Trial Jury Venire—Herr Trunkhill Bound Over—Weber County News.

Special Correspondence.

Ogden, March 23.—Yesterday County Clerk Hollingsworth drew the following venire of trial jurors for the April term of the second district court. The jurors are summoned to appear at 10 o'clock a. m. on Thursday, April 6th:

C. W. Cross, W. C. Chaplin, Erwin Williams, E. S. Annis, F. F. Akerly, William Sharp, A. G. Hayes, Lorenzo L. Wilson, J. W. Guthrie, C. A. Monson, R. M. Robinson, Spencer W. Fields, T. B. Evans, H. W. Scoville, Jr., Ogden; John Holmes, Wilson; Paul Boss, Burch Creek; Jacob Gibson, West Weber; John F. Buckley, Round Valley; Henry Barker, North Ogden; George A. Burrows, Eden; Peter Biss, William A. Moffitt, Scott T. Jensen, Nathan Lewis, Lewis Jenkins, Josiah B. Carver, Plain City.

There was no session of the district court yesterday.

TRUNKHILL BOUND OVER.

In the police justice's court yesterday Herr Trunkhill, the self-confessed burglar of Alund's store, was arraigned for examination and after the preliminary hearing was bound over for trial in the second district court, his bond being fixed at $50, which he was unable to furnish.

A farewell reception will be given to Rev. C. A. Richardson Friday evening at the Presbyterian church prior to his departure for Great Falls, Mont., his future residence.

Charles A. H. Hayes, of the Tribune's Ogden department, W. L. Wallis, the news writer for the Herald, and Attorney Hector H. Maughan will deliver addresses at the W. C. T. U. press meeting Friday evening.

The Hot Springs and Hot Springs motor line now makes regular connection with the street car line at the north end of Washington avenue, thus enabling the people of North Ogden and Pleasant View to come to town at convenient hours during the day. The line extends one mile north to the Ogden-Utah Hot Springs.

The Union Pacific par car arrived here at 2 o'clock p. m. yesterday. The passenger train due at 1:40 p. m. came in some after 3 o'clock, it being the first time it has been off the time card formerly.

Among the singers and musical organizations appearing on the program of the entertainment to be given at the Tabernacle tomorrow night for the benefit of Professor Hoag, who soon goes on a mission to Germany, are the Weber Stake Academy choir, Miss Ethel and Mr. Charles Pike, Mrs. Bessie Dean-Allison, Prof. L. P. Meesch, Prof. Owen Stephens, Miss Edith Corey, Mr. Hughert Anderson, Miss Luella Feerts, Maud May Babcock, little Marjorie Post, R. M. Stanford, Miss Lena Griffis, Miss Ray Middleton, Miss Laura Wood, Miss Anna Mortensen, Mr. Robert Denham, Mr. Albert Carrington, Mr. E. Tout, Miss Ethel Watts, Mr. W. P. Foster and Miss Dora Pieper.

Judge I. W. Shafer, H. Nauman, Mr. Lyman Skeen and Lee Hammon went to American Falls, Idaho, yesterday, to look after matters in connection with water rights under the American Falls Canal & Power company.

J. H. Miller, formerly a teacher in the Madison school and now principal of the Washington schools, was in the city Tuesday.

The funeral services over the remains of Annie Hansen, daughter of Niels Hansen, whose death occurred last Tuesday, will be held from the Plain City meeting house at 1 o'clock p. m. today.

PROVO.

District Court—The Sewer Problem—Butchers Must Keep Records.

Provo, March 23.—In the case of F. F. Whitmore vs J. W. Bounty an abstract of judgment from Justice Boyer's court of Springville has been filed in the fourth district court, giving plaintiff a decree for $93.15 and $5.30 costs.

Notice of intention to move for a new trial has been filed in the case of J. D. Crawford vs Lars Olsen et al.

THE SEWER PROBLEM.

The board of health and the city council committee on streets and alleys are considering the question of sewerage for the city. Dr. Joseph H. Jones, Joseph Knight and Lafayette Holbrook have asked to be permitted to connect private sewers with the East drain and the Factory race. The probability is that the committee will recommend to the city council the installation of a sewer district to take in the business part of the city, the property now to be used as a main sewer. Residents in the eastern part of the city will also, without doubt, be permitted to use the East drain for a sewer main.

MUST KEEP RECORDS.

Sheriff Storrs has notified the butchers in this county that section 4180 of the revised statutes, requiring licensed butchers to keep a record and description of all animals killed, together with the name of the person from whom the animal is received, will be strictly enforced in the future.

MISSIONARY FAREWELL.

A pleasant farewell party was given to the Third ward meeting house in honor of Elder James C. White, who leaves on a mission to Great Britain in a few days.

NOTES AND PERSONALS.

Dr. A. Proctor, who lately delivered a lecture in the Salt Lake Theater on the Philippine Islands, will lecture on the same subject in the College hall of the Brigham Young academy next Tuesday evening.

Wm. Maude will leave in a day or two for Great Falls, Montana, to accept a railroad position.

LOGAN.

A Fine Place for Homeseekers—Death of Mrs. Margith Lewis—No Spring Here.

Logan, March 22.—Mr. Jacob Hoopes, formerly of this city, but now a leading merchant but now living in the Teton country, Idaho, is down for a brief visit with relatives and friends. He has a good word to say for the Teton Basin. All the settlers are prosperous and happy, he says, and it is an excellent place for the home-seeker.

A demurrer to the amended answer filed in the case of Smithfield city vs Logan, Hyde Park and Smithfield Canal Co., was argued on record in the district court today.

The Dramatic association of the Fifth ward gave an entertainment on Saturday evening for the benefit of the ward Sabbath school, and will repeat it for the old folks on Monday.

MARRIAGE BELLS.

These marriage licenses were issued today: Frances S. Hansen and Mary S. Jensen, both of Preston; Alfred Hansen of Providence and Metta Swenson of Logan; George Kelson and Hannah Hoopes, both of Preston, Idaho.

DEATH OF MRS. M. K. LEWIS.

Mrs. Margith K. Lewis, an esteemed young woman of the fifth ward, and wife of Mr. T. C. Lewis, died yesterday of published fever and will be buried on Friday.

NO SPRING HERE.

The outlook for spring planting is everything the dreamy here in parts of the valley the snow is said to be from 2½ to 3 feet deep, and cold weather still prevails. Farmers are afraid that if this condition continues much longer considerable of the top soil will not be ready for the spring crops. Much water, it is expected, will also prevail in Logan this spring, and already the city has begun to strengthen the river banks.

BREACH OF PROMISE SUIT.

The feature of this week's meeting of the Philomathic society of the B. Y. College will be a trial of a breach of promise suit, wherein Illinois damage is asked from one of the gentlemen students for trifling with the heart of a lady student. Attorney J. C. Walters will act as judge and Attorneys F. E. Spafford and George G. Rich will be the opposing lawyers in the case. Mr. Nelsen prosecuting and Mr. Rich defending. It will attract a large crowd.

KAYSVILLE.

Layton and Kaysville Will Try Their Issues in the District Court.

Special Correspondence.

Kaysville, Davis Co., March 22.—At the mass meeting of Layton citizens called to hear the report of their part of the joint committee appointed by the Kaysville people, it was decided they adopted the report of the committee from Layton and gave the Kaysville people notice that if they do not pay either of a 6 mill tax, if the Kaysville people do not accept the offer the committee from Layton are to consider themselves honorably discharged.

The difference between the two places is two mills, Kaysville wanting Layton to pay seven mills.

After the close of the above meeting, another was called to hear a report from the committee appointed by the Layton people to meet Kaysville city in the courts. At this meeting the Layton people were taxed five and one-fourth mills on the taxable columns of their property to pay the expenses of fighting their last case with the city. Also four more members were added to the committee.

GRANTSVILLE.

Social Events—Relief Society Anniversary Banquet.

Special Correspondence.

Grantsville, Tooele Co., March 22.—Wm. C. Lyndahl is not doing riding; his health is improving.

John F. Flinders is a happy man, having obtained a fine foaling well at his residence on Clark street.

The dumb supper and ball at the Johnson hall, Prof. Taylor's ever, was a very pleasant affair and great credit is due the committee, the Misses Debbie Johnson, Annie Southern and Mae Johnson. It was one of the prettiest banquets ever given here.

There was a good attendance in the new Relief Society hall on the 17th inst. to commemorate the organization of the society. Mrs. Sarah M. Nauvoo officiated, seven years ago. President Rose Hammond and her counselors were present, and the afternoon was spent in quiet making by the sisters present remembrant to be a great start of the early history of that organization. In the evening a banquet was given and the sisters had the pleasure of a sumptuous feast to themselves.

EUREKA.

Painfully Injured by a Charge of Dynamite.

Special Correspondence.

Eureka, Juab Co., March 21.—A man employed by the Alma Rock company to deepen their water pipe ditch, met with an accident yesterday evening. He had loaded his hole with a charge of dynamite and had evidently miscalculated the power and stood too close to the hole, as when the explosion took place he was struck with the flying rocks on the face and hands, which were badly torn and lacerated.

FAIRVIEW.

Building Enterprises—Society's Social Banquet.

Special Correspondence.

Fairview, Sanpete Co., March 22.—Everywhere the air resounds with the hum of improvements in the shape of building. There is under way another creamery, a large central school house, an up-to-date city hall, etc.

The Twenty-sixth quorum of Seventy had a very pleasant social here on Saturday last. Tables were loaded with the good things of the earth and after the large sumptuous feast Jens Justesen in the name, a lay program was carried out with apropos by the presiding brethren, social addresses by returned missionaries in the Hawaiian and Marsh Islands, and then a Sheet was danced, and winding up with a ball in the evening.

The improved health records here at present, but spring work for farmers in this locality will be late, on account of the heavy snowfall during the winter, and the raw and cold month of March with frequent showers.

SANTAQUIN.

Farmers Putting in Crops—Producers' Union Organized.

Special Correspondence.

Santaquin, Utah Co., March 22.—The late storms were heavier here than north of us, and as a consequence, the season is later than in the more northern settlements of this valley, but the frost never visits us in the fall so early as it does in the lower lands, so that generally we have a longer growing season than the lower settlements have. The farmers are just getting to work putting in crops, and are in hopes from the large amount of snow in the mountains to have plenty of water to mature them.

PRODUCERS' UNION ORGANIZED.

Meetings have been held here lately to consider the advisability of joining the State Producers' Union, (headquarters at Ogden), at which Messrs. Holmes and Pennel of Ogden and Valentine of Provo were present to talk up the advantages to be derived from such a union. As a result another meeting was held on the 11th inst., at which Mr. Oliver A. Pennel, assistant organizer, being present. A good number of our leading farmers were present, and organized into a branch of the State Producers' Union, and elected a president, secretary and treasurer and a sergeant-at-arms, the latter also acting as treasurer. It is proposed to hold monthly meetings, discuss the best ways of producing and marketing such crops as the market calls for, both as to quality and quantity, and it appears as if we should meet the support of all producers and be productive of much good.

The usual academic exercises of Mills, the grandson, on the boards at the opera house on Saturday evening next, are promised to go to the school house fund, and no doubt they will be greeted with a full house.

MOAB.

Pushing the Work on the New Meeting House—Few Cases Cases.

Moab, Grand Co., March 20.—The first stone in the "Parish work dream," are now in.

The time bills for our new meeting house are in this morning.

A. M. Stocks the pioneer stone of our little valley, will engineer the stone work on the new meeting house.

The district court will convene here during the January of next month. Only a few cases on the docket, the greater part of those are continued from last term, to the credit of our community there are no criminal cases on the calendar.

ST. GEORGE.

A Fine School Building—Church Building at Santa Clara.

St. George, Washington County, March 20.—While Dixie is afflicted with a drought unprecedented in the history, and an occasional cry of hard times is heard, there are some things doing. Some one is course of erection, is a prophecy in solid stone of the future greatness of the county, superior to any school house in the solid walls of pitched angular work cut stone, impressed one with the idea that the major portion of the people are going to stay here although some families are departing for the Mesa Valley under the leadership of President Thomas Judd. The building is to be 80x40 feet in size, and will contain twelve rooms, with hall running through its length sixteen feet wide, and ceiling twelve feet high. The rock clear cut side and arches over wide openings, and when finished will stand the admiration of all who see it, and the sacrifices was spent in procuring the material of which it is composed.

The sturdy German settlers of Santa Clara are not one whit behind St. George in the matter of building enterprise—its citizens are working on the foundation of a new meeting house 90x45. The walls will be built of rock, and they expect to occupy it next winter.

Melvin M. Harmon is the new clerk at the Tithing office—Edward H. Snow, who has served the people long and faithfully in the position, will soon move to fill a mission in the Eastern States.

BELLEVUE.

Eightieth Birthday of Mrs. Rebecca Sylvester Fittingly Remembered.

Special Correspondence.

Bellevue, Utah, March 20.—The eightieth birthday of Mrs. Rebecca Sylvester was very fittingly celebrated here on the 8th by her children, grandchildren and friends, and her heart made glad by their remembrance. As one of Utah's early settlers, her many friends, both north and south, will be glad to learn that she is still in the enjoyment of health and life, and faithful to the cause.

OUR NEIGHBORS.

ST. CHARLES, IDAHO.

Good Sleighing Yet—Commendable Dramatics—Sweet Charity.

Special Correspondence.

St. Charles, Idaho, March 21.—Bear Lake has experienced a very long, stormy and cold winter, and the prospects indications of spring yet. Huge snowdrifts four or five feet deep are yet in our streets, and sleighing is good. February 5th and 6th were the coldest days we have had for twenty years—thirty below zero. It is cleared about six inches again but night and is still snowing.

The Dramatic association, under the auspices of Prof. J. A. Anderson, appeared before a crowded house on the evening of the 16th, in an drama, "The Octoroon," for the benefit of Sister Olsen, who two months ago lost her dwelling house, her furniture and all her belongings by fire. Over fifty dollars was realized from the play.

SWEET CHARITY.

Mr. N. C. Virgin has been troubled for some time past with failing eyesight, something is growing over his eyes, making him blind, so he decided to go to Salt Lake City and have an operation performed on them. As he is a poor man and unable to pay its cost, the people of St. Charles made up a purse of over one hundred and twenty dollars and enclosed one thousand pounds of wheat, and presented both to him.

There has been considerable sickness here this winter. Sister J. C. Galloway, wife of Elder Galloway, dangerously ill, she has been sick for over three months.

Chronic Nasal Catarrh poisons every breath that is drawn into the lungs. There is a remarkable fresh and stimulating effect for the cure of this trouble. A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleansers, heals and cures. A cold in the head vanishes immediately. Sold by druggists or will be mailed for 50 cents by Ely Brothers, 56 Warren street, New York.

STATE HATCHERY FOR FISH.

To be Constructed and Maintained by Fish and Game Commissioner.

LOCATION IS NOT NAMED.

New Law Authorizes Expenditure of $2,000 This Year, and $2,000 Next Year for This Purpose.

The law in encouragement of the fishery interests of the State, passed by the last Legislature, was known as the Mills bill, and by Mr. Evans, it is entitled, "An act to provide for the construction and equipment of a State fish hatchery, for the maintenance of the same and the distribution of the fry to the various waters of the State of Utah."

The full text of this law is given below:

"Be it enacted by the Legislature of the State of Utah:

"Section 1. That the State fish and game commissioner is hereby made the State commissioner of hatcheries without further compensation, than that provided for by law.

"Sec. 2. The State fish and game commissioner is hereby authorized and directed to erect and maintain a fish hatchery in this State, for the purpose of artificial propagation and distribution of food or commercial fishes.

"Sec. 3. The State fish and game commissioner is hereby authorized to be erected the hatchery mentioned in section 2, of this act, may be obtained by purchase or otherwise by the Governor and State commissioner, taking deed or deeds therefor in the name of the people of the State of Utah.

"Sec. 4. The commissioner of hatcheries shall have supervision of all fish culture matters of a public nature, and shall receive and provide for the propagation and distribution of such food fishes as may be deemed as shall come into the possession of the State. He may also obtain eggs from such fish as are of a kind adapted to this locality as he may deem most suitable to the waters of this State, and have the same hatched at the State hatchery or other available varieties that can not be successfully propagated artificially, and shall distribute the same in a prudent and equitable manner through the different waters of the State. He may furnish to any any lake or reservoir company or any any lake or reservoir or private pond, any young fry that may be hatched in the hatcheries for the purpose of stocking such lake or reservoir, at not less than actual cost thereof, said cost to be determined by said commissioner.

"Sec. 5. The State commissioner of hatcheries shall annually, before the first day of December, make to the Governor a detailed report of the transactions of the year and set forth in said report any and all information he may have obtained in regard to the varieties of fish adapted to waters of this state and the method of culture of the same, and the water in which they are adapted, together with any information that may aid in promoting the culture of food fishes in this state.

"Sec. 6. The State commissioner of hatcheries may require the waters of the State that are adapted to the culture of fish, fish so to their adaptability for food and stock the same, if suitable, with the varieties of fish that are best adapted to the waters.

"Sec. 7. The sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated for the purpose of carrying out the provisions of this act, payable out of any moneys in the State treasury not otherwise appropriated, to be expended by or under the direction of the State commissioner of hatcheries; provided, that three thousand dollars shall be drawn in the year 1898 and two thousand dollars shall be drawn in the year 1899.

"Sec. 8. This act shall take effect upon approval.
