A One-time Herder Who Now Owns 150,000 Sheep.

ROVING APACHES IN MEXICO.

Cloudburst in Helena—Cattle Train Wreck on the Cheyenne & Northern.—Crop Blight in Kansas.

Caldwell Tribune—Mr. Robert Noble, the king of all sheepmen, who resides on Hey bulls' creek in the bosom of his family of 150,000 sheep, has been in town the past two weeks. Noble's teams have been hauling wool into Caldwell for the last six weeks, and from present indications they intend to keep it up all summer. A few years back Mr. Noble used to herd sheep at $40 per month and board. He started in the business on his own hook, and by pluck, rustle and business sagacity has amassed a colossal fortune.

Grand Junction Star—A roving band of Apaches have been committing depredations in New Mexico. Troops are out in search of them, but have not been able to locate them. Settlers are arming for protection and preparing for a possible outbreak. Every precaution is being taken to prevent any trouble with the Indians, and this may, in itself, prevent a repetition of the scenes of 1880 and 1881.

Laramie Boomerang—There was a heavy cloudburst near Casco on the Cheyenne and Northern last night which wrecked a stock train in short order. The stock was consigned to Bismarck, South Dakota. The exact details of the occurrence have not yet been obtained. One report says that the cloudburst occurred about 11:30 o'clock last night and washed the track out at Casco in bad shape. The Bismarck stock train was the first train along, reaching the scene of the washout about two o'clock this morning. They struck the washout and the engine went over all right, but the first four cars following the locomotive were turned over and twenty head of cattle crushed to death in the darkness. It was a dark, dismal night and the wounded, bellowing Texans steers struck terror to the trainmen's hearts. Some of the animals escaped from the cars and others were let out and a good herd soon swamed about the scene. Cattle herders were procured and they are now being "herded" there awaiting the repair of the track.

Ecclesby Press—Several handsome specimens of ignite coal taken from Messrs. Kelly & Company's mine, near the head of Reynolds creek, have been exhibited in the Nugget. We claim to be way-up experts on gold and silver mines and mining, but do not like to venture an opinion in this character of a mine. We hope this mine may prove a big deposit and that the coal may prove an important addition to our fuel supply. The specimens shown are large lumps, burn freely to a fine ash and are superior to any of this character of coal we have ever seen in Idaho. We hope to see it coming into the camp in big quantities.

Helena Journal—Frank Miller was found dead in Keigler's stable on Clore street shortly after 5 o'clock yesterday afternoon. Coroner Hockman was notified and at once summoned a jury, who met to investigate the cause of Miller's death. They were unable to determine and the inquest was adjourned until today, and in the meantime an autopsy will be held. Miller was employed about the stable, but not much is known about him.

From the statements made regarding the place in which his body was found it would appear that the board of health had an excellent opportunity for doing some good. It is reported that Miller was naked to the waist and trying on a heap of filthy straw such as most men would not place in stalls for horses to lie on. Over the body was a dirty old horse blanket. It was apparently the usual sleeping place of the man, and in the immediate vicinity of the stalls where the horses of the establishment are kept.

Topeka Capital—Another pest has made its appearance in Kansas wheat fields. This time it is a worm which sups the vitality from the stalk from a place between the last joint and the wheat head. Secretary Mohler of the board of agriculture has returned from a trip through Osborne, Mitchell, and other of the wheat counties. He says: "Many fields which a week ago were reported to be in a splendid condition are said to not be worth harvesting. I saw a great deal of wheat blighted in Osborne county. Some fields in the eastern portion are affected, but the greatest trouble is in the northern part. The blight peel is in the form of a small, white worm, less than one-eighth of an inch in length, and I am unable to tell what it is. The exact extent of the damage done cannot now be estimated. Only the sound 9 in central Kansas are affected by the worm, and it is probable that its ravages will have very little effect upon the general crop.

Helena Journal—A cloud burst in this city yesterday afternoon created considerable consternation on Main street. The water fell in great quantities and ran down Broadway, State and Grand streets, concentrating in such a volume on Main Street as to cover the sidewalks. Serious damage was looked for, but the only place in which the water gained access was the First National Bank basement, occupied by the Western Union Telegraph Company. About a foot of water covered the floor after the flood had passed, but this soon drained off to the sewer through an outlet in the floor.

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW, SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and bladder, attended with alarming symptoms and have sought and tried different remedies without relief. About the 15th of April I was suffering from a severe attack of the kidneys which had accumulated on me in such a manner that I was not able to walk. When I got home I was almost impossible for me to get up from, or to get on my clothes, when I had procured a box of Dr. Leslie's Special Prescription, with the OREGON KIDNEY TEA, in it, and I immediately commenced using the tea. It had an immediate effect upon me, and before the commencement of all the glasses in the box, in a few days, I felt happy in my mind, and was a new man. I continued and recommenced the tea to all afflicted as I have been.

DENVER, Col., May 21.

Prof. Windsor, Salt Lake City, Utah:

Dear Sir.—The contents of the medicines I have taken of Dr. Lansing are marvellous as most wonderfully. I wish to mention the name, disease, and what I could expect money could not cure. I am truly yours,

E. G. BOCKOT. WM. E. SCHMIDT.

PARK CITY, Utah, June 15, 1891.

Dear Sir:—I have been under the treatment of your medical staff for catarrh, during the last two years, and am happy to say I am cured in every respect. My breathing, which was entirely stopped through my head, is now absolutely free, and I can breathe in one nostril for the first time in years. I am entirely free from the disease, and I feel like I have a new lease of life. Previous to taking Dr. Lansing's treatment, I was a confirmed victim of the opium habit, using several ounces of liquid morphine daily. Thanks to Dr. Lansing, I have not taken a drop of morphine since I have been under your care. Yours truly,

WILSON FOOTE,
Wholesale and Retail Grocer, Park City, Utah.

Twenty Years' a Sufferer.

This is to certify that I have been a great sufferer for twenty years with bronchitis or grippe, from which I have not suffered in the least and consider myself entirely cured. The treatment I am receiving is from the best physicians.

WM. M. GREEN.

Lumbermen and Surveyors Cured.

MR. A. G., aged 34, had to be relieved with pillow pounds from his twenty-second year. For the last three years he had almost no rest, sweat profusely, also low down in the back. Another trouble was a very severe hemorrhoid, which commenced to unfavorably affect his health. Now, after treatment of Dr. Lansing, he is entirely free from all these troubles, and has gained in flesh and strength. He says: "I feel like a new man, and can hardly realize that I am cured." Mr. G. is a lumberman, and has been in the business for years, and is well known in Salt Lake City.

What Mr. Hay Says of a Wonderful Cure of Stomach Trouble.

Office of Hay & Bishop Company, Importers of Fine Stationery and Fancy Goods, 44 East Second South Street.

SALT LAKE CITY, UTAH, June 15, 1891.

A Gentleman friend of mine, Mr. E. C. Hay, was taken sick for several months with a very severe stomach trouble, which he could not shake off, and was finally induced to try a course of treatment with Dr. Lansing, and being delighted at obtaining the relief he had sought for, he recommended the doctor to me, and I was taken at his word and at once commenced to take the medicine prescribed. I was a sufferer from dyspepsia and constipation, and had tried almost everything that was recommended for my ailments, but I was not benefited. Since I have been taking Dr. Lansing's medicine I have improved very much, and I am now able to eat almost anything I want, and I feel like a new man. I shall be happy at any time to give my testimony in favor of the doctor, and I shall do so whenever I meet a person who is in need of such a medical adviser as he is.

Yours truly, HAY & BISHOP.
