LADIES' DAY ON THE EXCHANGE.

Has Become a Feature in Mining Stock Circles.

CALL IS WELL ATTENDED.

Business for the Week as Compared With Business a Year Ago.

"Ladies' day on the exchange has become as marked a feature in Utah mining stock business that the attendance of the fair sex has grown to such proportions as to necessitate speedy action by the governing board looking to the getting of more seats for the convenience of those who attend to look on at Saturday proceedings. To-day all available seats were occupied and representatives of the press had to kneel or squat down upon the floor in order to find a solid upon which to place their scratch paper, that a report of the day's doings might be published. Such a disconcerting position is all very well for a day or so, but should it have to be tolerated any great length of time, when the governing board has within its power a speedy and effective remedy.

The week in the pit closed with sales generally in good demand, and a tendency to better figures than those recorded on the previous day. Ajax did business at $1.31 and $1.32, while Daly followed as a seller at $1.31½ and $1.32. These figures being freely offered for the stock. Eagle was still in the dumps and sold at declining figures, but Four Aces continued a favorite and in quiet and very business between 62 and 65 cents, the higher quotation, however, having a tiring to it. Gloria developed an upward tendency and made transfers at improved figures, the stock selling between 53 and 56 cents, while Grand Central awoke from its recent dull and sold weak at $7.35 and 16 cents higher. Mammoth was stronger and changed hands at $2.27½ and $2.25, and Lower Mammoth made a transfer at $1.24½; the stock remaining on a par with yesterday's close. Northern Light was active at improved figures, while Dalton sold at $7.60, Barnsdale between 47 and 48 cents, Sunshine at 20 cents and Star Consolidated at $1.33 and $1.41, these quotations being practically unchanged.

Diluted stocks furnished a good amount of trading, no less than 22 securities responding to the call for transfers. Of these Barkers was the first between 5 and 6 cents, after which Camp Floyd and Dalton made sales, each going at about stationary figures. Dexter continued strong and sold at $2.35, while Emerald found takers on the old basis; Prince was bought at 14 cents, and Golden Eagle stood in good demand, the stock being quickly taken at several points between 9 and 10 cents. Homestake, Hercules, Herschel and Joe Bowers were each dealt in, the latter exhibited a further weakness and the other standing at Friday's quotations. Dexter Extension was stronger and took part in the trading, while Little Pittsburg received the attention, as did also Mintic, Manhattan, Midnight Tower and Monarch, the latter gaining a point and having a strong closing bid of 7½ cents. North Swansea, Omaha, Rabbit's Foot and Success made transfers at figures, while Phoenix Consolidated sold at 45 cents, and South Swansea, Tetro, Richmond Anaconda, Valeo and International closed on the day's transfers.

GREATLY INCREASED BUSINESS.

The week in the pit has witnessed a much better volume of business than its immediate predecessor, the total sales amounting to 1,593,750 shares, with a selling value of $209,601.34. Compared with trading a year ago there is a 28-fold increase, for the sales at that time reaching but 29,850 shares, represented by a value of $1,779.30, a sum nearly 30 times less than that which changed hands during the week now at an end. Next week promises to be a lively one, as two exchanges will be running, the old institution in the morning, and the new one 10 to 10 afternoon.

MARKET REPORTS.

NEW YORK MARKETS.

STOCKS AND BONDS.

New York, Jan. 28.—The stock market opened with prices displaying a pronounced tendency upward. The irregularity of the London market was ignored and good support was extended to the leading international shares. Southern preferred, Pacific Mail, Sugar and Metropolitan Street Railway made conspicuous gains. The bulls, flushed with their recent success, started in to lift prices to a still higher plane. Sugar and Northern Pacific responded promptly, but their efforts in other properties were not notably successful. The traders were ranged on the short side and extended considerable assistance to the efforts of the bears, resulting in a general decline before the expiration of the first hour. Metropolitan Street Railway has hardened down five points and many of the active stocks yielded a point. Various factors developed in the final hour, which operated to clearly indicate weakness and advanced prices strongly. The feature of the day was the announcement by the charts to carry their lines over Sunday, which was followed by the bank statement, which proved to be more favorable than generally expected.

Purchases of the larger grained shares were very heavy, St. Louis and South-western preferred rallying over two points. The market closed strong, but at slight losses for some of the Granger stocks.

MONEY.

New York, Jan. 28.—Money on call firmer, at 2 per cent.
