## EXTENDED CHASE ENDS AT OGDEN

Secret Service Men Pursue An Erring Pair Over the Continent.

## DEPORTATION WILL FOLLOW

Ms. Dinsdale Expires Very Unexpectedly—Pierce Wind On The Lake.

Ogden, Sept. 1.—The arrest of Valentin Adeline and Montello Joseph reveals an interesting story of the manner in which violators of Uncle Sam's laws are run to cover by men in the secret service.

The two are Italians and arrived in the United States many months ago. They came at the solicitation of a wealthy Frenchman in New York City, who had amassed a fortune by importing girls from foreign countries for immoral purposes. It was not long before the immigration authorities learned of the situation and began gathering evidence. Two of the most important witnesses the government had were Adeline and his female companion, Montello Joseph. Before much could be gained from them, they were released on bond and fled.

The chase that followed took the secret service men almost over the entire western hemisphere. The couple was finally located at Buenos Ayres, Argentine Republic, but before they could be taken into custody they slipped across that country to some point in Chile, where they embarked for San Francisco. In the latter city the girl was lost for a short time but later was found and the pair fled to Nevada. Finding everything to be as golden as the situation in the Sagorush State, the couple came to Ogden where they thought they had succeeded in evading pursuit.

The members of the secret service arrived in Ogden a short time ago and conferred with the local police. The latter was turned over to Detective Under, who under the pretense of being for opium smokers visited a number of dives in Electric alley. At the first visit Adeline was sent on town by his companion, but later turned and was taken into custody. She was placed under arrest by Deputy S. Marshall Smyth. As soon as the secret service men had turned the case over to the local city and federal authorities they returned to Washington. It is two Italians who were taken to New York where they will probably testify in the case against the French importer of human beings.

**MRS. DINSDALE DEAD.**  
While apparently in the best of health, Mrs. Mary Merinda Dinsdale, widow of the late John Dinsdale, died suddenly at the family residence, 222 Twenty-second street, yesterday morning from pulmonary hemorrhage, followed by a violent fit of coughing. It is about 5 o'clock in the morning that the deceased was seized with the coughing spell. Drs. Conroy and Clark were summoned and did everything possible to relieve the sufferer, but she died shortly after being stricken.

A complaint has been filed with the clerk of the district court by George A. Love company against P. A. and E. L. Isakson to recover \$424.60 alleged to be due upon two promissory notes, which were secured by a mortgage upon a certain piece of property and which plaintiff ask to have foreclosed.

### OPENING AT GRAND OPERA.

The theater patrons of Ogden turned out in force last evening, on the occasion of the season's opening at the Grand Opera House by May Robson, in "The Regeneration of Aunt Mary." A number of improvements are noted in the house, among them being the redecoration of the interior, the lobby and foyer. The color used is red and gold. In the foyer a dark red is used in the wall decorations as well as the tapestry and carpets. Manager Grant rebuilt the dressing rooms and fitted them with steel ceilings and more sanitary plumbing. The heating and lighting facilities of the house are also greatly improved upon.

Miss Robson plays a second engagement at the Grand this evening.

### HIGH WIND AT LUCIN.

Advices have been received of a terrific wind storm at Lucin, late Saturday night, which was reported as one of the worst that has occurred in the vicinity in a number of years. According to the information furnished by railroad men, the wind blew so strongly there that large lumps of coal were blown from the tender of the engine, and members of a freight crew were unable to walk on the top of cars. Accompanying the wind was snow, which also made work very disagreeable as well as dangerous. One of the freight trains running west from Lucin took 12 hours to run to Montello, when the regular time is five or six hours. It is also reported that the wind on the lake was very strong, rolling the waves about as high as the trestle work. No material damage was caused by the storm other than causing a slight delay in traffic.

### LOST LEG UNDER TRAIN.

While attempting to board a train at Elko, Nevada, on Sunday afternoon, a man named McIntosh fell under the wheels and had one of his legs cut off near the knee. As near as could be learned the unfortunate man ran along side of an outgoing passenger train and attempted to board it, and his foot slipped on a switch bar, and he fell under the wheels. Only by a miracle did he escape instant death.

The county authorities at Elko took charge of McIntosh and removed him to the hospital, where it was found necessary to amputate the injured limb above the knee. Other than the finding out of his last name the authorities were unable to discover anything further concerning the identity of the man.

### CANYON ROAD IMPROVEMENTS.

At the session of the board of county

commissioners yesterday afternoon the sum of \$300 was appropriated for the widening of the canyon road at the point opposite the Peery bridge. At this place the road turns at almost a complete right angle around a rocky point, and is no more than wide enough for two vehicles to barely pass. It is the purpose to have the rocky point blasted off as much as possible and to level the rock for the building of a retaining wall along the river.

As the point of the proposed improvement is opposite the property upon which the Peery estate has a summer cottage, the Peery brothers have signified their intention of building a rock wall from the bed of the river to the contour of the road on both sides of the river, and are anxious to work jointly with the county in the work, which will begin this week.

Marriage licenses were issued yesterday afternoon to the following by the county clerk:

Ed. E. Bogan and Orta Tomlinson, both of Bossier, Washington.

Albert C. Culmberg of Ogden, and Anna Forbes of Reedsburg, Wis.

### QUIT BOND ELECTION.

Up to noon today, probably 500 votes had been cast at the various polls on the bonds issue proposition. It is generally conceded that four-fifths of the ballot is favorable to the question, which is the placing of \$450,000 for the waterworks department. The matter will no doubt carry by a large majority.

### STOLE MCCOY'S HORSE.

After an all night search, Deputies Murphy and Naylin, of the sheriff's office, succeeded in locating the whereabouts of a horse and buggy stolen yesterday from the McCoy stables in Salt Lake. The outfit was found at Williams' stable, and this morning the man who left there was placed under arrest. He gave the name of Frank Lehman, and is now in the county jail, awaiting the arrival of an officer from Salt Lake.

The sheriff's office has also been successful in finding another stolen horse, though in this instance the thief was not apprehended. The animal belongs to Manager Fidelity of the Continental Oil company, Salt Lake, and was found at the Burns' ranch in Uintah. It has been turned over to the owner.

### LOST GIRL RETURNED.

Leona Bailey, the girl who has been missing since last Thursday, has returned home, according to advices received at the sheriff's office today. She admits having gone to Lagoon, but further will say nothing as to where she went or what she did while away. Miss Bailey left home with a horse and buggy belonging to the family, and her disappearance caused no end of apprehension and worry on the part of her family and friends.

At a short session of the city council last night, William H. Williams was confirmed as a member of the board of education from the second ward, to succeed Dr. Joyce, resigned. The appointment was made by the board and concurred in by the mayor and council.

Mayor Brewer submitted the name of Judge Gideon, to act as police judge during the absence in the east of Judge Murphy.

Charles J. Dietz and Bertha Martinson, both hailing from Salt Lake, called at the office of the county clerk today and secured a marriage license.

INDEPENDENCE LEAGUE  
CANDIDATE NOTIFIED

New York, Aug. 31.—There was not room enough in the new clubhouse of the Independence league to hold the

large crowd that gathered tonight for the dual purpose of being present at the notification of Thomas L. Hisgen, Independence party candidate for president, and the house warming of the club.

William R. Hearst and Mr. Hisgen entered the clubhouse shortly after 9 o'clock and were greeted by an outburst of cheers. Hisgen was enthusiastically referred to as the "trust buster" and "our next president."

It had been originally planned to have Mr. Hisgen and Mr. Graves notified at the same time, but owing to the poor health of Mr. Graves, this plan was abandoned. Mr. Graves is at the Warm Sulphur Springs in Virginia.

Melvin G. Palliser, chairman of the meeting, turned the proceedings over to Henry A. Powell, chairman of the notification committee. Mr. Powell began by saying that he enjoyed the duty that lay before him in notifying the candidate for president, of the new party which, he said, in view of the signs of the times, was destined to be historical in the future of the country, state and nation. Mr. Powell told Mr. Hisgen that he had been selected as the standard bearer of the new party and then Mr. Hisgen arose to accept the nomination. There was prolonged cheering and it was several minutes before the candidate could begin. Mr. Hisgen read his address. After stating that he regarded his nomination as a call to public service he went right into the main issues of the campaign and gave a vigorous outline of the principles and policies he stands for. He declared it was necessary to organize a new party to bring about needed reforms and so the Independence party came into existence. The candidate asserted that the present division of the reform element had permitted the control of the government to slip from the hands of the people into the hands of politicians and party bosses, and he said that to

take control out of their hands he advocated, "direct nominations, the initiative and referendum, and the recall."
