—JOSEPHITE CONFERENCE.

The Latter Revelation Not Received—Testimonies Given.

RAMO CITY, Mo., April 9.—Twenty-five ministers were present at the conference held here today. President Joseph Smith, Jr., read the entire day was the twelve apostles and the seventy to take a different, or certainly experience, the same revelation that was in the old testaments. There are two versions among the apostles which have stated for many years, and which claimed that Smith, Jr., had in his possession for a month and the apostles, and the new apostles are to, Nothing having come of it today, and stated that the revelation are not now received at the meeting.

A deep debate was occasioned in the conference the afternoon by the resolution introduced yesterday by denouncing the polygamy in Utah place at the institution of the Order of Enoch. The resolution was not adopted, the new John Hedges, who was over the meeting opinion. The Order of Enoch was placed 3 for the institution of 1853 to 1861. It is said to be capacity, and the 1895 opportunities to the year for holding their meetings.

The church official memory is holding the Josephites for said people, so years ago.

"I am sorry, all right," he said in a trembling voice, "and have been 22 days of all sorts. For I have waited a month and I am holding to be with you. I have not seen my wife, the Lord knows and I am sad to see her, so I have done to a new life, and that the Church of the saints is the church. It is my ambition to some day be saved in the Lord with Abraham, Isaac and Jacob."

Mrs. Wright, from Vermont, left now she had begun a saint. "I was virtuous and sick to my soul," said she, "who came and stood by my bedside with a square piece of parchment in his spirits hand. I have come to tell you that Joseph Smith is a revelation prophet of heaven," the angel said.

Elder George Edwards, of Southwest Missouri, said: "Late one evening in Southwest Missouri a voice came to me from heaven, and said 'You are called to fill in the lamp of the Gospel.' And I have ever since been engaged in the service of the Lord."

More Copper Cent Stamps.

CHICAGO, April 10.—Considerable new postage stamps are rapidly manufacturing in the cities of Capitol Point, Ohio, Dodge City, Kan. and Ogden, Utah. The Dodge City stamp contains 1,000 stamps, with capital, 1,000 stamps, with capital, probably and stamps are expected to follow in short time. It is now believed the postage stamps in the cities may be sent in Chicago and to all the principal cities of the United States.

All the packages sent were from Buffalo, N. Y., by the Wells, Fargo Express company. Each of these packages was consigned by the Canadian Novelty company, of Hamilton, Ont., and sent C. O. D.

Postmaster Hesing has his sample of the spurious stamps on his desk.

"They are extraordinary counterfeits," he said. "One million counterfeit stamps such as these could pass through the office every day and not be detected. Where we handle 1,000,000 daily, cancelling machines machines which take a capacity of 10,000 per hour, process now it is next to impossible to examine the stamps. Throughout all the state dangerous in the line of counterfeiting. Were you this counterfeit by the eye of a good stamp, the difference can be readily detected.

"The bad stamp is larger and the printing is not so good, yet good enough and near enough to allow to receive any unsuspecting man in the world. With the effect of this discovery will be I cannot tell. The present two cent issue undoubtedly will be recalled, but I have no authority for that statement further than my judgment of what the government must do to protect itself. It may not be necessary to make a new design. A new color might be used."

Captain Hoerr said he received the purchasers of these stamps as unknown and would make no arrests in that direction.
