NEWS OF THE WEST.

A Woman Dragged to Death by a Runaway Horse.

A TRIO OF GIP VAN WINKLES

One Brother's Death Drives Another Insane—A Big Bear—Hauled a Woman in a Bray.

One hundred thousand acres of oil claims have been located in Wyoming.

Tuesday, October 15, is Potato day at Greeley, Colo. Our feature of the exhibition will be a magnificent pantry display.

A runaway accident, in which Mrs. L. L. Collins met a frightful death, occurred at Orange, Cal., Wednesday. The lady had alighted from her buggy and while hitching her horse the animal became frightened. Mrs. Collins made a desperate attempt to step the horse, and in her endeavor her hand was caught in the bridle and held fast while the animal dashed down the street at fearful speed, dragging and trampling the helpless woman. She died in about an hour.

Union Pacific engineers are now engaged in preparing a new alignment of the road through Weber canyon which will have the effect of removing the grade and straightening out many of the curves. This has long been contemplated by the road, and as soon as the engineers have completed the work the actual work of changing the road will be begun. The improvement will be a marked one and will be of great benefit to the road. The "Devil's Slide" will, however, be preserved as a scenic point.

Boise, Idaho, Statesman: On Wednesday, Hannah Clark, better known as Mattinty, had Mr. Williams, a colored woman, arrested on the charge of assault with a deadly weapon. The Williams woman, who weighs about 250 pounds, has been stopping at the Clark woman's place on Main street. Mattinty ordered her out when Mrs. Williams pulled a revolver on her. Constable Francis arrested the Williams woman. She refused to go, and the constable, unable to get her through the door of a hack, took her to the justice's office on a dray. She refused to walk up stairs and had to be carried up on a stack.

An old bear which has been killing young stock on the Powder river ranges, near Buffalo, Wyoming, has at last been killed after being hunted unsuccessfully for several seasons. The day after the recent snowfall Jim Morgavridge struck his trail on Rock Fork and followed it to where he had killed a two year old heifer. From the carcass he followed the trail to Cottonwood canyon, where he found the old fellow and at once began shooting at him. It took six shots, all of them well aimed, to kill him. It made a track eighteen inches long, his hide measures nine feet eight inches long and eight feet eight inches wide and he weighed 1,400 pounds. Fifteen gallons of lard were rendered from the carcass.

Will Higgins, who with two brothers, was digging a well on the Smith property at West Riverside, Ogd., was killed by falling from the bucket last Wednesday night. He drove his team to Hugh Jenkins. The well was 115 feet deep and two blasts of dynamite were put in the bottom to break the rock. Only one exploded, and Will went down to see what was the matter. He was overcome by gas and signaled to be drawn up, but fell out of the bucket fifteen feet to the rock bottom, receiving fatal injuries. Hugh went down after the boy and was nearly overcome, when a carpenter, W. C. Barber, went down and met death. He was also affected by gas, but reached the top safely. Hugh has been raving crazy ever since.

Three old-timers have just come in from the interior to Vancouver, B. C. John Hip Van Winkle they have been asleep in the mountains for the past thirty-five years. Many changes have taken place since they left the world. None of them had ever seen a steamship or an electric car. One old fellow after doffing up the town retired to his room in the hotel and cried like a child, just because he was confused and thought he had no business coming to life again. Another went to Victoria to draw out $6,000 that he had put in the bank thirty-five years ago. He had a old his claim for $100,000, but he said he would go back, as he didn't know how to get any comfort here. The third went to Westminster and blew out the gas in his bedroom at the Columbia Hotel. His life was barely saved. All three are going back to the mountains.

The Discovery Saved His Life.

Mr. M. Calloucotte, Draggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or home without it." Get a free trial at Z. C. M. I. Drug Department.

Cure for Headache.

IT IS A MISTAKE.

It is a mistake to think that life is all a bed of roses.

It is a mistake to go through life and neglect the laws of health and life.

It is a mistake at any time to allow sickness or suffering of a serious nature to come upon you.

It is a mistake or to take advantage of the best discoveries of science for preventing disease and banishing pain.

It is a mistake if anyone has not learned that the best and most scientific preparation for accomplishing this is Warner's Safe Cure.

It is a mistake that people who are properly informed and warned do not take advantage of the warning and thus insure happiness and prolong life.

Why Not You?

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are you not doing the same? Where you know that Hood's Sarsaparilla has power to cure rheumatism, dyspepsia and all disease caused by impure blood, why do you continue to suffer? Hood's cures others, why not you.

Hood's Pills are prompt and efficient. 25c. 2

W. F. BATES.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Opera house. The first event of the day was the ten mile road race, in which three entered, Bennett third, taking third prize and third time prize. Then came the track race, Joe Reed taking second in the mile. Fowler Reed, second, second. Thatcher third in the mile seconds, class B, all "Ramblers" you will note. In the half mile class A, Mayrock second, Cotton third. Half mile, class B, Thatcher second, Fowler third. Five mile, class B, Fowler second. In this race one in a police suit ran his head off but Chamberlain and Wright having immediately behind him, the result was a split up these parties and the race left in Evans. The five mile, class A, was another Rambler event, Mayrock taking first, Joe Reed second and McCleskey third. Positions prize for best play in glory enough for one day.

Points are what and points are set
And what not have I to say about it
But Rambler's are those who compose their opponents
Regardless of new records set.

Moral—Be a Rambler. Ride a wheel and boost for a spinner.
