SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by proper means can it be saved and beautified.

LYON'S
KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.
COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-FIFTH CONGRESS.

HOUSE.

WASHINGTON, 18.—The Geneva award bill was taken up as the regular order of business. After some discussion the previous question was seconded and the main question ordered, the understanding being that Butler should be allowed fifteen minutes, and Knott as much time as he desired before the vote should be taken. These gentlemen spoke against the claim of the insurance companies. The latter against this class of legislation, and advocating the speediest possible distribution of the fund amongst those legally entitled to it.

House moved to lay the bill and amendments on the table. Rejected, 42 in the affirmative, the negative not counted.

Frye's amendment to the bill was then agreed to on a standing vote—ayes 135, nays 50. It provides that no claims by or in behalf of any assurance company shall be admitted or allowed by the court o claims, unless such claimant shall show that the sum of its losses in respect to the war risks, exceeded the ipremiums or gains, and then the allowance shall not be greater than such excess. No claim is to be admissable in favor of any insurance company that was not lawfully existing at the time of the loss, under the law of the United States.

Cannon moved to lay the bill on the table. Defeated—yeas 96, nays 121.

The question was then taken on the substitute reported by the minority of the judiciary committee, and it was adopted on a standing vote—112 to 73. It revives and continues the court of commissioners of the Alabama claims, fixes the number of judges at three, requires the court to convene and organize as soon as practicable in Washington, and limits its existence to eighteen months. The first class of claims is to be those described in section 11 of the former act and claims for damages directly done by confederate cruisers on the high seas, although within four miles of shore; in cases of whaling vessels, 10 per cent. additional is to be allowed in lieu of freight, and the same allowance is to be made with six per cent. interest on judgments heretofore rendered in favor of whaling vessels. The second class of claims is to be for two per cent. additional interest on former judgments and on all judgments to be hereafter rendered, interest allowed to be 6 per cent. The third class of claims is to be for the payment of premiums for war risks, the deduction to be made of any sums paid back in diminution of such premiums, so that the actual loss shall be allowed. The secretary of the treasury is directed to pay, without further adjudication by any court, 10 per cent. upon the whaling vessels and their outfits, with 6 per cent. interest, on the awards heretofore made and also to pay 2 per cent. additional interest on all judgments heretofore made. Judgments rendered in the first class are to be first paid, and then judgments in the second class, and if the money be not sufficient to pay all judgments of the second class they are to be paid *pro rata*. A like rule is also to apply to judgments in the third class. No foreign born person is to be excluded, if sailing under the United States flag. The act is not to be construed as renewing or continuing any of the commissions of judges or officers of the former court. Any balance that may remain shall [illegible] fund from which Congress may hereafter authorize the payment of other claims thereon.

The substitute then passed—yeas 113, nays 93.

Smith reported from the appropriation committee the Senate amendments to the pension appropriation bill, and they were concurred in. Adjourned.

EASTERN.

Washington Items.

WASHINGTON, 18.—The House committee on claims will report favorably on the bill relieving the late assistant treasurer Chandler, at Boston, from liability for the acts of his disbursing clerk, Hartwell, who secretly loaned Melleu Ward & Co. $450,000 of funds. The sub-treasury committee take the ground that Hartwell was appointed by Chandler's superiors, hence Chandler should not be held responsible for misdemeanors of his subordinate.

[illegible] contest will soon take place in the Senate concerning the claim of D. H. Corbin to the seat now occupied by Butler, of South Carolina. The latter was seated upon the *prima facie* evidence of his credentials, with the aid of the votes of Patterson and Conover, Sharon being absent and Davis, of Illinois, declining to vote. The republican members of the committee on privileges and elections have postponed presenting a consideration of the merits of the controversy until there should appear to be some chance of securing the adoption of a report in favor of Corbin by a majority vote of the Senate, and that time, they think, has now arrived. They will, accordingly, present a report declaring that Butler was not elected by a constitutional majority of the South Carolina legislature, and that Corbin was duly elected. The Senate now consists of 39 republicans and 36 democrats, and 1 independent, Davis, of Illinois. It is conceded that Patterson will again vote with the democrats in favor of Butler, but Butler cannot vote on his own case, so the certain votes for Butler will number 36. Conover's vote was cast for Butler a year ago, but the republican leaders believe that he was then bidding for democratic support in Florida to re-elect him to the Senate, and that when he finds himself disappointed next week, as they anticipate he will be, they can then secure his full return to the republican fold and obtain his vote against Butler. Judge Davis' vote is the remaining uncertain quantity, and it is possible that he may withhold it altogether, as he did a year ago. Corbin has therefore 37 certain votes, and unless both Conover and Davis vote against him, his admission apparently cannot be prevented, for Vice-President Wheeler would decide a tie in favor of the republicans. In this case, however, the question would be raised whether the vice-president has a right to vote upon the admission of a member of a body of which he himself is only a member, ex-officio. On the whole the solution of the problem seems mainly to depend upon the position that will be taken by Conover. The special importance of this matter arises from its bearing on the control of the Senate after the 4th of March, 1881. On the 4th of next March, if Corbin then occupies the seat now held by Butler, the Senate will stand 41 democrats, 34 republicans, and 1 independent. The terms of Kernan, of New York, Eaton, of Connecticut, Wallace, of Pennsylvania, Thurman, of Ohio and Randolph, of New Jersey, will expire on March 4th, 1881, and they will all probably be succeeded by republicans, as those States went republican at the last elections and are likely to remain so in 1880, when legislatures will be chosen to elect their successors. The democrats will gain one Senator in place of Bruce of Mississippi, whose term also expires in 1881, but by this calculation it appears that, conceding Judge Davis to the democrats the party vote in the Senate will thereafter be 38 against 38, and in the event of the election of a republican vice-president, the republicans will resume control of the Senate.

To Be Released.

The captive women and children at Fort Robinson will be released at the request of Red Cloud and Ogallallas, earnestly desiring that the widows and orphans, who are their relatives, be turned over to them as their natural protectors to take them to their homes and care for them. It is believed the adoption of this course will serve to allay all the excitement and really attach the Red Cloud Indians to the government.

Scarlet Fever.

NEW YORK, 18.—There were 193 deaths from scarlet fever during the past week for 274 the week before. This decrease is due to the efforts of the health department in isolating the cases and keeping the infection out of schools.

The Escaped Cheyenne Prisoners, etc.

CHEYENNE, 18.—Companies A, B, D, F, I and M, of the Fifth Cavalry, having been ordered to take the field in search of Little Wolf's band of Cheyennes, believed to be depredating ranches in Western Nebraska, will move from Fort Russell to-morrow under the command of Captain Montgomery.

Fort Robinson, Neb., 18.—A conference was held here this morning between Chief Red Cloud and Lieut. Schuyler, of General Crook's staff, regarding the propriety of Lieut. Dodd of the Third Cavalry going to Red Cloud's new location for the purpose of enlisting the services of some Sioux warriors, to be employed as scouts in the expedition against the brave little band of Cheyennes now corralled at Crow Ridge, thirty miles distant. Lieut. Schuyler asked Red Cloud if he thought Lieutenant Dodd could succeed in obtaining the service of fifteen of his warriors. The old chief, in a very grave tone of voice, and without raising his eyes from the ground said: "My people are sad at heart since their brothers were killed here some months ago. They are very angry with the whites, and I am nearly certain they will not assist them."

Lieutenant Schuyler, in as few words as possible, gave him an account of the Cheyenne outbreak; how the Cheyennes fired upon the soldiers in fleeing from their prison room, killing them, and in trying to punish the Cheyenne bucks the squaws were accidentally killed. Lieutenant Schuyler finally got the old chief to say: "Young Chief Lieutenant Dodd you can go to my camp and tell my son-in-law, Young-Man-Afraid-of-his-Horses, that it is my wish he should try and get some of my warriors to help the government in capturing the Cheyennes." Lieutenant Dodd, [illegible] known to Red Cloud's [illegible] immediately for [illegible] mission, who is well [illegible] braves, started [illegible] Pine Ridge Agency on his [illegible] with what success we shall soon learn. It is believed that Captain Johnson's command joined Wessel's at the scene of hostilities some time during the night of the 17th. There has been nothing heard from either commands since yesterday morning. Important news expected hourly.

Usurpation of State Rights.

RICHMOND, 18.—The Senate special committee and House committee on federal relations, acting jointly, to day, submitted a long report and series of resolutions in regard to that alleged usurpation of state rights by Judge Rivers. The resolutions declare that Virginia, in re-entering the Union after [illegible] to government on a perfect equality with other states, and is entitled to the same rights and powers; that the United States can no more rightfully interfere with and attempt to execute the powers and perform the functions of states than the states can those of the United States; and any attempt by either to interfere with the rights of the other will be a usurpation, and unconstitutional and void; that, therefore, all acts of Congress, and particularly those known as the civil rights bill and enforcement act, which attempt or profess to provide for the performance by the United States of the duties and obligations belonging to the states are unconstitutional and void; that therefore, the action of the judge of the district court of the United States for the western district of Virginia, in assuming the jurisdiction of the cases of Lee Reynolds and Burwell Reynolds, parties charged with a crime against the laws of this commonwealth and held to answer therefor, is an attempt to execute the laws of this commonwealth and to regulate her internal policy in courts and by the officers of the United States, is unwarranted by the constitution, is destructive of the rights of the people of each state to protect life, liberty and property in their own way, by their own courts and officers, and ought at once to be remedied by proper judicial action, and any recurrence of the same should be prevented by appropriate legislation; that proper provisions by law ought to be made for the prompt and effective supervision by the supreme court of the United States of all proceedings of judges of inferior courts of the United States; that the governor is instructed to direct the attorney general to institute proceedings in the name of this commonwealth before the Supreme Court of the United States, and demand such protection and redress as that tribunal can afford in the premises.

The Army of the Cumberland.

CHICAGO, 18.—General Sheridan, president of the Society of the Army of the Cumberland, makes the following statement: The regular meeting of the Society will be postponed until the completion of the equestrian statue of Major General George H. Thomas, at Washington. The artist, Mr. Ward, has given positive assurance that the statue will be completed early in June, this year. The Society will be present and participate in the ceremonies attending the unveiling of this monument to their old commander. Should any considerable number of members, however, indicate by letter a desire to hold a reunion sooner, the request will receive due consideration and the announcement of the time of meeting will be made.

Wrestling Match.

DETROIT, 18.—A large audience gathered at Whitney's opera house to-night to witness the Greco Roman wrestling match between J. H. McLaughlin, of this city, and the French athlete, Andre Cristol, for $500 a side. The first round lasted three minutes, and ended by Cristol going down. As he struck the floor he attempted to form a "bridge" but failed, McLaughlin breaking it and Cristol's collar bone. Cristol being disabled and unable to continue the match, it was decided in favor of McLaughlin.

Jail Burned.

LITTLE ROCK, 18.—The jail at Jefferson County, Pine Bluff, was burned, last night. The prisoners were removed to the court house, uninjured. The prisoners fired the building.

Steamer Sunk.

LOUISVILLE, 18.—The steamer *C. B. Church*, with a cargo of molasses, on her way up, struck a snag on Wednesday evening, and sunk near Leavenworth, Ind.

Railroad Accident.

PITTSBURG, Pa., 18.—The Pacific express west, over the Panhandle road, which left this city at eight o'clock this morning, met with an accident which obstructed the road until this afternoon. An open switch near McDonald's station threw the engine and two postal cars from the track. The fireman was severely hurt. The officials of the road state that no one else was injured.

WESTERN.

Gov. Brayman's Message.

SAN FRANCISCO, 18.—A dispatch from Silver City, Idaho, says that Governor Brayman's message favors the extension of the Utah and Northern Railroad, provided the people of the Territory will not be subject to any additional burdens. He favors the extinction of the leading Indian reservations, in order that the valuable lands now held by the Umatillas and other tribes may be thrown open to settlement; he also dwells upon the importance of having a larger military force in the Territory.

FOREIGN.

AFRICA.

The Zulu King Gives up.

CAPETOWN, Dec. 31.—The Zulu King has expressed his willingness to surrender some of the persons demanded by the British ultimatum and pay a fine. He would also consider the other demands if time was allowed. Sir Bartle Frere replied that the word of the English government cannot be altered. The term of Cettwayo's reply expires on the 1st of January. The British troops are being massed.
