TELEGRAPHIC.

DAMAGE BY THE CYCLONE.

Buildings Demolished and Vessels Wrecked.

More Than a Million Dollars' Worth of Property Destroyed in Florida—No Lives Lost.

JACKSONVILLE, Fla., Sept. 28.—Communication with southern Florida is being restored and special dispatches to the Times-Union relating to the damage done by the West Indian cyclone tell the same story of homes wrecked and crops destroyed, but no loss of life is reported.

At Tampa several large factories were wrecked. The large three-story brick factory of Seidenberg & Co. was destroyed. The factory of C. A. Jay was demolished, as was also the residence of Yeiser and Masters and others. The First Presbyterian church and the Plantel hotel were badly damaged. Hundreds smaller structures were also demolished. The total loss on buildings at Tampa is estimated at $50,000.

During the storm at Fernandina the British steamship Holsey Culp and Kirkville anchored and were badly damaged.

The steamer Edith was driven ashore. The steamer Denny was driven against the drawbridge and wrecked. The steamer Point Mosa went ashore near Crescent City.

Today advices from St. Augustine, south have been cut off since Tuesday, were received. No lives were lost, but several houses were wrecked and the tide rolled into the thoroughfare. Nearly all the windows in the city were blown out and the houses flooded with the water. The Ponce de Leon hotel was damaged in this way. The loss on the hotel furniture is heavy. At St. Augustine the waves dashed over the streets and made rivers of the streets. Many wharves were thrown away.

Between Green Cove Springs and Palatka on the St. Johns twenty miles have complaints of disasters. Between Jacksonville and St. Augustine not a telegraph pole was left standing.

The damage to the orange growers is great. A large grove the ground is completely covered with green oranges. The loss is fully 20 per cent.

The east coast is still cut off from communication below St. Augustine and Palatka, though communication may be restored tonight. Every effort is being made to hear from Jupiter and Key West, which towns are supposed to have been in the storm's center. The station was so severe in the interior of the state as on the coast. It struck Tampa and then traveled southeast to Jacksonville and St. Augustine. At Ocala and Gainesville, interior points, several sets were blown down. It is safe to say that the storm of Florida more than a million dollars, but no lives have been lost, unless Key West, Titusville, Jupiter or other east coast points.

SITUATION IN CHINA.

The Country All Broken Up—Li Hung Chang Taken Sick.

WASHINGTON, Sept. 28.—Mail advices received here from China from officers specially entitled to credit, of date early in August, are almost pathetic of what has already occurred, and show that onis, and if the predictions for the future hold good, Secretary Gresham's action in largely reducing the United States warships in Chinese waters will be proven to have been a very wise move. The advices describe the measures which have been adopted by the Chinese to hinder the navigation of their rivers, and the resulting effect upon commerce. A selling of liability as to the safety of the business venture while Tien Tsin is patently pervading the business world. The Chinese themselves will not touch the port, but the Japanese are likely to be steady users. An effort was made to insure immunity from capture of Japanese with Chinese vessels paying reciprocally between their own ports and common neutral ports, but the consent of the Japanese had not, at the date of the advice, been received. There was, however, a great menace to trade from another quarter, and it was the last line to the appeals of foreign merchants to their home governments for the presence of warships to the treaty ports of China. It was generally expected by them that should the Chinese be cleared on their own soil, exactly what has happened already, according to cable reports, the Chinese soldiers would be demoralized and fall to secure in every direction, committing outrages. In that event, the circumstances which so alike the observance of the lessons to the victory would be engaged and pandemonium would reign supreme.

The prophetic statement in the mail advices is as follows: "In the projection of the disasters of war that will inevitably overtake China will the influence of the Victory Wane, and absolute the defeat of the Chinese be a crushing one, it will be absolutely impossible of maintaining order. Li Hung Chang has been severe disciplinarian, and with reverses, the masses will turn upon him with the malice of years. As these events are coming to pass, and the prophecy has already been verified as to Li's degradation, it will be a matter of serious interest to

[illegible] for the remainder of this [illegible] shall be justified by the [illegible] the future.

[illegible] DOUBTED IT SEARS.

[illegible] 28.—A dispatch from [illegible] Chronicle says that a [illegible] program from St. Petersburg that the Russian throne [illegible] instead of a resulting [illegible] Manchurian dynasty. The [illegible] to side that the regular troops [illegible] everywhere committing disgraceful outrages. The Chinese exchequer is [illegible] and the government is hardly able to supply the wants of troops already in the field.

[illegible] Chinese do seem to be completely [illegible] and in few only a little [illegible] is a panic in Pekin, and the very name of Japanese inspires terror everywhere. Chinese is perfectly helpless.

LI DUNG TAKES COMMAND.

FRANCISCO, Sept. 28.—It is reported that the emperor has granted Li Hung Chang's request to be allowed to join the field in person, and that Li Hung Chang will muster his foreign arsenal at Ju Tai, near Kai Ping, the present headquarters of the provincial commander-in-chief of Chili Li.

It is also reported that the Chinese troops have evacuated Corea and are now massed at Chin Lien Chang, thirty miles westward of the Yalu river.

Another junk that was sailing through the north seas, in order to escape the guard boats, sent a signal and was compelled to stop. Several men were drowned.

Trouble Between Mexico and Guatemala.

WASHINGTON, Sept. 28.—There are representations of trouble between Mexico and Guatemala, growing out of a dispute over the boundary between the two countries. Guatemala has undertaken to assert sovereignty over a considerable piece of territory lying within the territory of a Mexican state, according to the other's report.

President Diaz has made a very strong representation of the case to the Mexican Congress and has indicated the intention of vigorously asserting Mexico's claim of jurisdiction, but still expresses a hope that the matter may be peacefully settled.

THE HOWGATE CASE.

Recommended Will Be Called Upon to Account for the Records.

WASHINGTON, Sept. 28.—Now that Mr. Drummond, who was chief of the United States secret service under the last administration, has offered the capture of Howgate, he will be called upon by the treasury department to explain why he has not found in the files of the bureau about the Howgate case when he entered his connection with the service. It is said at the treasury department that Mr. Drummond claimed to be working on the Howgate case in June, 1893. At the time the Chicago secret operation having been in power over three months, it was determined to displace Mr. Drummond and give his place to Mr. Hazen, a Democrat. Mr. Drummond, it is alleged, represented to Secretary Carlisle that he was then engaged in efforts to capture Howgate, and he objected to any change that would interfere with the apprehension of the fugitive. Upon this assurance Secretary Carlisle delayed action, but with the expiration of eight months, with still no news of Howgate, the secretary concluded that he would make no change. Mr. Drummond's resignation was handed in.

Soon after being charge of the office Mr. Hazen sent a message to Howgate case, but, it is said, he found no trace of it in the files of the department of anything concerning the history of the efforts of the department to capture Howgate. Early last month the secret service bureau received information that Howgate was in New York and that he was handling a certain locality. The bureau was sent to hunt upon this note, but had not found Captain Howgate at the time that Drummond finished his game. There is a claim regarding the disposition of public papers and business by officials.

Rates on Canned Goods Cut.

SAN FRANCISCO, Cal., Sept. 28.—The war between China and Japan has resulted in a spirited competition between the Canadian-Pacific steamers and the Pacific Mail. While the commencement of hostilities in the Orient the only legitimate shipping cargo goods for Yokohama in quantities, so canned goods at an important item in the list of army supplies and always find a ready market. The Canadian-Pacific steamers reduced the rate on canned goods at the coast and has recently been handling heavy shipments from the packing houses in Omaha and Chicago. To divert this traffic to San Francisco the Pacific Mail has announced a cut in the tariff in canned meats from $15 to $12 per ton. The new rate has already gone into effect, and it is expected the next steamer to sail, which will be the City of Rio de Janeiro, will carry one of the largest shipments of canned goods ever taken to Japan on a Pacific Mail steamer.

The effect of the cut rate will benefit San Francisco for some time. The local dealers are making as large orders of canned meats for shipment to Yokohama as possible, and it is believed that canned goods will form the principal part of each outbound steamer's cargo for the next several months.

Peary Announced.

SPRINGFIELD, Ill., Sept. 28.—Dr. Edward Vincent, surgeon of the Peary Arctic expedition, in a letter written to his father, Dr. John A. Vincent, president of the state board of health, corroborates the charges made by W. T. Swan, Peary's private secretary. Dr. Vincent charges Dr. Peary with neglect, incompetency and fraud, and says the expedition starved out with far less supplies than Peary stated and that Peary has looked the people in a large extent and mismanaged the expedition.

Right Arm Paralyzed!

Saved from St. Vitus Dance.

"Our daughter, Blanche, now fifteen years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. We tried St. Vitus dance, and tried the best physicians, with no benefit. She has taken three bottles of Dr. Miles' Nervine, and is the second bottle. Her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and has recovered complete use of her arm, her appetite is remarkable."

MRS. E. E. BULLOCK, Bingham, N. Y.

Dr. Miles' Nervine Cures.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. If it does not do so druggists are authorized to return the money paid for it. Book on nervous diseases sent free by Dr. Miles Medical Co., Elkhart, Ind.

Sold by all Druggists.

A Quarter Century in Utah,

ANOTHER OLD RESIDENT PRAISES DRS. SHORES & SHORES' NEW TREATMENT

Mrs. H. A. Baxter, residing in the Eleventh Ward has lived here for 20 years. She has just passed through an entirely successful course of treatment with Drs. Shores & Shores. Mrs. Baxter had catarrh poison in her blood and system for years, but has now a good very serious. Her head and nose became entirely closed up, compelling her to breathe through her mouth.

MRS. H. A. BAXTER, City.

There was a constant hacking cough, dull, heavy pains over the eyes, throat sore and hoarse.

"When I went to Drs. Shores & Shores," says Mrs. Baxter, "the disease had fastened my lungs and the whole system was strained, and I was almost a confirmed invalid.

"The Drs. Shores & Shores have certainly done wonders for me. I can hardly realize that I am the same woman. My trouble and symptoms are all so gone to me as well.

"I am glad to be able to make this statement and to recommend the Drs. Shores & Shores, because I think it my duty to my fellow creatures, and I hope everyone I know of, who is afflicted with any disease, to call at the Drs. Shores & Shores' office and have a thorough examination and treatment. I feel as well as I ever did, and I have found it."

Publishing Names.

A word of remark may not be out of place regarding the publication of the names of patients treated and cured by Drs. Shores & Shores.

"I should like to be treated," a lady remarked the other day, "but I would not like to have my name in the papers." Let it be noted that Drs. Shores & Shores never publish a name or a statement without the full and free consent of the patient, nor do they publish a complimentary part of the testimonials, or even such statements received from grateful patients. The statements published are entirely voluntary and are given by the patients for the sake of others. Drs. Shores & Shores would never publish the most empathetic testimonial unless the patient giving it was convinced it was to be printed and gave willing consent.

If You Cannot Come to Salt Lake

Write for the mail treatment. One of the physicians in personal charge receives letters mail department, and by a system of close correspondence methods those who cannot come to us will be treated as well as those who come to the office. Send for symptom blank. Medicines shipped carefully. Try this treatment.

As to Retrenchment.

SOME ECONOMIC SUGGESTIONS TO THE "CITY DADS."

We notice that the City Council is endeavoring to fulfill their "Double election" promises of rigid economy in the running of the municipal affairs of the city, and we are very sorry exceedingly sorry and good citizens, and all hope they may succeed in saving many dollars to the overburdened taxpayers. We would suggest, however, that they should avoid diminishing the men on the police force and in the fire department. This might result in the reverse of economy.

It might please the taxpayers just as well to dispose of some sessions of the council and devote the time to discussing personal concerns and more time to genuine public benefit. In their efforts to slap the leaders at the people, we sometimes feel they see that the losing is scarcely logged before they roll the carriage over.

There are times when all should unite their earnest efforts for the practice of true retrenchment, both in public and in private affairs, and according to this very land able purpose each individual may work to the benefit of himself and community the common weal. In fact, each individual be careful to make every dollar expended be for some necessity and see that it is used when its purchasing power will be greatest, but all should try to provide for the coming winter by providing themselves with necessary food, fuel and clothing while the opportunity exists, and before the increased demand increases prices. This is especially true with regard to clothing. During this stock season we are offering some great bargains, and that who are fortunate enough to be shrewd enough to take advantage of Winder's concern, by ordering a full suit now, can save enough to go a long way towards a ton of coal or other needed necessities.

PLYMOUTH ROCK PANTS CO.

172 South State Street.

SALT LAKE CITY, UTAH.

Free to the Public

For Two Weeks, Commencing To-day and Closing Oct. 14.

In Order to Introduce Our New System of Treatment —A New Discovery.

Over two years ago the Copeland Medical Institute introduced their system and lowered the charges to place it within reach of Catarrh and kindred diseases.

At that time they gave two weeks free service and all medicines, but one person was charged or received order on payment or commissions.

WM. C. OWEN, 1013 S. North End.

"Our treatment for three years, much dry catarrh, deafness, bronchitis, throat and lung troubles, weakness and much misery, [illegible] Owen, 1013 S. North End.

They now repeat their offer which is wholly unlike with them, being with awake and progressive physicians capable of originating and having in view constantly the one idea of cure—namely, "the relief, quickness and improvement the best treatment known to humanity." To accomplish further have added neither time nor expense, and today take much pleasure in presenting the results of their research—a new and positive cure for Catarrh, Bronchitis and Catarrhal Asthma.

A cordial invitation is extended to all sick or poor, and patients, new patients to try our new system for a period of two weeks. This is one of the opportunity of a lifetime offer, and is therefore a CHARITY and no one need hesitate to accept our offer.

COMMENCE TODAY.

Don't wait until the last few days. Commence at once, for now the crowd will be so large as to cause you to fall if you delay until the last days.

Office hours, 9 to 12 a. m., 2 to 5 p. m., 7 to 8 p. m. Sunday accommodations only to 12 m.
