GOVERNOR HUGHES IS AGAINST FIGHT

Writes to Police Commissioner, District Atty. and Sheriff About Ketchel-Langford Contest.

New York, Sept. 16.—With the case resting entirely in the hands of Police Commissioner Baker, as a result of a ruling last night by Dist. Atty. Jerome, sporting circles are debating as to whether the Fairmont A. C. will be able to pull off the Ketchel-Langford bout arranged for Friday night next. Mr. Jerome has ruled that in his opinion, the club violates the law and that the police may interfere despite a permanent injunction recently granted.

Manager Gibson of the club, professing to be confident that the injunction protected his organization, said today that the bout would be held as scheduled.

Recent protests filed with Gov. Hughes and subsequent letters of his to the district attorney are responsible for the present attitude of the city authorities against the so-called fight clubs. The most sanguine of those who have been looking forward to the Ketchel-Langford bout think that the hands of the police are still injunction-bound and that the fight will be held.

It became known today that Gov. Hughes attitude toward prizefighting in this city became particularly acute yesterday and that he supplemented his letters to the district attorney by telegrams to the police commissioner and to Sheriff Foley.

SAVANNAH MAKES BID.

Savannah, Ga., Sept. 16.—Jack Johnson, the negro pugilist, has written the local athletic club that he is willing to fight Jim Jeffries here. The local promoters have taken the matter up with the governor, and if his consent is secured, a bid will be made for the contest.

WESTERN OPEN GOLF.

Chicago, Sept. 15.—As a curtain raiser to the western open golf championship tournament, which begins tomorrow, 2 professionals, led by West Side Champion Willie Anderson, defeated a like number led by Fred McLeod of Midlothian, 32 points to 28 at the Skokie club today. The match was played under the Nassau system of scoring.

McLeod won three points from Anderson and George Sargent, the national open champion, beat Tom Verdon, the English professional, 2 to 1. Bob Simpson of Milwaukee, a former western open champion and Stewart Gardner of Kenoer, broke even.

Practically all the best professionals in the west and several star players from the east are entered. Thirty-six holes will be played tomorrow and the same number Friday.

PRELIMINARY A. A. U. EVENTS.

Seattle, Wash., Sept. 16.—Athletes from St. Louis and Los Angeles divided honors with those from the northwestern athletic clubs in the preliminary events of the Amateur Athletic union annual championship wrestling and boxing meet held at the Alaska-Yukon-Pacific exposition auditorium last night.

FAST GAME OF BALL.

The Salt Lake Seniors and the West Jordan team had a redhot baseball fight yesterday afternoon. They battled for 11 innings and the game ended in a tie, 3 to 3. The score by innings follows:

Score:						R.	H.	E
Seniors	000	200	001	000	00	3	11	2
West Jordan	000	001	020	000	00	3	10	4

Batteries—Seniors, Brinkley and White; West Jordans, Fraser and Morse.

MATCHED TO MEET KRAMER.

President Taft Witnesses Ball Game Between New York and Chicago Today

Chicago, Sept. 16.—With President Taft as non-official umpire, the New York and the Chicago baseball clubs of the National league will play ball at the West Side Park today with Christy Mathewson and "Jack" Pfeister pitching. With the nation's executive as the added attraction, everything indicates a record attendance when the struggle is set in motion at 3 o'clock.

Political and baseball chiefs, clubmen, bankers and plain every-day "fans" will gather round to assist the president in celebrating the occasion. Announcement was made yesterday that every reserved seat had been taken, but arrangements have been made for the accommodation of thousands of spectators in other parts of the immense park. Five hundred uniformed police, to say nothing of the plain clothes men, will be on hand to maintain order and keep the ground clear for the combatants.

President Heydler of the National league, President Johnson of the American league, August Herrman, chairman of the National commission, and other baseball notables, will lend their presence to the occasion. Then there will be the musicians, 45 leathery lunged artists, rounding out the general scheme.

The schedule completed by officers of the Hamilton club, which is to act as an escort for the president, provides for a parade about the city following the arrival of Mr. Taft and at 3 o'clock the travelers will drive into the baseball park. Three thousand seats in that portion of the stand back of the Chicago bench have been reserved for the club members and the president.

COMMITTEE TO DECIDE ON FOOTBALL QUESTION

The meeting of grade school principals with the executive committee on athletics scheduled for yesterday afternoon did not take place. Chairman Coombs announced this morning that the committee would meet this afternoon and probably settle the question as to football among the grade schools teams.

"Inasmuch as we have started athletics among the boys and girls I think we should go through with the work," said Prof. Coombs. "I am in favor of football and Truant Officer Clayton is also in favor of the game. Whether we permit the games to be played between teams representing the various schools, the boys will play football anyway, and it is better that we should have control. As I said before, the boys will play anyway."

HIGH SCHOOL FOOTBALL TEAM HARD AT WORK

The football candidates are now actively at work. They have been out but a week and it is to early to "dope" out the probable defenders of the Red and Black, but the outlook for a championship team is very bright.

They are fortunate in having most of the old players back.

The loss of halfbacks Romney and Karrick will probably be felt more than anything else, although the vacancy at center, filled by Capt. Karns, will also be a place hard to fill.

Among the new material which looks good to Coach Convill and Capt. Fitzpatrick are: Spencer, Brown, Pete Romney, Bardwell and Stout.

Manager McCurdy hopes to arrange several practise games with the U. of U. and the U. A. C.

BIG AUTOMOBILE RACE TO ALTITUDE OF 6,500 FEET

(Special Correspondence.)

Los Angeles, Sept. 14.—The Mt. Baldy race, a 100-mile grade-conquering dash, California's most unique motoring event, will be run next Sunday from Seventeenth and Broadway, this city, to the end of the wagon road, near the summit of Mt. Baldy. Four cars, an Apperson, a White Steamer, a Pope-Hartford and a Corbin will leave the starting line.

The automobiles will race over 35 miles of level highway, then across two mountain chains and up the San Antonio range to an altitude of 6,500 feet where the broad desert and ocean can be seen. The course includes the Fremont pass, reputed the worst automobile climb in America and goes through 30 miles of the rough Soledad canyon with 55 fords of the Santa Clara river.

This year's climb is the fourth annual Baldy contest. Three successive times a White Steam car has finished first in the 100-mile dash and the gasoline car aggregation are determined to wrest the honors from the steamer in the coming race. Gus Seyfried will pilot the White and according to reports from the scene of the course this powerful machine cannot be driven "wide open" on any part of the Baldy course.

The motoring world on the Pacific coast awaits with interest the running of one of the greatest races of the season.

Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. LAWSON CHALLENGES KRAMER FOR MATCH RACE

Ivor Lawson, the speedy Salt Lake bicycle rider, who was disqualified in a three-cornered match race between himself, Kramer and Clarke at Vallaburg last Sunday, issued a challenge to Kramer last night for a match race, best two in three, mile heats. Lawson does not want a three-cornered affair, but is anxious to measure speed against Kramer alone. He offers a side bet of from $500 to $2,500 in a contest for the championship of America.

Late last night Kramer accepted the challenge but declined to consider a side bet. Lawson explains that, as to the race Sunday, he was in poor condition as he had just arrived there after a long, tiresome journey.

A race between this speedy pair will undoubtedly attract widespread interest as each rider has a big following.

READY TO OPEN NEW MILE TRACK

But Little Remains to Be Done at Buena Vista Course—Barrier Goes Up for First Race Saturday.

But little remains to be done at the Buena Vista mile race track and the management promises that everything will be in tip-top shape by Saturday

LITTLE JOCKEY GRETH.

The above cut shows a nervy youngster who will be seen on the backs of some of the fast ones at the Buena Vista track this fall.

afternoon when the barrier flies up for the first race and the turfites will cry as one man:

"They're off!"

There was a large crowd at the track yesterday going over the course, inspecting the paddock, stalls and grandstand. Work on the wells has been completed and there is an abundant supply of water. The management is busy directing the finishing touches.

Some of the visitors yesterday took the wrong route to the track, going to the south instead of to the north. Persons going there in carriages or automobiles should take the west Second South street route, which will bring them to the only vehicle entrance to the park.

There is considerable interest on the part of horsemen in the Buena Vista handicap and some of the fastest horses in the country will be entered, among them being the famous Glorio. W. P. Fine, owner of this speedy horse, says the animal is in splendid condition and he expects to land the big prize. Several stables have been added to the strings of horses already at the track, and it is predicted there will be at least 350 animals on hand by the first of the week.

The Salt Lake Route has announced the schedule of trains running to and from the track, and it is also announced that the street car company will make no attempt to haul the crowds to the park this year but if racing continues the tracks will be extended next year. The schedule of trains beginning Saturday, leaving the union depot for the park, follows: 6:45 a. m., 7:45 a. m., and 10:30 a. m.; at 12:15 noon, 1:00 p. m., 1:30 p. m., 2:30 p. m., and 3:00 p. m. Returning, the trains leave the race track at 4:57 p. m.; two specials at 5:05 and 5:35 p. m., also at 6:30.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs Joseph Slater, 552 West Third South St., Salt Lake City, Utah, says: "The statement I gave for publication in 1906, recommending Doan's Kidney Pills still holds good and I gladly confirm all I then said in their favor. You may continue to publish my testimonial. I was subject to attacks of backache and there were other annoyances in evidence that caused me great distress. When a friend advised the use of Doan's Kidney Pills, I procured a supply from F. J. Hill & Co's. Drug store. I must confess that it was astonishing to see how promptly they relieved the backache and corrected the kidney difficulty. Some time ago a spell of sickness disordered my kidneys, but I again used Doan's Kidney Pills and in a few days they brought the desired relief. I keep this remedy on hand all the time."

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S. S. S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S. S. S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

LOST!

I lost my gold watch and chain at Saltair, Labor Day. The party who found it, no doubt, has been wondering to whom it belongs. Parties learning of the loss felt that it was last for good; that the party who found it would keep it, but everybody knows I have been advertising for years that red streaks of honesty exist in everybody, and here is another chance to prove it. When the right party reads this advertisement I am satisfied the watch will be returned to me. I will reward the person for so doing, but the fact that I am offering a reward is no reflection on the integrity of the finder. The finder could not return the watch until it was known to whom it belonged.
