# MINING, BUSINESS AND STOCKS

## EAST TINTIG MINE BREAKS INTO ORE

### Manager Kellogg Expects East Tintic Development to Pay Dividends.

(Special to the "News.")

Provo, Jan. 18.—The owners of the East Tintic Development company's property situated in the Tintic district and who are mostly Provo people, believe they will soon add another bonanza to the mines of the state. Their reason for this satisfactory state of mind is the arrival of Manager Ralph Kellogg with some rich specimens of silver-lead ores taken from a cave which was opened on the 230-foot level, Saturday night. On the 120-foot level the ore vein of which this cave is believed to be a continuation was discovered in a drift 35 feet east of the shaft. The vein appeared to dip about one foot in five towards the east. The cave was broken into 32 feet east of the shaft on the 230-foot level, so there is no mistake about it being the same vein.

The extent of the ore body is not known as there has not been time to explore it; but it, as is supposed it continues on its strike the company has about 600 feet of it on its ground, and that is considered a good thing.

The drift before the cave was entered passed through blue lime, and manganese and in the cave were found stalactites and stalagmites—all the indications of ore formations found in caves in that district, and the ore brought out speaks for itself. The company under the energetic campaign of development pursued by President M. M. Kellogg, of this city, and his associates has worked hard since the time of the panic a year ago to make a pay mine of the property, and there is now no doubt of its success. In fact it may be said to be a pay mine already, as the ore shipped so far has for some time past paid for the development work. Now that an apparently large body of ore has been opened up dividends are confidently expected in a short time.

### ALL STOCKS SELL STRONG.

**East Tintic Development Heavily Bought on Mining Exchange.**

No favorites were played on the local mining exchange this morning and an unusual heavy buying was developed in several of the stocks which have not been heard from for several weeks. A better tone pervaded the market this morning than has for some time, and prices were slightly higher.

East Tintic Development took a jump this morning and was a heavy seller. On the regular board 18,000 shares were disposed of and on the regular board 17,000 shares changed hands, closing at 9 cents. Boston Consolidated stock sold for $15.50, and Silver King Coalition sold better than it has for several days.

Colorado was active and steady, while Sioux Consolidated showed less life than it has for weeks.

On the curb market stocks were lively and Ohio Copper was knocked down to $5.80 offered and $5.60 bid. Demijohn was disposed of at 15 cents; Plutus at 18 cents and Federal Ely at six cents. Bingham Central Standard was slightly higher, selling at 30½ cents and 31 cents.

## TO MAKE CHAFEY SALT LAKE CAMP

### Excursion Friday to Get Local People Interested in Properties.

"We want to make Chafey a Salt Lake camp. San Francisco and Los Angeles have dominated other places to the detriment of this city and we want to put this city in the front ranks of commerce and mining by having it the most heavily interested not alone in mining but in industrial concerns. For that reason an excursion will be run to Chafey, Friday and those who go may have an opportunity to see for themselves what is there and if the opportunity is good enough they can look to investing for themselves, we have nothing to do with it. We have nothing to sell to them."

Such was the statement of a prominent business man this morning who is connected with the Chafey Investment company.

Such was the sentiment at the banquet given at the Cullen hotel in honor of E. S. Chafey last night. At the banquet addresses were made on the opportunities that can be found at the new camp. In front of the diners was a large gold brick valued at $8,000, taken from the "Black Hole," which is now the leading mine of the camp and the property of Mr. Cafey.

Those present at the dinner last night were:

A. H. Birrell, who will be in charge of the excursion. W. H. Tobin, James Christiansen, David Mattson, M. S. Darrow, Van D. Spalding, William D. Livingston, Dr. J. F. Christianson, W. J. Craig, William Donovan, Arthur W. James, Dr. E. S. Wright, Willard Scrowcrofer, A. B. Irvine, Fred Stauffer, E. M. West, L. W. Snow, A. N. Rosenbaum, F. Moormeister, J. M. Jenson, George A. Snow, Rev. F. B. Short, E. S. Chafey, E. D. Woodruff, J. Q. Critchlow, Fisher Harris, C. E. Taylor, T. E. Smith, L. Holbrook, F. W. Sprague, L. N. Morrison, David Evans, I. B. Heywood, Oscar Lachmund, B. B. Heywood, Thomas R. Cutler, Jr., Grant Snyder, F. D. Kimball, E. A. Culbertson and E. W. Kelly.

### WILL VISIT NEVADA CAMP.

Already some 15 business men of Salt Lake have declared their intention of going to the camp Friday. The train will leave at 1 o'clock in the afternoon and will reach Mill City, nine miles from Chafey, early in the morning. From the time the men reach Mill City until they return to it in time to catch the train back Sunday night and reach home Monday morning, they will be the guests of the Chafey Investment company, a Salt Lake concern.

Among the things needed at the camp is a custom mill. At present a 50 ton mill is operating at the "Black Hole," but this is only half large enough to handle the ores from that place. It is asserted that the tonnage is there for a 100 ton mill, and that there is a large quantity of ore now on the dumps running from $20 to $30 which is not being utilized on account of shipping.

Chafey is another camp that will contribute gold bullion to the new United States assay office here and indications are that a large amount will come from that camp.

### SOME THINGS AT CHAFEY.

Salt Lakers will be taken to the camp to see what the camp affords. When asked to enumerate some of the business opportunities for the camp W. H. Tobin, who visited the place last week said that an electric light plant should do well.

There are now 1,000 citizens there. It is said that a railroad could be run to the camp at a low cost; water power five miles from the place could produce electricity; an electric road could be constructed; there is an opportunity for a clothing store, a good bank, a lumber company; water works and a good chance to get leases. It was asserted this morning by Mr. Tobin that work prospects is more needed than money, and that prices are 20 per cent of what they are at Seven Troughs.

### WILL LEAVE FOR ELY.

(Special to the "News.")

Provo, Jan. 19.—On Wednesday, President J. R. Murdock and J. F. Brim of the Ely Amalgamated Mining company leave for McGill, Nevada, to survey the company's property for patent and to commence development work. The company's property is situated close to the smelter at McGill, and is sufficiently developed to begin the shipment of ore just as soon as the price of lead will justify.

### INCORPORATE NEW COMPANY.

(Special to the "News.")

Provo, Jan. 19.—The Spring Lake Mining company has filed articles of incorporation with the county clerk. The company owns the Black Hawk and Black Hawk Nos. 1 to 10 inclusive, mining claims in the Eldorado mining district in the southern part of this county, which are made the basis of valuation of the capital stock of $100,000, in 1,000,000 shares of the par value of 10 cents each. Provo is the principal place of business. The following are the directors and officers: R. E. Knowlden, president; John Roundy, vice president; Braxton Barnett, secretary and treasurer; Perry E. Fuller, George McOune and Joseph Wirthlin.

### SAN FRANCISCO MARKET.

### CONCENTRATES.

The Buralo Consolidated company at Ophir is breaking into the vein recently struck by the Lion Hill Consolidated company, according to Superintendent Sam Pollock.

Ex-Senator A. B. Lewis of Pioche, is in the city from New York, en route to the big mining camp. He reports Joe Jenkins as doing well and in excellent health.

The North Utah Mining company of Bingham has made its initial shipment of ore from the body struck on the 230 foot level of the Butler-Liberal, one of the string of properties taken over by the company. The net returns of the shipment were $27 a ton.

A good showing of lead and silver ore has been dug up at a depth of 75 feet in doing the assessment work on the Trixie property in the Tintic district. The shaft encountered a large quartz ledge, which is the southern extension of the Eureka Lily. The latter has a large tonnage blocked out.

Among those whose names have been mentioned as being identified with the new move of Samuel Newhouse to establish a million dollar trust company are Col. E. A. Wall, Justice of the Supreme Court J. E. Frick and his former law partner Harry C. Edwards.

In the territory of the Orange cliffs, 50 miles south of Green River, a number of oil men believe they have struck a new oil field. In the "Old Bad Lands" country, 10,000 acres of land has been taken up by Grutt, Dunning & Lane of Rawhide. C. M. Lane who arrived in Salt Lake yesterday declared that he and his partners are incorporating the Ipava Coalition Oil company, which is to take over the land. Supplies and machinery will be shipped by boat down the Green river to within eight miles of the lands.

Considerable success has been had in the tests made of the ability of the Karns tunneling mchine, made at Boulder, Colo., according to J. R. Belcher, president of the Utah Karns Tunneling Machine company, who returned from Colorado yesterday. A test run of 40 minutes was made without a shut down, which breaks all the world's records for air drilling. In four hours and 20 minutes the tunneling machine made 11 feet, 9 inches. Sixty feet of tunneling has been done and the chisels are good for another 20 feet. It is believed that 40 feet a day can be made.

### TODAY'S MONEY MARKET.

New York, Jan. 19.—Money on call, easy, 1¾@2 per cent; ruling rate and close 1¾ bid, 1¾; offered at 2. Time loans, dull and easy; 60 days, 2½ per cent; 90 days, 2¾; six months, 3@3¼.

## DEMAND FOR STOCKS RESTRICTED

New York, Jan. 19.—The course of prices was irregular in the opening stock market today, but the more representative stocks were lower. Changes were small in all cases, and the dealings were light. Wisconsin Central preferred advanced ¾ and American Smelting declined as much.

Buying orders were concentrated in the soft coal and Gould groups, but the general market showed some strength and rose to a parity with yesterday's closing. Top prices were, however, not maintained, realizing reducing the slight rise in the standard stocks.

Scarcely any interest was manifested in the recognized leaders of the stock market during the second hour's trading. The fluctuations were confined to extremely narrow fractions.

New features of strength developed among the low priced issues, but the general demand remained very restricted. Wisconsin Central advanced 2¾, the preferred 2¾. Missouri Pacific and Pullman, and Toledo, St. Louis and Western preferred 1. The market closed firm.

### LIVESTOCK.

KANSAS CITY.

Kansas City, Jan. 19.—Cattle—Receipts, 12,000; market steady. Stockers and feeders, 3.30@5.25; bulls, 3.10@5.00; calves, 3.75@8.00; western steers, 4.25@6.25; western cows, 3.00@5.25.

### WOOL.

ST. LOUIS.

St. Louis, Jan. 19.—Wool, unchanged. Territory and western mediums, 17@21; fine mediums, 15@17; fine, 12@14.

### PRODUCE.

CHICAGO.

Chicago, Jan. 19.—Firm cables, smaller receipts in the northwest and a continued brisk cash demand created a strong market for wheat today. Offerings in the pit were light. At the start prices were up ⅛ to ½, May opened at 1.06⅝ to 1.07. Later May sold at 1.07¼.

Local shorts and a leading elevator interest were active bidders for corn. Initial quotations showed gains of ¼ to ⅜ with May opening at 61⅝ to 62½. For a time prices held within the opening range.

The feature of trade in oats was an active demand for the September delivery by leading commission houses. May opened ⅛@¼ to ¼@⅜ higher at 51½@51⅝ to 51⅝@51¾ and sold at 51¾.

Trade in provisions was active, local packers and longs being free sellers. This selling caused moderate weakness early in the day with prices at the start unchanged to 7½ lower.

Close—Wheat—May, 1.07; July, 98⅝@98¾; Sept., 94⅝@94¾.

Corn—Jan., 57¾; May, 61½; July 61¾@61⅞; Sept., 62.

Oats—May, 51⅝@51¾; July, 46¼; Sept., 39¼.

Pork—Jan., 17.00; May, 17.07½@17.10; July, 17.15.

Lard—Jan., 9.67½@9.70; May, 9.87½; July, 9.97½.

Ribs—Jan., 8.85; May, 9.02½; Sept., 9.15.

Rye—Cash, 76½; May, 77½@78.

Barley—Cash, 60½@67.

Timothy—March, 4.00.

Clover—March, 9.40.

EVAPORATED FRUITS.

New York, Jan. 18.—The market for evaporated apples is quiet, but holders are maintaining prices. Fancy are quoted at 8½@9½; choice, 7½@8; prime, 6½@7; and common to fair at 6@6¼.

Prunes are in light demand and rather easy in tone, notwithstanding a strong statistical position. Quotations range from 4¼ to 7¾ for new crop California fruit up to 40-50s and from 6½ to 9 for Oregon 40-50s to 20-30s.

Apricots are quiet, with choice quoted at 9½@9¾; extra choice, at 9½@10, and fancy at 11½@12.

Peaches are unchanged, with choice quoted at 6½@7; extra choice, 7½@8; fancy, 8½@10.

Raisins are said to be firmer on the coast, but the local market continues unsettled. Loose muscatel, 4¾@5; choice to fancy seeded, 5½@6½; seedless, 4@5½; London layers, 1.50@1.60.

BUTTER AND EGGS.

Chicago, Jan. 19.—Butter — Steady. Creamery, 22@30; dairy, 21½@27.

Eggs—Weak. Firsts, 29½.

New York, Jan. 19—Butter—Barely steady, unchanged.

Cheese—Steady, unchanged.

Eggs—Easy; western firsts, 31½; seconds, 30@31; state, Pennsylvania and nearby fancy selected white, 32; do. fair to choice, 35@37; brown and mixed fancy, 32@35; do. fair to choice, 31@32.

COFFEE AND SUGAR.

New York, Jan. 19.—Sugar, raw, unsettled. Fair refining, 3.21; centrifugal, .96 test, 3.71; molasses sugar, 2.96.

Refined—Steady. Crushed, 5.30; powdered, 4.75; granulated, 4.65.

Coffee—Steady. No. 7 Rio, 7¼@7⅝; No. 4 Santos, 8½.

## TO THE DALY-WEST MINING COMPANY STOCKHOLDERS:

### Hold Your Proxies for the Undersigned.

Believing that the possessions of this company are of such merit as to warrant the conclusion that within the confines of the territory owned by this company will be found sufficient mineral deposits, in connection with those already exposed, that would inure to the benefits and profits of the stockholders to such an extent that in the opinion of the undersigned and associates, it would be unwise for the Daly-West Mining Company to merge with ANY OTHER mining company, it is in our opinion especially undesirable to consolidate or merge the Daly-West property with the Ontario and Daly properties, which consolidation has been frequently hinted at in the public press. This view is concurred in by a great number of the stockholders both east and west and it is desirable that those concurring in this view should act in concert at the coming annual election. It is our opinion that the affairs of the company should be managed by a Board of Directors selected by those stockholders holding this opinion and to that end we invite their hearty co-operation. The Board of Directors should represent the stockholders from all sections and as it requires a working majority to be located at Salt Lake City, we favor the election of three Directors from that section and one each from the East and middle West.

Proxies can be had on application to Milton D. Joseph, 501 Tribune Building, Salt Lake City, Utah, and we advise those who believe as we do to sign proxies obtained from Mr. Joseph.

We also invite suggestions from stockholders as to such persons as they consider most favorable for the Directorate from their immediate section.

This movement is intended solely to place the affairs of the Daly-West Mining Company in the control of its stockholders who believe the property to be of sufficient merit and profit to them as to warrant a re-organization of its management and for the purpose, as above stated, of preventing any possible consolidation of this company with ANY OTHER, and with the view of having the property operated for the benefit of the stockholders.

Respectfully,
JOHN J. DALY,
W. P. NOBLE,
Salt Lake City, Utah.
H. OTTO HANKE,
Cincinnati, Ohio.
