MUNICIPAL MATTERS.

A Long, But Interesting Session of the Council Last Night.

MAYOR'S VETOES TURNED DOWN.

Salary and Sewer Questions Discussed—Tilts Between O'Meara and Clawson—Miscellaneous.

At the long, but interesting session of the Council last night, Mayor-elect Glendinning and Councilmen-elect Hackle, Wiscomb, Callister, Le Prohon, Hayward, Mulvey and Dishr were present, thus taking advantage of O'Meara's resolution granting them the liberties of the Council chamber. The session lasted till nearly midnight, and most of the members-elect hied themselves homeward before an adjournment was taken. Perhaps some of them went home and dreamt of the horrors attending the office of the city solon, while others may have concluded that such long sessions were entirely unnecessary. However, they had a very good insight into the business transacted by the City Councilmen, and will doubtless profit by it.

Following is a report of the proceedings of the evening:

PETITIONS AND COMMUNICATIONS.

George F. Meyer asked for release from tax sale on part of lot 1, block 13, plat F. The estate of Lawrence Quinn by W. I. Snyder filed a similar one. Both granted on recommendation of city attorney.

Clark, Eldredge & Co. asked for repair of water ditch on First South, one-half block west of Continental market. Referred.

Mildred B. Groshell et al asked for an extension of water mains from the southeast corner of lot 3, block 19, in plat B, east to Sixth East, thence south to the southwest corner of lot 4, block 11, plat B, a distance of 990 feet. Waterworks committee.

James Hilton asked that his unexpired liquor license be transferred to Albert Beale. Committee on license.

A petition was received from the taxpayers in the northwestern portion of city protesting against the use of streets and sidewalks by Union Pacific railway. Street committee.

John Druce asked extension of water main along Eleventh East street between Third and Fourth South, 41 feet from present terminus. Waterworks committee.

R. F. Whittemore asked authority to stretch wire cable for electric light across South Temple at Third West. Committee on streets.

H. T. Duke et al asked that a broken stone crossing be put in on the west side of Fifth East between the north and south sides of Fifth South street. Adopted on recommendation of street committee.

James W. Darkin asked that an electric light be restored at corner of Second South and Twelfth East. Committee on improvements.

The Association of Stationary Engineers submitted an ordinance providing for the licensing of stationary engineers in this city and asked that it be considered and approved by the council. Referred to committee on municipal laws.

Lillian J. Duncan asked the council to award her damages for an injury to her horse by the animal stepping into a hole in a culvert at the corner of Sixth East and First South. Committee on claims.

REPORTS OF CITY OFFICERS.

The Mayor returned disapproved the appropriation made to J. W. Farrell & Co., and cited the following reasons for so doing: That the majority of the arbitrators to whom the bill had been referred had decided that the claimant was entitled to but $4,500; that notwithstanding the fact that the jurisdiction of the arbitrators had expired with that finding, two of them had gotten together, and without notice to the city's representative made a supplemental award of $1,000, which was without binding force whatever; for the reason that but seven members voted for the appropriation, and one of the members so voting was Councilman Mason, the assignee of J. W. Farrell & Co., which was wholly inconsistent with his position in the Council; and in view of this fact his vote should not have been cast in the matter, nor should it have been permitted by the Council, which would have left but six Councilmen. The Mayor seemed to be willing to pass favorably on the amount recommended by the joint committee.

Councilman Mason did not take kindly to the Mayor's reference to him. He was not interested in the Farrell matter, other than that he occupied the position of stakeholder for the company. He had favored the appropriation because he thought it a just claim and would vote as his judgment directed him, whether the Mayor liked it or not.

McCornick here took the floor and stated his intentions of sustaining the Mayor's veto unless a better showing could be made as to why Farrell was entitled to more than the arbitrators had recommended.

Councilman Lynn gave the members to understand that if they passed the matter over the Mayor's veto, they would be awarding Farrell $675, more than was justly due him.

The question was then put to a vote, and the Mayor's veto disregarded, all members favoring the appropriation but Clawson, Lynn, McCornick and Young. An appropriation in the sum of $2,0[illegible] in full for all wiring claims was afterwards made, and the fight on that question ended.

HARRIGAN ALSO GETS THERE.

The appropriation made by the Council to Frank Harrigan for laying a pavement at the Walker bank corner was another disapproval of the Mayor's. His reasons set forth for that action were that Harrigan disregarded the instructions of the board of public works, and laid the sidewalk before the grade was settled. It was subsequently learned that the walk was too low and Harrigan had refused to raise it to the proper grade, causing an outlay to the city of $280. The claim had also been reported adversely on by the finance committee and the board of public works.

Clawson here read a number of letters which had passed between the board of public works and Mr. Harrigan, in which the board had notified Harrigan not to lay certain walks while the weather was cold. He had done the work contrary to the instructions of the board, building it below the grade and now asked pay for it. Clawson hoped the veto of the Mayor would be sustained. Mr. Clawson characterized O'Meara as a turncoat, stating that he had signed a report disallowing a claim which he was now in favor of granting.

O'Meara spoke at some length on the matter and stated that he had never signed a report recommending the rejection of Harrigan's claim. Felt that the gentleman was entitled to his pay as he had performed the work in accordance with the contract.

Other talk was indulged in by McMillan, Cohn and Young and a vote taken on the Mayor's veto, all voting for it except Clawson, who opposed Harrigan's claim strenuously.

On recommendation of the city attorney Mrs. William Brazil was granted a deed to her property in La Veta place subdivision, which was sold for taxes, upon payment of $76.85.

PROTEST AGAINST SEWER EXTENSION.

The city recorder notified the Council of the protest entered against the extension of the sewer on the south side of First South from Fifth to Sixth East. The number of feet in the extension was 660, while the protest covered 329. Tabled.

MISCELLANEOUS.

The city attorney recommended the issuance of a quit claim deed to property owned by the estate of James Thompson, deceased, upon the payment of tax sale costs and interest. Adopted.

The petition of Sears Glass and Paint Co., asking permission to excavate from property line to the curb on part of lot 5, block 69, plat A, was granted upon recommendation of the city engineer, with the proviso that the work be done under the supervision and to the satisfaction of the building inspector, and that the pavement be restored to its present condition after said work is done; a bond is also to be exacted from the company. Adopted.

The report of the police justice for the month of October was submitted, showing that fines had been assessed and paid in the sum of $2,205.50, of which $1,553 was cash. Filed.

The petition of James P. Freeze, asking that the Jordan canal on his premises be filled up, was reported favorably upon by the committee on Jordan canal and irrigation and the said report adopted.

The petition of Amelia D. Clark asking that an error in her account for water rates be corrected was granted on recommendation of the committee on waterworks.

The board of public works submitted the 25th partial estimate of the city engineer to November 1, in favor of Houlahan, Griffith, Morris, Hobson & Wilkerson for work done on the gravity sewer and recommended the payment of the amount—$1,041.52. Adopted.

The above named board also submitted their final partial estimate for Wm. Holmes on contract for repair of sidewalks and recommended the payment of $540.98. Adopted.

The same board submitted final estimate of Frank Harrigan for constructing a fence along the county road, amounting to $235.69. Adopted.

The bills of Silver Bros. amounting to $495.87 and $94.95 respectively, for constructing flush gates, were ordered paid, being recommended by the board of public works.

The committee on Jordan canal and irrigation recommended the building of a fence along the sheep road in front of Seymour B. Young's property in Mountain Dell. Adopted.

An appropriation of $100 was made to fire department to pay for hose purchased by them.

The board of public works asked that they be authorized to connect sewer laterals on Fifth South with gravity sewer. Granted.

A free license was ordered issued to Mrs. Schowalter to sell flowers and to Catherine Steiner as merchant.

The city engineer asked authority to drain of the surplus waters accumulating in the vicinity of the gravity sewer sag on the county road. Granted.

Liquor licenses were granted to Dominick Pisona, and the Wagner Brewing Co. at 60 east First South street.

THAT BREWERY NUISANCE.

The sanitary committee in reporting on the nuisance created by the Salt Lake Brewery made the following recommendation: The construction of a sewer large enough to carry all the refuse; that the brewery people be asked to advance a sum sufficient to construct a six-inch drain from their plant to the sewer at Second East and Fifth South streets; that the city then construct the main sewer from its present terminus to Fort Douglas, and that the amount so advanced by the Brewing company, less the amount of their tax, be refunded to them as connections are made with the sewer by the abutting property owners and the sewer tax is paid by them.

In connection with this a recommendation to the same effect was made by Health Commissioner Daily.

O'Meara, Cohn and Newell favored the proposition, but Young in very strong and forcible terms denounced the action of the Fort Douglas and Brewery authorities in pressing such a nuisance upon the citizens of Salt Lake and thought they should be forced to abate said nuisance without the citizens being compelled to pay for the building of the proposed sewer.

The report was finally adopted.

The committee on streets recommended that a broken stone crossing be put in on South Temple near the corner of E street in accordance with the petition of Richard Mackintosh et al. Adopted.

The street committee recommended the repair of bridges on Twelfth South, thus complying with the county court's request. Adopted.

Upon recommendation of the committee on public grounds, the removal of the standard of measures from Liberty park to the joint building was ordered.

ANENT THE SALARY QUESTION.

The committees on finance and municipal laws, in reporting upon upon Councilman Clawson's bill for an ordinance making a reduction in the salaries of municipal officers, submitted majority and minority reports. The majority report bore the signatures of O'Meara, Morris, Mason, McMillan and Cheeseman, and recommended that the bill be not passed. In support of their recommendation they cited the salaries paid to the officials of the cities of Denver, Omaha, Los Angeles, Seattle and Portland.

The minority report was signed by Clawson, Lynn and Young and supported the bill, fixing the salaries as follows: Mayor, $2,000; recorder, $2,000; treasurer, $2,000; police justice, $1,200. McCornick favored this schedule with the exception of the proposed salary for the treasurer.

Then followed very spirited discussions in which O'Meara and Clawson were the center attractions, Clawson predicting a total depletion of the treasury while O'Meara pictured the dawn of a prosperous era, the like of which Salt Lake had never before seen.

Clawson stated in his remarks that the people who paid the taxes demanded that the expenses be cut down and that were taxpayers alone consulted instead of voters as to who should represent them in the Council, O'Meara would not be in it.

This brought O'Meara to his feet in an instant, who said, "What I pay taxes on in this city, I made myself. I did not marry it nor did I get it at somebody's decease."

The debate being closed a vote on the question revealed the adoption of the majority report holding the salaries at their present status, the vote being distributed as follows:

Ayes—Cheeseman, Cohn, Cohen, Mason, McMillan, Morris, Newell, O'Meara—8.

Noes—Clawson, Hardy, Lynn, McCornick, Young—5.

The Barnes & Byrnes lease was next called up and read and at 11:40, pending a vote on the lease, an adjournment was taken for one week.

SALT LAKE FOOTBALL.

With the Pigskin Kickers—The Butte Team Arrives—Big Game Thanksgiving Day.

The Butte team fully equipped with a doctor mascot and other incidentals inseparable from a well organized football eleven arrived in town at 9:05 a. m. today and registered at the Knutsford. The party comprising Francis Brooks, Captain; Dr. W. H. Wix, R. Ellis, J. C. Smith, J. V. Bohn, D. N. Richards, W. B. Laswell, W. Bayne, J. A. McPherson, J. H. Monroe, J. K. Turner, S. W. King, W. Slater, W. T. Perkham, R. Weiss. The kickers travel in their own special car. It is scheduled to leave for Denver at 7:30 this evening, where the Butte lads propose to try conclusions with the Denver A. C.

It was on the program to play a game with either the Fort boys or the Y. M. C. A. today, but both teams claim they are not in trim to meet such weighty opponents. Judging from the appearance of the visitors tonsorial artists are at a premium in Montana. One of the boys in particular had "golden hair hanging down his back," and he caused quite a sensation on the streets this morning. As yet Butte has only been defeated once, and that last week by the San Francisco Reliance team on which occasion the result would have been reversed but for the clock.

The U. of U. senior team will try conclusions with the Y. M. C. A. boys on Thanksgiving Day at the University campus. The U. of U. propose to put a heavy team into the field, captained by Harry Kimball, Nystro a as manager, with Stringfellow brothers as tacklers. The Y. M. C. A. team will be directed by Cross, and will include Taylor and several of the old team who played for the championship last year which is claimed by both teams.

A hot game is expected. It is further proposed to run an opposition game at Beck's cycle track between the Fort boys and the Salt Lake Crescents on the same day.

AMUSEMENTS.

A Lively Tornado at the Theater—Coming Theatrical Events.

As promised in the advance notices, Mr. L. J. Carter's Tornado played havoc with farm houses, trees and everything in sight on the stage of the Theater last evening. It was a well executed imitation of nature in a rage. This ended the first act. The second act opened with a scene on board a steamer, and ended with a collision. This was an extremely childish affair, but the tableau that followed showing a picture of the ocean waves, now in profound darkness and now illuminated by flashes of lightning, human beings floating on the rolling sea was not bad. The third act ends with a conflagration, which, however, seems to be thrown in merely for the purpose of introducing the inmates of the house to the audience in a manner most repulsive to good taste. The fourth act has a dissecting room as its climax. Such are the main features of this melodrama. There was enough story in it to barely link the scenes together and there are some opportunities for dramatic talent which, however, seemed to lack entirely. The play was much enjoyed by the great number of small boys who crowded the upper galleries.

The Defaulter, another of Mr. Carter's production's, will be given some time in the near future.

Hermann's engagement opens at the Theater on Friday night. He will give a matinee on Saturday and another performance on Saturday evening.

Heretofore Herrmann's illusions have been simply pantomime, but with The Artist's Dream speaking parts are introduced, together with songs and dances. Gorgeous and expensive electrical effects are also made use of, and the act as a whole is one of sudden surprises and startling beauties. A pleasing innovation is the attention Herrmann gives this season to the musical part of the program, which is under the supervision of Mr. Eddie Fox. Madame Hermann will also perform her elaborate spectacular dance creations, which are beautiful and bewildering, being executed with the use of fourteen colored lights.

AT THE GRAND.

The final performance of Fernciiff, the exceedingly pretty and patriotic little play which has held the boards at the Grand for the last week and a half will be given tonight. It has had a highly satisfactory and successful run and last night saw no abatement in interest or attendance. The work of the entire company and each individual member was as usual artistically and thoroughly done and received merited applause accordingly.

Blow for Blow is the next attraction at the Grand, commencing tomorrow evening.

Never Such Testimonials.

What the Mail Brings to the Paine's Celery Compound People.

What excuse is there for not getting strong and well? Paine's celery compound, the world's great remedy for nervous weakness, can be obtained at any druggist's in any city or in any country town. One can get a heartier, healthier appetite, purify the blood and increase its power of feeding the nerves and tissues by taking Paine's celery compound. It is the greatest invigorator in existence. Convince yourself of the fact. Try it.

Testimonials for publication are taken quite at random by the present proprietors of this great remedy.

The letters are never "doctored."

Titles are never placed before the names of untitled people. Honest but obscure men are never said to be "senators." Every-day kind of men who have been made well by Paine's celery compound are never paraded before the public as "The Great Mr. So-and-So," or "The Wonderfully Successful Mr. This-and-That." Cases of ordinary sickness are never elaborated into hideous, impossible diseases.

When it happens that the mail brings a heartfelt letter from such a man as State Treasurer Colvin of New York, or Mr. Carlisle's private secretary, or Edmund Russell, or Mayor McShane of Montreal, or Rev. Fr. Ouellet, or Commodore Howell, or Mr. Gilliam of Judge, or Ada Lewis, or ex-Minister to Austria John M. Francis or any other widely known man or woman who expressly wishes others to be benefited by his or her experience, the proprietors of Paine's celery compound gladly give such unsolicited testimonials to the public press.

But one person's health is as valuable as another's, and in publishing the testimonials of people whom this great remedy has made well and strong, no particular emphasis is put upon such person's official standing.

The world is made up of what Abraham Lincoln called "the plain people." It is they whom Paine's celery compound has most benefited.

Here is a letter (verbatim) just received from Louisa Pierce of Melette, South Dakota:

"I used Paine's celery compound first for rheumatism, and found that it helped me very much. I have since used it for nervousness and kidney trouble, and have received very much benefit from its use, and consider it one of the best of remedies. Mr. A. Cady's people use it and think they can hardly get along without it in the house. I know of several others that have used it that I am not acquainted with, but one other lady, Mrs. Ondell, used it for nervousness, and it made her well."

These is the testimony of thousands. Paine's celery compound makes people well!

Sunday School Conference.

The Sunday school conference of the Bingham (Idaho) Stake of Zion convened at Iona Saturday and Sunday, Nov. 16 and 17, 1895. Owing to the inclemency of the weather and the long distance between the settlements but few of the schools turned out Saturday, but Sunday the meeting house was filled to its utmost capacity.

Elders Thos. C. Griggs and Levi W. Richards, of the Deseret Sunday School Union, were present. All the Stake authorities were in attendance, as was also a good representation of the Sunday schools of the Stake, showing that great interest is taken in the Sunday school cause. Five meetings, including that of the Teachers, were held in which reports from most of the schools were given and also class exercises. The reports of the various superintendents were generally good and showed that in all our schools (nineteen in number) the organizations were complete and in fairly prosperous condition. The visiting brethren at each meeting gave instructions pertaining to the conducting of the Sunday schools which we trust will have a beneficial effect in the regulation of our schools. GEORGE THOMAS, Secretary of Stake.

The Ancient Olympic.

A month's sacred truce has been proclaimed by heralds throughout Greece, insuring to all a safe-conduct. So religiously was this observed that the Spartan chose rather to risk their liberty than to march during the holy days, even when the Persians were at their gates. The white tents standing out against the somber gray of olive groves belong to the ten judges, chosen one from each tribe of the Eleians, who have been for ten months already on the spot, receiving instruction in their duties. All, or most, of the athletes must also have arrived to undergo the indispensable training in the gymnasium of the Altis while along the holy road from the town of Elis is crowding a motley throng. Conspicuous in the long train of pleasure-seekers are the sacred deputies, clad in their robes of office, and bearing with them in their carriages of state offerings to the shrine of the god. Nor is there any lack of visitors distinguished in every walk of life—soldiers, philosophers, sculptors, painters, poets—and pretty groups of bright-eyed maidens, admitted to the spectacle in accordance with Spartan manners, though matrons are excluded on pain of death.

At daybreak the competitors present themselves before the judges, prove by witnesses that they are without stain, religious or civil, on their character, then, laying their hands on the bleeding victim offered for sacrifice, swear that they have duly qualified themselves by preliminary training, and that they will use no fraud or guile in the sacred contests. Thence proceeding to the stadium, they strip to the skin and anoint themselves. A herald proclaims, "Let the runners put their feet to the line," and calls on the spectators to challenge any that are disqualified; no objection being made, they are started by the note of a trumpet, running in heats of four, ranged in the places assigned them by lot, while the presidents, seated near the goal, adjudge the victory.—December Lippincott's.

Cuticura the great SKIN CURE Instantly Relieves TORTURING Skin Diseases

And the most distressing forms of itching, burning, bleeding, and scaly skin, scalp, and blood humors, and points to a speedy cure when all other remedies and the best physicians fail.

SPEEDY CURE TREATMENT.—Warm baths with CUTICURA SOAP, gentle applications of CUTICURA (ointment), and mild doses of CUTICURA RESOLVENT (the new blood purifier).

Sold throughout the world. British depot: F. Newbery & Sons, 1, King Edward-st., London. Potter Drug & Chem. Corp., Sole Props., Boston, U. S. A.

FRAGRANT VANITY FAIR CIGARETTES

FRAGRANT VANITY FAIR

WM. S. KIMBALL & CO.

The American Tobacco Co. Successor.

Money earned here, means money spent here. Forty-one employees engaged in putting up the new High Grade Three Crown Baking Powder, Spices, Extracts, etc., for Hewlett Bros. Cans, boxes, labels, etc., are also made at home by other workmen.

Buy all your drugs and medicines at old reliable Godbe Pitts Drug Store.

See dental announcement of Dr Humphaugh's, at 432 and 433 Atlas block, 36 West Second South Street.

It is impossible to make a purer or stronger powder than Hewlett Bros. New High Grade Three Crown Baking Powder.

NOTICE.

THE REGULAR ANNUAL MEETING OF the stockholders of the Northern Spy Mining Company, for the election of trustees for the ensuing year, and for the transaction of such other business as may properly come before the meeting, will be held on Tuesday, November 26th, 1895, at 4 o'clock p. m., at the company's office, McCornick & Co.'s Bank, Salt Lake City, Utah. Salt Lake City, Utah, October 25, 1895. A. HANAUER, Secretary.

R. K. THOMAS,

26 to 32 East First South St.

THE UP-TO-DATE RETAIL HOUSE

Of the State of Utah.

Modern Merchandising Means Making Moderate Margins.

THIS KIND OF SELLING FROM NOW 'TIL AFTER CHRISTMAS.

Jackets. — CAPES

In addition to the largest and lowest marked stock of Jackets and Capes in the city, we have a few lines of last season's goods to close. They'll keep you just as warm as new goods.

A $7.25 Jacket for $2.75.

A $9.75 Jacket for $5.75.

Yes, that's right, $5.75 instead of $7.25.

$5.75 instead of $9.75.

People come to us for their Capes and Jackets because, as they say, we are lower on these goods than any other house. Of course we are. We know how to buy these goods, and are satisfied with a moderate profit.

FROM NOW 'TIL AFTER CHRISTMAS.

Jackets. — CAPES

Dress Goods.

"R. K. Thomas for Dress Goods." Has become a household expression, which speaks volumes. From now 'til Christmas we are going to offer some rare bargains in this department.

Shoes.

Yes, we know how to buy Shoes—bought before the advance in leather. You'll get the benefit of our shrewdness. From now 'til after Christmas we'll place before you the best Shoe for the money you ever bought in your life.

Underwear.

We've had to duplicate and re-duplicate our fall purchases on Women's and Children's Underwear. That tells the story better than anything else—we are headquarters for these goods. Will continue our small margin selling 'til after Christmas.

Handkerchiefs.

We always have been, are now and always will be headquarters for Handkerchiefs.

Our usual grand display from now 'til after Christmas.

Gloves.

We have the best 75 cent Kid Glove in the market. Come to us for Gloves.

Remnant's of DRESS GOODS.
Remnants of OUTINGS.
Remnants of TOWELINGS.
Remnants of TABLE LINENS.
Remnants of SILKS.
Remnants of BUTTONS.
Remnants of FLANNELS.

Silks.

500 pieces of Black Silks, assorted weaves, in lengths suitable for a waist, skirt, or a full dress. So that all may have a Silk dress, we have marked these goods just two-thirds their value. Don't miss it.

Blankets & Comforts.

The cold, chilly nights of December, January and February, you need not be cold. We sell Blankets as low as 75 cents a pair. We sell a good Comfort for $1.25.

We sell Blankets and Comforts.

Men's Goods.

Our 75 cent wool ribbed Shirts and Drawers are the best things ever offered for the money. Ask to see them.

We carry a complete line of Men's Furnishings, but remember this!

There's no fancy prices on them.
