

## KING-EMPEROR IS CENSURED.

Hungarian Coalition Leaders Call Conference of All Parties to Agree On Answer to be Made.

### ARE GIVEN A GREAT OVATION

Excitement Consequent on Strained Relations Between Crown and Opposition is Increasing.

Budapest, Sept. 25.—The executive committee of the coalition parties in the Hungarian diet today decided to summon a general conference of all the parties forming the coalition Oct. 2, for the purpose of arriving at a common agreement on the answer to be made to the conditions imposed by the King-emperor. The committee also decided to invite to the conference all deputies outside the coalition who desire to participate in the defense of the constitution.

About a hundred thousand persons gathered outside the Independence Club today and sent a telegram of protest to the coalition leaders. Frano Kerec and Count Apponyi made speeches in which they exhorted the people to act independently, impressing upon them that the struggle must be fought within the limits of the law.

The executive committee attempted to interrupt the speakers and tried to set a free fight which necessitated the intervention of the police.

The executive committee has passed what amounts to a severe vote of censure against the king and his government. The committee in its resolution expresses the deepest regret that the king-emperor did not listen to the statesmen summoned to him to Viena, who represented the majority in the Hungarian diet and consistently therefore, the leaders of the nation in its public affairs.

The committee further indignantly censured those who advised his majesty to take such a course and approves the action of the coalition leaders in refusing to accept the conditions of the coalition and in declining the memorandum presented by the king-emperor as a violation of the constitution and unsatisfactory for the settlement of the present constitutional conflict.

#### EXCITEMENT INCREASING.

London, Sept. 26.—Special despatches from Budapest to-day say that the excitement consequent on the strained relations between the crown and the united opposition in the Hungarian diet is increasing and that, while the leaders of the coalition parties are continually trying to restrain them from violating the law, inflammatory speeches are being made by prominent persons in various sections of the country, and that, probably for the first time, the personal popularity of the king-emperor is beginning to decline.

At the meeting of the executive committee of the coalition parties at Budapest yesterday, according to the dispatches, several sharp speeches were made, and the conviction was expressed that a permanent settlement was impossible through peaceful reference to other than a legal fight over the differences between the two parts of the empire.

It is said that the coalition leaders proposed to meet to-day at the conference in Vienna. Some of the compromise of difficulties arising from the question of the language to be used in the army in Hungary by the introduction of Hungarian words of command for 16 hours regiments only. It is understood that the movement, which is carried to his majesty, whose failure to reply indicates that his ultimate is unchanged.

#### Chinese Boycott Dying Out.

Washington, Sept. 25.—General-General Rogers, at Shanghai, cabled the state department today as follows:

"There is no longer any evidence of

## ECZEMA ON BABY BOY'S FACE

Tried Many Remedies Without Any Benefit—Used Cuticura and Was Helped at Once—Now Picture of Health—Cure Permanent.

### CUTICURA REMEDIES WORK WONDERS

As I was reading the daily paper I saw a testimonial of one of your permanent cures by the Cuticura treatment. I know by experience your medicine is all it claims to be. I had a baby boy three months old and eczema broke out on his head and face. I tried several kinds of medicines without any benefit, and then I decided to try Cuticura. I could not improve him at all and in a very short time he was entirely healed. He is now three years old and a picture of health, thanks to your great remedies. One of my neighbor's children was also cured by the use of Cuticura. She came to me to ask what I used for my baby, and I was more than ready to recommend Cuticura, because of the speedy cure of my baby. She found the same result that I did. (Signed) Mrs. Lottie Verage, The Brunswick, Rhineblunder, Wis., May 21, 1905."

### CURED OF PIMPLES

I give you great pleasure to testify to the merits of the Cuticura Remedies. I have tried several treatments for the blemish and complexion, but none gave entire satisfaction as did the Cuticura treatment. I advise all to give it a fair trial. My face was always filled with pimples and red sores until I used Cuticura. (Signed) Wm. H. Brown, Covington, Ky., May 22, 1905."

### ANOTHER CURE

Cuticura Soap and Ointment cured me of a very bad skin disease from which I suffered for six months. The condition in the evolution expresses the deepest regret that the king-emperor did not listen to the statesmen summoned to him to Viena, who represented the majority in the Hungarian diet and consistently therefore, the leaders of the nation in its public affairs.

The committee further indignantly censured those who advised his majesty to take such a course and approves the action of the coalition leaders in refusing to accept the conditions of the coalition and in declining the memorandum presented by the king-emperor as a violation of the constitution and unsatisfactory for the settlement of the present constitutional conflict.

## REAR-END COLLISION ON PENNSYLVANIA

FIVE PERSONS WERE KILLED AND  
TWENTY OTHERS MORE OR LESS  
BADLY INJURED.

### ENGINEER AND FIREMAN ESCAPE

All Those Who Met Death Were in the  
Private Car of General Manager  
Attorney.

Philadelphia, Sept. 25.—A rear-end collision between the eastbound New York limited express today and a local passenger train which was standing at the Paoli station of the Pennsylvania railroad, 19 miles west of this city, resulted in the death of five men and the injuring of more than 20 others. The dead are:

DEAD.  
Frank A. Bryan of Haverford, general agent of the Safety Car Heating & Lighting company, George M. Fenneracker, Philadelphia, S. S. Walton, Altoona, Pa., Richard Y. Garland, Narberth, Carl Dunham, Philadelphia, Among the injured are the following:

INJURED.  
Miss E. K. Spangler, Merchantville, N. J., back hurt, C. Milne, 2109 Victor street, St. Louis, back injured, John Ford, dining car cook, back hurt.

Mrs. Lamotte, Ursoma hotel, ear cut and shock,

C. O. Danist, eight-year-old boy, 320 Berwyn avenue, St. Louis, back hurt,

E. A. Flaine, dining car conductor, head injured.

D. M. Ryan, Philadelphia, master machinist in railroad shop, arm and two ribs broken.

All those who met death were in the private car of General Manager Attorney, which was attached to the rear of the local train. Mr. Atterbury is on his way.

In the car at the time of the collision were about a dozen men who had been engaged in overhauling the car. Those who were not killed were injured.

The force of the impact was so great that the engine of the limited plowed 10 feet into the dining car and the latter was forced half way through the day coach ahead. At the time of the accident there were less than a dozen passengers in the local train and those in the forward coaches and were all hurt, some more and some less. Of the limited the most were not hurt, but a dozen persons on the train were injured by being thrown against seats and the sides of the cars.

Hundreds of railroad men from the surrounding towns and cities were at the scene. Not all the injured were at once placed on the forward cars of the local train, which was run to this city as a special. It stopped at Bryn Mawr, where a half hundred injured were taken to the Bryn Mawr hospital, and the others were brought here and sent to various hospitals.

Four of those who lost their lives were killed almost instantly. The fifth, Richard Garland, died in the University hospital in this city tonight.

### HAMILTON CLUB SUPPORTS JEROME.

New York, Sept. 25.—District Attorney Jerome inaugurated his independent campaign for re-election by opening headquarters in the Gilsey house.

Situation at Pensacola is Rather Discouraging.

Pensacola, Fla., Sept. 25.—Twenty-five new cases of yellow fever were reported by physicians to the state health office for the 24 hours ending at 6 o'clock tonight. This makes 24 cases for Sunday and Monday. One death was reported today. The situation tonight is rather discouraging, as the cases are scattered all over the city, and all physicians checking the disease before the appearance of frost have been practically abandoned.

Four cases of yellow fever have developed on board the German steamer "Bremen," which has been docked at Pensacola since Aug. 20, and the patients were yesterday brought ashore and placed in a hospital. The steamer was discharging ballast at Palafax wharf for several days before beginning to load and outward cargo, and it is thought the infection of frost had been practically abandoned.
