Cure that cough with Dodge Pills old time Cough Drops—no opiate pills.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

DESERET EVENING NEWS.

SUNDAY NEWS VIEWS.

Dr. Talmage's Text—Notes Dropped with the Gentlemen of Salt Lake.

Mr. Sidney Dean, a delegate from Oregon to the silver convention, was seen by a News reporter last evening at the Walker House. He, with ex-Governor D. P. Thompson, of Portland, and Hon. John C. Vivian, of Baker county, are the only gentlemen appointed by Gov. Ford from Oregon.

Attention to the subject of the convention, Mr. Dean said: "I do not expect a great and active City people of Chicago.

"I've seen through the papers a lot of the great talk and enthusiasm, and everything, but I don't see that the people in the middle of the country are very much interested in the silver question. I think it will be a good thing for the country if it does not go too far. The money question is a big one, and it will take a good deal of thought and study to get it right. I don't think the people are ready for any radical legislation on the question, and I don't think it will be. I don't know how the people here feel about it, but I know that in Oregon we are almost unanimously for free silver, and we don't care how soon it comes. We want it, and we want it now. We want it because we need it, and we need it because we need money. We need money because we have not enough of it. We have not had enough for years, and we have been growing poorer and poorer every year. We need more money to do our business with, and we need it because we have not enough to do our business with. We need it because we have not enough to pay our debts with, and we need it because we have not enough to pay our taxes with. We need it because we have not enough to live on, and we need it because we have not enough to live on because we have not enough to do our business with, and we need it because we have not enough to do our business with
