Meeting of Asylum Board.

Governor Wells and Treasurer Chlipman of the board of commissioners of the Insane Asylum held a meeting yesterday. Auditor Richards being absent. Upon arrival at the institution in the afternoon, President Wells suggested that they vary the usual program to repair to visiting the wards, which has generally been done in the afternoon, and inspect them before commencing other business. This was done and everything found slightly improving.

The fire engines organized from employes was also inspected, and found to be available for sufficient work should it become necessary.

The following business was transacted: $1,210.65, wages for July, and $612.38, current expenses for same month, were ordered paid; $[illegible] was appropriated to pay interest in Deseret National bank, and the treasurer was authorized to renew a note for $8,000 due the bank August 18.

The treasurer's report for July showed:

Money on hand June 30	$ [illegible]
Receipts	[illegible]
	[illegible]
Disbursements	[illegible]
Balance on hand	[illegible]

The explanation of the large amount of money needed during the month is that a large amount of it has been borrowed from the Place to pay part of old Territorial warrants held by the institution, and $[illegible] has been paid out for new wood enough for the asylum, at a time when these warrants could not be easily.

The appointment by the medical superintendent of George T. Pray as farmer, Davis Bennett and Sexton Gummons as attendants, were confirmed.

Fifteen McGiff fire extinguishers were purchased.

Medical Superintendent Hardy was authorized to erect a new fence in front of the building, and make some slight improvements, and instructed to dispose of a Jersey bull.

Superintendent Hardy recommended the building of an ice house which was referred to President Wells, to be reported on at the next meeting.

The following table shows the movement of patients for the month of July:

	MALES	FEMALES	TOTAL
In Asylum June 30	[illegible]	[illegible]	[illegible]
Admitted in July	[illegible]	[illegible]	[illegible]
Discharged in July	[illegible]	[illegible]	[illegible]
Died in July	[illegible]	[illegible]	[illegible]
Total treated in July	[illegible]	[illegible]	[illegible]
Not remaining July 31, 1896	[illegible]	[illegible]	[illegible]

Notes and Personals.

Prof. F. B. Linford of the Agricultural college who was advertised to lecture last evening in the Fourth ward meeting house, on questions of interest to the farmers, was only three or four people came out to hear him. The gentlemen, however, engaged in a desultory talk with those present and gave much interesting information, from relation of crops and the good effect of intelligent cultivation the soil, the necessity for a vigilant crusade against weeds, and in regard to feeding dairy cows, milking, butter making, etc. It is a great pity that a larger audience did not turn out. It is to be hoped, however, the gentleman can be persuaded to come again at a more time when the farmers are not so busy. Prof. Linford stated in response to a question, asked by one of those present, that the farmers did not avail themselves to the extent that they might of the opportunity to obtain, free of charge the bulletins issued by the experimental station at regular intervals on matters of great interest to farmers, stock raisers, etc. All that is necessary to obtain them is to forward the name to the Agricultural college.

Andrew Hankup, of Kanosh, the relative of Black Hawk, who is endeavoring himself to obtain Black Hawk's remains from the white people, had an interview with Governor Wells yesterday, while the Governor was attend ing the meeting of the asylum board. Lehi News Notes.

LEHI, Aug. 14.—This week is Sunday of the brethren who have served as missionaries met for the purpose of forming a missionary society. T. R. Jones was elected chairman and W. L. Webb, secretary. After remarks by several, the following committee was appointed to get up a program: James Kirkham, chairman; T. R. Jones, A. J. Gray, W. H. Ross, A. H. Anderson. The affair will be held in the near future.

The young people's association held a joint meeting on Sunday evening, when a good program was presented. S. W. Ross and R. Southwick were the principal speakers.

On Monday last a branch Sunday school was organized to be held in our N. E. schoolhouse. It will be a primary and kindergarten. S. W. Ross will be in charge, with W. L. Webb and several ladies as assistants. It is expected the attendance will be about 125.

August 13 was a great day for the people of Lehi, as the sugar company started a gang of workers of stacks, which miles away a happy lady.

Mark Austin, who is expected to leave on a mission to England, has treated to a surprise the other evening by his friends. It was a welcome time.

Several ladies and gentlemen from the East are visiting Lehi and its environs recently. All seem to admire our city and its surroundings.

Our new school trustees have organized and quite a work is earned. Over $400 has to be borrowed to pay interest on school bonds.
