DESERET EVENING NEWS

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

W. C. Filer has bought for $9,000 the George K. Fisher residence on east South Temple street corner of N. Mrs. Fisher leaves later in the week to join her husband.

Associate Justice George R. Milburn of the supreme court of Montana is at the Wilson. He says that his experience of 30 years as an officeholder has convinced him that the man who seeks public office is either a fool or a patriotic martyr.

Acting Governor Tingey has issued requisition papers upon the governor of Illinois for the return to this state of Arthur E. Walters, who is wanted at Ogden for a felony. Sheriff Bailey of Weber county presented the papers to Acting Governor Tingey and will leave this afternoon for Springfield, Ill., where Walters was captured.

William Mead, a bartender charged with violating the ordinance prohibiting women being in saloons after a certain hour at night, was tried on that charge Saturday in Judge Diehl's court. His honor took the matter under advisement until this afternoon when he will decide whether or not the defendant is guilty as charged.

The matter of organizing the proposed Interstate Druggists' association is now in the hands of committees of three from the Utah and Colorado state associations, and it is claimed that just as soon as the Druggist associations in Wyoming, Idaho and Montana meet in annual convention, they will adopt the idea, and then the Interstate organization will be at once effected.

The breaking of a carboy of citric acid in the yard of the Selden-Judson Drug company yesterday afternoon started a blaze that might have been most serious. The flames were rapidly spreading when the fire department arrived. Other carboys were broken and the firemen experienced considerable difficulty and danger in extinguishing the blaze. The loss is estimated at about $25.

Government Building Inspector Dorsey Ash has gone to Evanston to inspect the government building there, and will then return to this city. He will not be able to complete his labors here until after the middle of the month, as there is a strike on among the cabinet makers in Chicago, and the order for furniture for the Salt Lake federal building has been delayed in consequence.

Captain Robert L. Hirst, adjutant of the 12th U. S. Infantry, and stationed with his command at Fort Douglas, prior to the advent of the 29th Infantry, has been promoted to be major, and assigned to station again at Fort Douglas with the 29th, as the junior major. He is a West Point, 1886, graduate. The 12th Infantry will sail in September from the Philippines for the United States.

Hotel keepers in this city find it advisable to keep their eyes well opened at times to the idiosyncrasies of guests. Two well dressed lady guests at the Kenyon recently tried to make the clerk in charge imagine that a special rate of 60 cents per day had been arranged for them by the manager of the party in which they were traveling. The clerk scented a large sized rodent and refused to be convinced, and finally the women gave up, and paid the regular rate.

W. H. Lewis, E. O. Patterson, C. A. Obenchain, B. M. Doyle, Dr. W. M. Parkus and C. B. Strong, clerks in the interior department at Washington, who came out for special service at Provo in connection with the reservation land drawing, are in town en route back to Washington. They have mailed notices to 37,792 applicants, and say it will require 60 days for all the locations to be made. Commissioner Richards will visit in Cheyenne for a while before continuing on to the national capital.

A report from Fort Duchesne says that Brigadier-General F. D. Baldwin, formerly commanding the department of the Colorado, and now in command of the division of the southwest, recently killed a big bear in Oklahoma with only a knife. The bear had been wounded by a bullet from the rifle of Judge Parker of Trinidad, who had to flee for his life from the infuriated animal. The general came up just at that moment, and attacked the bear with a knife. After a brief but hard struggle, he succeeded in killing it, and the judge breathed easier.

City Chemist Lucius P. Brown of Nashville, Tenn., was in town Saturday, and called on Chemist Harms of this city, as the latter was in the midst of milk sample analyses. Mr. Brown expressed his surprise at the good record shown, and thought the Salt Lake City authorities open to congratulation on the results. He said the state pure food law was a blessing to Utah, and greatly regretted that there was no such law in his state. The absence of it was very much felt, particularly as the state of Tennessee is being made the dumping grounds for doped foods from all over the union.

Get your homestead locations along running streams of living water. Don't miss this only chance! A limited number only. And "First come—First Served." at L. B. Lyman's office in Vernal, where filing papers are made.

It costs no more to buy Royal Bread. Our crown label guarantees quality and purity. At all grocers.

CREAM OF TARTAR.

City Chemist Finds All Samples Tested Of Excellent Quality.

City Chemist Harms has just made a report to the city food inspector on his analyses of cream of tartar, samples of which were recently submitted to him after being picked up at random from stores in this city. A synopsis of the report is as follows: Cream of tartar or potassium bitartrate is a substance obtained as a by-product during the fermentation of grape wine. In the process of fermentation a peculiar crust is deposited in the cask, which is called argols or crude tartar. It is from this, by purification, that the cream of tartar is obtained. Formerly commercial cream of tartar contained a small proportion of tarrate of lime, but in recent years, improvements have been made in its manufacture so that today, the cream of tartar is obtainable almost 100 per cent purity.

The United States pharmacopoea demands for medicinal use, an article containing at least 99 per cent potassium bitartrate. Formerly this article was subjected to extensive adulterations with gypsum, chalk, plaster of Paris, alum, flour and other substances; in fact, some of the so-called cream of tartar contained no cream of tartar at all. However, these are of less frequent occurrence at the present day. Thirty-one samples, purchased from groceries and drug stores of Salt Lake City, were submitted to chemical analysis. All of these were found to be pure and of excellent quality.

A comparatively simple test for the housewife to determine the purity of cream of tartar, is to dissolve a small amount in boiling water; pure cream of tartar dissolves completely while lime, chalk, flour and other adulterations remain in suspension. A drop of tincture of iodine added to the cooled solution shows instantly by the blue color produced, the presence of flour and starchy material.

Ah! that's good tea. It's Golden Gate Ceylon Tea. Another cup, please.

ALL GOOD BUT ONE.

City Chemist Finds Milk in Highly Satisfactory Condition.

Thirty samples of city milk were taken two days ago by the city food inspector and submitted to City Chemist Harms for examination. With one exception, all were found up to the standard, and the inspector is on the trail of the dairy whose sample was "weighed in the balance and found wanting." The sample had been adulterated with the very convenient H_2O, and the driver who handled this particular lot of milk is suspected of increasing his supply with water in order to make a private sale and thus clear a little pin money. But all of the samples were found free from preservatives, or sediment. The city inspector is watching the dairymen very closely, and any delinquency will be speedily found out, and the delinquent made an example of.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by all druggists.

DON'T WANT SIDEWALK.

Property Owners on Second South Street Protest Against It.

A protest against the acceptance of the cement sidewalk on the south side of Second South street between Eighth and Eleventh East streets, has been filed in the city recorder's office to be presented to the city council. It is signed by a large number of the property owners in that district, and states that the work is very bad and the walks are full of cracks. The walks were constructed by Hoome & Co., and the city council is now holding back $1,000 from the amount due the contractors to pay for repairing the defective walks.

Colic and Diarrhoea—A Remedy that Is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by all druggists.

HELD ON TO THE CASH.

Smooth Grafter Finds Miss Prescilla Solomon Too Much for Him.

Knowing that Miss Priscilla Solomon, daughter of Alfred Solomon, one of the shoe manufacturers, had just drawn $250 from the Deseret National bank, some sharper who has not yet been apprehended by the police, attempted to wheedle the money away from her while she was on her way to the shoe store. The crook informed Miss Solomon that there had been a mistake in the counting of the money and he was very anxious to have the error rectified—his chief anxiety, however, seeming to be that he desired to save Miss Solomon trouble and wished to take the money to the bank himself. Luckily the young lady suspected the nature of the game and she was wise enough to retain a firm grip upon the shoe box in which she carried the cash. Late on Saturday afternoon the officers were notified of the attempted bold robbery, and with a very good description of the man in their possession, they are on the lookout for the oily creature.

Herbine.

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient into a good condition in a few days.

G. L. Caldwell, Act. M. K. and T. R. R., Cheectah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by Z. C. M. I. Drug Dept. B

FATHER LOCKED OUT.

Sleeping Child Heeds Not Her Father's Calls for Admission.

There was a peculiar experience at a prominent local hotel last midnight. An elderly gentleman had been inadvertently bolted out of his room, by his little 14 years old daughter who had immediately afterwards fallen asleep on the bed, and as the child had had no sleep for two nights on account of travel, she was "dead to the world." Her father on finding that his key was no "open Sesame," pounded on the door, but to no purpose. Then he kicked, with equally gratifying results, until the whole floor was aroused. An attempt was made to put a bell boy through the transom, but this scheme would not work, and finally a guest "hit upon the happy expedient" of firing a glassful of ice water at the child through the transom. His aim was true, and the water splashed all over the little sleeper, waking her. Then she responded to her father's call, and let him into the room.

Cures Sciatica.

Rev. W. L. Riley, Ll.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by Z. C. M. I. Drug Dept. B

CONVICT LABOR USED.

Cottages for State Prison Guards Erected at Nominal Cost.

By reason of convict labor the six brick cottages for the guards, provided for by the last Legislature, are being completed east of the state prison, at a cost of $1,000 each, the amount appropriated. Had the work been done by regular contract later, the cost per house would have been $1,800. The cottages are equipped with the modern improvements, and will be occupied this week. The fact that all of the guards are always within easy reach, whether on or off duty, will have a deterrent effect on the hopes and possible intentions of a number of over enterprising gentlemen resident within the prison walls.

"THE LINE BEAUTIFUL."

Lehigh Valley Railroad. Delightful route to New York, Philadelphia and Atlantic Coast Resorts. Five through trains daily. Dining cars, a la carte. Connects at Buffalo and Niagara Falls with all trains for the West.

For time tables and descriptive matter, address George Eade, Jr., Western Passenger Agent, 218 South Clark St., Chicago, Ill.

Some Business Men Are Too "Conservative."

If a farmer concluded not to plant seed, but to "conserve" it, because crops sometimes fail, he would be as wise as the merchant who "conserves" the money which should be invested in publicity, because he has it in bank, and because he fears that publicity may not be completely profitable.
