MUNICIPAL AFFAIRS.

A Special Ordinance Passed for the Sale of $125,000 Bonds.

SCHEME TO RELAY WATERMAINS

The Liquor Reduction Again Delayed. —Street Block Crossings to School Buildings.

An adjourned session of the City Council was held last night. The meeting was called to order at 8 o'clock by Councilman Beardsley who presumed the chair in the absence of President Lootbourow. The members present were Rich, Folland, Kerrich, Moran, Horn, Bell, Kelly, Evans, Simondi, Lawson, Hardy, Wantland.

THE PROCEEDINGS.

Bell moved a reconsideration of that part of the minutes which referred to the action of the Council on Tuesday giving the committee on waterworks power to act in the relaying of 17,000 feet of water mains.

The motion was seconded by Hardy and several members wanted to know Mr. Bell's reasons for the reconsideration.

In reply that gentleman stated from personal investigation he knew that at least 5000 feet out of the 17,000 feet did not need relaying. To him it had a suspicious look. It contemplated the expenditure of a vast amount of money. Where was the cash coming from? That was the query. He knew that if the work was started it would be stopped in forty-eight hours. These were cold, hard facts and the Council should take cognizance of them.

Moran, chairman of the committee on waterworks, said the committee had the matter in hand and would only relay where it was necessary.

Simondi, patriotic, echoed Mr. Moran's statement and complimented the committee by saying they were a bright, efficient lot of gentlemen.

Folland and Hardy spoke in favor of the motion and Bell in response to Moran said he didn't doubt but that the committee would act. That was the trouble. There had been too much "power to act" during the administration. On many things, as the one in point, the members knew no more of it than they did of the southwest corner of Africa. He did not hesitate to inform the council that if they went out on the morrow and issued warrants covering the expense they would be doing that which was illegal.

This caused several members to indulge in a burst of hilarity whereupon Bell said: Laugh on gentlemen, I have been laughed at in this council before for advocating economic work and you are welcome to your little fun.

The vote to reconsider carried on the following roll call:

Ayes—Beardsley, Bell, Evans, Folland, Hardy, Carrick, Rich, Wantland—8.

Noes—Horn, Kelly, Lawson, Moran, Simondi—5.

The matter was finally disposed of by being referred back to the committee on waterworks with a request to report the probable cost of relaying the necessary mains, on Tuesday night next.

SEWER TAX PAYMENT EXTENSION.

Lawson offered a resolution extending the time of payment of sewer tax on First South from Eighth to Tenth East, for sixty days. Received and filed.

THAT $125,000 ISSUE OF BONDS.

Lawson offered the following:

Be it resolved, That a certain resolution adopted by the Council on the 14th day of February, 1893, setting aside $125,000 of the city's bonds for the purpose of the gravity sewer construction be and the same is hereby rescinded and is declared to be of no effect, and that the city treasurer be and he is hereby authorized and directed to disburse the same upon auditor's warrants, for all purposes as though said resolution aforesaid of date February 14, 1893, had never passed.

The resolution was adopted of the following vote:

Ayes—Beardsley, Bell, Evans, Horn, Kelly, Lawson, Moran, Rich, Simondi, Wantland—10.

Noes—Folland, Hardy, Kerrick.

A BOND SALE ORDINANCE.

Mr. Bell, chairman of the financial committee, offered the following:

Whereas, By a resolution of this body, duly and regularly passed on the 25th day of July, 1893, the Mayor and treasurer were authorized and empowered, in connection with the finance committee, to sell at private sale all or any part of the 225 bonds of the issue of July 1, 1893, that remaining in the possession of the city and numbered from 201 to 600, inclusive; and

Whereas, In pursuance of the authority conferred by said resolution, the Mayor, treasurer and finance committee have sold of said bonds numbered from and including 201 to 425 to Blair & Co., bankers, of the city of New York, and have given option of 125 additional of said bonds; and

Whereas, It was part of the consideration to the said purchasers that an ordinance containing the recitals and provisions of the present ordinance should be passed for the assurance of the said purchasers and all subsequent holders of the said bonds, and that all of the purchase price of said bonds prior to the delivery of said bonds to said purchasers shall be entirely applied to the retirement and actual cancellation of a like amount of the valid and outstanding warrants of the city; and

Whereas, The aggregate indebtedness of the city of all kinds and for all purposes, including the said issue of bonds sold to the said Blair & Co. as aforesaid, do not and does not exceed two per cent of the value of the taxable property within the said city, as determined and ascertained by the last assessment for territorial and county taxes at the date of the delivery of the said bonds to Blair & Co.; and

Whereas, All of the provisions of law and the ordinances of the said city in respect to the issue and sale of said bonds have been complied with;

Therefore, Be it ordained by the City Council of the city of Salt Lake, that the issuance and sale to Blair & Co. of the bonds aforesaid, and the action of the Mayor and finance committee in the premises be and the same are hereby approved, ratified and confirmed, and said bonds are declared to be binding and legal obligations upon the city of Salt Lake, and the recorder is directed to furnish a certified copy of this ordinance, under the seal of the city, to the purchasers of the said bonds, or any subsequent holder thereof, as the assurance of the validity thereof, that the same are in all respects in binding and legal obligations; that all ordinances in conflict herewith be and the same are hereby repealed. That this ordinance shall take effect from and after its approval.

Kerrich said that he didn't propose to give the committee power to act while he intended to see that no such gang carried while he was a member of the council.

Mr Bell announced that Mr. Bacon had consummated the sale and added that he be allowed to speak on the question. Permission was granted and Mr. Bacon said he considered the sale, at ninety cents and five per cent, a very good one. He had worked with the Mayor and finance committee for thirty days to effect the sale and did it simply for the good of the city and did not expect a cent for what he had done. He had secured the personal opinion of Judge Dilton of New York as to the legality of the transaction. He advised the passage of the ordinance at once, saying if it at was done he would be able to secure $50,000 of the amount transferred to the credit of the city today (Saturday) as soon as the first installment of $50,000 had been used in taking up bonds.

Kerrich said he believed it would be suicidal to sell the bonds at ninety cents on the dollar in view of the fact that money was getting easier in the East. He was satisfied that a much better bid would be offered in less than a week.

SIX SCHOOL BUILDINGS.

Lawson moved that the Mayor, who was in his private office, acquainting the Council examiner be invited to to enlighten the Council on the situation and to Deputy Recorder Fred Dennis was delegated the task of conveying the message to his honor. Mr. Dennis came back with the information "the Mayor, gentlemen, says he does not desire to speak to you on the question."

The ordinance finally passed on the following vote:

Ayes—Beardsley, Bell, Evans, Horn, Kelly, Lawson, Moran, Simondi, Wantland—9.

Noes—Folland, Hardy, Kerrick, Rich—4.

ANOTHER MOUNTED POLICEMAN.

The question of adding another mounted policeman to the police force was referred to the committee on police.

IT HAS TWO FATHERS.

Wantland and Rich offered the following, which after a lengthy discussion went over until the next meeting of the council:

Whereas, Owing to the present financial depression, the prices of labor and materials are burdensome to all classes of business;

Resolved, That a reduction of 10 per cent be made on licenses for the three months ending December 31, 1893, providing said payments are paid in cash.

CHOP WALKS TO SCHOOLS.

Rich moved that the street supervisor be instructed to lay stone block crossings over the streets leading to the Washington and Jackson schools. Carried.

Adjourned until Tuesday night at 7:30.

WHY BUY IMPORTED SOAP when you can get a superior article manufactured at home? Do not look at this Soap, throw it to one side, and think no more about it, but give it a good, fair trial and then insist on having Beehive Soap and take no other. Test its quality by washing a piece of flannel, and you will find it leaves none as stiff as when new. You can use this Laundry Soap in your Bath or for toilet use. Wash your head with it, and your hair will be as soft as silk. Use it on tarnished tinware, and you will be surprised to see the result. Beehive Soap makes the skin soft and smooth, and contains no properties that will injure the finest fabrics. One-half pound bar of Beehive Soap will do the work of a pound bar of other soaps, and do it better, as it contains no rosin or other cheap material. Money paid for Beehive Soap remains at home and furnishes employment for home people. A fair trial is all we ask, and we know the soap will please you, and you will use no other. Manufactured only by GRANT SOAP COMPANY, Salt Lake City.

Can you impose upon your conscience enough to send away for any of the articles mentioned in the above list when you see their superior quality to those imported?

All Tickets should be sent to us by October 7th, 1894.
