MINING, BUSINESS AND STOCKS.

BEARS MUCH IN EVIDENCE TODAY.

Mining Stocks Went Lower Affected by Large Selling Orders.

BAD CONDITION OF MARKET

Is Much Commented On and Brokers and Mine Owners Are Blamed—Sales 42,500 Shares, $37,065.

Commenting on the Salt Lake mining exchange last evening a man of prominence in the mining circles of this and other western states, said: "I think that in its present condition the local exchange is the worst in the country and I would sooner bet on horse races than trade in Utah mining stocks. I hold some interests in Utah mines and am as desirous as anyone that the local exchange should be a success in itself and to the industry in this state. It is neither at present and is anything but a credit to the city, while with a little management it might do much good. Why not insist on some accurate statements, as to the condition of properties, being made occasionally by the several managements? what if some stocks are forced from the list? The exchange would be benefited and the public would be interested and appreciative by such a measure. Surely some thing ought to be done to improve conditions. Here a few months ago prices were in some cases several hundred per cent higher, unjustly so, of course. The fact, however, remains that the mines then were in many cases not so much developed as at present. Some were not in such good condition as now, while of course others have since been proven practically worthless. I hope to see the exchange in Salt Lake a benefit to the mining industry of the state as it should be."

Trading this morning resulted in the recording of transactions involving 42,500 shares and $37,065. Offerings were considerably in excess of the demand and as a consequence prices generally fell off, the market being extremely weak.

Con Mercur, Daly-West, May Day and California were the most actively dealt in, and with the exception of May Day, which was firm around 55, all registered losses. Daly-West was especially weak, between $20 and $21, while Con. Mercur sold off several cents a share. Yankee Con. showed strength and sold up to $2.04, closing at $2.08.

The quotations recorded at the close were as follows:

LISTED STOCKS.

LA REINE PROPERTY.

Deeds to Mahogany and Other Claims Filed in Provo.

Provo, Utah, Feb. 27.—A mining deed from John Davis, of Eureka, to the La Reine Mining company has been filed with the county recorder. The deed conveys an undivided one-third interest in the Narrow Guage, Independence and the Flagstaff, and an undivided one-sixth interest in the Mahogany mining claims, all in Tintic mining district, for a consideration of $11,000.

The Horse Shoe mining claim, situated between Little Rock and Big Rock canyon, about three miles northeast of Provo, has been located by John F. Snyder, et al.

Burt K. Bullock has filed notice of appropriation of the "Big Cold Spring" at the head of Slate canyon east of Provo for the purpose of irrigating 160 acres of land at the head of Slate canyon and at the mouth of Slate canyon.

HIGHLAND BOY DIVIDEND.

Mine is Looking Fine and $375,000 May Come in April.

Manager Channing of the Highland Boy stated today that about 500 tons of ore is being mined daily, and that the smelter is treating about that quantity. In regard to dividends Mr. Channing would not talk except to say that the directors will probably declare another when they think earnings justify it. Last year the company paid two of $1.25 a share each. It is not improbable that a dividend of $1.25 a share or $375,000 will be declared next month payable in April or May.

The California Deal.

Judge Snyder stated this morning that shipping ore has been encountered in two places at the California and that the mine is looking good. Regarding the mill he said that he expects it to start up again in about two weeks.

Judge Snyder is expecting an engineer from Denver to inspect the property and to report to the eastern parties with whom a deal is on for the control of the stock. "I think an examination will be made next week and look to see the deal a go before very long," he said.

MINING NOTES.

The Mammoth has one car of ore at the Conklin sampler today.

George L. Montes, manager of the Four Metals property in the Dugway district is a visitor in the city.

Robert A. Brown of the Centennial-Eureka is today visiting the Bingham property of the United States Mining company.

The Grand Central has two cars of ore on the market today and the Carisa five, of which one is copper ore from the Spy.

Managing Director Holden of the United States Mining company is expected to arrive from the east tomorrow.

Ore and bullion settlements in this city yesterday amounted to $43,300. T. R. Jones & Co., $32,300; McCornick & Co., $11,100.

The Morning Glory of Tintic has been shutdown and Manager Weir stated today that the property's unsatisfactory condition was the cause.

The capital stock of the Sampson mining company has been assessed a cent a share and another 2-cent assessment has been levied on the Boss Tweed.

The Taylor and Brunton sampler today reported the receipt of 12 cars of concentrates from Ophir canyon, one car of ore from Stockton, and 7 from Tintic.

Reports from the Mono group in Dry Canyon, Ophir disirict, state that some fine ore has been encountered at the end of the drift off the old tunnel, 2,200 feet from the tunnel's mouth and 1,300 feet below the surface.

The stockholders, of the Old Evergreen Mining company operating in Big Cottonwood, have been assessed 3 cents a share, the assessment to become delinquent April 5th.

Silver King stock to the extent of 200 shares changed ownership yesterday for $23,800. The first 100 shares brought $80 each and 200 more were offered at $79 and taken.

Manager Weir of the Ajax started today that the winze from the 1,000 foot level is in 45 feet and a three-foot vein of good ore is being worked. He expects to ship a carload of ore from the present workings early in March.

It is probable that the Victor and Boss Tweed companies will avoid litigation. Surveys are now being made of the workings in question and it is believed that neither company has trespassed very much on the other's ground.

PRICES GO UP A FRACTION.

Very Good Volume of Buying Orders at the Opening.

MINOR STOCKS FLUCTUATED

Increase in Engagements of Gold for Shipment Induced Realizing and Short Selling All Around.

New York, Feb. 27.—There was a fair volume of orders in the stock market at the opening and prices advanced a fraction all around. Missouri Pacific receded from 11 to below par. Brooklyn Transit sold up 1⅜, but there was no response in other tractions. Fluctuations in the minor stocks were within moderate limits, but some of them made notable gains. General Electric advanced 4½. Westinghouse Electric, 3½ and American Smelting, Colorado & Southern, Republic Steel preferred, and Wabash, 1 to 1¾. Increased gold engagements, making the total $3,500,000, induced realizing and short selling all round, caused the more active stocks to sag under last night. Stocks which had been strong earlier fell away sharply. Selling of the general list was checked later when Amalgamated Copper was advanced to 72⅛. Business then became very dull and fluctuations unimportant. Bonds were firm.

SUGAR.

Sugar—Raw, firm; fair refining, 3⅛; centrifugal 96 test, 3⅝. Molasses sugar, 2⅞. Refined, dull; crushed, 5.30; powdered, 4.90; granulated, 4.80.

NEW YORK.

New York, Feb. 27.—Wheat—Receipts 73,100 bushels. Opened steady on cables, sold off owing to fine weather news and then rallied with corn. March 82½; May 82⅛@82½; July 81⅞@82½; September 81 3-16.

J. A. FILLMORE PASSES AWAY.

Western Railroadman Succumbs to Pneumonia Today.

WORK ON NEVADA MIDLAND

Nothing Will be Done Regarding Electric Road to Ogden Until Other Matters Are Settled.

A brief dispatch received in this city this morning announces the death of J. A. Fillmore, at San Francisco, from pneumonia.

Mr. Fillmore was one of the best known railroad men in the west and for many years he was manager of the Southern Pacific, but he retired from that position last July when J. H. Herbert was appointed.

Had Mr. Filmore lived until April 5, he would have been 57 years of age. His life has been an exemphification of what can be accomplish d by luck and brains. Starting in as a brakeman on the Delaware, Lackawanna & Western during the latter part of 1866, he worked himself up to the position of superintendent of construction. Three years later he came west as assistant division superintendent of the western division of the Union Pacific. For five years after Nov. 1, 1873, he was assistant to the assistant general superintendent of the Central Pacific; May 8, 1882, to Oct. 11, 1885, he was general superintendent of the Southern Pacific. Then he was made manager for the system.

NEVADA MIDLAND.

Plans to Have Road in Operation in Three Months.

Providing President Simon Bamberger's plans go through without a hitch the 112 miles from Austin to Tonopah will be finished inside of three months, and the Nevada Midland be standard-guaged for the entire 202 miles. Engineer Vail is expected to return from the scene on Sunday, when steps will be taken after he has made his report to push construction for all it is worth.

In the meantime President Bamberger states that the Nevada Midland matters are taking up so much of his time and attention that the proposed electric line to Ogden will not be taken up until the press of business somewhat subsides. Mr. Bamberger stated this morning that just as soon as he could get down to it, that the petitions to the Salt Lake and Ogden City councils for uptown franchises for his electric line would be drawn up and presented.

Residents of western Nevada are considerably stirred up over what they consider the invasion of their territory by Salt Lake and Eastern capitalists, and are now asking themselves why the road could not have been built by themselves or at least something be done to offset the coup made by Mr. Bamberger and his associates.

The Reno, Nevada, Journal to hand after taking up the matter, proceeds to say:

"This can only be done by the construction of a railroad from Sodaville or Candelaria to the new diggings. It will be a project easy of accomplishment. The camp is only 60 miles from either of the mentioned points on the C. & C. The grade is an easy one, and there is water at intervals along the way.

"The Southern Pacific should have the advantages of a road of this sort laid before it in the most glowing and plausible terms. The building of the Nevada Midland would be a severe blow to both the C. & C. and the V. & T., as well as to the main line, as it would even decrease the passenger returns of that road by the fares between the Midland's junction and Reno. This is a matter which would be taken up by the state board of trade if only one existed. It is now a matter for the papers of western Nevada to agitate and all should stand together solidly, as this condition of affairs affects us all."

HEAVY CATTLE SHIPMENT.

B. B. Saunders' Recent Purchase of 3,000 Head Causes a Scramble.

Railroad men locally are casting loving eyes upon the 3,000 head of cattle which are now feeding in the Big Hole basin and were recently purchased by B. F. Saunders, of this city. As they are to be moved east next month, quite a number of the livestock agents of the various railroad interested are insinuating that their line is the best in every sense of the word.

J. J. Hill in New York.

New York, Feb. 27.—James J. Hill, president of the Northern Securities company, who has arrived here from St. Paul, denies that his presence is in connection with any set or appointed meeting of the railroad companies involved in the proposed action of Atty.-Gen. Knox, and when asked if he came as a "captain of industry," he laughingly replied that he preferred to serve as "a high private in the rear rank."

SPIKE AND RAIL.

C. H. Gaunt has been appointed to succeed Superintendent of Telegraph Sholes on the Santa Fe.

It is reported in Provo that the Oregon Short Line company is ready to join the Rio Grande Western company in the erection of a union depot at the seat of Utah county.

The Chicago & Alton and the Santa Fe have formed a combination on the St. Louis exposition business from California, Arizona, New Mexico and the Pueblo district.

From a private dispatch received in this city yesterday it was learned that the Colorado & Northwestern railroad would commence operations on the extension of its line west during the coming summer.

WOOL.

ST. LOUIS.

St. Louis, Feb. 27.—Wool, firm. Territory and western mediums, 16@17; fine, 12@17; coarse, 12@16.

SAN FRANCISCO.

San Francisco, Feb. 26.—Wool—Nevada, 10@12; eastern Oregon, 10@13; valley Oregon, 13@15; fall Humboldt and Mendocino, 10@12½; mountain, 8@9; South Plains and San Joaquin, 6@8; lambs, 6@8.

BUTTER AND EGGS.

New York, Feb. 27.—Butter—Receipts 4,000 packages; unsettled. State dairy, 20@25; creamery, 21@27; June creamery, 18@23½; factory, 16@20.

Eggs—Receipts 3,200 packages, firm. State and Pennsylvania, 29; western uncandled at mark, 28½.

Chicago, Feb. 26.—On the produce exchange today the butter market was easy. Creameries, 18½@24½; dairy, 18@24.

Cheese—Strong, 10¾@12¾.

Eggs—Firm; fresh, 25½@26.

NOTICE.

NOTICE IS HEREBY GIVEN THAT there will be a meeting of the members of the twenty-first Corporation of the Church of Jesus Christ of Latter-day Saints" residing in the 21st Ecclesiastical Ward, of the Salt Lake Stake of Zion, in the County of Salt Lake and State of Utah, at the meeting house of said ward, on Friday, the 14th day of March, 1902, at 7:30 o'clock p.m., for the purpose of authorizing the Bishop of said ward, who is a corporate sole under the laws of the state of Utah to sell the following described real estate belonging to said corporation, to-wit:

The south half of Lot four, in block twenty-five, Plat D, Salt Lake City Survey.

Dated February 26, 1902.

The Twenty-first Corporation of the Church of Jesus Christ of Latter-day Saints, by M. S. WOOLLEY, Bishop.

STOCKHOLDERS' MEETING.

OF THE BULLION-BECK & CHAMPION Mining Company. Notice is hereby given that the annual meeting of the stockholders of the Bullion-Beck & Champion Mining Company will be held at the Company's office, room 207 Templeton Building, Salt Lake City, Utah, on Monday, March 3rd, A. D. 1902, at 10 a. m. for the purpose of electing officers and directors for the ensuing year, and for the transaction of such other business as may properly come before the meeting.

By order of the board of directors.

M. C. DORRIS, secretary.
Salt Lake City, Utah, Feb. 24, 1902.

STOCKHOLDERS' MEETING.

THE ANNUAL MEETING OF THE stockholders of the Home Fire Insurance Company of Utah, will be held at the company's office, No. 20 Main st., Salt Lake City, Utah, on Friday, March 14, 1902, at 3 o'clock p.m. The purposes for which said meeting is called, are to elect a board of directors, a secretary and a treasurer for the ensuing year, and to transact any such other business as may lawfully come beforethe meeting. HORACE G. WHITNEY, Secretary.
Salt Lake City, Utah, Feb. 18, 1902.

STOCKHOLDERS' MEETING.

NOTICE IS HEREBY GIVEN THAT there will be a special meeting of the stockholders of the New State Gun Club, held at Room 513 Templeton Building, corner of South Temple and Main streets, Salt Lake City, Utah, on Friday, the 14th day of March, A. D. 1902, at 7 o'clock p. m., for the purpose of amending the articles of agreement as follows:

By striking out the words "four and "forty" and the figure "4" in paragraph 5th thereof, and inserting in lieu thereof the words "ten" and "one hundred" and the figure "10" respectively, so as to make the said paragraph read as follows: "That the amount of the capital stock of said corporation shall be Ten Thousand Dollars ($10,000) which shall be divided into one hundred shares, of the face or par value of One Hundred Dollars each."

And by striking out paragraph 14th, which reads as follows: ,,The Trustees of said corporation, for the purpose of paying expenses, conducting the business or paying the debts of the said corporation, may levy and collect assessments to the extent herein provided, but no one of said assessments shall exceed 10 per cent of the capital stock herein provided for, nor shall the whole amount of the assessment levied and to be levied, after the full payment of the capital stock above provided for, namely, $4,000.00, is paid, exceed $5.00 per share per annum, and said Trustees shall have and are hereby granted power for the purpose above stated, to levy and collect assessments for the full payment of said capital stock and the further sums they deem necessary, provided said assessments for said excess shall not exceed the sum of $5.00 per share per annum during the life of said corporation," and inserting in lieu thereof, the following: "The Trustees of this corporation, for the purpose of paying expenses, conducting the business, and paying the debts of this corporation, may levy and collect assessments on all the issued capital stock of said company both before and after the treasury stock is disposed of, in the manner and form provided by law, and may levy and collect assessments after the issued capital stock of said company has been fully paid, to whatever extent they deem it necessary."

And by inserting after paragraph 16th, the following: "The remaining sixty (60) shares of the capital stock of said corporation not hereinbefore subscribed for, is to be held in the treasury of said corporation to be disposed of by the Board of Trustees to such persons and at such prices as the said board may deem proper and right."

Dated at Salt Lake City, Utah, this 19th day of February, A. D. 1902.

HARRY S. MARGETTS,
President.
Attest:
OVANDO C. BEEBE, Secretary.
