## ELECTION RETURNS.

### A Most Decisive Victory For McKinley.

### THE RESULTS IN OTHER STATES.

### New York Has Done Over to the Republicans.—A Democratic Victory.

OHIO.

COLUMBUS, O., Nov 7.—With a plurality of 20,000 and two-thirds of both branches of the legislature, McKinley has won the most decisive victory recorded in Ohio since the civil war. It has been won on national issues. It would not have been a surprise two weeks ago, but after the action of Congress there seemed to have been such a reaction, that the overwhelming vote is a surprise. The Democrats did not allow the contest to go by default, but made a most vigorous fight with harmonious working forces. Ex-Governor Campbell canvassed the state for Lawrence T. Neal all last week, and the Democratic committee was hopeful after Congress reached a decisive action.

The weather was pleasant all over the state, and there was a full vote of over 850,000.

The Republicans are apprehensive on one part of their victory. The legislature elected today does not select a United States senator, and it is over two-thirds Republican, the strongest since the war.

To General Manager Associated Press—At 11:30 I desire to change the Ecumenical earlier. We have carried Ohio for McKinley by 20,000 to 20,000 plurality, and both branches of the legislature by more than two-thirds majority. CHAUNCEY DEW.

After the second returns became known the places for receiving news changed into jubilation meetings and speeches were made by Chairman Dow, Deliver, of Iowa, and others, eulogizing McKinley as a man of destiny, and nominating him for president. At 2 a.m. Chairman Dick said the returns indicated a plurality of 87,000 for McKinley.

Chairman Seward of the Democratic state committee, seen just after midnight, had no statement to make on the result. He and Colonel Taylor, Democratic candidate for Lieutenant-Governor, were discussing laughingly Neal's motion to "make it unanimous."

CINCINNATI.

CINCINNATI, Nov. 7.—There was a great crowd early at the polls. Two-thirds of the vote was cast by 10 a. m. at many precincts. The Republicans probably carry the county by an increased majority. The voting throughout the state was very heavy.

Over-tenth of the precincts in Hamilton show a Republican gain of 932 over 1892. At this rate the Republican plurality will raise to over 12,000. This appears to carry the Republican ticket, including three senators and ten members of the house of representatives.

NEW YORK.

NEW YORK, Nov. 8.—1 a. m.—One of the most peculiar campaigns in the history of the state closed at sundown this evening, and it is safe to say that the Democratic managers were not more surprised at the result than the Republicans. The dominant issue in all portions of the state has been ring rule, and the Republicans in New York City, Brooklyn, Albany and Buffalo have been greatly assisted by the organized efforts of the Independent Democrats.

Isaac H. Maynard, candidate on the Democratic ticket for judge of the court of appeals, against whom the Independent Democrats waged war, is overwhelmingly defeated.

In Brooklyn the Democratic majority of 25,000 at the last election was completely overturned.

Richard Croker, the Tammany chieftain, at 9 o'clock said: "It looks as if the Republicans have made a clean sweep of the state including the legislature."

The *Herald* says New York state has gone Democratic. The *Tribune* says the state has gone Republican by 40,000 majority.

The *Tribune* bulletin says: "Herlbert is elected over Maynard by a plurality of 75,000."

The *World* says Boody concedes his defeat as mayor of Brooklyn.

In Brooklyn a Republican mayor was elected by about 15,000. William C. Gaynor, a prominent Democrat, who led in a fight against Boss McLaughlin and the ring, was nominated by the Republicans for supreme court judge in the second district, with the result of 30,000 majority in his favor.

The complete returns of the day show the election of the entire Tammany ticket by majorities ranging between 67,000 and 68,000.

Oswego, a city which usually gives a Democratic majority, goes Republican by 54 votes, for the first time since 1856.

Buffalo, N. Y.—The *News* claims the city has gone Republican by a clean sweep, the Democrats saving only an occasional alderman.

Rochester.—The Republicans made a clean sweep of Monroe county.

Albany.—At 11 o'clock Governor Flower conceded the State by about 15,000, but said he still hoped the assembly and Senate would be Democratic.

Lansingburg, N. Y.—There was a riot here tonight between the police and citizens. The police seized the ballot boxes in three districts, and started for the police station. The citizens followed and attempted to rescue the boxes. The policemen shot John E. West, a prominent citizen, in the head.

Long Island City, N. Y.—A riot took place today in the first polling district ward in Blasdville. The police clubbed the rioters into submission. Roughs participated in the fight by seizing the polling booths.

MASSACHUSETTS.

BOSTON, Nov. 7.—The result of the election in Massachusetts today can only be described as a huge political landslide. For the first time in three years the state will have a Republican governor, and it's plurality is 30,000, at least. The whole ticket is elected with him, and the legislature is solidly Republican in both branches.

The returns from the entire city, except one precinct, gives Greenhalge 29,000; Russell, 28,782; a Republican net gain of 2,011. If the Republican gain continues Greenhalge will have 13,000 majority.

VIRGINIA.

RICHMOND, Va., Nov. 7.—The weather was cloudy, cold and disagreeable, but a good vote was polled. There is every indication that the Democratic state ticket is elected by a large majority, and that the Democrats will have more than two-thirds majority in the legislature. The next to vested the Democratic ticket. The most notable feature here was the absence of Populist votes.

Revised figures on the election returns, as made up by dispatches from two-thirds of the state, show the Democrats carried Virginia by a majority of not less than 25,000, and O'Ferral may be sure of his ticket several thousand votes. In the senate the Democrats will have at least 30 out of the 40 composing that body, and 85 of the 100 members in the house. The Prohibition ticket got the largest vote they ever received in the state.

ILLINOIS.

CHICAGO, Nov. 7.—The elections today were hotly contested, and the Republicans seem to have a fair lead tonight, the best of it. The *News*, the senior Democratic paper, concedes the election of the entire Republican judicial ticket, with one possible exception, and claims no more than five of the county commissioners inside the city. Outside the city is, of course, Republican.

The judicial ticket has heretofore been a non-partisan ticket, but this year the Democracy broke away and nominated a ticket of their own, and the Republicans seem to have elected every judicial candidate. The great fight has been over the election of Judge Gary, who presided at the trial of the anarchists. At the time Governor Altgeld pardoned the anarchists he made a severe attack upon Gary, and the fight has been the latter against the state machine, with the result that Gary seems not only to have polled the full Republican strength, but to have received Democratic votes as well.

The general result shows decisive Republican gains over the presidential election of a year ago.

IOWA.

DES MOINES, Ia., Nov. 7.—The Republican committee, basing their claim on the gains made in precincts coming to the south of the state, claim the state by 35,000. Chairman Fuller of the Democratic state central committee, concedes that the Republicans have carried the state by probably 20,000. The Populist vote so far shows no gain over last year, while the Prohibition vote is almost doubled.

The election in Iowa will go down as a Republican landslide. The gains have been steady all night and the average is still about 40 to the precinct. The returns from more than one-fourth of the state are now in and the rate of increase can hardly be materially changed. The returns as to Prohibition and Populist votes are scattering and not enough to base a good estimate on.

Chairman Blythe of the Republican state central committee, claims the election of the whole Republican ticket by upwards of 30,000. Chairman Fullen of the Democratic committee, concedes the election to the Republicans by probably 20,000. In the legislative districts the Republicans made many gains and are now certain of a working majority in both houses, assuring a Republican successor to United States Senator Wilson.

NEW JERSEY.

NEW YORK, Nov. 7.—The election in New Jersey was for the state Senate and the entire house of assembly sixty members. It resulted in a Republican gain of six senators. This will make the senate stand seven Republicans and ten Democrats, the Republican majority being one, again eleven Democrats last year. The new house will apparently contain 37 Republicans and 28 Democrats, the Republican majority being 14, against a Democratic majority of 18 last year.

CAMDEN, N. J., Nov. 7.—The city was in the hands of a desperate gang of thugs and repeaters today. Riots occurred at several precincts. Democratic policemen and ward workers took possession of many of the polls and the Republicans appealed to Sheriff West to place the military at the polls. Many deputy sheriffs were stopped on the street and had their weapons taken from them.

PENNSYLVANIA.

PHILADELPHIA, Nov. 7.—The entire Republican ticket is elected in this city.

The returns from every county in Pennsylvania so far show Republican gains.

Pittsburg.—Factional fights here caused a very bitter feeling, and every inch was contested, resulting in several collisions and the closing of the poll in one district for a time.

The returns at midnight from Allegheny county indicate the election of the entire Republican county ticket and a plurality of 10,000 for the state ticket.

KANSAS.

TOPEKA, Nov. 7.—The Australian ballot system was used in Kansas today for the first time, and there was some friction in localities where the law was not thoroughly understood. The vote was not nearly as large as in 1892, when 224,506 votes were cast. In the first place, it is an off year; then it is estimated that fully 25 per cent of the voters in the western part of the state have emigrated on account of the failure of crops, and besides there was a considerable exodus from all sections to the Cherokee Strip, and finally many voters, through ignorance or stupidity, would not venture into the booths under the new law. By common consent the vote today was compared with two years ago, when the same county officers were elected.

Kansas City.—In Wyandotte county, the most populous county in the state, the entire republican ticket, with the exception of surveyor and registrar of deeds, is elected. However, throughout the state not more than half the registered vote was polled, on account of the split in the party. Few Democrats voted.

MARYLAND.

BALTIMORE, Nov. 7.—The returns from many parts of the state show that the Democrats elected their candidate for state comptroller by a large plurality.

Matthew Stuart (colored) was shot and killed by a ballot which came from a crowd near a polling booth. There was no other trouble. The negro was high, owing to a split in their ranks.

The returns from the state are coming in slowly. The Democratic candidate for comptroller, the only state official voted for, is elected by 15,000 majority. The Republicans make gains in the state.

ARKANSAS.

OZARK, Nov. 7.—At noon the indications were favorable for getting out the vote. Workingmen delayed the polling places at the mine here. The numerous workings of the Arkansas Coal system, with cash, scrip, city and state bond tickets in the field, made the voting slow. The only interest here was the city ticket. The state candidates received little attention.

The returns from the state are coming in slowly, something reported received at 11 o'clock indicate Republican losses in the head of the ticket and Populist gains. The race between Harrison, Republican, and Holcomb, Populist, is very close. The outcome will probably not be known till morning. Bonus, Republican, is elected Mayor over Bellett, Democrat, by 2000 plurality.

KENTUCKY.

LOUISVILLE, Ky., Nov. 7.—Advices from all over state indicate that the usual Democratic majority in the legislature will be slightly increased. In western Kentucky, where the Populists were strongest last year, the Democrats gave made gains.

The results of the election through Kentucky will not be known for several days, but the legislature will be Democratic on a joint vote, about 4 to 1. In the city Tyler, Democrat, was renominated for mayor by about 2000 majority.

NORTH DAKOTA.

YANKTON, S. D., Nov. 7.—Information received from the headquarters of both the Republican and Democratic central committees assure the election of all the Republican candidates for the judiciary upon the Republican tickets. The vote cast will be about one-half, or 45,000, of which the Republican candidates will receive 65 per cent. The actual figures will not be available till tomorrow night.

St. Paul.—The returns from ten different counties in South Dakota show Republican gains over last year's vote, and indicate a Republican majority of fully 45,000. The returns indicate that six Republicans out of eight circuit judges are elected.

DETROIT.

DETROIT, Nov. 7.—At midnight returns from the First Congressional district, for successor to Hon. J. Logan Chipman, who recently died, point to the election of Levi T. Griffin (Democrat) by a slight majority over James M. Shoup, minister of internal revenue.

### THE CABINET

#### Discussed the Honduras Outrage Yesterday Afternoon.

WASHINGTON, D. C., Nov. 7.—Secretary Gresham in a morning received a dispatch from United States Minister Baker, who was on board the steamer Costa Rica at Amapala when fired on by the Honduran authorities because the captain of the vessel refused to surrender a refugee from Honduras on board as a passenger. The dispatch fully confirms the press reports of the affair on the United States flag.

While the ship was in the port of Amapala the authorities demanded the surrender of Polonio Bartilla, who was recently concerned in a revolutionary movement against the Honduras government. The captain declined. After the ship had received her clearance papers and while she was leaving the port six or seven shots were fired to bring her to. Minister Baker was on board at the time. Whether the shots were fired directly at her or to frighten is not stated.

The matter was discussed at a cabinet meeting this afternoon. Captain Dow, who was in command of the Costa Rica, is the same captain who delivered Barrundia, who was killed on his ship several years ago by the Guatemalan authorities. It has been established that a political refugee, who is a passenger, as Barlla was, cannot be taken from the ship within the port of Amapala without the consent of the United States minister on the vessel, in this case is not considered to make any difference in the diplomatic aspects of the case.

### SILVER REVIVAL

#### Russia Can Easily Absorb $200,000,000 for Coinage.

WASHINGTON, Nov. 7.—The opinion is expressed here that the cause for the rise in silver in London during the past few days is due in part to a belief that the government of Russia is contemplating a step adopting silver as part of her monetary system. It is said that intimations have been received here by the government officials that Russia will replace her innumerable paper money with silver, to be used for subsidiary coin. The present amount of silver in use in Russia as money is not 55 cents per capita. Russia has $300,000,000 in uncovered paper, about $2.42 per capita. It is stated here that Russia can easily absorb $200,000,000 in silver and is desirous of doing so, for the purpose of making her commerce in the east with Persia, India and China, which use silver almost exclusively as money.

### Duty on Foreign Fruit.

NEW YORK, Nov. 7.—The importers and dealers in foreign fruits are exercised over the report of a bill introduced by Geary, to put a duty on lemons and oranges of 24 per box. The chamber of commerce of Italy sent a petition protesting against the increase of duty on oranges and lemons, and advocating a decrease of the duties.

President Comments of the fruit importers union, and a leading importer said today: "The bill will do us a lot of harm and will not benefit the growers of fruit in California, because foreign fruit does not begin to come into this market until the California stocks are cleared up. It is preposterous to put a duty on oranges, because the domestic crop is more than sufficient to supply the consumption in the country.

### A Steamer Burned.

TORONTO, Nov. 7.—By the burning of the steamer Frazier today, on Lake Nipissing, eighteen lumbermen lost their lives. The disaster occurred near Green Island and in spite of most strenuous efforts to save life a number perished. Lake Nipissing is situated near the head of Lake Huron, near Ottawa, nearly midway between it and Ottawa river, and it is supposed the steamer was in regular service on the lake.

Under date of Unalaska, Alaska, October 7th, Captain Healy of the revenue cutter Bear reports that an epidemic of la grippe and pneumonia has broken out at that place among the people in the village and on the vessels in the harbor.

## WATCH THE CHILDREN

**Are the Warning Words of Dr. Mansfield and Hunt.—The Statement of Miss Miller, Given Below, Should Constrain Parents to Have Closely Watch Their Little Ones.**

"I am 12 years old and I have suffered from infant ever since I was vaccinated," said Mary Miller to the press.

MARY MILLER, 707 Ohio Street.

Continuing, she said: "I suffered with headaches and nearly all the time my limbs were swollen and I felt very bad. My mother knew I was sick and tried remedies for me but I did not improve. My mother read about Dr. Mansfield's Kidney and Liver Cure and thought she would try it for me. I took two bottles of it and I feel very much better for it. I recommend it to all little girls who are sick."

"I remember when I was a baby I was feeding a bottle of Dr. Mansfield's Kidney and Liver Cure. I was for months, a little girl, in Hunt's Asylum, and my mother, Mrs. Miller, had to take me home to be cured. I was so sick that I could not walk. I was so weak I could not even stand up. I was so sick that I could not even stand up. I was so sick that I could not even stand up. I was so sick that
