Returned Missionary.—We have had a call from Elder William C. Hanks, of Charleston, Wasatch County, who returned on Tuesday from a mission to the Southern States. Brother Hanks left this city on the 22d day of November last, and proceeded at once to Montgomery County, Mississippi, thence to Panama County, where he commenced his missionary labors. From this point he visited and preached in nine other counties in the State; also in two counties in Alabama. He met with a great deal of opposition, especially from the ministers of the various religious sects, who used their influence to the utmost to prevent him from preaching, etc., but were only partially successful in this, as some of the people were determined the "Mormon" should have a chance as well as others. In one instance he secured a "Free Will Baptist" meeting-house, in which he held four meetings to a crowded house each time. This resulted in invitations to preach in other neighborhoods in the same county. Elder Hanks has walked 1,513 miles to fill appointments; he had very few opportunities to ride. On the 7th of June last he was prostrated with chills and fever and rendered altogether unfit for missionary labor. President Morgan released him to return home considering it unsafe for him to remain longer in that country.

He speaks in the highest terms of his companion Elder John Price of Mill Creek Ward in this County, who traveled and labored with him all the time he was absent. Bro. Price is now laboring in Tennessee. Bro. Hanks while bearing the evidences of a severe sickness, states that he is gaining every day, and expects ere long to be as strong as ever. He will return to his home in Wasatch S. ake on Saturday.

For Cache.—Sisters Eliza R. Snow Smith, Elizabeth Howard, E. B. Fay, at the Theatre this evening, will commence at eight o'clock. The third will not be open.

The Chicago Times says of Miss Fay:

"The success of this remarkable lady in this country is unprecedented in the history of public characters. She is greeted with crowded houses of the intelligent public everywhere, and the leading papers of the country speak in unlimited praise of her. Tested as she has been by the greatest scientists of the world, the manifestations made under her mediumship come with more than ordinary interest."
