COURT PROCEEDINGS.

Violators of the Game Law Still Being Prosecuted.

A LIST OF SMALL OFFENDERS

Commissioner Sommer's Arrest—A Fighting Showman—New Suits Filed—General Items.

This was naturalization day again in the Third district court, Judge Merritt's time being taken up mostly in the examination of aliens who applied for citizenship. After the usual calculation, a goodly number of newly-fledged citizens received their papers and became eligible for the work of the registrars.

Orders in civil actions were entered as follows:

Roberts vs Roberts, order to show cause continued to November 9, unless another date is fixed by Judge Bartch, who is in charge of the case.

Geo. H. Bothwell et al vs H. I. Marshall et al; hearing in progress.

Henry C. Owens, nominee for grand secretary, and Grant Hoskins, today for arraignment before Judge Bartch, reported himself to Judge Merritt's court. As Judge Bartch will return in a few days, the arraignment was deferred.

Mrs. Susan J. Rawlings obtained a divorce from her husband, Mining Inspector J. B. Rawlings, late last evening, on the grounds of cruelty and failure to provide. She was awarded $50 per month permanent alimony, with $25 suit money and an attorney's fee of $50.

The Abilene National Bank, of Abilene, Kansas, by its attorney, Herbert Farnham, filed suit in the Third district court today against F. L. Parker, now of Salt Lake, for $991.88, interest from October 22, 1894, at 8 per cent, and costs of suit. The note of the action is a promissory note given by defendant in the bank.

Suit has been filed by A. H. Raleigh against Midnight Fire and others on a promissory note secured by a mortgage.

Another step has been taken in the long contested Fox-Hilliard-Roberts mining dispute. L. M. Olinger, as administrator of the est. J. Franklin estate, has filed a complaint in which he says that M. L. Roberts is required to deed to him a half interest in the Victor mining claim, in Tooele county.

In Justice Harvey's court last evening the investigation into the charge of grand larceny against Ave Hunter, accused of stealing a wagon belonging to Charles Cummings, resulted in Mr. Hunter being acquitted of the charge.

Another start was made for duck hunters today, when a young man giving the name of G. O. Pratton was run in on complaint of one Smith, who accused him of shooting ducks at an earlier hour than one hour before sunrise. The accused pleaded guilty, and U. S. Commissioner Greenman fined him $2 and costs—$5 in all.

Four warrants were issued today from U. S. Commissioner Sommer's court for alleged violations of the game law. Their offence was shooting duck prior to the legally designated time of one hour before sunrise. The offenders are Ivy Boyle, James Ford, one named Spencer, and a local medical practitioner who is listed as John Doe. Dodd is the complainant, but spells his name differently on his sign. They will be brought in to explain their presence and actions in quest of the denizens of the lakes just west of the river.

U. S. Commissioner Sommer had a lively time himself last evening. He tried to arrest a half drunken man who was large as himself, and finally did so by the aid of a lot of bystanders, several police and the patrol wagon. When passing near the R. G. W. ticket office, Mr. Sommer saw John Hogan, a big miner who was under the influence of drink, strike a boy named Frank Smith. Mr. Sommer interfered, and warning Hogan to cease his violent actions informed him he was an officer. At this Hogan threatened to do the commissioner up, and struck a vicious blow. Mr. Sommer narrowly ducked his head and the body fell passed over him, but came in contact with a bystander who had come to chase Mr. Sommer called on some men in a saloon near by to come and assist him; they did so, and others assisting Hogan. Then the patrol wagon was sent for, the outcome being that Hogan was tumbled into it, and will have to answer to Police Justice Smith for assault on the boy. He may have the further charge of resisting an officer to meet.

John Hubert runs a show on East Temple street, just south of the Gooder-Tile corner. He should have been in U. S. Commissioner Trafelet's court this morning, on a charge of assaulting E. Johnson, but failing to come forward with the trouble was because Johnson wanted $22.50 wages belonging to himself and partner for performing at musicales for Hubert's show. While Johnson's back was turned, Hubert gave him a stick, knocking him crawling against an obstruction which broke Johnson's spectacles and cause the glass to cut his face.

POLITICAL MATTERS.

The Republican Parade and Meeting Tomorrow Night—Democratic Meetings.

While there will be more or less cessation in the way of political speaking for the next few days in localities remote from Salt Lake City on account of the attractions now offered here, still there will be enough to make it interesting for the great majority who remain at home. Several Democratic speakers came in from their tours in different parts of the Territory this morning to remain until after Conference, among them being Hon. B. H. Roberts.

REPUBLICAN PARADE.

The parade for Saturday night promises to be a big affair. Reports received this morning from Utah county, says Mr. Cannon, state that that county will send to Salt Lake on a special train plenty of bands and drum corps, in addition to the delegation of marching men. A gun brigade will also come from the Garden City. From Weber county a delegation of five hundred is expected, including bands and drum corps. Arrangements have been made to meet the visiting delegations at the depots on their arrival in this city, and escort them to the places selected in the parade. The Salt Lake City itself a great many men will be in line. It is claimed that over 2,000 Chinese lanterns have been received by express, which, with the lanterns already on hand, will make an abundance of light. Two thousand torches were ordered some time ago, but up to the present it has been impossible, says the committee, to locate the car containing them.

At the Theater, after the parade, many of the candidates will speak, the speeches being limited to time so as to get out of the number who will participate. Admission to the Theater will be by ticket. Tickets can be procured by those who reach the Bee-Hive Hive, and the people will be revised according to the coupons which they hold. Admission is free. The doors open at 8 o'clock. The speaking is expected to begin at 9:15.

DEMOCRATIC MEETINGS.

The German-American Democrats held a meeting in the Turner hall last evening. The object of the meeting was for the formation of a club to work during the campaign, and an organization was effected with the following officers:

Abel, chairman; William Tonsler and John F. Bensel; committee on election, William Kraus, First precinct; Adolph Gleman, Second; C. Kleeb, Third; Leo Von Taell-Gessler, Fourth; August Jewsen, Fifth, and Ernest Raoven, county at large.

The name of the society is "Der Demokratische Deutsch-Amerikanische Club of Salt Lake County," and meetings will be held at the same place every Wednesday evening. Speeches were made by Dr. O. H. Dogge, Gustave Kroeger and Moritz Sommer.

BRIEF MENTION.

Frank J. Hewitt, of the Third ward, is a candidate for city councilman from the First precinct on the Republican ticket.

The registration is being attended to this week, and comparatively few complaints are made in regard to illiterate or the difficulty to perform that duty.

At Republican state central headquarters in the Daily block a committee room is in charge, and as with their usual enterprise, visitors from all parts of the Territory are made welcome.

The Twenty-first ward Republicans assembled in goodly numbers at their ward hall last evening. The chair was occupied by Captain H. Dean while C. H. Brink filled the post of secretary.

The meeting was called for the purpose of selecting delegates to the city convention, to be preceded by the ward primary on Monday next, and the following is a list of those chosen: H. J. Foulger, Ira Ivins, Charles Crane, Dr. H. A. Widner, E. C. Dalton, T. W. Whitaker, C. H. Brink, Dr. Lisella P. Miles, Capt. J. W. Dean and C. O. Johnson, J. B. Farlow, F. A. Grant, Fred Rowe, Major V. M. C. Sizer, Frank D. Hoyt and H. G. McMillan. Alternates—E. D. Woodruff, J. P. Gardner, S. H. Miller, Mrs. Dr. S. P. Ohl, Jack Bolton, A. J. Dunford and S. V. Pierce.

A large number of lanterns and lanterns were reserved at the headquarters of the Republican Working men's club today, which will be used in the grand parade on Saturday night.

The George A. Whittaker club held forth in the Hall of Labor hall last night, at which time Mr. Whittaker was presented with a white silk banner trimmed with gold lace and bearing besides a photograph of the recipient the following in cribbin: "For State Senator, George A. Whittaker." The presentation speech was made by Ben Arbour in behalf of the club, and Mr. Whittaker, in a few well chosen words, responded to the surprise that had struck him. Messrs. J. L. Frank, Dunbar Lynch, Will Perry, Fred Kaiser and E. C. Davis each delivered a short address, and the Jefferson drum corps gave a serenade.

AMUSEMENTS.

Thespening of the engagement of Mr. Ellason last night at the Theater was thoroughly enjoyed by those present. In every respect the performance compared favorably to those given here by Herrmann, though the latter is fond of seeing "the great" appended to his name. Mr. Ellason's work in the "black art" is of the highest class and all the more enjoyable because of the absence of all humbugery, so common to necromancers. In seeing Ellason it is the trick itself in which all interest centers, the performer himself modestly stepping to one side. The mystification leaves a much deeper impression on the spectator just on this account.

The program last night opened with a series of sleight-of-hand performances, some of which are Mr. Ellason's own inventions. These were followed by a startling illusion, Burned Alive, in which a human being apparently is consumed by fire. The title with the trick has been seen here before, but never before was it done so clean last night. The next illusion, Arrival Bill, was exceedingly pretty. In this latter, "by no means a reflection," a house apparently with a solid looking-glass as it opens away. The program closed with another series of sleight-of-hand pieces. Mr. and Mrs. Ellason, our western's, were loudly applauded. The time cannot be far away when the "Great Great" will reach beyond this country.

Ellason will appear at the Theater again tonight.

AT THE GRAND.

Babie continues to draw large audiences at the Grand opera house. Last night the place was again well filled, and the performance was thoroughly enjoyed. The comedy runs two more evenings.

Miller; an article on "Some Hints on Tramping," by E. L. Orvald; a paper telling how to turn a heap of ribbons into pretty ornaments, by Adele Heard; several illustrated poems and practical descriptions of novel games and puzzles. THE BEST
FAMILY MEDICINE
She Has Ever Known. Words of Praise from a New York Lady for
AYER'S PILLS
"I would like to add my testimony to that of others who have used Ayer's Pills, and to say that I have taken them for many years, and always derived the best results from their use. For constipation, which is the cause of headache among my female friends, Ayer's Pills cannot be equaled.

When my friends ask me what is the best remedy for disorders of the stomach, or bowels, my invariable answer is, Ayer's Pills. Taken after meals, they will break up a cold, prevent la grippe, check fever, and regulate the digestive organs. They are easy to take, and are, indeed, the best all-round family medicine I have ever known."—Mrs. May Sommers, 308 Rider Avenue, New York City.

FALL GOODS
COMING NOW.
Woolen Goods a Trifle Higher Than Last Fall, Cotton Fabrics and Sewing Silks have Also Advanced in Price.
We have selected cloth this fall with the idea that we are to have an improvement in trade. And that our customers will want better suits than they have been buying for the past three years. Therefore we purchased from the most reliable manufacturers, and have selected our very latest patterns, without regard to the slight extra cost over goods of last year's designs. We have also made some re-adjustments in our manufacturing department. Notwithstanding there is engaging the services of one of the most reliable and best known cutters in the city, so our customers are trying no experiment by placing orders with us.
With regard to prices we still adhere to our motto of giving our patrons the greatest value possible for their money. Being satisfied with very small profits.
We have also looked after the interests of our less fortunate customers, who do not feel that they can afford to invest $25.00 or more in a suit. We still have dress in well lining, well made, tasteful appearing clothes, and for this trade have purchased a very carefully selected line of American made goods. These goods are equal in neatness of pattern and general appearance to those of foreign manufacture, and are of excellent wearing qualities and are represented by many unscrupulous dealers as imported, and offered for sale by them as such at prices much lower than the imported goods can be sold for, but a much higher price than we are offering the same goods for. From these goods we are ready to fill orders at from $12.50 to $22.50 and give the customers the benefit of having them cut and made by the best skilled workmen in the city, a privilege we trust will be appreciated.
