PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.
SALT LAKE CITY, December 29, 1871.
Buying at $1.00½; selling at $1.00.

LOCAL AND OTHER MATTERS.

THE BENEFIT TO-NIGHT. — To-night the popular actor Mr. Oliver Doud Byron will take a benefit at the Theatre, the piece to be presented being "Ben McCullough, or as Captain as Death," a thrilling five act drama illustrative of frontier life in the early settlement of Nevada. This is the first presentation of the piece in this city, and it is one in which, by his artistic performance, Mr. Byron has gained great praise. It is said to be a production of surpassing interest, and no pains will be spared to present it in the most effective manner. Mr Byron will be assisted by his wife, Messrs. Graham, Thorne, Marden, Duane, Harris, Mesdames A. Clawson and M. Bowring, the Misses E. and D. Clawson, Miss Spencer and many others.

Between the first and second acts the Rocky Mountain Vocalists will sing some of their choicest songs; Mr. Lorraine will also appear as "The Drum Major," the latest sensation in California. The bill is excellent, and on any ordinary occasion should draw a full house, but especially when presented for the benefit of an actor as talented and popular as O. D. Byron.

PERIODICALS. — "Demorest's Peter's Musical," and Harper's Monthly," with leaves cut ready for reading) for January; also the current numbers of "Harper's Bazar," and Frank Leslie's "Ladies' Journal," are for sale at Dwyer's Railway News Depot, where may also be purchased many other choice things in the book and stationary line.

A THRIVING OLD LADY.—The Jacksonville (Ala.) *Republican* says there is a lady living at Columbiana, Shelby county, who gave birth to a child recently, at the age of 73 years. She is the mother of several children, the youngest of which, before this one, is 32 years old, and the mother of several children also. This old lady was doing well at last accounts.

Should the lady's example become epidemic, what a flutter it would make in families.

WORKED UP.—When Senator Cragin concocted that extraordinary bill of his he must have been reading that story in *Blackwood*, the purpose of which was to inculcate the propriety of marrying one's grandmother.

HOW ADMITTED.—Oregon was admitted with not more than 30,000 inhabitants, and Nevada with not more 25,000, while Utah with four or five times that number, has been persistently kept out.

OLD AND NEW for November contains the following articles—Old and New; The Modern English Novel; What was in Hilda Hyde's Bundle; The Sailor; The Language of Brutes; Works and Days; The Dangers of Discovery; The Vicar's Daughter; Talk About the Tea-Table; Forgiveness of Sins; Ups and Downs; Morning and Evening Songs; Review of Literature, Fine Arts, and Progress.

"BATTLE FIELDS OF THE REBELLION." —If you want to attend a free lecture on "The Battle Fields of the Rebellion," go to the Morgan College to-night. Mr. Morgan commences a lecture on that subject at 7 o'clock.

"Vick's Illustrated Catalogue and Floral Guide" (Rochester, N. Y.), is a thick, beautifully printed, splendidly and profusely illustrated catalogue of seeds, bulbs and plants. It is on good, tinted paper, and is embellished with a lovely colored boquet of pansies and plate of colored plans for ribbon beds. Altogether it is the handsomest catalogue that we have seen, and one might think it would be sufficient to make florists of us all.

FOR THE NEW YEAR.—To-morrow is the last day of grace for those who have not already purchased their "gifts" for New Year's day. The blockade has been severe upon the toy merchants and other venders of articles usually required in liberal quantity at this time of the year, yet quite a large business was done at Christmas in this line. Nevertheless, "there are a few more left" for New Year. If you wish to know where to go to purchase, turn to our advertising columns—they are full of entertaining reading.

MORNING BULLETIN, Ogden Depot, 8 a. m., December 29—No report from eastern train.
C. P. train, five hours late,—will arrive here about 12 o'clock, local time.
U. C. leaves on time.

A MAGNIFICENT hail, wind, and probably snow storm brewing and breaking as we are going to press.

WAITING FOR HIM TO ABOLISH IT.—The Chicago *Post*, reviewing Cragin and Utah affairs, concludes that the new apportionment bill and other legislation will settle the "Mormon problem." Says the *Post*—

"The question of the admission of Utah will thus be postponed for at least ten years; and by that time Judge McKean will have had an opportunity to abolish polygamy, either by the Territorial statute under which he is now acting, or by the further aid of some such law as Senator Cragin's bill contemplates."

If Judge McKean shall be successful in abolishing an institution which has prevailed from the earliest ages, and which the majority of mankind have ever practiced, he will certainly prove himself a much more wonderful man than we take him to be. We are perfectly well satisfied that his honor, the judge himself, will be "abolished" and forgotten long before the "peculiar institution" shall fade away. Ambition wrecked Lucifer, and if this is the judge's ambition, it will wreck him as sure as destiny.

DECEMBER MAGAZINES. — "Old and New" contains the following articles—Old and New; Day Dreaming; The Language of Brutes; To ——; Ups and Downs; God with Man; Daphne; A Mood; Six of One by Half a Dozen of the Other; The Bear Rock; Sorrento Papers; The Companion of Paradise. Also the usual Literary and Art notices and Record of Progress.

"Lippincott's Magazine" contains Scrambles among the Alps; Christmas Carol; Shadows of a Christmas Fire; Our New Port Storm Signals; Aytown; Types of Castilian Vagrancy; Brown's Christmas Bundle; A Dog of Flanders; The Herald's Cry; A Russian Family Wolf Hunt; In Good Time; The coming Woman; Monthly Gossip; and Literature of the Day.

The "Technologist" abounds in articles, many of them illustrated, of interest especially to builders, manufacturers, engineers and mechanics.

The "Manufacturer" and Builder is also replete with articles and illustrations of a technical but useful character, and is adorned with an appropriate Christmas series of engravings.

THE INNOCENT.—Says an exchange—

"Out of the end crowd of 1,189 male convicts in Sing Sing Prison passed one innocent man the other morning, after sixteen months of doleful imprisonment. How many like him were left behind?"

The crusaders here would reverse the picture and incarcerate a thousand innocent men to one that was guilty.

POLICE.—In the Miller perjury case, a change of venue was obtained this morning, and the accused was taken before Alderman S. W. Richards, where the charge was investigated, and the accused, in default of procuring bail to the amount of $2,000, was ordered to be kept in custody to await the action of the Grand Jury at the next term of the Third District Court.

The investigation into the "muss" among the Commercial St. Chinamen, was commenced before Alderman Clinton this morning, but the case was adjourned until two this afternoon, to give an opportunity for an examination of the injuries of the wounded man. Five Chinamen are implicated and in custody.

140,000
SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company,
AT THE WORLD'S FAIR

—Constituted by the homes of the people—
Received the Great Award of the Highest Price and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "BWO...N" returns (to which any one can have access) of the manufacturers for the year 1870 to the owner of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,660
Wheeler & Wilson	83,238	Gold Medal	8 912
Howe	75,156	Eina	5,806
Grover & Baker	67,420	Empire	3,560
Wood	36,000	Pinkie & Lyon	2,400
Wilcox & Gibbs	24,000	Parham	1,700
American Button-hole & Overseaming	14,573	Wilson	500

And several other companies who sold a few Machines.

It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for last year 84,751 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun*.

One-half of our Gigantic Sales, now nearly;
THREE-QUARTERS OF A MILLION
Machines Sold,
AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS;
But the greatest increase of our Sales over all other Machines, being within the past year This is incontestible proof that
Our Machines are the Best in the World!;
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,

In fact running supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the making of tarletan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
