SECOND EDITION.

DESERET EVENING NEWS.

Wednesday, - September 14, 1892.

NOTICE.

On the first day of October next there will be an entire change in the management of the DESERET NEWS. The paper, however, will continue to be non-partisan in politics and will remain the official organ of the Church of Jesus Christ of Latter-day Saints.

LOCAL BREVITIES.

UTAH sugar has made its appearance in the local market again and is meeting with good sales.

JOHN T. RIDDLE leaves this evening on an extended pleasure trip to Portland and the Pacific coast.

FOUR of the city prisoners were turned loose this afternoon with instruction to attend the Mills meetings.

A FINE tube boy arrived at the home of Charles C. Dunkle of the Tenth ward, at ten o'clock this morning.

ESTATE of John Gibson, deceased, hearing a petition for construction of report of commissioner came on, under rule growing prayer of petition and confirming report.

MARRIAGE licenses were granted today to William J. McLaughlin aged 21, and Mary S. Sarjent aged 20, both of Salt Lake; to Andrew Mortensen aged 20, and Annie A. Paterson, aged 21, both of Salt Lake.

WORTHERLAND offers its many friends and patrons a change of programme, commencing tomorrow. Among the attractions are "The Dude Statesman," and new illusions of Prof. Dallas. It is ladies' day and children's matinee on Saturday.

TEN carloads of loaded shells passed through Ogden yesterday from the United States navy yards at New York, consigned to Mare Island navy yard, California. The shells are for the use of the war steamer "Monterey" which completed.

AS HORSE, the steak thief, was released from the city jail today he observed a bottle of whisky standing in the window in the captain's office. He pined piteously for the absent bottle, was refused half and he left the City Hall muttering and cursing and swearing that he would be back inside of twenty-four hours.

The Electric Manufacturing Co.

Articles of incorporation of the Electric Manufacturing Company were filed today with the county clerk. The object of the corporation is the business of manufacturing electrical instruments, apparatus, etc. The capital stock is $5,000 in 5,000 shares of $5 each. The corporators are W. J. Montreal 500 shares, F. C. Priestly 250 shares, J. M. Clark 250 shares, Jas. Moffett 100 shares, J. Kempt, Jr., 100 shares. The officers are F. C. Priestly, president; W. J. Montreal, vice-president, and James Moffat secretary and treasurer.

Latest Court News.

In the Third District court this afternoon James P. Lawson brought suit against the Utah Central Railway Co. to recover the sum of $27,735, interest and costs of suit. The claim is for services rendered in the capacity of engineer.

F. R. Grant, who was arrested as an accessory, after giving his evidence, in Commissioner Greenman's court, in the Westwater shooting case, was today held to await the action of the grand jury at Provo, whence he will be taken forthwith.

Commissioner Greenman was engaged this afternoon hearing a small civil case in which a landlady, a boarder and a board bill were the three principal elements. The boarder repudiated the bill and the landlady brought suit to recover what she considered to be legally due to her.

Where Organ Grinders Congregate.

The industry of that word can be used in connection with organ grinding is one of considerable extent. The city finds the number of licenses issued at a dollar each. This does not by any means cover the number of Italians who all certain seasons of the year live hard and make their living by grinding. Like theatrical people, these grinders make New York their headquarters, and Mulberry bend is their Rialto. There on any sunny, warm morning they may be seen lounging in front of the old, narrow, crowded street, stopping to say a word with the pretty black eyed girl who sells ice cream for a cent a glass, or to borrow a cigarette from a passing acquaintance.

In this latter respect alone they resemble the bankers of the other Rialto at times. They don't wear patent leathers or spats or carry big canes, but they make up for these appendages in exquisite smoking.—New York World.

The Green Was All Right.

A lady says she was in a message that her husband had not been confirmed and that she would like hands laid on him continually (times which were too frequent being turned. One of my siblings went to call on her with a view of making the necessary arrangements. Just as he was leaving it occurred to her that she had a green, and very likely he was not confirmed either. So she rang the bell and told the latter to go over to the station and find out whether James had been confirmed. In a few minutes the man returned and stolidly announced: "Yes, ma'am, it all right. He's been done twice." Of course he meant vaccinated.—Cobbill Magazine.

Horse from Wanted Nerve.

The quantity of lost nerve to be had has been and remains for centuries a roaring racket, but nerve making processes have been attempted and recently. At a sale in New South Wales the bodies dug out into the bottom of iron chambers that can withstand that amount of pressure, and jets of water are forced on the dog. In a short time the chambers are filled with nerve that can be utilized in other parts of the world.—New York Sun.

It is gratifying to note that, so far at least the political orators have been good humored, pertinent and not, as in other days, coarse and indecent.

TODAY'S TELEGRAMS.

Takes Poison Jail and Hanged to a Telegraph Pole. — Guilt Confessed.

MORE REPORTS OF RUSSIAN SEIZURES.

Temporary Suspension or Prohibition of Immigration Contemplated.

By Telegraph to the News.

WOULD GO TO HELL.

A Negro Confesses His Guilt and is Lynched.

LARNED, Kansas, Sept. 14.—A negro named James Thompson made a brutal attempt to outrage Miss Mabel Welch at her boarding house yesterday morning. She fought him for two hours and he finally fled. Last evening he was arrested in a swamp. A few hours later he was taken from jail by a mob and hanged to a telegraph pole. He confessed his guilt and said he went would go to hell.

Russian Seize Seaiers.

VICTORIA, B. C., Sept. 14.—The schooner "Agnes McDonald" arrived yesterday and confirms the report of further Russian seizures. She saw the "Vancouver belle" seized and her captain says other schooners were taken. Not wishing to run the risk of seizure, he called in his boats and got away.

Vegetation Cut Down by Frost.

BOONE, Iowa, Sept. 14.—A sharp frost last night cut down much vegetation.

Looking for Power to Suspend Immigration.

WASHINGTON, Sept. 14.—The law officers of the government are looking up the legal powers of the President in the matter of a temporary suspension or prohibition of immigration. Nothing, however, has yet been done on the subject.

Asking the President to Suspend Immigration.

DETROIT, Sept. 14.—The city council has adopted a resolution directing the mayor, in view of the impending danger of an invasion of the Asiatic cholera, to request the President of the United States to prohibit foreign and Canadian immigration for at least 90 days.

Two Suffers Die of Cholera.

LONDON, Sept. 14.—The steamer "Hinderopes" from Cronstadt has arrived at Hull and report that two of the crew have died of Asiatic cholera.

Cholera Still Increasing.

HAVRE, Sept. 14.—There were eleven new cases and seven deaths of cholera reported here yesterday. This is an increase of one new case and a decrease of six deaths, compared with the previous day.

Cholera in Holland.

THE HAGUE, Sept. 14.—There was a death from Cholera yesterday in the town, South Holland. One case of the disease was reported at Elburg on the Zuyder Zee.

Arrival of the "Majestic."

QUARANTINE, Sept. 14.—The steamer "Majestic" with 507 cabin passengers has arrived. All well on board. She will probably be detained till the morning.

Incendiary Fires Probably.

INDIANAPOLIS, Ind., Sept. 14.—The Union Transfer and Storage company warehouse with contents was entirely destroyed by fire this morning at 2 o'clock. Loss $200,000. Insurance unknown. It is supposed to be of incendiary origin.

The Birkbeck Bank.

LONDON, Sept. 14.—The Birkbeck bank opened this morning at the usual hour and business was continued. Those who still desire to withdraw their deposits are for the most part workingmen. The higher class depositors, who have large sums in the bank, have received from their seats and were quite conspicuous in the lines this morning.

Fusion Considered.

YANKTON, S. D., Sept. 14.—The Democratic executive committee and democratic nominees are engaged in conference in regard to fusion with the Independents on the electoral ticket and out of the state office. The Independents are not inclined to concede much and the whole matter will probably be referred to a committee for settlement.

MRS. HARRISON'S ILLNESS.

Statement of the Doctors After Examination and Consultation.

LAKE HOUSE, N. Y., Sept. 14.—Dr. Gunner of Washington, Dr. Dorrity of New York, and Trudeau of Saranac, held a consultation at the President's cottage this morning in regard to Mrs. Harrison, and at its close issued the following statement: "The pulmonary disease is tuberculosis involving the right side associated with nervous prostration. Recent complication, sub-acute pleurisy with rapid effusion and wake in the right side necessitating the tappings with some relief. Present condition, extreme as regard the tendency to recession of the disease. Removal to Washington is impossible. Any prognostication as to the immediate future is uncertain."

Lieutenant Parker said this morning: "The President will remain with Mrs. Harrison until she gets better. He has no other plans in view." It is the universal opinion that the President's stay here is indefinite. The physicians, it is said, have quietly intimated to the President the strong probability of a fatal result. The President rarely leaves Mrs. Harrison's bedside. In fact, he really shares the nursing of the invalid with the professional attendant. Russell Harrison and Mrs. McKee, the president's son and daughter, are also in constant attendance. It is understood that another operation will be performed this afternoon.

To Prevent Respondents.

PETAUMA, Calif., Sept. 14.—The news of the shooting of an officer by the train robbers, Evans and Sontag, caused extreme excitement here. Sheriff Hensley and three deputies left immediately for Dunlap, and will go into the mountains in pursuit of the desperadoes.

AT QUARANTINE.

Steamers Released. — The "Regina" Passengers Protest.

QUARANTINE, Sept. 14.—The steamers "Bohemland," "Hansonia" and "Italian" were detained this morning which relieved after the first decent night's rest, unfettered by worry of being awakened by midnight cannon. Things are very quiet here now the last five days' excitement. The news to give and today ought to cheer "Normania's" cabin passengers. He said he would most certainly release them, tomorrow. As regards the cabin passengers of the "Regina," he would, if nothing unexpected, transfer them to New Hampshire, and Hunter's Point patient, as soon as accommodation can be arranged.

The husband of one of the cabin passengers on board the "Regina," has just stated that his wife in a letter to him, states that the cabin passengers of that steamer do not wish to be taken to the "Normania" they have entered a protest against being moved. They are afraid of going through the same experiences as those of the "Normania." They say they are not at all afraid of sleeping on the "Regina." No arrangements have yet been made for the twenty cabin passengers of the "Scandia," but Health Officer Jenkins says he is considering the feasibility of putting them on board the "Orizaba" and sending them to the lower bay.

No cabin passengers will be landed on Sandy Hook. Dr. Jenkins said he is highly gratified with the progress of yesterday and confirms the report of the apparent check which has been put on the foul disease. He is not prepared to say that there is still no fear for alarm, as he has not quite yet, although he tried to be contemptuous.

The Utah Commission Report.

CHICAGO, Sept. 14.—The preparation of the report of the Utah Commission was today turned over to a sub-committee composed of Messrs. Robertson, Williams and Saunders.

Not Due to Cholera.

NEW YORK, Sept. 14.—President Wilson of the health board states this morning that he has performed autopsies on 4 the reported cases of cholera in the city and finds that none of the deaths was due to the plague.

Storm in the Bay.

NEW YORK, Sept. 14.—A storm is still raging in the bay, and it is impossible to obtain any news from the outside of sandy. At a late hour last night Dr. Byron of new Quarantine Island, telegraphed Dr. Jenkins that the surf was running high and that it was exceedingly dangerous to put off in the small tugboat their usual tour of inspection. Dr. Jenkins wired back not to make any attempt, which means that for a period of hours, perhaps a day or two, all communication is cut off between the sick on the infected vessels and the doctors on Swinburne Island. Those who may be during that period on the "Scandia," "Rugia," "Wyoming" or "Normania" must remain on board.

Military Telegraphers in Session.

OMAHA, Neb., Sept. 14.—The secretary of the United States military signal corps and other telegraphic experts are in session in annual session in Omaha today. Visiting telegraphers were tendered a public reception at the free Building this morning. The afternoon will be given up to a drive through the city.

A Remarkable Tree.

Up on the south side of North Seventh street, about midway between Poplar street and Girard avenue, stands a strikingly curious tree, which attracts the attention of every passer by. It stands just in front of a stable yard, and the shape of the place is say that dozens of people come to them every week and make remarks or ask questions about the strange growth. From the thickness of the trunk at the base the tree is probably about forty years old, but its branches and foliage are new and fresh and look as though they were but the growth of a year or two. The trunk rises straight from the ground to a height of about fifteen feet.

At this point a short distance is a thick, globular mass of foliage, the leaves appearing to grow directly out of the wood. Above this growth rise up three thick stalks or stumps six or eight inches in diameter, and about six feet high, each also covered with a dense close mass of foliage. When the tree is viewed from the north side it presents a startling resemblance to a giant human hand protruding from the earth. The three big stumps at the top represent the fingers, the base of the foliage represents the wrist, and the whole is so close and regular in shape that it is hard to believe that it is not the work of some eccentric gardener. Nothing is known of the history of this curious tree, which is right and conditions that which to wrong, regardless of results, financial or otherwise.

16.—It never necessarily its readers by publishing all articles of self-praise in same paper.

17.—The News practices no deception and desires to be entertaining to intelligent people to entertain but on the contrary, proposes to stand on its own merits, as the people's newspaper, with a promise only to do its utmost to give its patrons the full value of their money, a promise which it has endeavored to faithfully keep in the past.

18.—To conclude, if a Latter-day Saint can afford to subscribe for only one newspaper, that paper should be the DESERET NEWS; and if more than one, the NEWS should assuredly be its first.

Another reason for it that the proportion of men tired of the employment which cannot exist in very much greater than among intelligent people. At New Bedford, a whaling shipping port, and consequently in the sea, and the same is true of other ports on the New England coast. With the people from the northwest, certainly with those who were bred in the country, the discontentment is not common. The Dakotas and Utah in the weather is warm enough for outdoor building during to or months of the year in the northern and northwestern states than on the southern, and consequently a farmer's boy is accustomed with the art. In most cases, he has learned it from childhood. Louis Post-Dispatch.

WHY THE DESERET NEWS SHOULD BE SUBSCRIBED FOR IN PREFERENCE TO ANY OTHER PAPER.

1.—It is the organ of the Church of Jesus Christ of Latter-day Saints, and the authorized medium through which the views, wishes and instructions of the Church Authorities are expressed and given to the Saints.

2.—It may always be relied upon as advocating or defending the right side of every question proper for public journals to treat upon.

3.—It is devoted to the interests of the Latter-day Saints, and has, from its inception, valiantly defended their rights and advocated the principles in which they believe, and every Latter-day Saint should feel an abiding interest in doing its fair share in helping to sustain it.

4.—It is not published for speculation, and never has been, but for the good which it is capable of accomplishing; the profits, if any there be derived from it, being devoted to extending its sphere of usefulness and benefiting the community.

5.—It is doing its mite to establish home industries, among which are paper making and type-founding, stereotyping and electrotyping—branches necessary to the development and independence of the community, but which, during their infancy (which in this Territory they have not yet passed), can only be carried on at a pecuniary loss.

6.—There is no danger of any subscriber to the NEWS failing to get what he subscribes for through failure of the business and a suspension of the publication—a result to which the 50 hundreds of newspaper ventures every year.

7.—It is printed in readable type, so that even the aged and persons it without difficulty or danger to their eyesight.

8.—It is free from sensationalistic advertisements, so that no parent need fear that his children will have their mind corrupted from the perusal of its pages.

9.—It is free from the use of profane or vulgar language, regardless of its influence upon the hope of getting subscribers or advertisements. It advocates that which is right and condemns that which is wrong, regardless of results, financial or otherwise.

10.—It never necessarily its readers by publishing all articles of self-praise in same paper.

11.—The News practices no deception and desires to be entertaining to intelligent people to entertain but on the contrary, proposes to stand on its own merits, as the people's newspaper, with a promise only to do its utmost to give its patrons the full value of their money, a promise which it has endeavored to faithfully keep in the past.

12.—To conclude, if a Latter-day Saint can afford to subscribe for only one newspaper, that paper should be the DESERET NEWS; and if more than one, the NEWS should assuredly be its first.
