THE CITY FATHERS MEET

Busy Session and the Transaction of Considerable Routine Business.

KELSEY AND HARIGAN ARE AT OUTS.

Finance Committee Submits a Special Pay-Roll — Billy Gilbert to be Fireman—Miscellaneous.

The fact that the City Council had not met in regular session for nearly two weeks was the cause of the transaction of an unusual amount of business at last night's meeting. The Warm Springs bridge matter came up in a report of the city attorney, as submitted a few nights ago. Councilman Callister moved that the matter come up under the head of miscellaneous business, which carried. That was the last heard of it, for when miscellaneous business was reached on adjournment was taken.

THE PROCEEDINGS.

City Engineer Kelsey called the Council's attention to the Second South street sewer, and also took occasion to condemn the methods of Contractor Harrigan in executing contracts.

Contractor Harrigan in a communication asked to be permitted to withdraw his bid for sewer connection on L street. Mr. Harrigan also asked that a special committee be appointed to examine the sewer now done on Second South street. The matter was disposed of by referring to the sewerage committee.

SPECIAL PAY ROLL.

The finance committee submitted a special pay roll for the sessions of the waterworks committee as a board of equalization. The allowances on the bill were: Dibb, ten days, $50; Le Prohon, nine days, $45; Stewart, two days, $10; Wilcomb, three days, $15, and Archie McKay, ten days, $50.

On motion of Le Prohon, Archie McKay's name was stricken off, and the matter was referred back to the finance committee.

PAVING TAX REBATES.

City Engineer Kelsey reported in the matter of the communication of the city attorney regarding the claims of the Brigham Young Trust company and others for a rebate on paving assessments. He said that the records of the city engineer's office show that the paving contractors were paid $5,126.32 more than the amount reported due from the city engineer, and the greater part of this amount was included in the cost of the pavement charged to the abutting property owners. The claimants have included their portion of this amount in the claims presented. If continued the report is the duty of the City Council the excess of the assessment over the actual cost of the pavement, including their portion of $5,126.32 paid to the claimants, then the amounts due them are shown in an attached statement, and aggregate $7,252.76. Referred to committee on finance, with the board of public works associated.

EXTENSION OF STREET CAR SERVICE.

In the matter of the petition of Presley Denny and others for the grading of Sixth street from H street to N, the committee on streets reported that, upon investigation, it was found that to bring the street to the established grade would cost in the neighborhood of $2,000, "an amount far too large for the city to expend, in view of the present condition of our finances." The committee recommended that the street supervisor be instructed to bring the street to a uniform grade, at a cost not to exceed $100.

BILLY TO GET A PENSION.

The finance committee recommended that Fireman William Gilbert be placed upon the pay-roll at one-half his present salary ($75) to take effect upon the acceptance of his resignation by the police and fire committee, and to remain on said rolls at the pleasure of the Council. Adopted.

S. C. Ewing and four others asked that Fifth South street from the old race track to surplus canal be repaired. Referred to committee on streets with city attorney associated.

Fred Swan, officer in charge of the Salvation Army, asked permission to put up a few streamers across the streets announcing the army's Thanksgiving services. Granted, under supervision and control of chief of police.

Alex Rogers and fourteen others asked that a stone block crossing be laid at the intersection of Fourth East and Second South streets. Referred to committee on streets with power to act.

De Witt H. Lewis and two others requested the permission of watermains on Fifth East and Ninth South streets. Referred to committee on waterworks.

J. A. Pritch asked for an extension of watermains on M street. Referred to committee on waterworks.

Brown, Berry & Woodruff, and one other property owner, asked the Council to construct a sewer intersection on Ninth East street from Fourth to Fifth South streets. Referred to committee on sewerage.

The board of education, by John R. Derk, president, asked the Council for copies of official register, used at the late city election and returned with election returns, to be used at the election for members of the school board next month. On motion of Dicks the matter was referred to the committee on election with power to act.

Adjourned for one week.

SALT LAKE COACHING HARVARD.

Bert Holden in the East Training the Football Team of His Alma Mater to Meet Yale.

Bert Holden, the well known Salt Lake athletic man and athlete, recently left for the East, his friends being under the impression that he had gone to visit relatives. The real object of his trip, however, seems to be set forth in the following special dispatch from Cambridge to the New York Post:

Cambridge, Nov. 8.—The Harvard football squad practiced in small portions today, and from now until the Yale game the team will work behind the lines. A. F. Holden, "Sc. who led his team against Yale in the Princeton game of '97, when his team was victorious by the score of 12 to 6, was on the field. He was one of the greatest backs of his time, and probably the most brilliant and dodged player Harvard has ever seen. Holden has come home from his home in the West to coach the eleven, and will probably remain at the time until the Yale game. He is working with his helpful back of Harvard's time, when is the eleven's chief assistant. With Holden, Dean, Wrenn, Wrightington and Arthur Beale all at work on the backs, it looks as if this part of the eleven would add very valuable bolstering up. With Lee, Lewis, Cranston, Newell and others for the lineman, the coaching force is the strongest ever seen in the Harvard football squad.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, in order compleet health to be restored, on a positive condition is made of the using Pyramid Pills. Manufactured by the Pyramid Drug Company, Detroit, and sold by all druggists.

TO PIANO OWNERS.

I TAKE THIS MEANS OF INFORMING you that I am thoroughly equipped with all the latest hands and materials for the purpose of doing all kinds of tuning and repairing on pianos. Thirty years experience has made it a pleasure to guarantee satisfaction and would gladly refer you to any person for whom I have tuned. I make a specialty of voicing pianos and regulating the action that they play light when purchased. I have all the latest tools and materials for repairing, and can restore an old worn out action and make it as good as new. A piano is never too far gone for me, and I can restore to new life. I also have a first-class polishing department, and for a few dollars can make your piano look as it did when new, and I guarantee my work to be the equal of any done in the state. Work left at the music store of Dupont & Gunter will receive my special attention. JOS. J. DAYNES.
