Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

WASHINGTON, 19.—At the expiration of the morning hour, Spencer, from the military committee, reported back the resolution instructing the committee to enquire whether anybody had been appointed in the army contrary to the act of July, 1866, together with the desired information. Ordered printed.

Sargent introduced a bill to reorganize the life-saving and coast service. Referred.

Conover introduced a bill for the relief of Mollins, late associate justice of New Mexico. Referred.

The committee reported favoring the restoration to the rolls of the names of the soldiers in the Indian wars and the war of 1812, stricken from them on account of disloyalty, provided their disabilities had been removed or application had been made for their removal.

Ingalls said not over 100 were included in this, and advocated the passage of the bill as tending to restore national unity.

The bill was passed.

Edmunds called up the Senate bill to annul the act of the legislative assembly of Wyoming to provide for the organization of Crook and Pease Counties, and to provide for holding court therein, which was discussed briefly and laid over till to-morrow. Adjourned.

Silver.

WASHINGTON, 19.—At the end of Harris' speech, Hale obtained the floor and referred to the remarks made on Thursday by Gibson, that he (Hale) had taken occasion, in season and out of season, to denounce the people of Louisiana. He denied that he had ever denounced those people. He had first watched the Louisiana policy hopefully, believing the President would meet a hearty return. But plighted honor and support had been forfeited. The legislature's resolutions went for nothing, and to-day violent political proscriptions were urged in Louisiana, which bring back older days. He reviewed the events in Louisiana since the close of Grant's term, declaring the electoral count had determined the title of Packard and his legislature as surely as the President's title, and both houses had accepted the decision. The Senate, by the admission of Kellogg, had lately affirmed its title. He alluded to the conciliatory policy of the President in refusing to send troops at the call of the legislature of Louisiana.

Hale continued at some length in much the same strain, and was followed by Gibson, Elam, Clymer and others in heated discussion.

Serious Affray Between Freshmen and Sophomores.

NEW YORK, 19.—A serious affray occurred last night in Princeton, N. J. College, between sophomores and freshmen, in which one of the sophomores was dangerously shot. The sophomore room was entered by freshmen, who bound the sophomores to chairs, shaved their heads and left them tied. Other sophomores followed the freshmen, shots were exchanged and Alterbury, of the sophomore class was wounded in the thigh. Great excitement prevails.

Arrested for Fraud.

Mrs. Elizabeth McCall, a widow, commenced suit against her cousin, James Lorimer Graham, in the Supreme Court, and an order for his arrest, holding him in $50,000 bail has been executed. The charge is having fraudulently obtained a free power of attorney over her property, and having made way with most of a fortune of $65,000. Graham is a lawyer of some prominence, and belongs to a well known family, is known as Gen. Graham.

Utah Affairs.

WASHINGTON, 19—The sub committee of the House committee on Territories agreed to report a bill providing for secret ballot voting in Utah.

Wm. Nelson, United States marshal for Utah, has resigned.

Recovery of Stolen Money.

CHEYENNE, 19.—On the 31st day of July last, a registered package containing one thousand five dollar bills on the bank of Montreal, was mailed by Messrs. Donnell, Lawson & Co., New York, to J. G. Baker & Co., Fort Benton, Montana. The package reached its destination minus the money, a substitute having been placed in the package on the route. Detectives were put on the track, but nothing until Saturday last nothing had been discovered. On Saturday afternoon, money answering the description of that stolen was captured in Chicago while being negotiated by a pawnbroker for a man named Harmon. Harmon gave information which caused the special agents of the postoffice department, Stuart, Sperling and Seybolt, of the Chicago agency, to leave that city on Sunday morning, and they yesterday arrested J. J. Moore, at Ripondo, near Fremont, Nebraska. He was brought here to-day and waived an examination, and was held in $10,000 bail. The prisoner was up in two months ago postal clerk on the Union Pacific railroad, running between Laramie city and Green River. He acknowledges to having given the money to Harmon for negotiation, and states that Harmon had no reason to think the money had been obtained dishonestly. The first arrest in the case was made on Saturday last and the officers are positive they have the right man. They have also secured the entire amount stolen in the original money.

Missed by Lightning—Suspected Mining Tragedy.

DEADWOOD, D. T., 19.—To-morrow's Pioneer will contain a letter written by Pat. Rafferty, a well-known prospector from Pinnacle, which gives the following news: The Rafferty party left Deadwood, July 5, for the Big Horn, reaching Clarke's Fort about the 1st of September. On September the 8th they were attacked by a band of the Nez Perces Indians. The Indians succeeded in killing all but Rafferty and a Swede named Chris. Nolan, who escaped to the command at that time scouting in that vicinity. A few days after this Rafferty was met with four men to convey a wounded man to the Crow agency. The next morning after leaving the command the Indians attacked and killed all but Rafferty, who, though wounded through the arm, succeeded in making good his escape. The names of the prospectors killed in the fight of September 8th are John Shenandrew, Ole Roe, Carle Bjarklunder, Anderson, Lew Anderson and Thomas Radcliffe.

The Miners' Union, to-day, notified Springer and Lancaster, mill men in the Black Tail Gulch, that unless they increase their wages from $2 50 to $3.50 per day, Union rates, their men would be driven from the mine. Trouble is expected.

Murder and Suicide.

ST. LOUIS, 19.—John Gumbinger, accompanied by a lady, registered at the Lindell last night. They ate supper and were assigned to a room. About 2 o'clock this afternoon, the room was entered, and their bodies found lying on the bed. The woman had been shot in the left temple and the man in the right. The pistol which had done the work was in the man's hand. The man was identified as John Gumbinger, aged 27, a bar tender for Henry Lyda, a wealthy saloon keeper and brewer. The woman was Maggie Lydia, aged 19, daughter of Gumbinger's employer. The father had forbidden marriage between them. The young woman was pregnant.

Fatal Boiler Explosion.

CHICAGO, 19. — The *Tribune's* Quincy, Illinois special says: A terrible boiler explosion occurred, this morning, in the steam saw mill of A. W. Shields, Palmyra, Missouri, by which two men were instantly killed, and the owner and another man were scalded fatally. The mill was almost completely destroyed. Cause—presumably, a defective boiler.

$35,000 Fire.

LEITERSVILLE, Pa., 19.—Daniel Leon' cotton and woollen mills, near here, were burned, this afternoon; loss $35,000.

WESTERN.

Arrested—High Water.

SAN FRANCISCO, 19.—J. C. Merrill, owner of the schooner *E. J. McKinnon*, on which Duncan attempted to escape on Sunday morning, was arrested to-day, on a charge of felony for conspiring to facilitate Duncan's escape, and released on $10,000 bail.

At Sacramento the river, to-day, was even with the Front Street railroad track, and in places oozing through, but the levees still hold, and the break in the embankment on the Yolo side is drawing off the water and relieving the levees. No danger to the city is apprehended.

Murderer Executed.

J. W. Rover was hanged, to-day, at Reno, Nevada, for the murder of J. N. Sharp, near Winnemucca, April 8, 1875. Rover has had four trials, three of which resulted in conviction, and one in a disagreement of the jury. The case was appealed to the supreme court, which affirmed the decision of the lower court. As a last resort, he was brought before the commission of lunacy, which was unable to agree, and the sentence was executed at 2 40 p.m.

FOREIGN.

GREAT BRITAIN.

The Eastern Question.

LONDON, 19.—The *Post*, in its leader relative to the possible advance of the Russians on Gallipoli, says the Russians now affect to consider that the advance of our fleet turned their position. They are apparently indisposed to occupy Gallipoli unless we agree to give them guarantees against our further advance. Such guarantees would be found in a Russian occupation of forts on the Bosphorus, or in a promise by England not to enter the Black Sea.

A Paris correspondent hears that the British ironclads have gone to the Gulf of Saros.

A Berlin correspondent states that the Russians are concentrating 300,000 men in Roumania. This occasions much comment in Austria.

It is believed that Prince Gortschakoff has attached no unreasonable conditions to his assurance that the Russians will not occupy Gallipoli.

The appointment of Bayard Taylor to be minister of the United States at Berlin, is cordially hailed by the German press.

A Vienna correspondent says: A difficulty has arisen relative to the date of the convocation of Congress. Prince Gortschakoff considers that a preliminary treaty of peace should be first signed. Austria objects to Russia being able to present the treaty as an fait accompli.

The *Agence Russe* states that it is probably the meeting of the powers will take the form of a conference. The Turks are becoming more recalcitrant in regard to peace negotiations. The same paper says the Russians must approach nearer to Constantinople if the British fleet remains in the Sea of Marmora. The withdrawal of the fleet to Besika Bay would, however, solve the difficulty.

Her Majesty's ironclad *Devastation* started for Besika Bay, to-day.

M. Ristics, the Servian Prime Minister, has drawn up a memorandum to the Czar, claiming the whole of Old Servia. The Servians are resolved not to evacuate the conquered territory unless forcibly expelled. It is stated that Russia has decided to add Pashalik of Nisch to Bulgaria. A collision between Servia and Russia is, therefore probable.

The Thessalian insurrection increases. It is reported that 6,000 Turks have been defeated near Volo with a loss of 800 killed after desperate fighting.

FRANCE.

The Tuileries—Banished Abdication.

PARIS, 19.—The council general of the Seine adopted a resolution recommending government to raze the ruins of the Tuileries.

Rumor comes from the Hague that the King of Holland thinks of abdicating in favor of the Prince of Orange, his oldest son.

TURKEY.

Server Pasha and Whitmer Legend—Russian Troops Suffering at Erzeroum.

CONSTANTINOPLE, 19.—It is understood that Server Pasha, minister of foreign affairs, promised to formally and publicly disavow the statements attributed to him that he particularly blamed Layard of encouraging Turkey to fight on by the promises of English support. In default of such reparation, Layard will demand that the Porte dismiss Server.

A dispatch from Erzeroum, 10th inst., says: The Russians troops are suffering from epidemic disease and are short of provisions.

Negotiations for the surrender of Erzeroum are still proceeding, and are expected to be concluded to-morrow. Meanwhile the Russian investment continues. Three thousand families are now in Erzeroum in terrible distress. Famine is believed inevitable in the spring. The weather is still intensely cold.

AT THE

UNITED STATES

CentenniaL

World Exhibition, 1876.

MASON & HAMLIN CABINET ORGANS

Unanimously assigned the

FIRST RANK

IN THE

SEVERAL REQUISITES

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "THE FIRST RANK" in the SEVERAL REQUISITES of Instruments of the kind, by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, THE ONLY INSTRUMENTS TO RECEIVE THE ORIGINAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but as is well known, medals of equal honor have been awarded all articles deemed worthy of recognition; so that it will be only for many makers to advertise that they have received "first medals."

The difference in competing articles, and their comparative excellence, are recorded in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO. exhibit of Reed Organs, and those instruments in THE SEVERAL REQUISITES OF FIRST-CLASS INSTRUMENTS OF THE CLASS, combining all improvements, remarkable for musical quality, power and variety of tone, adaptation to all styles of music, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned this rank. This brings them into competition for the Mason & Hamlin Cabinet Organs have formerly been awarded the highest honors in competitions in America, have twice been recently the recipients in honorable competitions. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA 1873; SANTIAGO, 1875; PHILADELPHIA, 1876;

and have not been awarded highest honors at

Every World's Exposition!

at which they have been exhibited, being the Only Reed Organs to receive such honors, over obstacles they have had to overcome from high duties, or prohibitory duties, in all European World's Exposition.

THE STYLES AND PRICES now offered at the CENTENNIAL display new cases in great variety. Prices equally low, considered with best material and workmanship. Organs sold for cash or on easy payments, or rented until paid for. Every Organ warranted perfect, delivered free of freight, and warranted for FIVE YEARS. ILLUSTRATED CATALOGUES sent free.
