EASTERN.

A Priest Appeals for Protection.

NEW YORK, 9.—The *Sun* says Father Vacula, a Bohemian Catholic priest, applied to the police for protection, saying that several men had cast lots as to who should assassinate him. The police now guard his house. His course during the cigar-makers' strike, recommending peace, is given out as the reason.

The Peace Question—Bismarck's Position.

A *Times'* Berlin correspondent says: Bismarck has lately assumed a much less pretentious position than as for some time expected, and the readiness of Russia to deal with the all-important subject of peace in a conciliatory manner, aids the British government materially in its effect to secure a lasting peace. The further facts that Turkey has shown such a ready willingness to treat directly with Russia greatly increases the prospects of peace. The death of Victor Emanual has, it is believed, also strengthened the prospects of a speedy peace.

A special from Pera says that Mehemet Ali has gone to arrange an armistice. The correspondent understands that the Porte has agreed to propose a six weeks armistice, on the condition that the belligerents maintain their present positions and that peace negotiations commence as soon as the armistice comes into operation.

A National Party.

TOLEDO, O., 9.—A call is issued for a convention of the national party here on the 23d of February next. It is the expressed belief that the present financial policy of the Federal government is destructive of the best interests of the country, and if continued will bring general ruin; that thorough organization and unity may have enough influence to avert the calamitous results. One delegate from each congressional district and two at large from each State are therefore requested to meet here on the date named, for the purpose indicated. Over 100 names are appended to the call, including Wendell Phillips, Peter Cooper, Alexander Campbell (Ills)., and Blanton Duncan.

Governor Nicholls' Message.

NEW ORLEANS, 9. — Governor Nicholls' message is confined chiefly to State finances. The total consolidated interest bearing debt is $11,785,293. Owing to the abstraction of books from the auditor's office, it is impossible to learn the amount of the floating debt. He recommends most rigid economy in State affairs. He enters a protest against the action of the United States Senate in refusing to admit Spofford as a Louisiana Senator.

Ballot-box Stuffing.

The information filed in the United States court by District Attorney Lacey, against Loud, charged with stuffing ballot boxes in the third congressional district, was tried to-day. The prosecution broke down and the United States district attorney requested permission of the court to enter a *nolle*. Acklin's friends believe this action was brought to prejudice his case in Congress, and that its failure will result favorably to him in the contest in Washington.

Recommending of Congress.

WASHINGTON, 9.—There will be a quorum of Senators to-morrow on the recommending of Congress. About 40 are already in the city. It is not so certain that there will be a quorum of the House. It is not anticipated that any business of interest will be transacted until Monday. The first business in the House is the pending resolution of Wood, instructing the principal standing committees to inquire into any errors, abuses or frauds in the administration and execution of existing laws, with a view to ascertain what change and reformation can be made, so as to promote the integrity, economy and efficiency of the several departments.

Governor Hampton and the Revenue Laws.

A telegram to the commissioner of internal revenue from Revenue Agent Wagner, dated Charlotte, S. C., to-day, says: "Governor Hampton has directed the sheriff of Union county to see the law enforced, and proposes to remove the tidal justice and disband the militia company implicated in the rescue of the federal prisoners at Spartanburg. We shall call on the sheriff for a posse and believe we shall be able to avoid all trouble."

Discredited.

The statement that Chalkling will introduce a resolution investigating the President's title, is universally discredited. Ben Butler declares he never heard of such intention, and others say that if introduced it would be defeated by the south in votes.

Woman's Suffrage Convention.

The woman's suffrage convention to-day adopted a series of resolutions, setting forth the duty of the national government in maintaining to all equal rights all its citizens without regard to sex; the injustice of remanding women from a hearing before the highest tribunal of the nation to state legislation; the right of educated tax-paying women of the nation to have precedence over Chinese and Indians in reference to Congressional action on their civil and political status; condemnation of the proposed sixteenth amendment, which introduces the sectarian God into the constitution; the injustice of taxing the property of widows and spinsters to its full value, while the clergy are largely exempt; lastly, the proposition that education should be made compulsory, and that after 1885 there should be an educational qualification to the right of suffrage. Miss Magnus, colored delegate from Mississippi, addressed the convention. She said she felt as colored women in the District of Columbia were under the fourteenth and fifteenth amendments entitled to suffrage, but they did not propose to demand it until their white sisters were accorded the same privileges. She wanted no privileged classes.

Bolting Indians—Rich Field.

DRAYTON, Dak., Peter Bilegy, of Bolting, reports that a band of Indians numbering drove off about 50 head of horses from that vicinity, the property of ranchmen.

Two companies of cavalry of Major Evans' command, started from Spearfish, yesterday, on a scouting expedition of five days. They will probably visit the Bear Lodge mountains in search of a company of Sioux reported in that vicinity.

A clean up made last Saturday, from seventy stamps, running on ore from the Wooley and Pesacho mines for ten days, yielded over $12,000 worth of gold.

A Defaulter Attempts Suicide.

BARNETT, VT., 9.—Caledonia County is greatly excited over the recent discovery that J. D. Abbott, who was intrusted with a large amount of the funds of the widows, farmers and salaks, and who enjoyed the utmost confidence of the community, is a defaulter in many thousand dollars. Immediately upon his exposure he attempted suicide, taking poison, and it is thought he will die.

A Brutal Murder.

DOVER, N. H., 9.—Mrs. Marian Berry, of New Durham, a highly respectable widow lady, 65 years old, was shot and instantly killed this afternoon, in the presence of her family, by John D. Pinkham, who had been employed by her to do some clipping, and for the payment of which there had been some dispute. Pinkham entered with a double barrelled shot gun in hand, and after a few words, suddenly shot Mrs. Berry through the head and fled, but was soon found with his throat slightly cut. He was probably drunk.

Wisconsin Legislature.

MADISON, Wis., 9.—The legislature met at noon to-day. In the Senate, Turner was chosen chief clerk and Brayton sergeant-at-arms, both republicans. In the assembly, Barrows, greenbacker, was elected speaker by a coalition of the democrats and greenbackers. Hunter was elected chief clerk, and Klause sergeant-at-arms, both democrats.

Wool Report.

BOSTON, 9.—The wool market is generally unchanged, but firm and quiet. Sales of Ohio and Pennsylvania fleeces at 43 @ 45, including medium and X grades, 45 @ 46 for XK, and 48 @ 50 for XXX and pick lock Wisconsin, Michigan and New Hampshire fleeces are selling 40 @ 42, and combing and delaine fleeces at 50 @ 55 for good and choice, and 40 @ 45 for low and coarse. Super and X pulled wool ranges from 35 to 46, and is in fair demand. California wool remains without change and prices range at 13 @ 25 for fall, and 20 @ 32 for spring.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 9.—A Vienna correspondent says he has trustworthy information that the force which crossed the Balkans under General Gourko comprises 55,000 infantry.

The fact that Russia has reiterated her declaration that the armistice is to be settled by the commanders of the forces in the field, and not by the plenipotentiaries, shows that Russia has not acquiesced in the compromise proposed by England, that powers of the commanders should be limited to military details, while the main stipulations should be settled by special plenipotentiaries. It is not known in St. Petersburg whether Count Schouvaleff, Russian ambassador at London, has yet presented this reiterated declaration to Lord Derby.

A Constantinople special says that Mehemet Ali has started for Roumelia, commissioned to conclude an armistice if he judges the continuation of the war impossible.

The Run Down Bark.

The vessel run down in the British Channel was the bark *Pensiero*, from Cardiff to Constantinople.

ITALY.

King Victor Emanuel's Last Moments—His Successor's Proclamation.

ROME, 9.—It is stated that King Victor Emanuel confessed to Monsignour F. Marenelli, sacristan of the apostolic palaces, who was sent to him by the Pope. He was also visited by Monsignour Cenni, the Pope's domestic prelate. The Austrian ambassador was present with Prince Humbert, the Princess Margherita and the State dignitaries, when the King received the communion and extreme unction from his chaplain, Assino. Towards 2:30 p. m. the oppression under which the King labored increased, and he was caused to inhale oxygen, which seemed to give him strength. He saluted those present, bending his head twice, then sighing deeply expired. The diplomatists being informed of the death of the King and Prince Humbert's accession, proceeded in the quirinal immediately to condole. The newspapers appear in black, and remind their readers that Victor Emanuel's life was devoted to the greatness and happiness of Italy. King Humbert issued the following proclamations:

"Italians: The greatest misfortune has suddenly befallen us. Victor Emanuel, the founder of the kingdom of Italy and the unity, has been taken from us. I received his last sigh, which was for the nation. His last wishes were for the happiness of his people. His voice, which always resounds in my heart, gives me sanguine courage, and it inspires my duty at this moment. There is only one consolation possible, namely, to show ourselves worthy of him, by following in his footsteps, and by remaining devoted to those civic virtues by the aid of which he accomplished the difficult task of rendering Italy great and united. I shall be mindful of his great example of devotion to his country, love of progress and faith in the liberal institutions which was the pride of my house. My sole ambition will be to deserve the love of my people. Italians, your first king is dead. His successor will prove to you that institutions do not die. Keep united in this hour of great sorrow. Let us strengthen the concord which has always been the salvation of Italy."

The two prelates who were sent to the Quirinal by the Pope brought the papal benediction. It is said the Pope declared that he would have gone himself to administer the sacraments, but for his infirmity.

HIGHEST HONORS AT THE UNITED STATES Centennial World Exhibition, 1876.

MASON & HAMLIN CABINET ORGANS

Unanimously assigned the "FIRST RANK" IN THE "SEVERAL REQUISITES" of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES for instruments of the class" by the Centennial Commission, INTERNATIONAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the strictest scrutiny by the most competent juries ever assembled.

They have also received the MEDAL, but as it is known to medals of equal merit have been awarded to other makers, it will be easy for many makers to advertise that they have received the first medal.

The "Report" on musical organs, actions and their components, "EXHIBITION," is recognized in the Reports of the Juries from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums, consisting of specimens of THE FIRST RANK IN THE SEVERAL REQUISITES OF THE GENERAL CLASS, with their elaborate and good distribution of tone, ways of expression, variations and shading, form and proportion, and the ease of action of the keys and pedals, combined with simplicity and durability, combine in the opinion of the Jury to make them the most meritorious of their class in the Exhibition."

Signed by all the Judges.

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the Only ones assigned to this rank. This intended was not unexpected, for the Mason and Hamlin Organs have uniformly been awarded the highest honors in competitions in America, these having been entirely six exceptions in hundreds of competitions. They have now received highest honors and

FIRST MEDALS PARIS, 1867; VIENNA, 1873; SANTIAGO, 1875; PHILADELPHIA, 1876,

and have this been awarded higher honors at

Every World's Exposition!

at which they have been exhibited; being the Only American Organs which have ever obtained Any Award at any competition with best European makers, or in any European World's Exposition!
