ADJACENT CITIES

OGDEN.

OGDEN, UTAH, - DECEMBER 16, 1893.

LADIES' CONFERENCE.

The Relief Societies and Young Ladies' Association Hold Conjoint Meetings.

Yesterday morning at 10 o'clock the conjoint quarterly conference of the Relief Societies and the Y. L. M. I. A. of the Weber Stake was held in the Tabernacle, this city. There were representatives from nearly all the country settlements. President Jane S. Richards called the large assembly to order and spoke for a short time.

At 11 a.m. President Wilford Woodruff and Joseph F. Smith, with Elder F. D. Richards, of the quorum of the Twelve Apostles, arrived from Salt Lake. Emily S. Richards was also present. The stand was also occupied by the Presidency of the Stake, assisting Bishops and members of the High Council, also by county presidents and visitors.

President Sheriff welcomed the visitors in a short speech.

Sisters Higbee, Bingham and Richards made some remarks, whereupon President Woodruff addressed the congregation, dwelling principally upon the past history of the Church and the fulfillment of the predictions of the Prophets. He was followed by President Joseph F. Smith, who spoke of the necessity of truth with error in the religions of the world. One truth is not enough to bring salvation. Belief alone in Christ is not enough, neither is a faith not manifested by good works sufficient unto salvation. These points were strikingly illustrated. The candidate for salvation must keep all the commandments of God.

Recess was taken at 12 o'clock. Before 1 o'clock p. m. the house was packed with people. Many remained in the building during the recess, and lunch was served by the ladies to all who desired.

The first speaker in the afternoon meeting was President Woodruff, who delivered a very interesting discourse on a variety of practical points. He was followed by Sister Emily Richards, who gave a report of her labors at the World's Fair. Other speakers were Bishop McQuarrie, F. A. Brown, Rathinda E. Monk, and F. D. Richards. President Woodruff pronounced the benediction.

The conference was one of the pleasing incidents in the history of the sisters, who will long enjoy the memory of this gathering. The day was beautiful.

Fourth District Court.

The jury in the case of Wm. Brown, charged with robbing the United States mail, came into court yesterday morning and reported that they could not agree. They were discharged, Brown was bound over in the sum of $2000 and his case was continued for the term. Unable to furnish the bonds Brown was taken to the penitentiary last night.

The case of A. H. Nelson, charged with embezzlement, occupied the day. W. L. Maginnis and A. J. Weber prosecuted, and C. H. Lemmon, J. H. McMillan and A. S. Hays appeared for defendant. Owing to the former high standing of Mr. Nelson, and his interest in the Building association, the court room was crowded. Witnesses were examined for the prosecution. The testimony went to show that Nelson had been given a power of attorney to collect money for Hans Voigt. Voigt had a bank account which was subject to Nelson's check, the latter looking after Voigt's interest, collecting rents, and loaning money for him. Nelson was to keep the money out at one per cent per month, but having some personal investments in Nevada, Nelson appropriated some of Voigt's money to his own use, intending to refund it, which had not been done.

The defense introduced several witnesses to prove the good reputation of the defendant for honesty and business integrity. The evidence was all in by four o'clock when the arguments began, and the case was submitted at 6:15 p.m. A juryman was taken ill and the court adjourned. The jury will be instructed today.

The City Schools.

A meeting of the school board was held last night. From the superintendent's report it appears that during the past month there were 1305 boys and 1418 girls enrolled, a total of 2723, which is the largest monthly enrollment ever recorded in this city. In 1891 the enrollment for November was 2,105, in 1892, 2,511; in 1893, 2,723. The percentage of attendance is lower this year, which appears from comparison. In 1891, 95 per cent; in 1892, 93 per cent; in 1893, 91.7. The [illegible] due to sickness at present.

To Ask Weber Utah.

At a special session of the county court on Monday the Chairman of the Board of Salt Lake City and County asked that Weber county appropriate $500 to aid in properly representing Utah at the Midwinter Fair. It is proposed that the Territory expend $1,500 for this purpose, and this county is asked to contribute $500 of that amount. After some discussion the matter was taken under advisement by the court.

Suit Entered.

In the Fourth District Court yesterday Seldon B. Brooks entered suit against J. W. Stockwell et al. to foreclose judgments and other of lien claims on a mortgage for $362 with costs, interest and attorney's fees.

Order of Sale.

The court made an order for the sale of certain real estate to satisfy a mortgage for $1,312.50 with interest, in the case of Eugene F. Lewelling vs. Jones and Julia Burton et al.

Fire.

Early yesterday morning a fire broke out in some drying sheet near the Roselle steam laundry. The department made a quick run, but their services were not needed.

Notes.

One of the new Brooks cars for the Ogden passed through Ogden on the cars yesterday.

Three real estate sales, amounting to $1,800, were made yesterday.

In Commissioner Holmblad's court yesterday J. G. Fonstermaker entered suit against W. H. Ring for the recovery of $150 alleged to be due plaintiff on account. Taken under advisement.

Two car loads of oranges, the first of the season, arrived from Los Angeles and were forwarded to Montana yesterday.

The young lady who attempted suicide on Thursday is out of danger, but says she is sorry she did not die. The act was deliberate as she had written a letter directing her friends and giving the address of her parents.

The fad of hunting for the "benefit of the poor" has struck Ogden and the gun club will go to Cotton next Tuesday, it is expected, for a day's hunt. The company will go over the R. P. having here at 7 a.m. Cottons will furnish free teams.

PARK CITY.

PARK CITY, - DEC. 15, 1893.

IN THE MINES.

Work, with a Full Force, Going On in Most of Them.

Work is being started today at the Crescent mine, and quite a large number of miners will be put to work getting out first class ore. Teams will haul the ore from the mine to the railroad, and will haul coal up to the mine. It looks now as if all the large properties in the camp will have a full force of men all winter.

The Ontario concentrator is working day and night, and a large amount of concentrates is being shipped to the smelters at Leadville.

The Anaconda had two lots of 500 tons each to ship to Pueblo during the week, and the Silver King one lot to Mingo at Sandy.

Ontario and Daly with their usual shipments of ore and bullion keep up their end in fine shape.

The Utah Central has been taxed to its utmost during the week in supplying the various mines with Castle Gate coal. The coal miners' strike at Coalville was the main cause of the Castle Gate coal being shipped in here.

There has been speculation as to the probability of the Ontario leasers being removed, but nothing definite could be found out in regard to it. Material for this place is constantly arriving, and no doubt in a short time active work will be commenced there.

Runaways and Accidents.

Several runaways have taken place during the week, causing serious injury to several persons. The streets during the early part of the week were very slippery and it was hard work to keep wagons from slipping, and when they once did get a start it put the horses on the run. In the accident of last Tuesday, when so many were hurt, all are getting along fine now and are supposed to be entirely out of danger.

Heavy Snows.

During the past week snow storms have been the rule, and for three days a large amount of snow fell, and in many places drifted to a great depth. It is with difficulty that ore teams can reach the mines to bring down ore, as in many places snow has to be shoveled to make room for the teams. On the Crescent tramway work had to be stopped, as it was found quite impossible to keep it open.

Notes.

R. C. Chambers, general superintendent of the Ontario and Daly companies, was in town during the early part of the week distributing November checks to the many men in the two companies' employ. As a consequence the storekeepers have been wearing a pleasant smile.

The news of the action of the House in passing the Utah statehood bill was received here with much satisfaction. We are standing on two silver senators, which makes us all right. WILL.

MORE EVIDENCE

To the Chief of the Physicians Connected With the Anglo-Saxon Medical Institute, Located in the Progress Building, on South Main Street, The Old Institute—Established Nearly Two Years.

MR. SETH TERRIOTT, HUNTSVILLE, UTAH.

"I had been suffering for some three years with the old complaint, growing in size to the greatest inconvenience, being the result of my latest cold, which caused the trouble to settle down in my lungs during the night, and in the morning I would hand out such a cough that I did scarcely get over it the remainder of the day. I had tried everything I could hear of, but found no relief. My brother was advised and then took the Anglo-Saxon Medicines at home. I would have written before, but I wanted to be certain of a cure. Last June, after only three months' treatment, I was pronounced by your specialists to be all right, and I have not felt better in a very short time, and I recommend these physicians to all who are suffering as I was."

You test guarantee during November. Every ten of Five Dollars paid during the month is received with the contract and agreement that it is to be refunded in thirty days if the patient is not satisfied. Terms only $5.00 per month, which includes medicines. No extras.

MAIL.

Mail everything that accidents may happen cannot cause loss, every month.

Send 2 cents for Question Circulars.
