

LOCAL AND OTHER MATTERS.

THEATRE.—"The White Horse" of the "Peppers" went with more spirit last night than on the evening before. The "Ladies' Club" was well performed. There was a very good house, added somewhat by the excursionists from Ogden and Kayville, who came down in the afternoon and returned after the performance closed. This evening "The Avenue" and the "Serious Family," with songs between by Mrs. Careless and Mr. Harris, for Mr. Caine's benefit.

THE MATINEE.—Don't forget the Matinee to-morrow and let the juveniles have a treat. The entertainment is an excellent one for all who can enjoy fun, nonsense and burlesque, commencing with the farce "Make Your Own Will," to be followed by the "Tournament Scene" from the "Field of the Cloth of Gold," in which the basket horses will display their restive propensities. A gymnastic act will come next, and an exhibition of the strength of Harris's trained cat. "Bombastes Furioso" concludes. We look for a house crowded with families, the youngsters ripe for enjoyment.

NOTICE.—Parties in this city invited to the Grand Civil and Military Ball, at the Theatre, on the anniversary of Washington's birthday, Tuesday, February 22nd, who contemplate attending, are requested to call and secure their admission tickets immediately. As the number is limited, first come, first served. Tickets now ready at the box office of the Theatre.

Those who cannot attend please notify accordingly.

By order of the committee,
THOMAS WILLIAMS.

SHOOTING.—Last night some soldiers beat an Indian boy very badly before the Theatre. The boy applied to the police, who went after the soldiers without taking their arms. The soldiers turned on them opposite Col. Little's residence, and one of them fired on the police, but the ball fortunately missed. The officers returned for their weapons, and followed to capture the offenders, succeeding in securing them on the bench about half way between the City and Camp Douglas, but not until several bullets were sent whizzing disagreeably around at various points during the chase. Officer Hampton had a narrow escape, a ball having passed through his coat and pants, and through his pocket handkerchief in his coat pocket. Fortunately nobody was wounded. This morning the prisoners were brought in for trial, but requested a postponement until to-morrow morning, which was granted. During the affair last night they intimated that they were proceeding on the prospective strength of the Callum bill passing; and thought they might operate a little in advance of the ordinary course.

STATION P. O. RUSH VALLEY.—We are in receipt of a letter from Bro. Silas Hillman, formerly of Spanish Fork but now of Station P. O., Rush Valley, by which we learn that the people of the branch of the church there are alive to their religion and wide awake to the cause of Zion. They are in a secluded position, and recently got up a petition for the establishment of a postoffice at their place, they being twenty-five miles from the nearest one. The petition with ninety signatures was sent to Hon. W. H. Hooper, at Washington. The reply was favorable and contained suggestions from the Second Assistant P. M. general for bids to carry weekly mails from Stockton to Rush Valley, from Stockton to Deep Creek and from Egan Canyon to Deep Creek. On the 14th instant the bids or proposals were forwarded, and the establishment of a post office at Station P. O. is very probable and is anticipated with considerable interest.

WALLSBURG.—The good folks of Wallsburg, Round Valley, Bros. W. E. Nuttall and J. C. Purcell inform us, are exerting themselves in building up the kingdom of God. The citizens are full in faith and are trying to live their religion. Improvements of every kind are being pushed vigorously ahead. Though the place only numbers some 27 families, they have erected a substantial schoolhouse this winter twenty by thirty feet, which is attended by some fifty scholars. They have also a good Sunday school. The erection of a co-operative saw mill is contemplated.

LAST NIGHT BUT ONE.—This is the last night but one of the theatrical season, and this of itself should bring a good house. But there is a very fine bill prepared; and the performance is for the benefit of our popular Manager, Mr. Caine, so that it is only reasonable to expect a bumper. Among the attractions will be the selection from Ernani, played by the orchestra at Professor Careless's benefit, also the "Sabre Song" by Mrs. Careless.

LONG ISLAND.—Elder Angus M. Cannon, writing on the 11th inst., says that he has had the pleasure of spending two weeks on Long Island, where a perfect howl has been raised by priest and press against "Mormonism." The excitement has done good; fourteen had joined the Church and there was every prospect that more would follow.

CLOSE OF THE LEGISLATURE.—The Legislative Assembly closes its labors to-night, or, more properly speaking, to-morrow morning, for the business at the close of the session usually keeps them far into the night, nearing the light of another day. They have labored faithfully and assiduously during their allotted forty days, and have passed a goodly number of measures affecting the Territorial welfare, of which the Civil Code of practice is the most important and required by far the greatest amount of labor. The honorable gentlemen can return to their constituents satisfied that their labors will be approved by an appreciative people.

INFORMATION WANTED.—If Joseph McKinley is in this city and will call at the Pacific House and enquire for Charles Cook, he will hear of something to his advantage.

INFORMATION WANTED.—If President Brigham Young's office, of the whereabouts of Roswell Prindle, Mrs. Sawyer, wife of Levi P. Sawyer, Mrs. Nancy Brown, wife of John Hiram Brown, maiden name Miss Nancy West.

HIGH COUNCIL.—The members of the High Council are requested to meet at the Seventeenth Hall on Monday morning at 10 o'clock.

A NEAT INVENTION.—Mr. T. M. Morr dropped in to-day with a very simple invention and yet a most useful one, in the shape of a clothes-line-fastener. It is a neat little spring, one of which is to be screwed on to each of the posts between which the line is extended. The contrivance is such, that while the line can be taken down or put up in a second or two, and tightened or slackened as rapidly, the more weight is put on it, the tighter it becomes. The line can be lowered to allow of the clothes being hung on, or raised when they are on as easy as pulling a string; and in case of a sudden storm the entire line, pins, clothing and all can be quickly gathered up and carried in doors. Mr. Morr is the agent for Utah.

FLORENCE

SEWING MACHINE

In point of labor, there is no same difference between thrashing with a flail, or using a Threshing Machine, that there is between sewing by hand or using a good Sewing Machine.

Inventive Genius gave to man things pleasant to the sight, And such as man has often wished Would make his labors light: Then turned to woman with a smile, And made her heart rejoice, For she in every household sings Its praises with her voice.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread, From early morn till eve, How many eyes were dimmed with tears, The humble and the proud, But now she has her "household pet," And one to which she'll cling, For labor is a pleasure now, And she can toil and sing.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

In every home, in every land, Its praise is sung aloud, It works alike for rich and poor, The humble and the proud, It is the pride of every heart, And every woman's care, "God bless the Florence Company," Is in every woman's prayer.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

Referring to the above, the Branch office of the Florence Company is now working two hours over time, running twelve hours daily. Until the completion of additions, which are now in progress, to their large factory, their agents are compelled to wait for their turn, as incoming orders are registered and filled in the order of their receipt.

They are probably the highest priced Machine in the American market, and being built of HARDENED STEEL, BY SKILLED WORKMEN, and by all the appliances that capital can bring to bear, it is offered at a price commensurate with the value of its article, and can be brought into use as honest comparison with its numerous CAST IRON competitors as a watch from Jergenson or Jact, may be compared with the Nickel or Ordo offerings of Chatham Street, Mock & Co.

It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machine, and made them the Universal favorite, wherever prejudice is laid aside and honest comparison made.

The very excellent authority the American Institute, New York, awarded the FIRST PREMIUM TO THE FLORENCE over Thirteen Competitors, and in their report the committee very tersely remarked, "This is better than any of its class known to the Judges."

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and that of these improved Machines ever offered in Utah are those sold at the Branch Office at Salt Lake. Among the recent purchasers from this office, we beg leave to refer to the following parties:
