MINING, BUSINESS AND STOCKS

HEAVY TRADING ON THE EXCHANGE

Week Ended to a Strong Bull Movement of Stocks.

AN ADVANCE ALL ALONG LINE.

Silver Stocks Are Very Active And Other Securities Respond in Sympathy With Them.

The week on the exchange closed to a record breaking business. Not for several years has the amount of trading done in one session been as heavy as this morning's call. In all 32,625 shares were dealt in, bringing the total up to $15,415.38, and the week's total up to 143,447½ shares for $87,772.

It would be idle to particularize on stocks, as there was not a stock on the board but was strong. All trading had a bull tendency, and sale followed sale with great rapidity.

Uncle Sam was the feature and passed out over 10,000 shares at constantly increasing price, closing at 45½ on the open board. Silver Shield jumped up to 22, and Carisa nearly reached the 20-cent mark. May Day New York, Daly-Judge and Lower Mammoth, all were up. It was 12 o'clock when the trading closed, the market ruling as follows:

GOOD AT THE ALPINE.

W. G. Nebeker Returns From O'Meara And Lynch Mine in Nevada.

W. G. Nebeker, the mining expert, has returned from examining the Alpine mine of O'Meara and Lynch in Nevada. Mr. Nebeker is very optimistic regarding the future of the mine. He says the management is following down a fissure which carries ore which assays $125 to the ton. The vein is dipping toward the big contact ledge and Mr. Nebeker thinks when this is reached a big body of ore will be uncovered. As it is there are several thousand tons of high grade fluxing ore blocked out in the mine.

IN FROM TONOPAH.

General Manager Kirkby of the Montana-Tonopah Reaches the City.

John A. Kirby, the general manager of the Montana-Tonopah, a company in which many Salt Lake people are interested, is in the city, coming directly from the mine. He states that the property is in good condition and a goodly amount of ore is being developed. While not as big a mine at the present time as it will be, it is responding to the work put upon it and will be heard from in the near future.

ORE AND BULLION.

The ore and bullion settlements yesterday totaled $76,400. Of this, $34,100 was for silver-lead, gold and copper ores, and $42,300 for base bullion.

Today's Metal Quotations:

Local settling prices as reported by the American Smelting and Refining company:

TINTIC ORE SHIPMENTS.

Special Correspondence.

Eureka, Nov. 24.—The ore output from Tintic district for the past week exceeds that of any made for several months past, and the shipments would have been large could cars be procured to handle the enormous products of the mines. 155 carloads of ore were sent out from the following mines, and two carloads of concentrates were sent out from the Uncle Sam mill: Ridge and Valley, 3; Bullion-Beck, 5; Gemini, 27; Centennial-Eureka, 50; Argenta, 2; Eureka Hill (lease), 15; Swansea, 6; Eagle & Blue Bell, 8; Uncle Sam Con., ½; Yankee Con., 2; Beck Tunnel, 1; Victoria, 2; Grand Central, 6; Brooklyn Con., 1; Dragon Iron Mine, 8; Mammoth, 7; Lower Mammoth, 1; Ajax, 2; Carisa, 2; Victor, 1.

GOOD WORD FROM IDAHO.

Ore in Idaho Development Company's Mine is Plentiful.

Manager Orem of the Red Wing and Idaho Development companies stated this morning that the mill was grinding out gold bullion at the Idaho property. A quantity of high grade gold ore is being taken out of the mine at the present time, and Mr. Orem said that enough of the same character is already blocked out to keep the mill in commission during the winter if all work but breaking down ore at the mine was suspended.

ORE SHIPMENTS.

The week ended by the shipment of 14 cars of ore, received today at the valley samplers. At the Pioneer there were two from Alta and one each from Bingham, Tintic and Nevada. The Taylor & Brunton reports two each from Tintic and Idaho, three from Bingham and one each from Montana and Nevada.

NEVADA STOCKS.

BOSTON CLOSE

Jas. A. Pollock & Co., by private wire, reports the following close on the Boston stock market:

Amalgamated, 87¼@87½.

U. S. Mining, 38⅝@38¾.

Boston Con., 20@20⅛.

Bingham, 34¾@34¾.

North Butte, 73@73¾.

Utah, 56¼@56⅜.

Victoria, 65¾@65¾.

Con. Mercur, 60@62.

Daly West, $18.50@$18.75.

CONCENTRATES.

A shipment of two cars of ore will be in shortly from leasers on the Argenta.

Alex Colbath, Jr., has returned from a two weeks' trip to the copper regions of Arizona.

Pat Ryan, the well known mining man, who has been for some time in Chicago and St. Paul, is expected home the first of the week.

Col. Bowland, the well known oil man, has left Chicago for New York. He will be in Salt Lake the last of next week.

The Uncle Sam mine is getting in fine shape again. The ore discovered in the new portion of the mine is holding out finely.

Advices from the La Sal mountains are to the effect that many of the mines in that section are planning a winter campaign.

Judge Dickson, who has been engaged on the side of the defense in the big Montgomery grub stake suit, Nevada, has returned home.

The situation at Bingham is about the same as yesterday. The railroad, however, promises that the power question will be settled at the latest by Monday.

Boston dispatches foreshadow another big consolidation of Utah properties. The American Smelting & Refining company and offshoot corporation are said to be behind the scheme.

CANNON & CANNON.
Stock brokers, 24 E. So. Temple St.

ATTORNEYS, NOTARIES and real estate men will find a full supply of legal blanks at the Deseret News Book store.

WILL OPERATE ON EXTENSIVE SCALE.

Col. Weir Will Start Wheels Rolling for the Nevada-Utah.

TO OPEN TWO UTAH MINES.

Big New York Corporation Will Start .. Heavy Development at Pioche, Bingham and Beaver.

Col. Weir, the principal owner in the Nevada-Utah company, reached the city late last night from New York City. When seen at the Knutsford this morning he said that his trip to this city at this time was to plan out and work out a campaign of development upon all the properties of the company. The colonel said that at the present he had nothing to say farther than that the company was splendidly financed and that from now on operations would continue upon all the properties of the company.

The property of the Nevada-Utah is situated principally at Pioche, Nev., where already a big force of men are at work opening up the big territory it holds there. Not only will it dvelop the mine now under work, but the big Jack Rabbit mine will also be reopened. Besides this the colonel says the work will be started at the Last Chance group in Bingham canyon, but also at the Comet mine, which is a near neighbor to the Cactus of Beaver county.

Just what Col. Weir's plans are he said he did not care to give out at the present time, but that upon his return from the south he would take the public into his confidence, as he was sensible of the fact that in Pioche, in particular a number of enterprises were depending greatly upon the action taken by his company.

GOLD SAVING DEVICE.

Charles W. Prang Claims Much for His New Invention.

A new gold saving device is attracting the attention of mining men in Salt Lake at the present time. The device is the work of Chas. W. Prang, a mining man, who has had long experience in the placer mines of Colorado and Idaho. Mr. Prang demonstrates that he can save the finest flour gold, and make a perfect separation. The device is very simple. A hopper containing the sand is placed above a tank of water. A tank containing crude petroleum has an opening by the side of the opening where the upper discharges its contents. A disk is placed just below these openings, upon which both oil and sand falls. A blow pipe distributes the mass evenly over the disk. The silica and oil will not mix, but the gold mixes with the oil. The sand falls into the tank and falls to the bottom. The oil and gold float on the top, which, by a simple device is skimmed off.

The machine is on new principals and those who have seen it say it is sure to work.

NATIONAL CHILD LABOR CONVENTION.

Washington Nov. 25.—The national child labor committee composed of many persons will hold a convention in Washington, beginning Dec. 8. Those who hold that child labor is a menace to institutions, have been urged to attend the sessions of the convention.

The delegates will discuss recent legislation and the efforts which have been made to restrict child labor. They will also discuss the evils of child labor and legislative remedies. Among those who will attend are Prof. Felix Adler of Columbia university, Secy. of the Navy Bonaparte, Senator Simons of North Carolina, Rep. John Sharp Williams of Mississippi and Samuel Gompers.

MRS. B. HARRISON KILLED.

Met Death in Automobile Accident on Long Island.

New York, Nov. 25.—Mrs. Francis Burton Harrison, wife of the candidate for lieutenant-governor of New York at the last election, was instantly killed in an automobile accident today in Long Island City. Mrs. L. I. Scott, of San Francisco, who was with Mrs. Harrison, received internal injuries. Mrs. Harrison was formerly Miss Mary Crocker. Mr. L. I. Scott, of San Francisco, and a chaffeuer were also injured. Mr. Scott suffering a fractured rib.

MUSIC TEACHERS.

All who desire to consult the list of the representative professors and music teachers of Salt Lake should read the "Musicians' Directory" in the Saturday "News."

To Out-Of-Town Newsboys—Christmas News.

TO the army of enterprising news boys who sell the Deseret News in cities and towns outside of Salt Lake. This paper will present a handsome watch to the boy whose record shows that he has sold the greatest number of papers, including the Christmas News, between Sept. 15, 1905, and Jan. 1, 1906. In addition the picture of the successful newsboy will be printed in the Saturday "News."

BANK FIGURES TELL ELOQUENT STORY.

They Show a Big Increase in Deposits Over Last November.

OUR PER CAPITA SHOWING.

Deposits This Month Lead Those of Last November Over Six Million Dollars.

That Salt Lake City is growing rapidly is shown in many ways, but probably in no manner is this more clearly evidenced than by the increase of deposits in the local banks.

Mr. Charles S. Burton, cashier of the State Bank of Utah and secretary of the Salt Lake Clearing House association, has prepared some interesting figures, showing the aggregate of deposits as reported by 11 banks to the secretary of state on Nov. 10, 1904, and on Nov. 9, 1905.

In November, 1904, the total deposits in the clearing house and savings banks, were $22,612,300, and in the statement just called for by the secretary of state, the total aggregates $28,557,600, or an increase of 29 73-100 per cent in favor of this year.

That the inhabitants of Salt Lake are better off than the average in the United States, is shown by the following: On Nov. 1, 1905, the statistical reports showed that with an estimated population of 83,726,000, the money in circulation in the United States averaged $31.59 per capita, and estimating the population of this city at 80,000, the money deposited as above, averages $35.69 per capita; as there are one or two loan and trust companies not included in the list, it is safe to assume, if all of the deposits in all of the banks and trust companies were equally distributed, each man, woman and child in Salt Lake would receive about $37 in cash.

BUSINESS NOTES.

The week has been signalized by the nearest approach to a slump of anything seen for many months past. The flurry was confined almost entirely to sugar stocks, which might be thought unusual in view of the fact that at nearly every factory the tonnage is in, and has gone beyond the estimates, were it not that sugars have been more bought and sold on speculation than anything else in the list; many of the deals have been made on borrowed money, and the flurry in the eastern money market has made borrowers anxious to realize. The stock which has led in the descent has been Sanpete & Sevier. Brokers say that this is due to several causes—first, the one just referred to, second—the fact that the stock shot up too rapidly at the beginning, third—the reports which have reached Salt Lake during the past week from the Sanpete and Sevier county farmers, confirming what was known earlier in the season, that those sections suffered more severely than any other from the blight, making investors uncertain as to the crop outlook, there next year. Lewiston stock is also weaker, due to the fact that there will be a light beet crop in that section. Idaho, which is generally conceded to be in a very strong position, both financially and from the crop standpoint, weakened off somewhat in sympathy with the others. Transactions of $20,000 took place today. Utah and Amalgamated preferred remain strong with only slight shading off. Utah common has been but little dealt in, but is also weak, and stands $5.60 to $5.80 asked.

Outside the sugars nearly everything in the list is strong, the favorites being Consolidated Wagon preferred, Home Fire, State Bank, and Sugar City Townsite company. The other leaders, like the banks and Z. C. M. I. are almost off the market, the stock is so tightly held. Deseret National paid an extra dividend of 5 per cent during the week.

Following are the latest quotations:

* * *

A handsome sale of Salt Lake City school district bonds of the issue of 1892 was made in this city today by the Anderson-Callister Investment company for an eastern bond firm, involving a cash transaction of close to $41,000. The city school district itself took its bonds to a value exceeding $16,000, while the state board of loan commissioners invested approximately $25,000 in another block of the same issue. The 1892 bonds carry 5 per cent interest, payable semi-annually, and their market price is 106¾, which makes an excellent showing for the financial standing of the city school district. These bonds have been held by eastern parties. By the purchase made today, the board of education saves to the school fund in this city approximately 4 per cent on $15,000 for the next six years, or over $600.

* * *

The Haven place on east South Temple street, near Fourth East street, 5x10 rods, has been sold through the Tutles to an eastern party, for $10,000. The purchase is made as an investment for a home.

* * *

Con West has the contract for wrecking the old Methodist Seminary building on east Third South street, and putting in the mason work on the terra-cotta front business structure that is to be erected there for $20,100. Oliver Hodgson has the carpenter contract at $16,150.

* * *

The flooring is being put down in the First Presbyterian church, and the hardwood finish has just arrived from Chicago.

DEALINGS WERE VERY IRREGULAR.

Metal Stocks Showed Strength But Railroads Were Liquidated.

TRANSACTIONS WERE LARGE.

Some Sudden Reactions Late in Day Making the Closing Irregular And Very Inactive.

New York, Nov. 25.—Opening prices today showed very narrow changes in most cases, but transactions were on a large scale. Amalgamated Copper rose about a point and Brooklyn Transit ⅝. General Electric and Smelting preferred lost about a point, Reading ¾ and Rock Island ⅝. The dealings were very irregular.

The opening movement in some cases was considerably widened. Opposed to the strength of Lad, Smelting the Southern iron stocks, Tennessee Coal and the local tractions was the steady liquidation of Rock Island and the sluggishness of the general railroad list. Some of the strong features sacrificed some of their advances afterwards, especially the local tractions. The losses in General Electric and Smelting preferred were recovered.

The market was sluggish and irregular, but recovered on larger dealings after the bank statement was issued. Reading, Atlantic Coast Line, Chicago Terminal and Corn Products preferred, yielded 1; St. Louis and San Francisco second preferred 1¼, Kansas & Texas preferred 1½, St. Louis Southwestern preferred 1¾ and Anaconda 2. Tennessee Coal rose by wide steps 8, Lead 3¼, Brooklyn Transit and Kansas City Southern 1⅝, the preferred 2¾, Sloss-Sheffield Steel 2¼, and Union Pacific, Missouri Pacific, Erie second preferred, Locomotive, Republic Steel and International Paper 1. Reading recovered to a fraction over last night. There were some sudden reactions in the final dealings which made the closing irregular and very active.

Money on call nominal; no loans. Time loans, steady; 60 days, 6 per cent; 90 days, 5½; six months, 5@5¼.

LIVESTOCK.

St. Louis, Nov. 25.—Wool, steady. Territory and western mediums, 26@30; fine medium, 22@26; fine, 18@21.

PRODUCE.

CHICAGO.

Chicago, Nov. 25.—Liberal receipts in the northwest caused selling of wheat today. The May option opened ⅛ to ¼@⅜ lower at 86⅞@87, sold at 87 and then eased off to 86¾@86⅞.

Minneapolis, Duluth and Chicago reported receipts of 1,046 cars against 740 a years ago.

Clear weather throughout the corn belt had a weakening effect on the corn market. May opened ⅛ to ¼@¼ lower at 43⅝@43¾ to 43¾ and sold at 43⅝.

Influenced by small receipts the oats market was steady. May opened a shade higher at 31⅞ and sold at 31⅝@31⅞.

Provisions were firm on a fair demand for investment account. The hog market was steady and this tended to increase the purchases of products. May pork was up 2½ at 12.37½; lard was unchanged at 7.05. Ribs were up a shade, at 6.85.

The market continued easy for the remainder of the day, May closing off ⅞ at 86⅝@86¾.

Corn—At the close May was steady ¼@⅜ off at 43⅜@43¾.

Cash: Wheat—No. 2 red, 86½@87; No. 3 red, 83½@85½; No. 2 hard, 82½@83; No. 3 hard, 80@84; No. 1 northern, 86@88; No. 2 northern, 85@87; No. 3 spring, $1@85.

Corn—No. 2, 42⅝@43.

Oats—No. 2, 30¼; No. 3, 29¾@30.

Totals,	$5,550,904.19	$4,474,118.35

Increase, $1,076,785.84.

BUSINESS OUTLOOK IS NOT SO BRIGHT.

Labor Conditions Unsatisfactory And a Serious Struggle May Ensue.

WEATHER A LITTLE TOO GOOD.

Holiday Trade Looking Up—Comparisons with Last Year Favorable—Not Much Idle Machinery.

New York, Nov. 24.—Dun's Weekly Review of Trade tomorrow will say: "Fundamental conditions are unchanged although higher temperatures at many points again checked retail sales of heavyweight wearing apparel and other seasonable merchandise.

"Labor conditions in the building trades have not improved, and another serious struggle may occur, which would be most unfortunate in view of the large operations under way and contemplated. Otherwise the situation is satisfactory and the outlook bright, with mercantile collections steadily improving. Holiday trade gathres impetus as the season advances. Comparisons with last year's figures continue favorable, this week's gains being swelled by the holiday a year ago, but equilibrium in this respect will be restored next week.

"Leading industrial undertakings report little idle machinery, and there is less complaint regarding car shortage. Railway earnings thus far available for November exceed last year's by 6.4 per cent. Foreign commerce at this port for the last week showed a loss of $1,089,032 in exports and a gain of $53,177 in imports, as compared with the same week last year.

"Quiet conditions prevail in the market for packer hides, chiefly because orders cover deliveries so far into the future that sellers are indifferent regarding new business.

"Failures this week numbered 228 in the United States, against 205 last year, and 34 in Canada, compared with 39 a year ago."

BANK STATEMENT.
