THE BRIBERY CASES

of O'Malley and McCrystal Tried at New Orleans. A Jury Soon Obtained.

VERDICT OF GUILTY AGAINST M'CRYSTAL

In the Case of Another Alleged Briber the Jury Fails to Agree.

By Telegraph to the News.

FROM NEW ORLEANS.

The Alleged Bribery Cases of O'Malley and McCrystal.

NEW ORLEANS, June 10.—The bribery cases of O'Malley and McCrystal was placed on trial first. A jury was soon obtained. Mr. Charles Parlange, McCrystal called on him and told him he could make some money in the case. The witness was not called to act as a juror that day. In the evening McCrystal saw him again and told McCabe he could make $500 by going as the jury and working for acquittal or acquittal of the defendants. If he (McCrystal) had the contracts as juror it would be worth $1000 to him. McCabe refused the offer.

The counsel for the jury wanted to introduce as evidence the confession made by McCrystal while in jail, but Judge Baker refused. The case was given to the jury at 4 o'clock and a verdict of guilty was soon returned.

The ruling of Judge Baker refusing to admit the confession of McCrystal saves O'Malley in this case, as it is the only thing connecting him with the bribery cases. The court will now be forced to try him upon one of the other charges, of which they are all cases of several years ago.

Charles Granger, another of the Hennessy jury bribers, was tried today for attempting to bribe Judge Baker. The latter said this morning after he received the summons that Granger came to his house and offered him $500 to get on the jury and "fix it." Granger's defense was a general denial. After being out several hours the jury failed to agree and a mistrial was entered.

Another Political Party.

ST. PAUL, June 10.—A new political party has been started here under the name of the National Association, sixty citizens of this city and vicinity filing articles of incorporation. The objects of the party, as stated in the articles of incorporation, are to "unite socially and fraternally all respectable citizens for bettering their condition by a course of debate upon political subjects, from which will result a more thorough knowledge of what is needed in the way of reform, and which will give a thorough idea of the ideas entertained by different individual members in these debates of their fitness as candidates for different positions of trust as public servants, looking to picking them from the roster of a new political party, as has been done heretofore."

The organization is to be on a secret society basis, and will be started in the other States as fast as possible.

By next year the leaders expect to have sufficient strength to warrant the nomination of a Presidential candidate.

Iowa Prohibitionists.

DES MOINES, Ia., June 10.—The Prohibition convention in session here this afternoon, adopted a platform and nominated a full state ticket. The platform adopts a very long and emphatic prohibition. It favors straight out prohibition, free and unlimited coinage of silver, and declares that if the Republican party is to enforce prohibition and the immediate abolishment of the whole United States revenue system, then its success is to be encouraged, by recognizing the liquor traffic.

There was considerable discussion over the platform, but it was finally adopted as a whole. The candidates were nominated as follows: Governor, Isaac T. Gibson, Salem; Lieutenant-Governor, J. G. Hale, Perry; superintendent of Public Instruction, Mrs. M. H. Dunham, Burlington; Railroad Commissioner, C. S. Hart, Cedar; Supreme Judge, D. B. Twiggy, Bernard.

A State central committee was elected, composed of one member from each district, and pledges their farmers to carry on an active campaign. The action of the People's party in nudging the prohibitory boom both in the Cincinnati and Des Moines platforms was commented upon and discussed.

Fearful Blaze in Red River Valley.

ANNONA, I. T., June 10.—Reports received here give heartrending accounts of the fearful havoc to life and property in the overflowed valley of the Red river in Texas and this Territory. Dwelling and business houses have swept away, crops destroyed and stock of all kinds drowned.

A flatboat containing several men who were trying to rescue families driven to the tops of their houses by the flood, capsized and one of the occupants was drowned.

It is feared that many people who are now missing have been drowned. It is impossible now to ascertain the loss of life or the value of the property destroyed. Many families are rendered homeless.

Stanford, the Favorite.

ST. LOUIS, June 10.—The advance guard of the executive committee of the People's party, which convened here Saturday to select a meeting for a national convention, has arrived. B. L. Seaton, one of the secretaries of the Cincinnati convention, stated to a reporter that many advocate placing a State ticket in the field in a number of States, while others think that such a course would be unwise, and have a tendency to divide the party's strength. Candidates will be placed before the National convention. Seaton said a number had been suggested, but so far Stanford, of California, was the favorite.

The Ohio Prohibitionist Convention.

SPRINGFIELD, Ohio, June 10.—Over 1500 strangers are in the city, drawn by the Prohibitionist Party State Convention, which met here this afternoon, and many prohibition notables are on the ground, including Sam Small of Georgia, Samuel Dodge, chairman of the National Prohibition committee, says the talk of the Democrats now is for a strong farmer and labor platform and a ticket with the farmers name with it on top.

A Double Wedding.

WAYNESBURG, N. Y., June 10.—The double wedding of Ellen G. Yeomans and Charles W. Cleveland, of Cheshunt, Ont., and Anna G. Yeomans and Dr. A. Reed of Hoffman, Neb., was celebrated at noon today at the home of Lorenzo N. Yeomans, father of the brides. Ex-President Cleveland, uncle of the bride, was present. The ceremony was performed by Rev. Wilson N. Cleveland, of Cheshunt, N. Y., an uncle of the brides.

Foul Murder.

GARDEN CITY, Kan., June 10.—An unknown Mexican and American met a young boy on the prairie today and without provocation attacked and murdered him. He was opposed this afternoon and lynching is probable.

A Steel Car Strike and a Riot.

GRAND RAPIDS, Mich., June 10.—The steel car strike broke out again this morning. A crowd of two hundred gathered at the Newt steel car plant and were smashing things when the police arrived, and a pitched battle ensued. Strikers were fired and bricks and clubs were thrown before the mob was dispersed.

The officers arrested thirteen of the mob. It is reported that one of the crowd was fatally injured and others wounded.

A Close Season in Sighting Sea.

WASHINGTON, June 10.—The government is actively engaged in preparing to carry out the plan for a close season in hunting sea otter. It is considered the time of year most suitable now in those waters is to be supplemented by one or more naval vessels at the earliest possible moment. The revenue cutters Corwin and Lewis are from the navy department up to the close of business hours, and details of officers will not discuss future movements of the department, but there is reason to believe orders will not be long delayed. There were four vessels at Hong Kong, U. S. ready for sea. The British men-of-war available for service in Alaskan waters are few in number. The larger part of the Pacific squadron has been in Chilian waters for months ago and has not yet returned. The British government, it is known, wishes the agreement to be strictly observed. A proposition was made by Minister Pauncefote that authority be given the British government to station an agent on the seal islands to make sure the North American Commercial company does not kill more than the 7,500 seals fixed in the agreement. But on this point the company has strongly pleaded by the President, who felt it was a reflection on the good faith of the government, that could not be permitted. For another reason, however, it was felt after a British agent to visit the seal islands and that was to order that he might see for himself and report to his government the guidance in arbitration from the actual state of the seal fisheries. In the meantime poachers are believed to be taking a large number of skins and killing another mark while they are at sea in search of food for their young.

Orders to Rear Admiral Hathaway.

WASHINGTON, June 10.—An order was issued by the navy department today ordering Rear-Admiral Hathaway to report to San Francisco on the "Charleston" on the 23rd inst. and proceed to the Asiatic station and relieve Rear-Admiral Belknap.

A Merchant's Opinion.

Mr. John Carnghat, a merchant at Canaan, Fairfield County, Ohio, says that St. Patrick's Pillows are the best selling pills he handles. The reason is that they produce pleasant cathartic effect and give certain and thorough in their action. Try them when you want a reliable cathartic. For sale by Z. C. M. I. Drug Dept.

GARFIELD BEACH.

Commencing May 20th, and until Further Notice,

Trains between Salt Lake and Garfield Beach will run as follows:

Leave Salt Lake.	Arrive Garfield.	Leave Garfield.	Arrive Salt Lake.
9:00 a.m.	9:40 a.m.	10:00 a.m.	10:40 a.m.
1:00 p.m.	1:40 p.m.	2:00 p.m.	2:40 p.m.
3:00 p.m.	3:40 p.m.	4:00 p.m.	4:40 p.m.
5:00 p.m.	5:40 p.m.	6:00 p.m.	6:40 p.m.
7:00 p.m.	7:40 p.m.	8:00 p.m.	8:40 p.m.

Concerts free on Sundays every day.

Fare for round trip, 50c.

WHAT FARMERS WANT

A Set of Resolutions Adopted by the Wisconsin Farmers' Alliance Convention.

A GREAT MANY QUESTIONS WERE TOUCHED UPON.

In Favor of Woman Suffrage and the Admission of Ladies to the Alliance.

By Telegraph to the News.

THE WISCONSIN FARMERS.

Resolutions Adopted at Their State Convention.

LA CROSSE, Wis., June 10.—At today's session of the State Farmers' Alliance convention a lengthy set of resolutions was unanimously adopted. They favor a system of taxation that will not force the cost of the expense of another; free coinage of silver, abolition of the national banks and a substitute of the legal tender currency issued by the government in sufficient volume to do the business of the country; that the government should loan money to citizens with certain prudent restrictions on real estate security at an interest not to exceed 2 per cent; recommend an uncompromising effort to secure to farmers and other wealth producers a fair share in the management of government; favor co-operation of industrial organizations in securing the adoption of the St. Louis platform; demand prohibition of gambling in boards of trade, favor government control of telegraphs and railroads, favor the election of President and vice-president and senators by direct vote of the people; favor the prohibition of convict labor; also ownership of land; favor the establishment of postal savings banks, that all the interest accruing from the loan of money be used to pay municipal expenses, that no interest be returned to loan out from the navy department up to the close of business hours, and details of officers will not discuss future movements of the department, but there is reason to believe orders will not be long delayed. There were four vessels at Hong Kong, U. S. ready for sea. The British men-of-war available for service in Alaskan waters are few in number. The larger part of the Pacific squadron has been in Chilian waters for months ago and has not yet returned. The British government, it is known, wishes the agreement to be strictly observed. THE LATE PREMIER.

Thousands of People Gather to View the Remains of Sir John Macdonald.

DOLEFUL MUSIC OF BELLS AND MINUTE GUNS.

The Train Arrives at Kingston and the Casket is Placed on a Catafalque.

By Telegraph to the News.

THE FUNERAL.

Sir Macdonald's Remains Conveyed to Kingston.

OTTAWA, June 10.—Thousands of people today viewed the remains of the late premier. The governor general, accompanied by his staff, arrived shortly after 1 o'clock and viewed the Bleasant building, where he met the ex-ministers. They entered the senate chamber, which was literally covered with floral tributes. The professional removers of the casket out of the elsewhere and placed it in the hearse. As the casket was placed in the hearse a large bell in the clock tower was tolled out mournfully, and immediately a hundred minute bells and minute guns added their doleful music to the whole. This was kept up during the funeral. The cortege then formed. It was the largest ever seen in Canada, and was composed of troops, police, parliament officials, members of the Canadian government, consuls of foreign powers, political clubs and private carriages all along the route of the procession.

Thousands were gathered and movement along the sidewalk was impossible.

The scene was one of solemnity. The draped fronts of the stores and other buildings were in unison with the dark mourning of the people who thronged the streets and the heavy mourning of the funeral cortege. After leaving the church the procession moved and proceeded to the station. The funeral train then proceeded to Kingston.

KINGSTON, June 10.—The funeral train arrived here three minutes ago with casket containing the remains of Sir John Macdonald were deposited on a catafalque at the entrance to the city hall.

THE GROWING CROPS.

The June Report of the Department of Agriculture.

WASHINGTON, June 10.—The June report of the Department of Agriculture makes the area in winter wheat as compared with that harvested last year, 111.5; spring wheat, 105.6; barley, 103.3; rye, 101.6; oats, 97.8; Canadian Winter wheat, 93.9; spring wheat, 95.6; barley, 93.2; rye, 95.4; oats, 85.

The reduction last year of more than one million acres of winter wheat, almost of the present increase. This advance, therefore, tells of replacement and development of farming is notably in Illinois, Missouri, Kansas, California, Washington, Oregon, Dakotas and in the several Territories.

The calculation of acreage depends on the price of wheat and not on available land. A large amount of new land is being taken in Washington for next year's crop and the local opinion expressed is that the acreage is one-fifth of the wheat land of that new State is under cultivation. The condition of winter wheat decline only one per cent. Average, 89; Pennsylvania, 92; Georgia, 90; Texas, 89; Ohio, 89; Michigan 90; Indiana, 89; Illinois, 89; Missouri, 89; Kansas, 89; California, 91. The first monthly statement of acreages of spring wheat makes Wisconsin, 101; Minnesota 99; Iowa, 95; Nebraska, 95; Dakota, 95.

Early sown wheat was injured by frosts in Wisconsin and Minnesota. Germination was retarded by drought in the same region. In South Dakota drought retarded the growth. The conditions are more favorable generally in North Dakota. Recent rains in Nebraska and Iowa have greatly benefited the wheat and encouraged the growers. Drought in May greatly injured oats on the entire Atlantic coast. Winter wheats in the Southern States are far better than the spring crop which was destroyed by drought and insects. Not only is the acreage reduced in the Ohio valley, but the condition is low in consequence of dry weather. In Minnesota injuries from drought were supplemented by those of cut worms. The condition is highest on the Northern Atlantic coast and on the Pacific coast where the area are very limited.

The increase in the acreage of barley is general in almost every section where it is grown and especially marked in the States of the Ohio Valley, Wisconsin and California. The condition is uniformly higher except in portions of the Northwest where it is lower on account of drought and cut worms.

The Baptists Condemn Wales.

LONDON, June 10.—It is now generally known that the William Gordon Cumming and wife will make a visit to the United States in the autumn.

The Baptist conference in Tottenham, Leicester county, has sent a memorial to the private secretary of the Prince of Wales, praying that the prince, in view of the misery and ruin in the country due to the prevalence of gambling, shall in future decline to engage in it or to countenance gambling in any form.

The Baptist conference at Hastings has sent a memorial to Sir Francis Knowlys similar to the one sent by the Tottenham conference and expressed the deepest regret that the future king of England ever indulged in gambling.

A Woman to It.

LONDON, June 10.—Sir William Gordon Cumming has resigned from all the clubs of which he was a member. His cash in the coil were $25,000. He had a friend today it was not the lady questioned, but another high in society who was the principal factor in the betrayal of the secret.

At the Typographical Union.

BOSTON, June 10.—At the International Typographical union convention today the proposition was defeated providing for an industrial exhibition at the World's fair. A resolution was adopted favoring government control of telegraphs. Recess till evening.

Forest Fires in Canada.

QUEBEC, June 10.—All the forests along the line of the Lake St. John railway appear doomed to almost total destruction unless rain falls very shortly. From the terminus of the railway at Roberval, on the shores of Lake St. John to Lake Bouchette, a distance of only twenty-five miles than this city, one unscathed tuft of fire is sweeping onward through the whole region. At Rivers a fierce, half a dozen houses were burned. Other large fires are reported raging in Saguenay district.

The Situation Among Indians.

WASHINGTON, June 10.—Commissioner Morgan, of the Indian bureau, has received a special letter from Superintendent Hadley of the Omaha, Neb., industrial school, in which the condition of affairs among the Indians in the Sioux country is discussed. Hadley says the situation in that section is the same as the reports of Agent Gallagher, the last field. Talking to-day in the opinion of the working people about Norfolk, advises against the putting of Indian troops in the field. "We have more political parties in this State, and at the present time about seventy thousand in each party. One party is composed of the farmers and laborers and Knights of Labor combined, the other two are Republicans and Democrats. I feel sure if we allow our boys to work with the farmers and laborers and Knights of Labor organization will unite as a party and condemn our action."

Commissioner Morgan in reply, briefly reviews the history of the Indians as a race in this country, calling attention to the fact that they are struggling with many great difficulties in their efforts to secure for themselves a livelihood, and briefly explains the policy of the government. The commissioner explains that "very conflicting opinion" has been a great benefit to Indian boys and girls, and he greatly appreciates the support received from the people of Nebraska in opposing the scheme. He suggests that if the superintendent finds his efforts to employ white people need for the pupils of his school at reasonable wages are to be resisted by political parties or other organized bodies of citizens of Nebraska, that he report the case fully, that the matter may be laid before Congress at its next session. The commissioner further asked, in the judgment of the superintendent, if the people of Nebraska are so hostile to the school in its endeavor to make intelligent, independent citizens of its Indian pupils that it would not be best to stop all improvements with a view of closing the school and abandoning the enterprise. The money, he says, can be expended to advantage in states where the citizens are only too glad to have these institutions of learning.

Death of a Millionaire.

PEORIA, Ill., June 10.—Edward Spelman, the millionaire distiller, died here today from the effects of injuries received by a fall from a ladder about a week ago. Spelman was prominent in local politics, and was a noted figure in the Chicago trial of Anarchists. He was "district officer" of the Club-house, local head of that organization in Illinois, and was put upon the stand to testify in regard to the alleged conspiracy to assassinate Crimin. His testimony was irrelevant.

Appointments.

WASHINGTON, June 10.—The President this afternoon made the following appointments: Leonard W. Colby, of Iowa, assistant attorney general; Joseph B. Reed, Iowa, solicitor of the court of private land claims; William F. Shone, Colorado; Henry C. Ritchie, Kansas; Thomas C. Fuller, North Carolina, and William M. Murray, Tennessee, associate justices of the court of private land claims; Matthew G. Reynolds, Missouri, United States attorney of the court of private land claims.

How to Cure the Cough following La Grippe.

For a troublesome cough there is nothing better than Chamberlain's Cough Remedy. It strengthens the pulmonary organs, allays any irritation and effectually cures the cough. It is especially valuable for the cough which so often follows an attack of the grippe. For sale by Z. C. M. I. Drug Dept.

The Priest and the Stage.

Rev. F. M. Shrout, pastor United Brethren Church, Blue Mound, Kan., says: "I feel my duty to tell the world what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery, and am sound and well, gaining 25 pounds in weight." Arthur Lowe, Manager Lowe's Funny Folks' Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption heals 'em all, and cures when everything else fails. The greatest blessing I can do my worst enemy would be to urge them to try it." Free trial bottles at A. C. Smith & Co's Drug Store. Regular size 50c. and $1.00.

"JOSEPH SMITH AS A PROPHET."

A very interesting and instructive lecture by Elder Andrew Jenson, in pamphlet form, just the thing to send abroad to friends or for missionary use. Only 5 cents per copy. At Deseret News office. 8dw

FIVE REVERENDS

Expelled from the Reformed Presbyterian Church for Scandal, Libel and Patriotism.

THE UNITED PRESBYTERIANS FRATERNIZE WITH THEM.

A Number of Ministers Announce their Withdrawal from the Reformed Presbyterians.

By Telegraph to the News.

TRIAL ENDED.

The Young Presbyterian Ministers Expelled from the Church.

PITTSBURG, June 10.—The sensational trials of the six young ministers of the Reformed Presbyterian church ended today, and the synod, by a vote of 60 to 15, expelled five of them from the church. The charges against them were scandal, libel and following divisive courses in declaring in favor of the rights of churches.

Their names are Rev. E. M. Milligan, Rev. J. R. J. Milligan, Rev. W. H. Reed, Rev. W. L. C. Stanton, Rev. J. C. R. Milligan.

Rev. A. W. McClarkin's appeal was sustained. R. R. Burnett, a student, also charged with heresy, has not yet been tried.

Immediately after the announcement of the vote all the suspended ministers left the church. They were met on the outside by several ministers of the United Presbyterian church, who embraced them in an informal way the right hand of fellowship. The scene during the taking of the vote was very exciting. The verdict was not unexpected and several ministers have given notice of their intention to follow the 5 ministers.

The thirty-seven who voted against the suspension of the young men this afternoon presented a paper of dissent from the action of the synod and asked that it be entered upon the minutes. A number of ministers when the result of the vote was given out announced their withdrawal from the church. Rev. E. M. Milligan was the first to catch the eye of the moderator after the announcement of the vote. He said:

"In view of the fact of this synod having found me guilty of scandal, libel and following divisive courses, I therefore appeal to the enlightened Christian conscience and place myself on trial in the Monongahela Presbytery of the United Presbyterian Church."

He was followed by the other suspended ministers.

To Friends of Home Rule.

NEW YORK, June 10.—Dr. Thomas Addis Emmit, president of the National Federation of America, has issued an address to the friends of home rule for Ireland. It severely arraigns Parnell and says the future guardians of Irish affairs must be trusted only to a majority of those elected to represent Ireland in the British Parliament. Money is needed at once and an appeal is made to the friends of home rule. The National Federation is similar to the one existing in Ireland. The funds will be controlled by a central board of trustees and Eugene Kelly of New York is treasurer.

Editors Locked Up.

CITY OF MEXICO, June 10.—Three editors of El Popular in Quezal Tenango, Guatemala, have been locked up in a filthy dungeon, and loaded with chains by order of President Barrilas for having criticised the government. They are compelled to work on the street several hours daily.

Chilean Ships at Iquique.

IQUIQUE, June 10.—The congressional ships "Cochrane," "Magellanes" and "Maipo" arrived today from Caldera and Inlaquique points. The "Itata" and "Charleston" will leave for San Francisco on Saturday. The steamer "Montevideo" arrived today from San Francisco with a large supply of flour and provisions. Prices are now expected to go down.

The Aerst Races.

LONDON, June 10.—Racing on Aerst heath continued today. The race for the Royal Hunt cup plate valued at 500 sovereigns added to the handicap sweepstakes of 10 sovereigns each, was won by Lord Alington's Kilbrennan. Ricach third. Twenty-two starters.

Sisters Convicted.

DUNKINTOWN, Pa., June 10.—The jury in the case against John Motley, Mike Grimm and twenty-eight others for conspiracy and riot at the brick works, found Motley and Damon guilty and acquitted the rest. The case against John H. Rehbel, Peter Wise and others was then taken up.

The President Invited to Raleigh, N. C.

WASHINGTON, June 10.—A delegation of seventy persons, representing all the Southern States, called upon President Harrison today and invited him to attend the exposition at Raleigh, N. C., in October and November next. The President promised to endeavor to arrange his matters so as to accept the invitation.
