OVER $20,000 IN— GOLD FOUND

The greatest find in the history of Utah, by which over seven hundred people are made to rejoice, and the end is not yet.

When we look into the past for a few months it seems impossible to dig up this much gold, but on the other hand, when you see how it is done you will not wonder, or be surprised, although times are hard. For the past few months we have only been doing that which we thought low, and have secured for those interested the above amount, one of the best records ever known.

And when we consider that there is now $10,000 to be divided among the people, we can only say to the public, come early and get your share. There will be no partiality shown, as we have made arrangements for plenty of help, who will make it pleasant for you.

Now, the above $20,000 consists of Dry Goods, Notions, Boots, Shoes, Clothing and Gents' Furnishings, Plush Capes and Wraps, which we must get rid of at your own prices. So we say once more, and especially to the stockholders, that you cannot afford to miss these great reduced prices without investigating. Sale now on at the
