

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—Last night there was a large and fashionable audience to witness the performance of "Mary Stuart." From the opening scene to the close of the tragedy the interest was unabated. Every point was well made, and every scene well performed. Miss Ince's impersonation of the unfortunate Scottish Queen was marked by the highest order of ability. Every passion and emotion was delineated with a vividness and natural power that carried the sympathies of the audience irresistibly with the captive lady. Miss Colebrook as Elizabeth, Mr. McKenzie as Leicester, Mr. Lindsay as Burleigh and Mr. Hardie as Melville, appeared to good advantage. This great play should be repeated. To-morrow evening Telford's beautiful and classic tragedy of "Ion," will be performed for the first time, for the benefit of Miss Ince, who will appear as the "Foundling of Argos," the virtuous and pure-minded "Ion." Miss Emily Ince, sister to Miss Ince, will appear as Cleopatra, for the first time on any stage; and the cast in the tragedy is good, including Messrs. McKenzie, Lindsay, Graham, Margates, Hardie, Miss Alexander and others.

GOT HOME.—Our respected Delegate, Hon. W. H. Hooper, arrived by the stage from the East this afternoon, as we were preparing to go to press. His faithful services in the interests of this Territory, at the seat of the National Government, are appreciated by his constituents, who will all be pleased to learn of his safe arrival home.

GREEN RIVER CITY AND THE RAILROAD.—M. A. Carter, Esq., who returned to this city yesterday, informs us that he had been east as far as the terminus, and says the railroad is progressing rapidly from the point where track-laying is being prosecuted to Green River. Grading camps are scattered all along the way, with short intervals between; and Mr. Carter ment told him he could lay the track to Green River in forty days, and expected the grading would be ready for him to do so. Mr. Carter says Green River City is not so black as it has been painted. A rough and lawless element such as always makes itself manifest in these railway towns, predominated at first; but the civil officers have it in control; and the business of the place is in the hands of substantial and reliable men, several eastern houses having agents there. Of course there are a number of "dance houses" in the place, with considerable gambling going on, and a good deal of whisky walking around.

ACCIDENTALLY KILLED.—Yesterday afternoon while David Fisher, of the 10th Ward, was working on Sharp & Young's contract, on the railroad, about three miles from the mouth of Weber Cañon, filling a wagon, there was an earth slip, a portion of which fell on him. He called for help, but before it could reach, there was another slip of the earth, which fell upon and killed him. His body was brought into the city, arriving early this morning, and will be interred this afternoon. Deceased was a quiet, good man, and is spoken of in the highest terms by those who knew him. He leaves a wife and family to mourn his untimely end.

BENEFIT.—To-morrow evening Miss Ince takes a Benefit, and presents the excellent tragedy of "Ion" on the occasion. We hope to see a crowded house, for the lady has already established herself a favorite among our theatre-goers, and fully sustained the high reputation which she has won elsewhere. The play selected for the evening is one of the most beautifully classic in the English language.

WEBER COUNTY.—President L. Farr was in town to-day for a few hours and informed us that the people of Weber County are pretty well through with their grain harvest. The yield of wheat is better than was expected for the whole county, considering the destruction caused by the locusts. He says they have raised enough to bread them; we hope they will have some to spare. The oat and barley crops are very light. Corn and cane look well.

AN EXTRA SPRING.—It is curious to see the trees so lately bare of foliage, as if Autumn had stripped them for Winter's untimely arrival, putting forth their leaves in the delicate green of Spring, which contrasts strangely with the darker-tinted foliage that received the Summer's sun and which was uninjured by the locusts. If we should not be visited again by the destructive insects, a very short time from now will see our trees again fully clothed in their lively of Summer. The apple trees, locust trees and cottonwoods seem to be putting forth their leaves more quickly than other varieties of fruit.

CALLED.—We had a call to-day from, and a very pleasant interview with, Mr. Hewitt, traveling correspondent of the Cincinnati Chronicle, a new and popular paper that has recently been established in that city. Mr. Hewitt intends to remain in the city a few days. He will go from here to Virginia, Montana; and expects to visit Oregon and from there down the coast to San Francisco. He expresses himself much pleased with this city and what he has seen here.

SUPPOSED TO BE.—The Omaha Herald has a letter from a correspondent, written at Sidney Station on the 23rd ult., which says a man was hung till he was nearly dead, then taken down, tied to a stump, and then flayed with a rawhide till nearly cut in pieces. All this because he was supposed to be a thief.

INDIAN OUTRAGE NORTH.—The Helena, Montana, Gazette of the 6th has the following: "We received intelligence last night that a party of fishermen, who went out from Diamond City, or the gulches about Thompson, down Deep Creek towards the Missouri river, were fired on yesterday by a party of hostile Indians, and one of their number was killed. The rest made their way to Diamond City on foot, leaving their horses a prey to the red-skinned devils. This outrage, almost within a day's ride of Helena, is so bold and defiant that if they get away unpunished, it will make them the bolder next time. A party was formed in Diamond City, which started after the Indians yesterday morning."

MISLAIN.—We were favored with reports of the celebration of the 24th in Farmington and Centerville, from Bro's Arthur and Charles Stayer, which have been mislaid during the absence of Local, on whose file they were placed. Our friends in those settlements will please pass over the omission, resting assured that we were gratified to learn of the excellent manner in which they enjoyed themselves on the late anniversary of the entrance of the Pioneers into these valleys; and that we hope they may continue to enjoy themselves on such and on all other occasions.

DIED.—At Mant, July, 31st, David Carlos, son of George and Sarah A. Brantwaite, aged twelve weeks.
