The Evening paper is the paper of Today, the morning paper is the paper of Yesterday.

DESERET EVENING NEWS.

5 O'clock ~EDITION.~

TRUTH AND LIBERTY.

NO. 220 MONDAY, AUGUST 12, 1895, SALT LAKE CITY, UTAH. VOL. XXVIII.

HARD TIMES GONE.

That is the Opinion of a Leading Financier of Chicago.

A SHOUTER DAY NOW DAWNING.

Small Trade Brisk—Wages Advancing—Crops Abundant—All Good Signs.

NEW YORK, Aug. 12.—Comptroller E. S. Akerson, who is recognized as one of the leading financiers of Chicago, retires from office in that city on the election of a Republican mayor.

"Confidence has been restored," he said to a reporter last night, "and so I feel as we nothing will happen soon to disturb it. We sold some bonds recently to a firm of New York at a higher price than we ever before received.

"The criterion of prosperity is a brisk retail trade. All through the West the country merchants are stocking their stores and buying for a big trade this fall. Another thing too shows that business men generally feel that the depression has ended and that is the reason for the voluntary advance in wages which has been made. Then the crops are going to turn out as they never have before. I should not be surprised if we harvested 2,500,000,000 bushels of corn.

"Chicago Democrats and the West want like to see Whitney at the head of the ticket. The Republicans will nominate Allison."

ACROSS THE PACIFIC.

The Olympia Will Try to Beat the World's Record.

SAN FRANCISCO, Aug. 12.—The navy department has evidently determined to ascertain if the Columbia is the fastest jet American warship, and has assigned the honor of competition to the cruiser Olympia. The Olympia will soon go to join the Atlantic squadron, and the department has ordered that she shall try to make an ocean record as far as Honolulu at least and possibly across the Pacific. Local naval officers interpret the order to mean that the government wishes to break the world's record made by the Columbia recently, when an average speed of over eighteen knots an hour was made from Southampton to New York.

"We believe sincerely that we shall lower the record of the Columbia," said one of the officers of the Olympia. "The distance to Honolulu is 2,100 miles. We ought to make it in four and a half days. The Olympia made a certain mile twenty knots an hour on her trial trip. If she should be kept up a speed of eighteen and a half knots an hour, which we believe practical, she would shave off Honolulu in four days and twelve hours. This would lower the record of the Columbia and lay the world."

Taylor Sentenced to Death.

CARROLTON, Mo., Aug. 12.—At 11:45 o'clock tonight, after a legal battle lasting continuously since this morning, Wm. P. and Geo. F. Taylor were sentenced to hang on October 4th next, between the hours of 9 a. m. and 3 p. m., for the murder of Chas. H. Grange. A motion of appeal was filed by Judge Hosmer, in overruling the motion for a new trial, said that no fairer trial ever had been accorded any person than that given the Taylor brothers.

INDIAN WAR IN YUCATAN.

Several Skirmishes Between the Aborigines and the Troops.

NEW YORK, Aug. 12.—A dispatch to the Herald from San Criscobal, Mexico, says: Couriers have arrived here bringing information from the seat of the Indian war in Yucatan. The advices show that the Indians have made a stand and are preparing for an attempt to drive the government troops out of the territory to which the Indians lay claim. The Indians are armed with improved rifles, the government forces on the frontier are being constantly augmented. They are being sent to Yucatan by ship load from all parts of Mexico, and there is every prospect of a terrible war. Several skirmishes have occurred between the Indians and the troops.

Alleged Brutality in a Penitentiary.

ATLANTA, Ga., Aug. 12.—Harvey Heinz, recently pardoned out of the penitentiary, has entered suit for heavy damages against the penitentiary company. Heinz tells a horrible story of inhuman and cruel treatment as the basis of his action. He was in the twelve years, but was pardoned after serving nine years because he was no longer useful to the lessee. He was working for the Chattahoochee Brick company and in the course of the lessee in Walker county, he alleges that he was at frequent times beaten with inhuman savageness. Sixty to seventy licks on the naked back, he says, with a three pound strap, were common punishments. At one time he was given 175 lashes, the blood spurting forth at each blow. After the punishment resulting he attempted to escape, was captured, and he recites the horrible details of the beating he received. His man had him while flogged, the whipping boss, filled the lash, which was sent by the force of the blows. One of his eyes was put out by the terrible strap.

Sentence in Danger of Seizure.

SAN FRANCISCO, Aug. 12.—The consular dispatches bring news that the sharks have reached Bering sea and are in imminent danger of seizure by the revenue cutters. This means a great deal to the owners of sealing vessels and to those interested in sealing ventures. The instructions under which the cutters are patrolling sealing vessels this year are to seize all sealskins. The schooners are liable to seizure also, for the international regulations are so strict that vessels even with guns for shooting seals on board are not allowed in Bering sea. The last news from the United States cutter Corwin, which was received by the ship on the Orizaba, was that she was expected back to Unalaska about the middle of July. All these things indicate that the next news received from Bering sea is likely to be sensational in its nature.

Brecknridge and Jones.

PINE BLUFF, Ark., Aug. 12.—There is a rumor afloat that Minister Clifton R. Breckinridge will be a candidate for the United States senate against Senator J. K. Jones, in which event the three Little Rock papers, the leading journals being all committed to "sound money," will have to give their support to Breckinridge, though inclined towards Jones.

The Schedule Not Forthcoming.

VANCOUVER, B. C., Aug. 12.—Postmaster General Wardell, of New Zealand, has instructed his government that the expected additional subsidy from Great Britain to the Canadian-Australian line would not be forthcoming. Arnold Morley, the British postmaster general, told him that the policy of the British government was to maintain, in the utmost possible efficiency, the service via Suez, on account of British interests in East India being paramount to all others. The postmaster general was fighting against any attempt to subsidize or aid the Canadian-Australian line between Vancouver and Australia, for the reason because the Canadians had gone to either members of the cabinet instead of first consulting him.

Veteran Editor Dead.

SAN FRANCISCO, Aug. 12.—Frank M. Pixley, a veteran editor and politician, died last night after a lingering illness. He came to California forty years ago and was one of the most prominent men in the state.

WHY HE SUICIDED.

Pauline Randall Took Poison to Scare a Friend.

CHICAGO, Aug. 12.—Pauline Randall made she wished to frighten Herbert Hale. By using an ale induced Thomas Cale to promise for her a quantity of morphine. Last night she died from the effects of the poison. Hale and Cale are locked up as accessories to the suicide.

Saturday night Pauline Randall, who was 17 years old, appeared to Policeman Garthy, of the Cottage Grove Avenue station, to be intoxicated. He arrested her and charged her with disorderly conduct. Hale, who was her friend, she thought, did not secure bail for her. When she secured a bondsman she complained to Hale of his slimsiness. A quarrel followed. The girl said she would kill herself. She could get no poison. Whereupon that Hale could get no poison. Whereupon met Cale (she said) "Get me something to scare Hale."

The poison was procured and she went to where Hale was working and swallowed the poison before him. She died last night at the boarding house. She came to this city from her home in Decatur, Ill., ten months ago.

For Lord Dunraven's Cup.

SOUTHAMPTON, Aug. 12.—The Luna, Anahey, Niagara, Isorgal and Valeda started this morning close together in the race for Lord Dunraven's challenge cup, under the auspices of the Castle yacht club. The course is twenty-five miles long. A strong southwest wind compelled the yachts to race with reefed mainsails.

The Niagara won the race and took the Dunraven challenge cup. Howard Gould's yacht led throughout, increasing the gap between herself and the competitors very rapidly on the second round. Anahey and Luna lost ground by engaging in a luffing match. The following were the times at the finish: Niagara, 3h. 52m. 37s; Anahey, 3h. 56m. 40; Luna, 3h. 58m. 4s; Valeda, 3h. 58m. 32s.

SHOT A PEDDLER.

A Young Boy Sends a Bullet Into His Brain.

HENDERSON, W. Va., Aug. 12.—Yesterday at Beverly Victor Capiena, a picture frame peddler, was shot in the head while trying to make a sale at the house of Mrs. W. T. McClintock, by Mr. McClintock's 15-year-old son, Clyde. The bullet struck Capiena in the right temple and entered the brain. He dropped. The bullet had entered the brain fully two inches, but after it was removed Capiena became conscious and told his name and residence, and said young McClintock had shot him purposely, in pursuance of a threat that he would shoot him if he refused to sell a picture frame on credit. Capiena's skull was trephined and he is doing much better than could be expected. Young McClintock has been arrested and held without bail.

Round the World on Wheels.

OAKLAND, Cal., Aug. 12.—George T. Leiner and Frank C. Curnes have left for a trip around the world on their wheels. They will go direct to Portland, Oregon, and thence by way of Minneapolis to New York, where they begin their journey across to the European continent. They expect to be absent about two years and to return to Oakland from the west.

Execs Still Fighting.

SAN FRANCISCO, Aug. 12.—General Antonio Ezeta has been sent on parole from his exile in the offices of San Salvador in which he says he will never return to the country to lead a revolt against the government. The army is disorganized, he says, and will welcome him back as its leader. Ezeta declares that President Gutierrez is the tool of Guatemala, the old time enemy of San Salvador and by his deceit has practically surrendered all that was gained in the war of 1885.

CHICAGO'S CHINAMEN EXCITED.

They Object to a Post Mortem on Cecilian Grounds.

CHICAGO, Aug. 12.—All Chinatown is worked up over the death of Gee Hong, which occurred at the county hospital Saturday, and the announcement that it will be necessary for the coroner to hold a post mortem examination before the body can be carried. Prominent Chinamen say that if the post mortem is held it will for ever debar the dead man from associating with his fellows in the next world and their purpose to invoke the aid of the Chinese consul at San Francisco to prevent the operation. Rioting developed that during Gong's last illness and at his request his queue was cut off and the Chinese of the city fear that he renounced his religion at the same time the operation was performed. Before Gong's kinsmen will see the dissecting knife upon the body they declare they will call for government protection.

UNDER A RED FLAG.

A Crowd of Striking Italians Attack Men at Work.

PITTSBURG, Aug. 12.—A hundred Italian laborers, formerly employed by Boots & Flynn on street improvements, now on a strike for an advance of twenty-five cents a day, attacked the workmen of Squirrel Hill this morning. The workmen made a strong resistance and several were injured in both crowds, none fatally. The police escorted twenty-one scabs morning under a red flag. The work is being carried on under police guard.

Will Ship the Gold.

NEW YORK, Aug. 12.—Nessinge & Fuller will ship $100,000 in gold on the Lahn tomorrow.

Grossman Brothers will ship $1,000,000 gold tomorrow.

Nessinge & Fuller will have an additional shipment of $50,000 to Europe tomorrow. Grossman Bros. have increased their shipments to $1,000,000.

FIRE IN PHILADELPHIA.

Paper Box Manufactory and Surrounding Buildings in Ashes.

PHILADELPHIA, Aug. 12.—A fire which did damage of between $250,000 and $300,000 started in a big five-story building occupied by Brown & Bailey as a paper box manufactory, 412 Franklin street, at 8:30 a. m., and before the flames had been got under control the big one Future establishment of Burk & Co., adjoining, and a dozen dwellings which surrounded the two factories were laid in ashes.

Nearly half an hour elapsed before the engine responded to the alarm. The delay proved disastrous. The firemen turned their attention to saving the adjoining buildings, but the supply of water was inadequate and it looked for a time as if the whole block would be swept by Franklin street, English, Willow and Cadwallaby streets, would be swept away. The firemen worked heroically until 11:30, when the fire was got under control.

The principal losers are Brown & Bailey and Burk & Co. The former's loss will reach $150,000, with insurance of $100,000; Burk & Co.'s loss is between $100,000 and $125,000, with insurance of between $75,000 and $80,000; Yeager & Hitz, coal dealers, whose loser loss is $20,000, with no insurance. The burned dwellings will reach $50,000. Several firemen were injured, none fatally.

THE OLYMPIA'S "RACE."

No Order to That Effect Given at the Navy Department.

WASHINGTON, Aug. 12.—The Olympia will leave San Francisco about the middle of this week, going by way of Honolulu to the Asiatic squadron to relieve the Baltimore as flagship of the station. It is stated at the navy department that she has been given no orders to make a rapid trip across the Pacific, or even part of the way. It is probable that the report originated in the talk of officers who assert that the Olympia is as fast as the Columbia. At the department, it is said, the Olympia is to remain in the Asiatic squadron three years, and the department would not risk injury to her by sending her at full speed across the Pacific.

Sundance County Sheriffs.

DENVER, Aug. 12.—A special to the Times from Visher says Marshal Wm. Sims, who is attempting to arrest Pat Gibson for disturbing the peace, was shot and killed by the latter's brother, Bill Gibson. The Gibsons escaped and a posse is scouring them. The Gibsons are deputy sheriffs.

LAID TO REST.

Funeral of the Late Justice Jackson at Hollenwalde.

NASHVILLE, Tenn., Aug. 12.—The funeral of Justice Howell Jackson occurred today at Hollenwalde, the famous home of his brother, General W. H. Jackson, six miles west of this city, in the presence of many distinguished men from a distance and a very large concourse of personal friends. The services were conducted by Rev. J. H. McNeilly, of the Presbyterian church, and Rev. R. T. Lacrave, of the Christian church. A special train went to Hollenwalde.

Chief Justice Fuller and Justice Brewer, of the Supreme court, were among the distinguished mourners.

Bullet, Not Heart Disease.

NEW YORK, Aug. 12.—Edward M. Cameron, a millionaire, was found dead last night and it was supposed heart disease caused his death. The coroner's inquest today, however, developed the fact that he was cleaning a pistol in his room yesterday afternoon when the weapon accidentally was discharged and the bullet passed through his heart.

Appointed General Agent.

ST. PAUL, Aug. 12.—James Robertson, contracting freight agent of the Great Northern company, at Spokane, has been appointed general agent at St. Louis, succeeding the late J. Wall Wood.

SHOT THE NEGROES.

A Fistical Battle Between Officers and a Colored Crowd.

WINSTON, Aug. 12.—It was given out in the colored churches yesterday that an attempt was going to be made to lynch Arthur Little, a negro on trial here for the murder of Patterson Vickers last May. Eighteen negroes marched to the jail, armed with pistols and guns. Mayor Gray assured the negroes there was no danger of lynching, but they did not disperse. Sheriff McAlister ordered out fifteen and swore in deputies. The mob began firing on the officers, several of whom were struck with small bird shot. None was seriously wounded. The officers fired several volleys into the crowd, causing the negroes to disperse. Thirteen rioters were arrested.

Earthquake in Mexico.

CITY OF MEXICO, Aug. 12.—A sharp earthquake was experienced at 5 o'clock this morning. A second shock of considerable severity occurred at 10 o'clock.

ANXIOUS FOR BLOOD.

American Residents in China Demand Reprisals.

DIPLOMACY UTTERLY USELESS.

England and America Must Unite, They Think, in an Expedition of Revenge.

NEW YORK, China, Aug. 12.—[Special, copyrighted 1895 by the Associated Press.] A meeting of foreign residents of this city was held here today. It was decided to communicate to cable the necessity of immediate intervention in China, on behalf of the United States and the British governments and the following telegram was addressed to the Associated Press: "The foreign community of Tien Tsin expressing sympathy with the friends of the Kia Cheng victims. They consider Chinese officials guilty, and the British and Americans blame the continued apathy of their governments for the situation. They regard England's demand for inquiry into the Kia Cheng massacre to be useless for, as before, the officials will say innocent heads are substituted for the actual criminals. They protest that England and America unite and an adequate demand for strong reprisals. Diplomacy is useless. We implore attention.

Signed, DICKINSON,
CHAMBERLAIN."

THE SIGNERS OF THE APPEAL.

NEW YORK, Aug. 12.—At the office of the Hong Kong and Shanghai banking corporation today, it was stated that the chairman of the meeting which issued the appeal to the United States, brought by the Associated Press regarding the recent massacres in China, is probably W. W. Dickinson, chairman of the municipal council of Tien Tsin and partner in the firm of Collins & Co., the well known merchants.

STATEMENT BY WASHINGTON OFFICIALS.

WASHINGTON, Aug. 12.—Acting Secretary Adee, of the state department, today received the following from Tien Tsin, and nothing of the sort has been received at the state department.

The following statement: "The state department has received a reply from Minister Denby to an instruction called him on the 7th inst., relative to reported killing of American missionary property at Yung Ho Chow, Denby urgently represented the case to the Yamen on the 10th and obtained immediate promise of protection and redress."

Yung Fuh is believed by the officers of the state department to be the same as Sung Fuh and English mentioned in the press telegrams. The variations in name doubtless is due to erroneous transmission over the Siberian cable in the course of which many transcriptions are necessary.

Acting Secretary McAdoo, of the navy department, issued the following:

"The navy department received this morning from Admiral Carpenter a telegram stating that he has dispatched the Detroit to Foo Chow, which is the nearest point for that vessel to the scene of the recent disturbances. A cable was received this morning from Captain Newell, commanding the Detroit announcing his arrival today at Pagoda, an anchorage about nine miles below the city of Foo Chow. Another cable was received from Admiral Carpenter announcing his departure from Nagasaki for Chi Foo, Gulf of Pechili, where he can best get in communication with the American minister at Pekin. The department has again today cabled Admiral Carpenter regarding the mission to China and asking him to keep in close and constant communication with Minister Denby."

The dispatch from Minister Denby indicates that the American minister does not share the views of other officers in China, who think reprisals should be made. It is claimed that and that could be done by the department is being done, unless the policy of the department and the government should be to begin hostilities every time there was trouble with Americans citizens in any foreign land. It is said the only way possible for this government to proceed is through its diplomatic officers, the manner in which we should require a foreign government to proceed in the matter of property or lives of foreign residents in this country were destroyed.

A high official of the navy said today it would not be right for the United States war vessels to begin bombarding Chinese towns and killing the innocent people who are innocent because these riots have taken place in the interior, especially when the Chinese government already has issued our minister that everything possible is being done to prevent further trouble and bring the offenders to justice.

OPENING OF PARLIAMENT.

William C. Gully Elected Speaker Without Opposition.

LONDON, Aug. 12.—The preparation for the assembling of the House of Commons commenced early this morning. One member arrived at 5 o'clock and walked until the house was opened at 9 o'clock in order to win the distinction of being the first member to enter.

William C. Gully, member of parliament for Carlisle, was re-elected speaker of the House of Commons without opposition.

Suits To Reorganize the Cars.

ALBUQUERQUE, N. M., Aug. 12.—The first motions in bankruptcy applications for separate receivers for the Atlantic and Pacific division of the Santa Fe system was called today before Judge Caldwell. Judge Seery, general counsel for the Atlantic and Pacific who is resisting the application, argued that the court had no jurisdiction, especially during vacation. General John W. Noble and F. B. Jenkins, counsel for the Atlantic and Pacific reorganization committee and the Union Trust company, argued the motion had jurisdiction. The court overruled the latter, after which recess was taken until tomorrow.

A U. P. Freight Agent Suicides.

SACRAMENTO, Cal., Aug. 12.—J. H. Judge, a freight agent for the Union Pacific Railroad company, committed suicide at No. 810 L street last night by jumping in front of a freight train. Judge was fifty years of age and leaves a wife and two children in Denver. It is said that he carried an insurance policy for several thousand dollars.

Shot in a Row.

ATLANTA, Ga., Aug. 12.—A special to the Journal from Camilla, Ala., says: Will Hayes, a negro, who attempted to assault Mrs. J. F. Morton, a very respected white woman in Colquitt county, last Friday, was captured here on Saturday and shot to death by a mob.

PROBATE COURT ORDERS.

Administrator Backman Required to Give Additional Bond of $18,000 in the Estate of J. H. Rencil.

The following matters were disposed of in the probate court today:

In the estate of S. A. Eaton; order to show cause why sale of real estate should not be made.

In the estate of Eliza A. Gray, deceased; withdrawal of attorney.

In the estate of Andrew Hallett, deceased; September 17, 1895, set for hearing petition of M. E. Malvey, executor, praying permission to perform agreement of purchase.

In the estate of Martin Nelson, deceased; hearing for the final account and petition for distribution; proof of publication of notice; order for approval; order made allowing of account and making distribution as prayed for.

In the estate of Aurelia Rasmussen, deceased; order of closed sale.

In the estate of Nemiah Reed, deceased; hearing on petition for letters of administration continuing from July 15th. E. W. Rose sworn and examined; order made appointing E. W. Rose administrator on filing bond of $300.

In the estate of J. H. Revell, deceased; hearing on petition for sale of real estate came on as per continuance; proof of publication approved; G. H. Backman sworn and examined; order made appointing appraisers; order of sale of real estate at public or private sale made upon filing additional bond of $18,000.

In the estate of John H. Chase, minor; hearing on relation to show cause why guardian should not be removed came on as per continuance of August 5, 1895. John H. Chase sworn and examined; left until today.

In the estate and guardianship of Edward and Oscar Jonasson minors; order of continuance on final account and petition for discharge, proof of posting of publication approved, Gustav Jonasson sworn and examined, order made granting prayer as prayed and discharge of guardian.

In the estate of Hannah Griffin, deceased; hearing on final account and petition for distribution came on as per continuance of July 17, proof of posting of publication approved, Jackson D. Griffin sworn and examined, account allowed and distribution made as prayed for.

In the estate of John H. Burton, deceased; hearing on final account and petition came on as per continuance of July 18, 1895, proof of posting and of publication approved, Barlow Ferguson and C. T. Burton sworn and examined, decree made as prayed for.

In the estate of William S. Harmon, deceased; hearing on petition for appointment of commissioners to partition the estate came on as per continuance of July 16, 1895, order made appointing Charles Hallows commissioner to partition estate, David Harmon sworn and examined.

In the estate of J. N. Williamson, deceased; continue hearing on petition for order of sale of real estate to Friday, August 16th at 10 a. m.

In the estate of Louis Stern, deceased; Friday, August 23d, set for hearing petition for letters of administration.

In the estate of Elizabeth Willes, deceased; Thursday, September 5, 1895, set as time for showing cause why an order allowing final account and of distribution should not be made.

In the estate of Joseph Rusty, deceased; order made amending order made July 19, 1895, for sale of real estate.

Three Wards in an Outing.

On Wednesday of this week, the Eighteenth, Twentieth and Twenty-first wards of this city join in an outing to Saltair, and they invite all their friends throughout the city to join with them in having a social time. A brief musical program will be given in the evening under the auspices of the three ward choirs, and among other features Geo. D. Pyper of the Eighteenth ward will sing the Pacific song Mona. Mr. Dayton and Miss Romney of the Twentieth ward will furnish an instrumental selection and the Twenty-first ward choir under Thomas Midgley will render a chorus. Dancing, picnic and bathing will furnish the other amusements of the afternoon and evening.

Emery County Population.

The population of Emery county, this Territory, according to returns of the census enumerators, is given as follows by the Castle Valley News:

Precincts.	Population.
Huntington	387
Castle Dale	387
Castle Gate	362
Lawrence	325
Orangeville	519
Ferron	519
Molen	749
Emery	441
Ibex	182
Woodside	192
Total	4,062

Mass. [illegible] [illegible] [illegible] [illegible] [illegible]

From Indian Territory Mission.

Elder Geo. S. Ashton returned on Friday evening from the Indian Territory mission, where he has been engaged preaching the Gospel during the past twenty-two months. He left his home in the Fifteenth ward of this city, October 10, 1893 and for fifteen months prior to his departure he performed missionary duty in Oklahoma. There he found the people very amiable, and willing to listen to the Gospel. There is among them a spirit of inquiry generally which is highly appreciated. Many are giving heed to the Gospel message, and prospects for the spread of truth are most encouraging. The cost of Elder Ashton's time in the missionary field was spent in Indian Territory, in the Chickasaw and Choctaw nations, where he was also treated well, and where a good work is being performed. Elder Ashton's health has not been good the last few months, but of late has improved some, and he was assisted to remain at his post of duty until he release therefrom came in due order of time.

The Elders in the Indian Territory Mission are enjoying good health, with the exception of one, and it is satisfactory that he will shortly be fully recovered from the illness which attacked him.

Death of Dr. H. A. Ellis.

Mr. Charles Ellis is in deep grief over the sudden decease of his brother, Dr. H. A. Ellis, of Russell, Kansas. Mr. Ellis states that his brother was some years younger than himself and that he was one of the finest specimens of physical manhood to be seen in the country. He was a graduate of Harvard medical college, and a very successful practitioner. But love of activity and speculation carried him away from his profession. Of late years he was running in the same days of Kansas, and for twenty years he has been one of the best known realtors in the state. This year he has been working a big reclamation scheme in Salt Lake valley, Contrary, and it was in relation with that enterprise that brought on pneumonia and resulted in his death so quickly that there was no time to notify his brother here of his sickness. It was like lightning from a cloudless sky.

COUGHLIN AND GEORGE.

They Plead Not Guilty to the Terrible Charge of Murder.

SPECIAL TO THE NEWS, FROM DENVER TRIBUNE.

OURAY, Aug. 12.—Coughlin and George were brought before Commissioner Torres in the Fourth district court from this afternoon for preliminary examination. They plead not guilty to the charge of murdering Dawes and Stage. They waived examination and the court adjourned till Wednesday afternoon at 2 [illegible] the prosecution to produce testimony.

Pleasure Notes.

The railways announce a special low rate excursion to this city to Ogden and return on Thursday next, August 15th. The fare for the round trip is placed at $1; the occasion being the great bicycle event in the Junction city. The Union Pacific announces its special excursion train to leave the city at 9 a. m.

Harry Cushing, the genial passenger agent of the Denver & Rio Grande in this city, is again at work, having returned from his pleasure trip. He has been over on the Uintah reservation, and along Wolf creek and down the Duchesne. He reports fishing as magnificent, and as for game, there is an abundance of grouse, chickens, elk, etc., and even bear for those who delight in meeting brain in his native hands. In fact, he says, he has had sport for the city sportsmen, says Mr. Cushing, and he is good authority, as he has been almost everywhere on the fishing and hunting localities of the section of country.

Visiting Town.

Lafayette Holbrook, Provo's esteemed mayor, was in Salt Lake today on business. He reports the Utah city people as hustling along in good shape and doing their part in advancing the interests of their locality in particular and the country in general.

Rudger Clawson, president of the 8th Elder quorum, who has been spending a few days in Salt Lake, says his locality is urging away ahead of all other places in Utah in the great fruit industry. During the strawberry season Brigham City sent out 60 to 70 cases of the fruit daily, and the neighboring towns also did their share. One man in Brigham City shipped 60 to 70 cases a day, employing about 200 berry pickers. The crop of peaches this year is immense, and the fruit is of good and quality. Other fruits that are now coming in are in splendid condition both as to quality and quantity, and Bro. Elder will add to its enviable record as a great fruit producer. Success in the business is following the thrifty and industrious habits of the people.

Ice Cream Festival.

There will be an ice cream and cake festival and an amusement program rendered in the Ninth ward assembly hall, on Monday evening, August 12th, at 8 o'clock. Recitations will be given by Miss Ruth Eldredge and Eli H. Pierce, a song by Miss Mabel Cooper, the musical numbers to constitute well drills, tableaux, etc. The proceeds will go toward paying the debt incurred in building the annex.

Kindergarten Day Tomorrow.

The Kindergarten excursion to Saltair takes place tomorrow. Candy and lemonade will be distributed freely to the children, while boating and bathing will be special features of the occasion. At 3:00 p. m. the program commences and in the evening there will be a grand ball when all will have the privilege of tripping the light fantastic to their heart's content. Trains leave R. G. W. depot as follows: 10:15 a. m., 2:15, 3:45, 5:45 and 7:15 p. m.

Marriage License.

A marriage license was issued today to Andrew J. Swenson and Isabella G. Romney, of the ages of 22 and 20, respectively, and both of Salt Lake City.

IN A VERY BAD BOX.

Police Officer McDonald Uses His Gun and Gets Into Trouble.

TRIED TO SHOOT A CITIZEN.

The Bullets Whistled Thick and Fast and Three of Them Struck Emil Nackerson.

Police Officer McDonald, the "hero" of many escapades in this city and elsewhere, has again succeeded in getting into trouble. This time he finds himself in a very serious situation with two specific charges, no less grave than that of robbery, taking a watch and other personal incidentals from his victim, and attempted murder, to boot.

The complaining witness in each instance is Emil Nackerson, who lives over Jordan, on the farm of C. H. Dunn. Today he appeared in the police court and related his story of the trouble to Justice Smith and Assistant County Attorney Harrington. Compared with the officer as to size he is like a pigmy pitted at the side of a giant. He exhibited the barrel of a bullet on his head, powder marks upon his face, a hole in his shirt, and a ragged hole, caused by another leaden missile from the officer's gun, and a bandaged hand through which still another bullet had been fired.

Assistant County Attorney Harrington asked him the defendant's bonds in the attempted murder case in fixed at $2,000. He was willing, he said, to exact a considerably smaller bond for the minor offense. Attorney Young of the law firm of Powers, Hardy & Lippman, was present to McDonald's behalf and argued against such bonds which he felt were beyond the power of his client to give and which he believed were unnecessarily high. Finally, bonds were fixed at $500 in the attempted murder case and $300 in the minor.

McDonald was arrested at his home in Sugarhouse Wednesday night and brought to the city, where he was detained in Chief Pratt's office during the night and where he has been held throughout the day. His personal appearance belies and the effects of a prolonged debauch, while his mind seems to be almost on the verge of breaking down. The escapade which resulted in his getting where he now is occurred late yesterday afternoon.

The particulars of the case, as given by both sides, appear to be these: Nackerson states that McDonald came to his house and said he had a warrant for his arrest. He asked to see the warrant, and without further ado or explanation, stepped back and shot at him. The bullet grazed his forehead and knocked off his hat, and the powder burned into his face. Again the officer fired and the bullet passed through the shirt sleeve and removed a bit of skin from his elbow. He then threw up his arms and told McDonald that he would go with him, but again a bullet came and this time passed through his hand. The officer then jumped into the buggy with Noble and rode away.

Henry Olsen told the particulars of the story almost the same as Nackerson had done. He said that McDonald had shoved out a little piece of paper when asked to show the warrant but did not read it or allow Nackerson to. Both denied that Nackerson had used a pistol or even been in possession of one and he had not in any way given the officer provocation to shoot.

Dr. Harrison, acting city physician in the absence of Dr. Dalby, made an examination of the wounds and found that the ball which struck the hand has passed between the bones and the wound was therefore only of the flesh and is not very serious. He is of opinion that the wound on the head was only a slight abrasion but if the bullet has passed one-fourth of an inch to the left the result would have been fatal. He said that the pistol must have been very close to Nackerson's head as powder marks were numerous on his face.

Officer McDonald said that he had gone on the request of Mr. Noble and another man to Sugarhouse Nackerson's house which had been doing damage to trees in the neighborhood. When he went to inform the owner he showed fight immediately and shot at him with a revolver which he had in his hand and he returned the shot at him. To frighten him McDonald says he fired his own revolver but with no intention of hitting him.

Mr. Nackerson says that he neither heard nor saw shooting on the part of Nackerson, but he says that Nackerson struck McDonald such a blow as knocked him and then rush at him again. McDonald told him to keep away and grew on pistol and began shooting.

Until quite recently McDonald has been officially circumspect so far as known—that is during the period between his return to work on the force after a protracted suspension from duty by the commission on account of a series of acts unbecoming an officer, and his last outbreak, which occurred several weeks ago. Since then he has been going to pieces again at a very rapid rate, being arrested at Saltair for drunkenness and disturbing the peace and getting into other specific cases of trouble. The officer at Saltair who placed McDonald under arrest intended taking him to the county jail, and in fact started for that institution with him when interceded in his behalf and he was taken to the station to be reported to be a very serious disturbance at the Rio Grande Western depot a few mornings ago, during the progress of which his revolver was discharged in the vicinity close proximity to the individual with whom he was having a dispute.

When McDonald left liquor alone he is considered anything but a bad fellow. It is when he is in his cups that he goes off on a tangent and does many strange things—some of them so strange as to suggest entire irresponsibility or knowledge of his
