STUDYING THE LABOR QUESTION

Rev. Chas. Stelze Lectures—Burial of Felix Rheinbold—Junction City News Briefs.

Ogden, Utah, Feb. 23.—The last sad rites over the mortal remains of Mrs. Anna Kathrina Margaret Rolapp, who died last Saturday in her 75th year, were performed yesterday afternoon and her body laid to rest in the family burial plot, the grave being dedicated by H. C. Jacobs, Sr. Impressive services were held at the Fifth ward meetinghouse commencing at 2 o'clock, Bishop John Watson presiding. Some sweet musical selections were rendered by the ward chpir. A beautiful solo was sung by Miss Hellewell and a duet was sung by Mrs. William Jones and Miss Annie Hancock. The speakers were Elders E. H. Anderson, Presidents N. C. Flygare, C. F. Middleton and Elder H. H. Thomas, who paid beautiful tributes to the memory of one of God's noblest daughters, who filled out the measure of her creation in usefulness, and the doing of good. The services were largely attended and many beautiful floral tributes were laid on the casket in which her remains reposed. A large funeral cortege followed her remains to their last resting place.

FELIX RHEINBOLD BURIED.

The remains of Felix Rheinbold were consigned to the silent tomb in the family burial plot in the Ogden City cemetery yesterday afternoon. The funeral services were conducted at the home on Adams avenue under the auspices of the Masonic lodge, many friends being in attendance. The Masons and Barbers' unions attended the funeral in a body, and representatives of the Royal Arcanum, of which order deceased was a member, were also present and led the large funeral cortege. At the grave the Masonic burial ritual was impressively carried out.

The floral tributes were numerous and beautiful all evidencing the high esteem in which the deceased was held in the city where he had lived an exemplary life, and conducted a barber business for a score of years.

LECTURE BY MR. STELZE.

Rev. Charles Stelze lectured last night at the Presbyterian church under the auspices of the labor unions of the city, Mr. Stelze having been commissioned by the governing board of the Presbyterian church to study the problems of capital and labor and to carry out in a large way some of the ideas which made his work in St. Louis successful. His subject last night was "What the Church Owes to the Workingman." Today he will visit the machine shops, factories and others places where there are many wage-earners and tonight will again speak at the church, taking up some phase of the conditions as regards the labor unions in Ogden, while basing his discourse on some incidents of this visit. Tomorrow night he will make an address especially for the labor unions.

BRIEFS AND PERSONALS.

The great musical event of the season, the appearance of the Mantelli Opera company, is scheduled for tomorrow night at the Grand.

E. W. Nichols is planning the organization of a band to give a number of free concerts in the open air for Ogden citizens during the coming summer and to appear on public occasions. The aid of the city and of the public generally will be asked for.

A family gathering took place last night at the home of John M. Browning in honor of the anniversary of the birth of W. G. Child, father of Mrs. Browning. There were about 75 in attendance. Austin Child and his daughter, Miss Grace, came down from Lima, Wyo., for the occasion and are guests of Mr. and Mrs. Albert Herrick.

The ladies of the Maccabees entertained last night at A. O. U. W. hall in honor of about 100 visitors, most of them from Salt Lake, although there were several from Nevada, Wyoming and other states. During the afternoon degrees were conferred on a number of candidates, and in the evening a ball and card party were given. The Salt Lake visitors returned by special train about midnight.

We have more snow this winter than for many seasons past and the prospects for a good supply of water the coming season were never better.

Considerable sickness has prevailed here the last two months, but it is now abating, and the health of the people is improving.

The winter has been very mild, and sheep out on the west desert have done fairly well. Local merchants are doing a good business, and our miller, Niels Hansen, has shipped several cars of mill stuff this winter, and times are good.

Makes bone and muscle faster than any other remedy. Brings strength, health and happiness to the whole family. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Ask your druggist.

SMITH'S FLOUR.

FARMERS ENTHUSIASTIC.

Professors from A. C. Stir Things Up—Permanent Organization Made.

Special Correspondence.

Morgan, Morgan Co., Feb. 22.—The farmers of Morgan county have at last gotten together and perfected a permanent Farmers' Institue organization. This is a result of a two days' meeting held in the stake tabernacle, at which representatives were present from every precinct in the county. President Heiner and his counselors have been active in arranging for and advertising these meetings, and that they were successful is evident from the fact that some of the sessions were attended by about 200 people. Professors Merrill, Holmgren, Northrop and Crockett were present from the Agricultural college, and assisted in the work of the convention. In fact, delivering practically all of the addresses of the five sessions.

Prof. Northrop, the new horticulturist of the college, made a very favorable impression by his talks on the planting, care, pruning and management of an orchard. More than 50,000 apple trees have been planted in Morgan county in recent years and the discussion along horticultural lines was, in consequence, of more than ordinary interest.

Miss Holmgren discussed "Home Sanitation" and "The Home and Home Influences." Miss Holmgren's talks were pronounced "all right" by President Heiner, and the ladies present felt as if they had been given an intellectual feast on every-day topics.

Professor Merrill discussed "Arid Farming," "Horse Feeding" and "Farmer's Organizations." Mr. Crokett urged the people to adopt dairying and suggested that dairying and sugar beet growing were complementary industries, and would bring wealth and prosperity to the people of this county.

The professors are all young, but enthusiastic, and the audience partook of their enthusiasm and the results of the meetings will undoubtedly be advanced and scientific methods on the farms and in the homes of the people of this county. These two days were pronounced by many as being about the most profitable two days of their lives. We hope to have many such meetings and feel that in doing this work the Agricultural college is certainly not duplicating the work of any other institution.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'Itch.' The itching was most unbearable. I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and $1.00 bottle. Sold by Z. C. M. I. Drug Dept. B

PAYSON.

ELECTION FAVORS BONDS

For Light Improvement—A Paying Municipal Investment—C. Long Dead.

Special Correspondence.

Payson, Utah Co., Feb 22.—At the special election held here yesterday for the bonding of the city for $12,000 with which to improve and extend the electric light plant, it was decided by a vote of 132 yeas to 56 noes, to issue bonds. The electric light plant has been a paying investment for the city since its purchase, the streets are well lighted and it also pays a profit besides, of about $50 per month over and above expenses, for lights taken by the citizens.

The plant has been handicapped to a considerable extent by the water freezing in the coldest part of winter making it necessary to close down during that period, which was an inconvenience to the people.

It is now proposed to put in an engine and steam plant, as an auxiliary to the water power, also a new dynamo will be installed, and the system extended so as to make it available to a greater number of citizens.

Dr. Henry, wife and daughter, have just returned from Chicago, where the doctor has been taking a special post graduate course in his profession. He will resume his practise in Payson.

A Menace to Health.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. DURANGO, COLO.

LONG DRAWN OUT STORM.

Disastrous Snowslides Threatened—Work on New Road Delayed.

Special Correspondence.

Durang, Colo., Feb. 11.—The storm period has lasted the longest in the memory of the oldest inhabitants. The snow is piled up in a threatening manner between here and Silverton and it has required a big force to keep the road open. With the first warm wave disastrous snowslides are feared.

The graders and surveyors on the new railroad to Farmington, New Mexico, are retarded by the storm. Many of the laborers weer utilized to help break the snow blockade. Two or three camps of the graders are being established down the valley below, and just as soon as the storm lets up active work will begin.

The town is full of people. All hotels are full to overflowing, and turning people away. Quite a boom spirit is apparent and great things are expected to result from the building of this road that will develope with its connections some of the richest mining regions of New Mexico and Arizona, and bring greater wealths to Durango.

Mrs. J. G. Brown of Anderson, Ind., writes: "Our daughter Mary was on the verge of the grave with consumption. Our family physician had given her up—said she could not possibly recover. She was so weak she could take only half a teaspoonful of nourishment at a time. We read an advertisement of Vinol, and decided to try it as a last resort. She has now taken eight bottles, and her health has been restored in a marvelous manner, and she is as well as ever she was. Words are

inadequate to express our gratitude to you and your valuable remedy, and we hope that other dear ones may be saved as ours was."

The reason that Vinol accomplishes such wonderful results in throat, bronchial and lung troubles is because it contains in a concentrated form all the vital principles of cod liver oil, but without a drop of oil to nauseate and upset the stomach and retard its medicinal value; the weakest stomach can retain it and it is delicious to the taste.

Vinol is the most valuable preparation of cod liver oil ever discovered, and we ask every person in Salt Lake City who has a hard cold, hacking cough, throat or bronchial troubles to try Vinol on our guarantee to return your money if you are not satisfied with the results. If women only knew the cause.

Backache pains come from sick kidneys.

Doan's Kidney Pills will cure it.

Salt Lake City people will endorse this.

Mrs. H. Haynes, wife of H. Haynes, retired, residence 212½ south State street, says: "For twelve or thirteen years I knew that my kidneys were not in the best of shape and after an attack of the grip in the winter of 1901 my surmising proved to be true, for the sharp pain across my loins became so pronounced that I could neither stoop nor straighten after stooping without suffering. I noticed that my head ached very severely and that when in the violent stage dimness of vision occurred. I tried everything in my power to check the cause and spent lots of money for physicians' treatment, but all my endeavor were futile. I was induced to try Doan's Kidney Pills and went to the F. J. Hill Drug Co.'s store for a box. To say that the treatment surprised me is putting it very mildly. Relief came in a few days and a short time afterward all the symptoms of kidney complaint disappeared."
