of some days, but is now recovered.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. The reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by crippling the joints in swell and stiffness, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. B. Parkes, for twenty years national musician, of Columbia, S. C., writes: "Years ago with Rheumatism which crippled me so that I was in my chair nearly one-half the time. Nearly 'worn out' with pain, I was given over by the doctors. I could get no permanent relief from any medical treatment. I took about a dozen bottles of S. S. S. and now I am as well as I ever was in my life. I can now put my clothes on without assistance, and I would recommend S. S. S. to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For The Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

OUR NEIGHBORS.

OAKLEY.

Sunday School, Stake and M. I. A. Conferences—Prest. H. D. Ridge, Jr.

Special Correspondence.

Oakley, Aug. 21.—On August 12th, 13th, 14th and 15th, a series of meetings were held at the Oakley Ward, for a treat of instruction to which the people of Oakley had been invited by their neighbors. We had to minister unto us President H. D. Ridge, Joseph Smith, William H. Chamberlin and Junior Angus Campbell.

President Ridge himself was the first to be with us, and he was the bearer of glad tidings to us that we were from God, and he was sent to us to preach the Gospel and to comfort they could be.

On the evening of the 12th, he spoke to the people on the principles of the Gospel, which were highly appreciated and enjoyed.

On the afternoon of the 13th, President was the speaker, and he spoke on the principles of the Gospel, which were appreciated. H. D. Ridge, also has been sent to put in force some rules and regulations for the Oakley Ward, which he introduced by telling us that we need not be troubled with the Spirit of God, and be in order to make our health, then we need not be a sick.

We have to confess with our neighbors, if we have to be sick, we have to pay, some very odd medical expertise at night, and it is found to some that this is the spirit of order even though it is not Angus.
