What Scott's Emulsion Has Done

Over 25 Pounds Gain in 10 Weeks. Experience of a Prominent Citizen.

THE CALIFORNIA SOCIETY FOR THE SUPPRESSION OF VICE. SAN FRANCISCO, July 7th, 1886.

I took a severe cold upon my chest and lungs and did not give it proper attention; it developed into bronchitis, and in the fall of the same year I was threatened with consumption. Physicians ordered me to a more congenial climate, and I came to San Francisco. Soon after my arrival I commenced taking Scott's Emulsion of Cod Liver Oil with Hypophosphites regularly three times a day. In ten weeks my avoirdupois went from 155 to 180 pounds and over; the cough meantime ceased.

Election Laws In Virginia and The Dissatisfaction Concerning Them.

DISCUSSION ON THE WORLD'S FAIR.

Proceedings In The House.—A New Mexico Post Office Robbed.

[By Telegraph to the NEWS.]

VIRGINIA NEGROES.

A Talk With the President About Virginia's Election Laws.

WASHINGTON, Jan. 25.—The committee appointed by the convention of colored people held in Richmond, Virginia, December 17th last, were before the House committee on elections, the President and Vice-President today, to talk about the election laws in Virginia. A written statement was submitted, showing at length the manner in which it was alleged the registration laws of Virginia had been evaded and manipulated in various elections. The address says that on the Saturday before the last election registration day 20,000 legal voters were disfranchised in Virginia. The address earnestly appeals to the law makers of the nation so to change the national election law that it shall no longer be in the power of any registrar or other election officer to disfranchise arbitrarily any voter to whom is given the right of ballot by the Constitution of this country, and remedy the wrongs and evils of which they complain.

NAVAL LEGISLATIVE FUND.

At a meeting of the court of inquiry investigating the subject of organizations among naval officers this morning Past Assistant Engineer Dieg testified that the officers of this corps had entrusted their interests as regards legislation to a self appointed committee, of which he was treasurer, and which had raised $2500 by contributions for the purpose of defraying "legitimate expenses." Counsel has been employed to advise the committee on legal points affecting any measures pending or in preparation that would bear on the status of engineer officers.

Paymaster Cowie, author of the bill in the interest of which John R. Thomas was employed as attorney, swore that he knew of no organizations among naval officers, and he had acted alone in the preparation of the bill. When asked by the court, he said about 120 officers had responded to Thomas' circular letter asking for retaining fees and expenses, but he himself had not done so.

SAN FRANCISCO MAILS.

The Secretary of the Treasury has placed the revenue steamer "Rush" at the disposal of the Postmaster-General for the purpose of carrying the mails between San Francisco and Portland, Oregon, during the existence of the present railroad embargo.

MRS. HARRISON

held her first public reception at the White House this afternoon, from 3 to 5 o'clock. The house was beautifully decorated for the occasion and the attendance was very large.

THE WORLD'S FAIR.

There was another protracted struggle in the House Committee on the World's Fair today, out of which the New York party came off victorious. The battle began as soon as the sub-committee reported to the full committee that it did not recommend either of the propositions referred to it and asked permission to frame a bill providing for a fair in 1892 and leaving the question of its site for future settlement. This was finally adopted after a lively discussion. Mr. Bowden was present for the first time.

Mr. Springer assailed the report, charging that the committee was violating the spirit of the instructions by the House, which meant that the resolution providing for the selection of the site should be reported back in three days.

Mr. Flower, in reply, said that Mr. Springer had been taunting the committee with delay, but it might pay to wait fifteen days if the government saved a million dollars a day, as it would if the legislature acted favorably upon the bill.

Mr. Hitt replied briefly, urging prompt action. Mr. Bowden thought that he had all the information necessary for his guidance and, to the delight of the Chicago men, he ranged on their side and moved as a substitute for the report of the sub-committee the Springer resolution, which provides for a ballot in the House next Monday.

Again the chairman narrowly escaped committing himself by voting. The vote to be taken would have resulted in a tie, 3 to 3, necessitating his casting the deciding vote, but just at this moment Belden, who had been absent, walked in and cast his vote against Mr. Bowden's motion, and the chairman was relieved from the necessity of voting. Finding themselves in a majority, the New York men then pressed for action upon the sub-committee's report and it was adopted. Messrs. Hitt, Springer and Bowden voting against it. The committee then adjourned, subject to the call of the chairman, which will be issued when the sub-committee has framed its bill.

Mr. Hitt has signified his intention to introduce in the House a resolution providing for the selection of a site by ballot and instructing the committee, which he will ask to have increased to thirteen members, to report within three days.

THE REMOVAL OF UTES.

The Senate committee on Indian affairs today gave a hearing to delegates from Colorado and Utah concerning the pending bill to ratify the treaty made with the Ute Indians for the cession of their present reservation in southwest Colorado and their removal to another reservation in Utah. The delegates testified that the people of Colorado were heartily in favor of the removal of the Indians to Utah and the ratification of the treaty. Bishop Hammond and Delegate Caine, of Utah, argued in favor of increasing the appropriation for the purchase of the reservation in Utah to twice the amount proposed in the bill.

THE SENATE COMMITTEE

on Public Buildings and Grounds today decided to report favorably the bill increasing the appropriation for a public building at Salt Lake City, Utah, to $300,000, or an increase of $150,000.

Favorable reports increasing the appropriations for public buildings at Los Angeles and Sacramento were also ordered.

SYMPATHY FOR BLAINE.

The following is given to the press this afternoon:

"The sympathy of friends has been so generously extended to Mr. and Mrs. Blaine in the great grief which has befallen their household that they are unable to make personal response to each. They beg, therefore, that this public recognition be accepted as a very grateful acknowledgment of the kindness, which has been most helpful throughout the sad days of their irreparable loss."

House.

WASHINGTON, Jan. 25.—The House again today considered in committee of the whole the customs administrative bill. The following additional section, offered by the ways and means committee, was adopted:

Merchandise deposited in public and private bonded warehouses may be withdrawn within three years from date of original importation on payment of the duties and charges to which it might be subjected by law at the time of such withdrawal; *provided*, that nothing herein shall effect or impair the existing provisions of law in regard to the disposal of perishable or explosive articles; and *provided, further*, that this action shall not apply to any articles which have been exported from the United States and re-imported.

The committee finally completed consideration of the bill, and rose and reported the bill to the House favorably. The first vote taken was on the amendment to the cotton section adopted yesterday. The action was reversed and the amendment defeated.

Hitt offered a resolution increasing the membership of the World's Fair committee from nine to thirteen, and providing that the committee shall have jurisdiction over all questions relating to the fair, except that as to location. Referred to committee on rules.

The House adjourned and a republican caucus was announced to be held Monday evening.

A Post Office Robbed.

DENVER, Jan. 25.—An Albuquerque, N. M., special says: Three masked men effected an entrance into the postoffice early this morning, locked the night clerk in a closet and robbed the safe of the sum of $600 in cash. Six registered pouches were also robbed of their contents. Today it was discovered that one of the pouches was the registered pouch from Santa Fe, containing several valuable letters, and one with four thousand of Lincoln county current expense bonds with coupons attached. This swells the loss to $10,000, but it is a question if the perpetrators will dare undertake to sell the bonds.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined." John Leslie, farmer and stockman, of the same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a man." J. W. Gardner, hardware merchant, same town, says: Electric Bitters is just the thing for a man who is run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease of life. Only 50c. a bottle, at A. C. Smith, & Co's drug store. 2

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited by first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as ever she was.—Free trial bottles of this Great Discovery at A. C. Smith & Co.'s Drug Store, large bottles 50 c. and $1.00. 2
