UNIVERSITY OF UTAH.

The Exercises to be Held at the Theater on Wednesday.

MONDAY EVENING'S RECEPTION.

A Delightful Time Enjoyed by the Faculty and Graduating Students —This Year's Graduates.

The reception tendered last evening by the faculty of the University to the graduating classes of this year was a most delightful affair. The faculty room, the halls of the first floor, and the large reception room known as Room 15 were beautifully decorated with cut and potted plants, and colored lights and about the carpeted floors were arranged little groups of chairs, suggesting the pleasing commingling of social chat. Only the regents and families, the faculty and families, and the graduating students with a selected levy of walkers from next year's class were invited to be present, and these together with the newspaper reporters who were accorded a most hearty welcome, made up the entire assemblage. There was no prearranged program of musical or literary numbers yet, the ease with which the exercises passed off indicated the most careful thought in the plan of entertainment. Prof. Evan Stephens rendered several vocal and instrumental selections, and President Talmage delivered a brief and an impressive address. The refreshments served during the evening were abundant and excellent. Every one who was present will carry the most pleasing remembrances of this year's reception night.

SHOCKING ACCIDENT.

A Baby Drowned in a Partially Filled Tub of Water.

The infant child of Mr. and Mrs. A. P. Lavin, residing at 89 Grape street, was yesterday evening drowned in a tub partially filled with water. Mrs. Lavin left the babe on the porch while she went into the kitchen to prepare supper and upon returning she was horrified to see the child lying on its face in a tub standing near by which was contained about four inches of water. Assistance was summoned but all efforts at resuscitation proved unavailing, and after an hour's work on the part of neighbors and physicians, the child's life was given up.

The funeral will occur from the residence at 11 o'clock tomorrow morning, and as the parents have the deep sympathy of many friends there will doubtless be a large attendance.

CENSUS ENUMERATORS.

County Commissioners Appoint A. H. Parsons and Assistants.

In pursuance of a resolution passed by the county commissioners yesterday, A. H. Parsons was appointed superintendent of the census to be taken of the precincts of Salt Lake City, preparatory to re-districting, at a salary of $3.50 per day, and was given the following assistants at $3 per day each: First precinct, J. G. McAllister, F. M. Ulmer. Second precinct, A. W. Raybould, J. E. Newman, J. L. Beaty. Third precinct, George Thomas, Charles Lees. Fourth precinct, John T. Lynch, John G. Bowman. Fifth precinct, John M. Hansen, F. R. Shealy.

The census is to be taken in accordance with the new election law which provides for the formation of voting precincts of not more than three hundred voters each. The uncertainty of the number of female voters makes the census a necessity. Mr. Parsons and his assistants will commence the work of enumerating tomorrow and will probably complete it in a week. The city will be first gone over and then the other precincts will receive attention if it shall be found necessary.

Narrow Escape from Death.

According to reports Mrs. E. Lane, residing at the corner of Third West and Second South street, had a narrow escape from death yesterday afternoon. The cause was the taking of an ounce or ounces of oxalic acid, which, it is claimed, was swallowed with suicidal intent. Dr. Worker was summoned to the woman's bedside, where he administered the usual remedies and in a short time she had stressed the danger line and was in a fair way to recovery, although still very sick.

New Ward in Weber.

OGDEN, Utah, June 7th, 1896.

To the Editor:

On Sunday, June 7th, Elders L. W. Shurtliff and Chas. F. Middleton, of the Weber Stake presidency, met by appointment with the people of the Salt Creek district for the purpose of organizing a ward. There were present a large attendance of the resident saints of the district and also Bishop George W. Bradwell Jr., Wm. L. Stewart, Peter Folkman and Peter Peterson, who were visitors from Plain City. After appropriate remarks by the brethren, the name of Wm. L. Stewart as Bishop was presented and unanimously sustained, with Samuel Weymouth as first counselor and John F. Barton as second counselor. By unanimous vote of all present, the ward was given the name of Warren.

Too much in this section feel much encouraged over the completion of the large irrigation canal built by the Pioneer Electric Power company, which opens up for settlement a large area of good land that is well adapted for farming and fruit growing. The good now is for good farmers to occupy this land and it will make one of the best settlements in the county. S.

Cummings is Free.

On motion of County Attorney Whittemore yesterday evening the seven indictments against M. E. Cummings, which have been pending since last January, were dismissed in the Third district court. These indictments arose from an alleged embezzlement of funds from the Utah Commercial and Savings bank while cashier of that institution. County Attorney Whittemore has made a thorough investigation of the matter and in his motion for dismissal yesterday gave as his reasons "the furtherance of justice and because the State is unable to obtain sufficient witnesses upon which to retain a conviction."

A Remarkable Cure for Rheumatism.
WESTMORELAND, Cal., March 21, 1894.—Some time ago, on awakening one morning, I found that I had rheumatism in my knee so badly that, as I remarked to my wife, it would be impossible for me to attend to business that day. Remembering that I had some of Chamberlain's Pain Balm in my store, I sent for a bottle, and rubbed the affected parts thoroughly with it, according to directions, and within an hour I was completely relieved. One application had done the business. It is the best liniment on the market, and I sell it under a positive guarantee. S. T. HANKS. For sale by druggists.

Having used Chamberlain's Cough Remedy in my family and found it to be a first class article, I take pleasure in recommending it to my friends. J. V. FOSTER, Westport, Cal. For sale by druggists.

Some time ago I was taken sick with a cramp in the stomach, followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera, and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have sold the remedy to others and every one who uses it speaks highly of it. J. W. HENDRICKS, Valley Center, Cal. For sale by druggists.
