OGDEN.

Death of Jerome D. Hendricks—District Court Notes—Books for Library.

Special Correspondence.

Ogden, March 11.—The public library has received the following new books: Aylwin, Theodore Watts-Dunton, The Battle of the Strong, Gilbert Parker; Red Rock, Thomas Nelson Page, The Red Axe, F. R. Crocker, The Daffy, E. L. Voynich, Loves of the Lady Arabella, M. Elliot Seawell, The Old Chelsea Bun Shop, The Yemassee, W. Gilmore Simms, Hubrey Hindrances, Pansy, Widow O'Callaghan's Boys, Zollinger.

JEROME D. HENDRICKS DEAD.

Death claimed Jerome D. Hendricks, a well-known Ogden man, at 12:45 a. m. yesterday, at the home of his daughter, Mrs. John S. Lewis, at the age of 41 years. Deceased was a native of Vermont, and had resided in Ogden about eleven years. He leaves two sons and a daughter. The funeral services will be held from the residence of John S. Lewis, 862 Twenty-fourth street, at 2:30 o'clock p. m. tomorrow. As he was a member of the Knights of Pythias, the members of that fraternity will attend his funeral in a body.

SECOND DISTRICT COURT.

The following business was transacted in the second district court yesterday, Judge Hollaup presiding:

In the matter of the estate of Lucinda Wheeler, deceased, hearing on petition for distribution of final accounting were allowed.

In the matter of the estate of Anna S. Borglund, deceased; appraisers appointed and bond of the administrator, Nils Hansen, fixed at $1,000.

Otto F. Bernard vs. C. H. and H. E. Woodmansee; dismissed at plaintiff's cost.

Leavitt Bros. vs. Heber Robinson, on trial in the court.

All jurors were excused until Friday, March 16th.

Martha Skeen vs. John Marriott; on trial before Judge Hart of the First district, sitting in the Second district.

Yesterday morning the city license collector, John V. Huth, swore out complaints against J. J. Brunwell, real estate dealer, D. M. McKee, hotel keeper, J. M. Ferris, restaurant keeper, and J. E. McCormick, tailor, charging them with a violation of the license ordinance, by continuing in business without paying license. The cases will be heard next Monday.

A. Hanson, in jail on the charge of having burglarized a room in the Ogden house, was arraigned before the justice of the peace yesterday forenoon and took until this morning to plead. The examination will probably take place on Monday next.

Hon. John E. Booth of Provo lectured before the literary society of the Weber Stake academy last night. His subject was "Was the Crucifixion of Our Savior Justifiable?"

PROVO.

Relief Society Reunion—Old Folks of the Third Ward Entertained.

Special Correspondence.

Provo, March 11.—The Relief societies of this city will hold a reunion March 17th, in the Tabernacle, commencing at 2 p. m. The event is in commemoration of the anniversary of the organization of the first Relief society of the Church, organized March 17, 1842.

George W. Peakine and M. E. Calahan of Salt Lake are at the Hotel Roberts.

The old folks of the Third ward were entertained yesterday in the ward house. A fine banquet was prepared for them and an interesting program of music, recitations, etc., rendered, making the occasion a very enjoyable one for the veterans.

The students of the Brigham Young academy gave a successful I-H last evening.

FARMINGTON.

Jurors for March Term of Second District Court.

Special Correspondence.

Farmington, Utah, March 10.—The county clerk, county attorney and county treasurer met at the court house today, and drew the following jurors to serve for the March term of the Second district court in Davis county: William Thurgood, Syracuse; J. I. Atkinson, South Preston; A. M. King, Kaysville; Ephraim Barnes, Layton; William H. Evans, Centerville; Henry Wood, Bountiful; Levi Taylor, Kaysville; Charles Mitchell, Clinton; Arthur Riley, Bountiful; Robt. Blandford, Kaysville; D. G. Hess, Farmington; W. P. Burton, Kaysville; James J. Cheery, Centerville; Charles Layton, Kaysville; John W. Stoker, Layton; Henry Williams, Syracuse; John Bennett, Kaysville; H. J. Sheffield, Kaysville; William C. Mann, West Freeman.

GOSHEN.

Thrift, Enterprise and Push Making the Desert to Blossom.

Special Correspondence.

Goshen, Utah Co., March 8.—Spring work is in every field and garden spot. The ground is drying out quite rapidly. The mud has been bad on the road across the bottoms, and it is still in a bad condition. The county court should take steps to put it in good condition, as it is used by all the towns in the south end of Utah county. Not a day passes but strings of teams pass, taking truck to Eureka. Our merchants of Goshen find a ready sale for their products in the Tintic mining district.

Considerable new land is being cultivated this season under the Mount Nebo canal and fine orchards are being started.

The Latter-day Saints meeting house is a credit to the town. It is built of brick with large windows and colored glass. A brick school house ornaments the same square, in which a good school is maintained. The thrift of the people is making the once forbidden aspect of the country to put on an inviting appearance.

Business is looking up and all seem to be employed. The boom in Tintic is helping things here, making money more plenty and giving employment to labor.

My mother suffered with chronic diarrhoea for several months. She was attended by two physicians who at last pronounced her case incurable. She received one 25-cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and five doses gave her permanent relief. I take pleasure in recommending it as the best on the market.—MRS. F. E. WATSON, Aiken, Ala.

A. R. De Fluent, editor of the Journal, Dublintown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails."

LOGAN.

Disappointment Over Failure to Elect a United States Senator.

Logan, Cache Co., March 10.—A conference of the T. M. M. I. associations of Smithfield, Hyde Park, and Greenville will be held on Sunday in Hyde Park ward.

Sheriff Enoch Crockett returned this morning from pursuing James Peterson, the individual who stole a horse and saddle from Logan parties last week. The sheriff obtained all the stolen property but failed to catch the thief who went east in Wyoming.

The most intense disappointment, not to say disgust, over the failure of the legislature to elect a senator, is prevalent here. Undoubtedly interest was taken in the struggle by the people here yesterday, and news was eagerly sought for. As to the effect it has had upon political parties in Cache, it seems that Republicans are inclined to be exuberant, and say great excuses upon the campaign material which the action of the Democratic legislature gives them. We do not think that Democrats care, don't deny it, and are decidedly gloomy in their predictions as to future political developments.

Three cases were filed in the District court yesterday. Thomas Viney vs. Middleton Milling Co., and Mary J. Allred vs. the same defendants. In both cases the release of certain deeds of trust, upon the obligations it is claimed have been discharged is prayed for; five hundred dollars damages is also asked in each case.

Mr. Christian Garff has commenced the erection of his new electrical power house on his farm, to complete it as rapidly as possible.

Two young men charged with assaulting a Chinaman, were arraigned before Justice Smith today, and being adjudged guilty were fined $2.50 each.

A CHILD POISONED WITH LYE.

Special per Deseret Telegraph.

Logan, March 10.—Yesterday afternoon a grandchild of Mrs. William Palmer of this city ate a quantity of concentrated lye by mistake, thinking, but proper medical attention saved its life, although it is still in great pain.

DEATH OF HOMER REES.

Homer Rees, son of David Rees, and a well known young man of this city, died this morning of a spinal affectation. He was brought home from Montpelier, Idaho, last Sunday, but all attempts to save him were of no avail.

SPRINGVILLE.

Promising Prospects for the New Sugar Factory.

Special Correspondence.

Springville, Utah Co., March 10.—We are pleased to believe that spring has come at last. Citizens are busy plowing and putting in grain crops and gardens.

Everyone seems pleased with the prospect of our new sugar factory being built this summer. Beets are being perfected for securing land for its location together with water privilege.

The children of John Alleman held their reunion last evening in the city hall. It was well attended. An interesting program, consisting of songs, recitations and speeches, was the general order of the day, after which about 250 persons sat down to a splendid supper, which was followed with dancing until all were satisfied.

The general health of the people is good.

MOUNT PLEASANT.

Diphtheria and Scarlet Fever Isolated and Under Control.

Special Correspondence.

Mt. Pleasant, Sanpete Co., March 10.—Another death occurred yesterday in the family of Dorr Hansen, Jr. Their smallest child succumbed to scarlet fever, the sympathy of the community is extended to the bereaved family, having had a hard siege with diphtheria and scarlet fever, their oldest child having been stricken with the dread malady, but is now out of danger, when the little one took down, and died. There are another case of the grip in our place; at present no other cases of diphtheria are reported, and there being a very strict quarantine regulation, it is hoped it will not spread.

At the last session of the city council Mr. F. C. Jensen was elected to fill the vacancy of the Hon. C. W. Sorensen.

VERNAL.

Death of Mrs. Heber Campbell—Spring Activity in Agriculture and Mining.

Special Correspondence.

Vernal, Uintah Co., March 8.—Pneumonia is giving way before the warm spring weather somewhat and there is a noticeable lessening in the sickness among the people.

The funeral of Mrs. Heber Campbell will be held today. She leaves a large family of small children and the sympathy of the community is extended to her husband and children. The immediate cause of her demise was child-bed fever. Mr. Campbell had just completed a new house, after a long and hard struggle and it seems the very irony of fate that just as the finishing touches were being put on it the house death should step in and bring a cloud of sorrow upon it.

Spring planting has begun in good earnest and the air is full of the busy music of the husbandman.

As the snow begins to melt there is a renewed activity in mining circles. The Boston Mining Co. are preparing to send out shipments of ciatonite from their mine on Indian Creek and the gilsonite is beginning to move again. The backbone of the freight strike at Price seems to be fairly broken.

The Vernal freight is still hung up in the snow drifts on the Colorado Midland in Colorado and but little is now being shipped from here on account of the blockade.

Formax Rick M. Pope has received an assay from a six foot vein in the Dyer district, which showed 14 per cent copper and a little gold and silver. Needless this ore say been thrown over the dump, but it is considered worthless, but a smelter on the ground would make a paying proposition out of this even as it is very easily mined and reduced.

EUREKA.

A Suggested Public Improvement—Dull Times and Idleness.

Special Correspondence.

Eureka, March 10.—Spring's balmy breezes, and Sol's gladdening rays have seen with us up here in the mountains with all the appearance of having come to stay.

Now, here's a suggestion to our city fathers. With commendable public spirit they some time ago moved the city cemetery adjacent to one-half mile west of the city. The citizens heartily sustained their action, understanding that the old cemetery would be turned into a public park and recreation ground. Nearly two years have elapsed and little has been done. Sexton Walker informs me that all the dead have been removed, so that nothing stands in the way of completing the original plan but the necessary action on the part of our city officials. There is over one hundred idle Eureka Hill men to boot, who are deserving citizens, many of them veterans. Now why not employ a few of these men in getting the ground fenced and laid off. Eight now a few hundred dollars intelligently spent would be a thousand worth of good. The outlay would nearly all be spent in town, and help some deserving families.

Storekeepers and merchants generally here are feeling the dull spell, caused by decreased business, but all are cheerful and none have shown a desire to shut off their patrons though late.

The Mammoth and silver City and Tintic are keeping their end up and doing well, the closing of Mammoth not being simply for repairs and cleaning up. The best evidence of permanent prosperity attend a mining camp is to see the boys building, and there are quite a few going out to build since the snow has gone.

FILLMORE.

Will Build a New Tabernacle—Flowing Bogs.

Special Correspondence.

Fillmore, Millard Co., March 6.—The county commissioners were in session on the 4th and 5th inst. Besides the regular routine of business, they had under consideration the advisability of building a vault in which to keep the county records. The people generally favor the proposition, and it is hoped the county commissioners will soon take the matter up.

The people here have united, regardless of religious belief in an effort to construct a tabernacle, which will be able to which to worship God. It is expected that vigorous work will be done on the stone this coming summer.

The farmers have commenced work preparing the ground for spring sowing. The outlook for water this irrigation season is good.

OUR NEICHBORS.

POCATELLO, IDAHO.

Suit Against Oregon Short Line for Damages.

Pocatello, March 5.—J. J. Haybell and wife have entered suit against the Oregon Short Line says the Pocatello Tribune, to recover damages sustained for Mrs. Haybell not her child, at Ross Park, on Feb. 16th, while riding in one of the company's freight trains. It is claimed that the train was jerked and the wife thrown down and badly injured, owing to the carelessness of the trainmen.

NEW STYLE PIANOS

AT

Daynes Music Co.

Pianos of leading makes selling for less than the prices asked for little-known makes elsewhere.

The reason that we sell more pianos direct to buyers than any other firm in the city is because of our new methods of dealing in these instruments. Instead of being compelled to offer you the product of one or two factories, as is the usual custom by other dealers here, we have on display side by side the latest and choicest creations of seven of the leading piano manufacturers of America.

In our warerooms alone can be found the celebrated Chickering and Fischer pianos. These instruments are exhibited in all their various beautiful designs of case.

Then to instance another well-known make, take the Sterling piano. This is sold by us in four height up to date styles.

The first style is perfectly plain and simple—hardly a line of ornamentation anywhere—the effect being gained by the beauty of the wood itself and the artistic elegance of the architecture. The second style is a little more ornate, carving here and there being used as the embellishment. The third style is very rich in both design and handiwork, and is a great favorite. The fourth style is massive and elaborate in the highest degree. Hand carving extending entirely across the panels matches perfectly the vertical patters of the console and pilasters. These four designs of only one of the makes of pianos sold by us will give you an idea of the assortment awaiting your inspection in our salesrooms. And in passing, note that you can buy any one of these pianos shown by us from $50 to $100 less than the prices asked for the same or better instruments much inferior in every respect.

With each piano we give a handsome scarf and stool.

We sell for cash or easy terms.
