Leave Rio Grande Western.

Ask your grocer for Macaulay & Co's. M. M. Tea.

Cure that cough with Godbe Pitts old time Cough Balsam—never fails.

Keep your deeds and other valuables in Zion's Savings Bank & Trust Co. Best in the vault only accessible in a few seconds per month. Ladies especially invited to call and see vaults.

Burlington Route Dining Cars.

The Burlington route is the only line running dining cars on the "A la carte" plan, between Denver and Omaha, Kansas City and Chicago. Passengers have to pay only for what they eat. Be sure that your tickets read via the Burlington route.

DESERET EVENING NEWS.

Wednesday, September 18, 1895.

# MUNICIPAL MATTERS

Protest Against Filling Up the Eighth West Street Canal.

THE NEW FIRE LIMITS ORDINANCE.

The Jail Proposition Like Banquo's Ghost Again Crops Up—Police Commission Salary.

The City Council met in regular session last evening, with President McCornick in the chair, and twelve members present.

PETITIONS AND COMMUNICATIONS.

H. F. Whitlemore asked permission to erect a stand near Grand Pacific hotel and invited the Council to attend a meeting there tonight. Granted, and invitation accepted.

C. Urry called the attention of the Council to the danger arising from the operation of a rock quarry owned by Simon Hamburger on the city limits and asked that action be taken to afford relief to persons in the vicinity. Referred to chief of police.

Mrs. Kay asked the privilege of operating a fruit stand on North Temple street north of Temple block. Committee on streets.

H. D. Winter asked permission to pile building material in front of 355 Second street. Granted under usual restrictions.

H. C. James protested against a change of the street grade on Third street and asked for compensation for damage to property. Committee on streets.

EIGHTH WEST CANAL.

W. J. Newman and eighteen others protested against the filling up of the canal on Eighth West, claiming that it would cut off their drainage outlets and leave them for six months of the year in a bog. Committee on Jordan canal and irrigation.

S. H. Sears et al asked that Eleventh East between Second and Third South be sprinkled during the balance of the year. Committee on sprinkling.

REPORTS OF CITY OFFICERS.

The assistant city attorney recommended that H. S. Anderine be released from illegal tax sale of 1890, and that a quitclaim deed be executed to him. Adopted.

The city engineer submitted a preliminary estimate of the cost of completing the paving, curbing and guttering of Richards's street. The city's portion amounts to $107.30 and the abutters' portion to $736.09. The front feet of abutting property was 119.4, while the cost per front foot was $6.16. The cost of completing the sidewalks was given as $22.88 the city's portion, and $270.54 as the abutters' portion. Read and filed.

LIQUOR LICENSES.

Liquor licenses were granted to Don H. Porter, Hogle Bros., Mrs. Olga Neilson, Jonathan Rae, Charles Auer, M. E. Mulvey & Company, Reason & Lavine.

The committee on streets reported adversely on the petition of J. W. Maynes et al, asking that Fifth street be brought to a temporary grade. Report adopted.

NEW GUARDS ORDERED.

On motion of Corum the chief of police was instructed to appoint new guards to preside over the prisoners, with a view to cutting down the expenses and getting more work out of them, as it was costing the city twice as much to make excavations as it should cost.

MISCELLANEOUS.

Councilman McMillan called up a bill for an ordinance amending section 21 of chapter 17 of the revised ordinances of Salt Lake City of 1892, entitled "fire department." It provided for the fire limits to be as follows: Commencing at the northeast corner of Second East and Fourth South streets, thence running west along the north side of Fourth South street to the east side of First West street, thence along the east side of First West street to the south of North Temple street, thence along the south side of North Temple street to the west side of State street, thence along the west side of State street to the south side of South Temple street, thence along the south side of South Temple street to the west side of Second East street, thence along the west side of Second East street to the north side of Fourth South street to the place of beginning. Read first time and laid over for one week.

The jail proposition was then brought up by O'Meara re'erring to the minutes of the meetings of the board of public works, and handing in an extract from them, asking that it be filed with their report.

Mr. Hardy argued in favor of adopting the report of the board of public works and allowing them to advertise for bids.

Mr. Roche thought that if the committee had been let alone at first, they would have furnished the city with an excellent jail at a fair cost.

Architect Hale was allowed to speak and gave an explanation in regard to the changes that had been made in the specifications.

The following resolution, offered by Cohn, was adopted:

Resolved, That the city recorder is hereby instructed to address a communication to the International Association of Fire Engineers in convention assembled at Augusta, Ga., on October 7, 1895, again inviting them to hold their convention of 1896 in this city.

Hardy offered the following:

Resolved, That the board of public works are hereby instructed to solicit bids to build a city jail to cost not to exceed $25,000.

Referred to committee on finance.

Mr. Cohn offered an ordinance fixing the salaries of the fire and police board for 1895 at $250, which was filled.

The claim of Dr. Miles for $105, for care of Captain Sullivan at house No. 2, who was injured while in the discharge of his official duties, was recommended not allowed by the committee. On motion of O'Meara, it was tabled for one week.

President McCornick called the attention of the Council that the board of public works had done nothing to build the Bath Lake at the sewer terminal and thought it should be attended to before cold weather.

O'Meara claimed that the board of public works should not attend to that work and said it rested with the sewer committee.

On motion of Lynn, the recorder was instructed to communicate with the sewer committee in regard to the matter.

Appropriations in the sum of $5,575.58 were allowed.

## EDW'D STEVENSON'S TRAVELS.

Goes to Independence, Jackson County, Missouri, From St. John, Kansas.

INDEPENDENCE, Jackson Co., Mo., Sept. 15th, 1895.

EDITOR DESERET NEWS:

After the closing of our conference, Tuesday night the 10th inst, we accepted an invitation of the citizens of St. John to deliver a lecture on emigration to Utah, and our system of irrigation. Every evening in the pavilion seemed to increase in interest and numbers.

On our way to this place through a beautiful part of Kansas, as we approached the garden of Adam's first abode on this earth, our party were outlighted. We arrived at 6 p. m. yesterday, having left St. John at 8:30 in the morning. Our pleasure, however, was marred by sad news brought to our party by Elder Elias Kimball, who fell in with us upon his way to the Kentucky conference. Elder Charles Robinson, of Montpelier, was exhibiting his only child's picture, wishing it to so doing, I had occasion to remind him that in taking a like one with us we must learn to leave the original at home in the hands of the Lord, and that in 1845, while I was 9,000 miles from home on a mission, I had to make the sacrifice of my fourth child. It was less than ten minutes after that thought came was located into bliss by Brother Elias Kimball, of the demise of the very child we had just issued, illustrated our joy was turned into sadness! He had all the kind words and sympathy which we could pour into the soul of one so suddenly bereaved. Brother Robinson bore it bravely as possible.

Last night we slept within a stone's throw of where Hyrum Edward Partridge was tarred and feathered and almost near unto death. It was only about fifteen minutes' walk to the Temple lot. Some of our party, who had never been out of the bounds of beautiful Utah before, complained of the rainy nights and appreciate best of these low lands.

Fog of this morning is like a cloud, hanging around the mountain tops. The cool nights are all the more highly appreciated by people falling and tumbling in bed here seeking a breath of mountain air. It is said to be unusually hot just now at this place, and pestiferous are of frequent occurrence.

Soon after the rising sun, eight of our party were on the Temple lot—the greatest attraction of the entire country. Near the little meeting house under the shade of a tree which has spread out its branches seven years longer than when Elders Jenson, Black and myself found refuge under its genial shade from the hot sun, our party found themselves on the chosen grass in a group. A gentle breeze set in so that by the aid of fans we could find rest and enter into pleasant conversation of the time when our loved Prophet, Seer and Revelator, in 1831 and at other times, stood on these sacred grounds, then a wilderness, and by unerring revelation point out this as the sacred spot where a Temple should be erected unto the Lord in this generation. Elder A. Kimball, his wife and the Elders, in last all of us, joined in saying, this was really one of the happiest days of our life. One of our kinders said he would not miss this blessed opportunity for the last farm in Utah.

After resting we gathered under the shade of a tree on the spot where the Temple is to be erected, eight of us knelt in a group where each one offered up a prayer in turn, remembering Zion and her weak places, loved ones at home, the Elders abroad and the gathering of Israel.

EDWARD STEVENSON.

## Good Kindergarten Work.

The Utah Kindergarten training class opened with a full attendance last Friday. Mrs. Craig the principal, has made a specialty of training teachers for this work. She has at her studied under some of the most prominent kindergartners in the east and comes highly recommended.

Her diplomas are very satisfactory to the board and say she charges a training in Froebel's system of Education will do well to consult with Mrs. Craig, Miss Emma Wells or Miss Nettie Musser.

A class for applying the kindergarten principles and methods in the home will be organized next Friday, to the home of Mrs. H. S. Young, 258 West First South.
