CRIMES AND OTHER CURRENT SENSATIONS.

Sam Small's Apology to the Ogden University board.—Progress. of Politics.

Prospectors pass through Beaver every day or so, from the west enroute to the Mt. Baldy gold mines. The large amount of snow yet on the ground on the higher portions of the Mt. Baldy range precludes any very extensive or thorough prospecting in that region for some weeks yet.—*Beaver Utonian.*

Amy Morris, aged three years and the daughter of a local milliner, drank some ammonia last evening. Some one had carelessly taken the bottle containing the fluid from the accustomed place and put it where the child got it. Sweet oil was used and the effect was a happy one.—*Evanston Register.*

An exciting runaway Thursday afternoon was witnessed by hundreds of people. Art Buchle, in a cart drawn by a tough-titled colt, was the lion of the hour. The horse took fright down the street at a break-neck speed with Art ploughly trying in vain to hold him. The animal ran nearly two miles north before he was finally arrested into a fence and brought to a stand still. No one hurt.—*Hughes Eagler.*

The residence of J. C. Nye at Twenty-third and Madison avenue was burglarized in broad daylight shortly before 4 o'clock yesterday afternoon. The thieves gained an entrance to the house through a small window in the rear, during the absence of the family. When Mrs. Nye returned to the house she was startled to find the contents of several rooms strewn about the floor in the greatest disorder. A large lot of jewelry valued at several hundreds of dollars was taken. It is supposed that the men knew when the family left the house, and had in fact been watching for their opportunity, and when they saw that the coast was clear, they immediately got down to business.—*Prof. H. W. Ring, a near neighbor of Mr. Nye's, says three suspicious looking characters whom he believes were the thieves, going away from the direction of Nye's house at about the time the robbery occurred. The police were immediately notified and put to work on the case.—Ogden Commercial.*

Yesterday afternoon the State Prison directors held a special meeting at San Quentin to take action in the case of Convict Ed Williams, who stabbed a fellow-convict, a negro named Tip Vernon, on May 20th.

"Williams made a statement to the effect that Vernon was of a quarrelsome disposition and had frequently made threats against him," and Williams found out that Vernon had secreted a knife and carried it with him with the intent to kill Williams. The latter, therefore, was forced to arm himself for his own protection. In the quarrel which ensued between them, Williams fearful that Vernon would draw a knife, pulled out his own and used it so effectually that Vernon is even now in considerable danger. Williams' term of imprisonment would have expired on Thursday, it would then have been impossible to convict him through lack of testimony. Vernon having refused to appear against him. The matter of the cutting of Vernon was not considered at all, but simply the fact that Williams had concealed a knife on his person to use as a weapon. This is against prison rules and is an offense punishable with a severe penalty. The directors decided to deduct six of the eight months' credit which he has earned by previous good conduct.—*S. F. Chronicle.*

Sam Small has sent a letter here regretting his haste in impeaching the honesty of the members of the board of trustees of the Utah University, laying the blame for his blunder to J. Wesley Hill, as the party who charged the members with the very things that appeared in Small's letter to the Ameshena people. He assures the board of his respect and esteem. Mr. Hill when approached on the subject yesterday stated that he had nothing to say. The matter was now up for arbitration and it was not proper for him to say anything about it. The matter, however, would surely be settled before the close of the conference.—*Ogden Standard.*

Charles Carson, the canal contractor, was seriously injured in Bear River gorge Wednesday. He was driving up the canyon, when one wheel of the wagon suddenly dropped into a deep chuck-hole and Mr. Carson was pitched out, striking heavily on one shoulder. He was painfully bruised and the shoulder badly dislocated. Dr. Horlic, of Corinne, was called to attend the injuries.—*Brigham Bugler.*

Tommy Botelio, formerly a member of the police force, is at present employed as a detective in Mexico, in the service of Wells, Fargo & Co. He now and then, has lively times across the border. While carrying express matter to the town of Lerdo on April 7, the express wagon was attacked by ten bandits. The messenger and jerter were mortally wounded, and the driver was seriously injured. Fifteen outlaws by means of stolen keys gained access to a house where Botelio and his comrades were sleeping. After some words the bandits fired a volley, wounding one man. Botelio and his fellows the robbers retreated, leaving one man dead, and carrying away four others, dead or seriously wounded. Several of the soldiers were injured, but Botelio himself met with no worse misfortune than losing the side of one shoe by a stray shot.—*Los Angeles Express.*

Information from Rock Springs shows that on Tuesday the Rock Springs Coal company's mine No. 2 was discovered to be on fire. The fire had gained such headway as to threaten the destruction of the mines. There is thought to be no doubt but that it is the work of incendiaries. No loss of life is reported, but the destruction of property will be enormous.—*Laramie Boomerang.*

While Mr. Joseph White and family were out driving yesterday afternoon, one of the shaft bolts came out, and in crossing the bridge over the race near the West school house, the buggy was overturned. Mr. White was slightly cut and bruised about the head but his wife and children, beyond a severe fright, were unhurt.—*Provo Enquirer.*

Diphtheria and scarlet fever have been the cause of death quite frequent in Fairview this present spring and it is said that more than thirty persons have passed away. Last Sunday, May 24th, two children of the Porter family died from diphtheria. The Sunday school and Sabbath day school will be discontinued in that town.—*Provo Enquirer.*

An accident which though trivial in itself occurred at Medicine Bow last night and blocked the main line of the Wyoming division for twelve hours. Engine No. 1009, one of the light ones the Carbon hill was backing up light from Carbon to Medicine Bow, and at a point where, about three-quarters of a mile from Elm Junction it jumped the track and tore up the rails and ties for about two hundred feet. No one was hurt.

A force of men worked there all night rebuilding the track and getting the engine back on the rails. Traffic was not resumed until 8 o'clock this morning.

No. 2 and No. 4 were both delayed by the wreck, the latter reaching here with two cars at 8:25 this morning, eight hours late. No. 2 came in at 8 o'clock over six hours late.—*Laramie Boomerang, June 5.*

Last night's Republican rally was the largest political gathering ever held in the Garden city, and it demonstrated the fact beyond a doubt that our citizens are greatly interesting themselves in national issues. Furthermore they are acting with thought in the matter of division, and when we talk about the party in national party lines (which may not be far in the future), the people will be able to act from pure conviction.—*Provo Enquirer, June 5.*

The frisky highwaymen is again abroad in the land. Two nights ago two of the gentry entered the saloon of H. Bellah, near the Parrot smelter, and at the muzzle of unmentionables gave compelled that gentleman to swell their exchequer to the amount of about $50, all there was in the shop. The thieves then withdrew and left for parts unknown.—*Little Miner.*

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses in a more eminent degree than any other medicine the elements of health giving, blood-purifying and appetite-restoring, which so strongly recommend it to most at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong. 4

Happy Hoosiers.

Wm. Timmons, postmaster of Unionville, Ind., writes "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble." John Ledlie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies, he found new strength, good appetite and felt just like he had a new lease on life. Only 50c. a bottle, at A. C. Smith & Co's Drug Store. 1e

A New Stage Line.

The Union Pacific has commenced selling tickets from Salt Lake to Albion, Idaho, via Minidoka, at rate of $12.65. Persons going into Cassia County via this route will avoid the long stage ride of sixty miles via Kelton, as the distance via stage from Minidoka to Albion is only thirty miles. Parties may leave Salt Lake on the evening of one day and arrive at Minidoka the afternoon of the second day without difficulty.

Remarkable Recovery.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle, and to her delight found herself benefited from first dose. She continued its use, and after taking ten bottles found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at A. C. Smith & Co's Drug Store. Large bottles 50c. and $1.00. 4

Belford's Horehound Syrup.

We guarantee this to be the best Cough Syrup manufactured in the wide world. This is saying a great deal, but it is true. For Consumption, Coughs, Colds, Sore Throat, Sore Chest, Pneumonia, Bronchitis, Asthma, Croup, Whooping Cough, and all diseases of the Throat and Lungs we positively guarantee Belford's Horehound Syrup to be without any equal on the whole face of the globe. In support of this statement we refer to every individual who has ever used it, and to every druggist who has ever sold it. Such evidence is indisputable.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by A. C. Smith & Co.

Rev. H. H. Fairall, D. D., editor of the *Rocky Mountain Christian*, says editorially: We have found the merits of Ely's Cream Balm, and believe that, by a thorough course of treatment, it will cure almost every case of catarrh. Ministers, as a class are afflicted with bronchial throat troubles, and catarrh means misery and death to many. We cannot too recommend Ely's Cream Balm too highly."

I used Ely's Cream Balm for dry catarrh. It proved a cure.—H. F. M. Weeks, Denver.

SHORT LINE! FAST TIME!

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW, SINCE IT WILL BE TOO LATE.

I have been troubled many years with Kidney Complaint, Backache and lame back, different remedies and doctors have given me temporary relief, but the disease always returned. About this time a friend advised me to try Kidney Pills, as he had found them a sure cure. Since I am free from all pain, I feel it my duty to warn others of the danger attendant upon the neglect of the kidneys, and to the astonishment of all who knew of my condition, I am now well and able to do my share of work. I cannot say too much in favor of Kidney Pills, as I owe my life to them. I shall always recommend the use to all sufferers.

WHAT IS A GUARANTEE?

Many merchants and salesmen are in the habit of indiscriminately "guaranteeing" their wares with no thought of being called upon to make the "guarantee" good. It is a pernicious and foolish custom more respected in the breach than in the observance.

A guarantee, to have any value, should be made with knowledge of the meaning of the word and a set purpose to carry out the terms of the guarantee. On line such the makers instruct us to warrant, and we replace any tool found imperfect in use.

We have used our best judgment, supplied by a considerable experience, in selecting the following items for our stock and sell them to our customers with an absolute guarantee that if they do not prove to be all that we represent them, we will refund the purchase money in full.

"Jewel" Steel Ranges. A finished article, perfectly proportioned, made of the best material. Don't fail to see it. It will pay you.

"Quick Meal" No Generator, Evaporating. Light it as you do your gas burner. No smell. No danger. No complication. Every objection to the use of a Gasoline Stove done away with. Think of the discomfort missed in Summer by avoiding the heat of a big Kitchen Range.

"Superior" Cooks and Ranges. Superior as bakers. Superior in economy of fuel. Superior in design. Superior in construction. Superior in everything that goes to make a perfect cooking apparatus.

The "Finke Refrigerator." An ice saver. A Health promoter. Cellular stone lined. What is that? Investigate it. It will more than repay you.

Our stock of Builders' Hardware, House Furnishings, Garden Hose, Lawn Sprinklers, Lawn Mowers, etc., is complete in every detail.
