☞ OUR SUBSCRIBERS in the country can at any time ascertain the date on which their subscription expires by referring to the numbers attached to their name on their paper, i. e., 1-4-3 means first day, fourth month, third year, or April 1st, 1873, 1-7-2 means July 1st, 1872, &c., &c. Those names having no numbers close with the end of the volume. Subscribers understanding this will be able to renew their subscriptions prior to the time of expiration, so that their papers may continue without interruption.

SPECIAL TO THE DESERET NEWS.

By Telegraph.

FOR WESTERN UNION TELEGRAPH LINE.

LAST NIGHT'S DISPATCHES.

CONGRESSIONAL.

SENATE.

WASHINGTON, 7.—A bill providing for international copyright was reported upon adversely.

Alcorn, from the committee on mines, reported with an amendment a bill to aid the construction of the Sutro Tunnel from the proceeds of the sales of mineral lands. The bill for the distribution of the Geneva award was taken up.

Edwards argued against the claims of insurance companies to any portion of the award.

Thurman advocated their claims.

A bill to relieve certain persons in the South from political disabilities was taken up, the vote on which showed no quorum present. Adjourned till Monday.

On motion of Casserly a resolution was agreed to directing the Secretary of the Treasury to transmit a statement of the net earnings of the Union Pacific Rail Road Co. and Central Pacific Rail Road Co. for 1870 and 1871. Showing the receipts for freight and passengers, the amount of running expenses, and their details.

HOUSE.

WASHINGTON, 7.—After the disposal of a few private bills the House went into committee of the whole on the military academy appropriation bill appropriating $249,517.

Coburn moved to strike out the clause which gives the secretary of war discretionary power, to substitute for the professorship of Spanish a professorship of Rhetoric and English literature.

The motion was supported by Wood, Butler of Mass., Maynard, Dunnell and Young, and opposed by Marshal, Sargeant and Houghton. During the discussion the relative importance to a military education of the Spanish, French and German languages was canvassed, the opponents of the motion contending that the two latter were of the most importance, its supporters claiming that the close relations between the United States and Mexico and the West India Islands and the Spanish-American countries rendered a knowledge of Spanish as a part of an army officers' education necessary and desirable. Butler spoke of the acquisition of Mexico as a thing that would take place this generation, and Coburn predicted that the American boy was born who would issue a proclamation from Moro Castle, Havana. Finally the motion prevailed and the clause was struck out. An amendment was agreed to more specifically defining the pay and the term of service of a professor of the academy. The committee rose, the amendments were agreed to and the bill passed. Adjourned.

EASTERN.

WASHINGTON, 7.—The Secretary of the Treasury, this afternoon, revoked the order calling in a hundred millions of five-twenties, having received information from London that the subscriptions there to the new issues are made payable on June the first. The call will be renewed on March first, so as to have the called for bonds payable June first, to conform to the London subscriptions.

The Senate committee of claims, to which the President's veto of June 1st last, of the bill to pay Dr. Best of Paducah, Ky., for his house, destroyed by the federal troops during the war, to-day made a report through chairman Howe, strongly in opposition to the veto, saying the objections of the President were not based upon the ground that the act was unconstitutional or inconsiderately passed, but upon the ground that the payment of the claim would invite the presentation of demands for large sums on account of property necessarily and unavoidably destroyed by the army. The committee say that the act for the relief of Best was far from providing for the payment of property unavoidably destroyed, and clearly discriminates against and disclaims liability for such payment; and moreover, if the principle involved in the bill is just and in accordance with all law and precedent, the government can't be excused payment because the burden of such payment would impose upon the treasury. The report concludes with an elaborate statement, showing that no claim ever was or ever can be preferred against the government resting upon more impregnable ground than this, and recommends the passage of the bill, the objection of the President to the contrary notwithstanding.

The House committee on appropriations to-day limited the new government building at Philadelphia to $3,000,000. At present the appropriation is a million and a half on that account. They also agreed to appropriate $408,000 to appraisers of stores in San Francisco, and $100,000 for observing the transit of Venus. The committee completed their action on the army bill appropriation, about $30,000,000.

The Louisiana Senatorial investigation committee, to-day, examined McNulian and Lynch, and afterwards had a secret session.

The Poland committee heard the testimony of Hooper. Speaker Blaine, upon being catechized by Stevenson in a manner which seemed improper, characterized Stevenson's conduct as unbecoming, and said it was against common decency. He added that it could be shown that Stevenson had animus against him, Blaine. Poland requested both to stop the contest.

The President, to-day, pardoned Eli Ross Stewart and Robert Hayes Mitchell, both of South Carolina, convicted of Ku Klux crimes, and sentenced to imprisonment in the Albany penitentiary.

TOPEKA, 7.—The Pomeroy investigating committee sat with closed doors all day, taking the testimony of Senator York.

ST. LOUIS, 7.—A tax payers' league has been organized here, and is pledged to do all that is possible to prevent or to punish corruption in office, neglect of duty, or abuse of power.

NEW YORK, 7. — Comptroller Green, to-day, sent mayor Havemeyer a report on the recent discovery of additional frauds in the construction of the new court house, from which it appears that not less than $615,959 were fraudulently expended, of which sum Ingersoll obtained $590,509.

The body of the late Vicar General Storrs is lying in state at his late residence. It will be removed to the cathedral on Sunday. The funeral will take place on Monday.

BOSTON, Mass., 7.—Judge Wilson, chairman of the Wilson investigating committee, to-day examined Hall, secretary of the Credit Mobilier and auditor of the Union Pacific Company, in reference to the profits on the various contracts with the Union Pacific road, the cost of construction, profits, &c., as shown by the books of the company, which Hall examined to-day. From the mass of figures submitted by Hall on his examination this afternoon, it appears that the profits on the Ames contract was nearly thirty millions; on the Davis contract nearly nine millions; on the Hoxie contract over five millions, or a total on the whole road of forty-two millions eight hundred and twenty-five thousand, three hundred and twenty-seven dollars in stock and securities, at their par value. The cost of the whole road to the company, as appears on the books was one hundred and fourteen millions and thirty-three thousand in round numbers, while the actual cost of construction was seventy-one million two hundred and eight thousand.

Hall testified that the trustees under the Ames and Davis contracts were compelled on account of the pressing necessities of the company to sell the securities received by them at so large a discount from the amount paid for them, that the actual amount divided on both contracts, at its cash value, he should consider worth not more than nine millions.

WESTERN.

DOWNIEVILLE, Cal., 7.—We have had the most severe snow storm known for many years; the roads are blocked up, and there have been no mails since last Sunday.

SAN FRANCISCO.—It is reported that Col. Woods, of Chicago, intends to come to this city and build a theatre on the plan of his Chicago theatre.

John Greer has commenced a suit in the 17th District Court against Jos. W. Smith, claiming damages in the sum of $20,000 for the alleged seduction of his wife, Lavina Green. Smith is a resident of Stockton and is reputed to be worth $200,000.

The case of eleven sailors of the wrecked *Sacramento* against the Pacific mail S. S. Co., in which they claim a *pro rata* share of $4,000 awarded to 22 of the crew, was tried before Justice Bockholder to-day, and judgment was given in favor of the company on the ground that the Court had no power to divide the award.

SACRAMENTO, 7.—Michael Bergen better known as "Deaf Mike," committed suicide this afternoon in front of the City Hotel. He shot himself through the head, the ball penetrating the brain and causing instant death.

SAN FRANCISCO, 7.—In the Municipal Court to-day, the following sentence was pronounced—Daniel McFarland for burglary, sentenced to State Prison for five years on one indictment and one year on the other; in case of R. M. Lee, convicted of embracing, sentence was postponed till Friday next; John Langenier was convicted of petit larceny and had been seven months in jail awaiting a decision of the Supreme Court on the question of the admissibility of Chinese testimony; the court sentenced him to three months in the county jail.

John Birmingham and Daniel McHenry are under arrest, charged with having committed a rape on the person of Bridget O'Conner.

EUROPEAN.

BERLIN. — The *Spencer Gazette* hopes the United States will annex the Sandwich Islands, but deprecates the acquisition of Cuba, because it would be difficult to Americanize an island where the climate, religion and manners are so different from those of the States. The incorporation of the Sandwich Islands with the American Republic, however, would be a benefit to civilization.

WEST INDIES.

KINGSTON, Jamaica, Jan. 21.—Heavy rains here threaten to injure the sugar crop.

Sir John Grant has arrived at St. Thomas, from England, to assume the governorship of Jamaica. The intelligence caused much joy among the people, who have addresses from every parish waiting his arrival. A large memorial from the colonists has gone to England, praying Lord Kimberly to extend Sir John Grant's period of administration to seven years more.

UNION
SAFETY LAMP
IS conceded by all who have seen it to be possessed of great merit, and to be altogether the best thing of the kind ever put in the market.
The lamp is constructed with two tubes, the outside one intended only for the attachment of the burner, and the inside one to contain oil and receive the wick. As there is no connection between these tubes it will be evident that there is no possibility of communicating any heat to the oil, and as long as the oil in a lamp can be kept perfectly cool there is, of course, no chance for an explosion.

The Lamp is strongly and well made, attractive in appearance, and something entirely new and novel. It will burn kerosene adapted to any burner. With all of these advantages it combines cheapness, and from present indications it is destined to become very popular.
In case of accident, the Lamp falling or thrown over, by which many explosions occur, is the cause of the oil rushing to the flame. In this Lamp it is not so; it can be thrown over and cannot send the oil to the flame; it will run from it, so there is no danger of catching fire.
The public may rest assured that the Lamp is all that we claim for it, and we cordially invite the most critical to examine the same, and we feel confident the verdict will be the same as that of the most scientific men of the Eastern States—that it is superior to all LAMPS that have yet come to public notice.
This Lamp can be filled from the fount, on the top of which is a screw.
This Lamp can be attached to any Chandelier or Bracket made.
ALSO A LARGE STOCK OF
GLASS AND METAL LAMPS,
LATEST IMPROVED BURNERS, CHANDELIERS, BRACKETS, KEROSENE OILS AND PETROLEUM FLUIDS.
