PRICE OF GOLD,

Corrected Daily by BANK OF DESERET.

SALT LAKE CITY, January 22, 1872.

Buying at $1.07; selling at $1.09.

LOCAL AND OTHER MATTERS.

THEATRE.—Miss Rose Evans has been re-engaged for six nights, and she will appear this evening as Hamlet the Dane, Miss E. Couldock as Queen Gertrude, Miss Adams as Ophelia, Messrs Graham and Harris as the Gravediggers, the other characters by the company.

The Rocky Mountain Vocalists are also re-engaged, and they will appear this evening and give a number of vocal selections.

JEWISH RITES.—Yesterday the Jewish rite of circumcision was performed on the infant son, Moses, of Mr. and Mrs. Isadore Morris, of this city, at their residence, Rev. Dr. Teichenbury officiating. As usual on such occasions, a number of guests were invited to join in a general time of rejoicing and festivity. Among those present were Governor Woods, and other U. S. officials, and a goodly number of members of the Jewish persuasion.

At four o'clock yesterday evening, Mr. Leventhal and Mrs. Croney, who had been married a few days previously by civil authority, were married, by Dr. Teichenbury, according to the ancient Israelitish matrimonial ceremony. The couple have our good wishes for their future welfare and happiness.

A BAD EGG.—Beegan, the man who killed Doyle the other week, had a difficulty with a fellow prisoner at Camp Douglas, known as "Big Steve," and Beegan stabbed the latter several times in the back with a knife.

THAT MANKS PARTY.—The people from *Ellan Vannin*, as the Isle of Man is called in the Manks language, their descendants and their relatives by marriage, had a social party one evening last week (Tuesday), in the 7th Ward Assembly Rooms. Though the evening was a stormy one, the party was numerously attended, and the proceedings on the occasion were most spirited and interesting.

It is related of the Manks women early in the fifteenth century that they had obtained such proficiency in the art of selling wind, that they could dispose of it in such quantities as mariners required. As the old historian quaintly says: "In the Ilonde of Mann le sortileges and witchcrafte used; for women there sell to shipmen wynde as it were closed under three knottes of threde, so that the more wynde he would have, the more knottis he must undo." If the mariner wished moderate breezes, he unloosed one knot; if a stronger gale, he unfastened two; and if he wanted a roaring, vehement tempest, and even thunders, he had but to untie the third. We are not informed how they bound up the winds, though they are credited with having had this power also. We imagine the women of the Island have lost this art, for on Tuesday evening the elements were not favorably controled. One of the conspicuous ornaments of the Assembly Rooms, displayed over the heads of the string band, was a silken banner, on which was imprinted the armorial bearing of the Isle of Man—three armed legs of man, each heel barring a spur. The motto around the design, was, "Isceria stabit quocunque." Which freely translated means—"Whatever way you throw me, I will stand." This was evidently intended as a symbolical representation of the relative position of the Island, with respect to England, Scotland and Ireland, when each was a separate kingdom. The legs in mail denote the power of self defence, and the spurred heels, speed to resent any insult that might be offered by any of those powers; for though a little island, its people thought it an important one. With such an armorial bearing the Manks people ought to possess an aptitude to fall on their feet.

Besides dancing on Tuesday evening there was an address in Manks by Elder John Quayle, who also gave the interpretation in English, which included a tribute of respect to Elder John Taylor, as the first to carry the gospel to the Isle of Man. There were several songs sung in Manks—the national song Myie Charaine, by Mr. Thos. Cannell, also several historical incidents were related, all the proceedings proving that

"Manksmen love their native vales,
Island songs, and Island tales."

Among other matters touched upon was the remarkable manner in which the Protestant reformation was accomplished in that Island. Europe was convulsed by its throes. Blood flowed freely in England and Scotland and Ireland in the endeavor to enforce it, abd the nations were almost rent to pieces by the struggles and contests about Catholicism and Protestantism. But on the Isle of Man, during that eventful period, no blood was shed. Yearning for religious freedom and tired of the thraldom of priestly intolerance enforced by Rome, the Manks people embraced Protestantism en masse, not a single Manks family or person remaining in the Roman Catholic Church on the Island. A remarkable fact when the stubbornness of the race is considered. It is only within a few years that any of the Islanders had any sympathy with that creed. Two Manks ladies joined a nunnery in Douglas a few years ago, which created quite a sensation there.

During the evening Hons. John Taylor, Geo. Q. Cannon, John T. Caine and Thos. Callister, by request, addressed the party. The address of the former gentlemen embodied a sketch of the introduction of the gospel to "*Mannin Beg*," which, with his other remarks, counsels, &c., were very interesting. Altogether the gathering was a very interesting and pleasant one, and the committee and floor manager—Messrs. John J. Kelly, John Quayle, Thos. Cannell, A. H. Kelly and H. Dinwoodey, deserve the thanks of those who participated in the party.

THOS LECTURES.—Mr. McDonald's Lectures of Saturday and last night, were numerously attended, and the audiences seemed to be highly entertained. The subjects were treated upon by the lecturer in an able and interesting manner. He lectures again this evening, when the subject will be "Anatomy and Phrenology, our Human Skeleton." Two human skull s and several paintings will be exhibited, illustrative of the subject.

Fifteen cents each will be charged for admission for the next three lectures of the course, and for the fourth and last, 35 cents. Tickets for the entire course 60 cents, and when more than three members of the same family attend, 50 cts. each. The price of admission is small and the lectures are able and entertaining. The charge is made to defray some incidental expenses.

UTAH NORTHERN RAILROAD.—There are now at the depot two flat cars, two trucks, and a combined mail car and caboose for the Utah Northern. As soon as the iron arrives, which is on the way, track laying will commence, and it will not be long before the Loganites will hear the shrill whistle of the little locomotive. Bring on the iron.—*Ogden Junction*, Jan. 20th.

THE TRAINS.—The following was received by W. U. T.:

Corinne, 20, 8 p. m.—The trains are all blockaded between Miser and Lookout. The passenger train, bound east, has been lying at Medicine Bow since seven this morning. Several engines and a large force of men are at the blockade, endeavoring to clear the track. No trains from the east have passed Medicine Bow to-day.

ACCIDENT.—Bro. Jos. Schofield this morning fell from a building belonging to Mr. Grow, in or near the 19th Ward, dropping on his shoulder. No bones were broken, but he was severely shaken by the fall.

CHANGING BASE.—D. W. Parkhurst Esq., the enterprising lumberman, has recently sold out his entire interest in the lumber business to the Utah and California Lumber Company, and retires from the business. Mr. P. has been about two years in business in the Territory, and was the pioneer in the California and Truckee lumber trade, in which he displayed energy and enterprise, making the business profitable by his success in getting freights reduced. In the beginning of his operations he supplied the entire demand of the C. P. R. R. We understand that it is Mr. P.'s intention to visit the East; but judging from his operations here, his activity and thorough going habits, he cannot long hold himself aloof from business. Of Eastern birth, he is a western man by residence, and we shall not be surprised to hear of his reappearance in a larger and more extended field. It is difficult for such men to remain idle, even if it be called recreation.

140,000

SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.

The Singer Manufacturing Company,

AT THE WORLD'S FAIR

—Constituted by the homes of the people—

Received the Great Award of the Highest Sales and have left all rivals far behind them, for they

Sold in 1870 127,933 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,933	Florence	17,660
Wheeler & Wilson	82,214	Gold Medal	8,912
Howe	75,169	Elias	5,806
Grover & Baker	57,602	Empire	3,650
Weed	35,003	Finkle & Lyon	2,420
Wilcox & Gibbs	25,880	Parham	1,769
American Buttonhole & Overseaming	14,573	Wilson	500

And several other companies who sold a few Machines.

It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than ever that of the famous "Wheeler & Wilson" machine. This is going to be a hard year for the Singer, for they have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1869 were 84,761 machines against the 127,933 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*

One-half of our Gigantic Sales, now, nearly;

THREE-QUARTERS OF A MILLION Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS.

But the greatest increase of our Sales over all other Machines, being within the past year. This is incontestible proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This New Family Machine is now capable of a range and variety of work such as was easily recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked elastic stitch, alike on both sides of the fabric sewn: the only stitch which is universally approved, or is at all adapted to first-class family, manufacturing or tailoring work. It does it with great strength and uniformity of stitch, and, in a moment this willing and never-tiring instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circulars.

We manufacture our own needles, silk and twist, finish, tinsel and cotton thread not of all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.

A GREAT MEDICAL DISCOVERY!

MILLION'S NEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

J. WALKER'S VINEGAR BITTERS

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
