MARKED INCREASE IN SCHOOL PUPILS

So Crowded Are Some Buildings That Overflow Quarters Have To Be Secured.

14,920 CHILDREN ATTENDING.

Board of Education Appoints New Teachers and Releases A. P. Larrabee of High School.

A compilation made in the office of Supt. D. H. Christensen of the Salt Lake public schools shows a marked increase of pupils enrolled up to and including Oct. 1 over last year's attendance. So crowded are some of the buildings that the board of education has found it necessary to secure overflow quarters elsewhere, and the committee on buildings and grounds has reported as being able to provide needed room in the Sherwood building, the First, Second, Fourth, Fifteenth and Thirtieth ward annexes and in the Emerson chapel.

A general increase of 5 per cent has been allowed the janitors of the various schools. An overdraft of $131,102.01 was reported by the treasurer, on Sept. 30. The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Tex., writes, July 19th, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street. B

TOUT FAMILY IN EUROPE.

E. F. Tout Tells of the Progress of His Talented Girls.

Among the visitors in Salt Lake today are E. F. Tout, erstwhile of Ogden now of London, England, and Charles G. Davies, a builder and contractor of Ystradgynlais, Swansea, Wales. Both gentlemen have been spending the summer in the west for their health and will return to Great Britain on the Lusitania which sails on the 26th for Liverpool.

Mr. Davies with naive Welsh accent this morning expressed himself as being greatly delighted with all he had seen in America and particularly with Utah, which was different to what he had anticipated.

At present the Tout family is decidedly scattered but will be reunited with the exception of Mr. Tout on Sunday when they meet at the London conference which is set for that date. Nannie Tout for some months past has been singing in grand opera in Bavaria where her father says she has been making a great impression. Maggie Tout is in Paris studying for grand opera. Hazel is in Munich studying the violin under Kralin and Grace is traveling on the continent with her teacher.

Mr. Tout has signed contracts with John Cort for a tour of America with Nannie Tout opening in Carnegie hall, New York.

A Most Worthy Article.

When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all Pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter coughs; we owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street. B

SILAS S. JONES COMMITS SUICIDE

Resident of Butlerville Ends Life This Morning by Taking Carbolic Acid.

DIES IN AGONY AT 5 O'CLOCK.

Thought That Brooding Over Divorce Suit Recently Commenced by His Wife Turned His Mind.

Silas S. Jones, for more than a quarter of a century a resident of Butlerville, Salt Lake county, committed suicide by taking carbolic acid at his home at 4 o'clock this morning. At the time stated Mr. Jones swallowed a quantity of carbolic acid, and an hour later passed away in great agony.

The people of the little town of Butlerville were greatly shocked upon learning of the rash act of Mr. Jones. It was well known, however, that there had been trouble in the Jones household for some time, culminating several days ago in Mrs. Jones' filing a suit for divorce in the district court against her husband. In her complaint Mrs. Jones alleged that her husband had charged her with improper association with hired help on the farm, and with making accusations against her before their children which were very humiliating; and she prays for decree of divorce, and such other relief as to the court seemed equitable.

The divorce suit seems to have preyed on his mind to such an extent that he resolved to end his trouble by taking his own life.

The couple has been married for upwards of 30 years and had a large family.

A peculiar feature of the affair is that Mr. Jones was 63 years of age today, and died on the morning of his birthday.

Croup.

Is a violent inflammation of the mucous membrane of the windpipe, which sometimes extends to the larynx and bronchial tubes; and is one of the most dangerous diseases of children. It almost always comes on in the night. Give frequent small doses of Ballard's Horehound Syrup and apply Ballard's Snow Liniment externally to the throat. 25c, 50c and $1.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street. B

SKATING RINK OPENS.

Big Crowd Participates in the Pastime At the Auditorium.

The Auditorium roller skating rink opened its regular season last evening, and from 7:30 to 10:30, more than 800 persons glided about on the little wheels while hundreds of spectators took pleasure in watching the brilliant scene.

Patrons of the place were much surprised and pleased at the many improvements in the building and on the big floor. The electric surfacing machine did its work well and the floor is as smooth as glass. The music by Held's band of 10 pieces was thoroughly appreciated and the management proposes to make music one of the features this season.

The floor is managed by Earl La Mont, and his assistants are John McKenrick of Los Angeles and W. E. Nichols of Tacoma. The first attraction of the season in fancy and trick roller skating was the exhibition given by Matthews and Putnam. Their work evoked generous applause, especially the unicycle and wooden shoe skating.

The society function of Monday night, when 250 invited guests enjoyed an evening on rollers, was a big success, and steps have been taken to organize a Monday night club for Salt Lake City.

SEPTEMBER REPORT.

Thirty Thousand Buds Cut for Propagation in Salt Lake County.

John P. Sorenson, county horticulturist, has rendered his September report to the county commissioners. During the month the inspectors examined about 535 places where trees are grown, in 70 days' time. Seventy per cent of the damaged trees found were afflicted with pear blight. Sixty-seven people were served with notices to clean up and cut out pear blight. The report states that the budding season is now past and that Inspector Sorenson aided in cutting 30,000 buds of choice trees for propagation in the early part of this month.

Thomas Walker, the deputy retained, will look after the nurseries south of Murray and at East Jordan, as long as the digging, fumigating and shipping of trees goes on. Mr. Sorenson will look after the nurseries between Salt Lake and Murray and attend to the importation of nursery stock from outside of the state.
