MINING, BUSINESS AND STOCKS

LOWER MAMMOTH WAS QUITE ACTIVE

Disclosures on the 1,500-Foot Level Send Stock Skyward on the Exchange.

NUMEROUS SALES AT 46 CENTS

Uncle Sam Dealt in at 32, While Bullion-Beck Does Business At $1.35.

News that the Lower Mammoth had cut the ledge and was now in possession of a good showing of ore at a depth of 1,500 feet, sent that stock skyward this morning, and caused sales of 5,360 shares, the bulk of which went at 46 cents. At the close the stock showed a good degree of firmness, the bid being 45, with offerings at no less than a cent higher. Uncle Sam was quite active at 32, while May Day contributed shares as high at 9, and Star Con. did business at 11. The others dealt in were Butler-Liberal at 9, Bullion Beck at $1.35, and New York at 20.

The closing figures were as follows:

INCREASED DIVIDEND.

American Smelting Company Declares One of 1 3-4 Per Cent.

New York, Sept. 14.—The directors of the American Smelting & Refining company today declared a quarterly dividend of 1¾ per cent on the common stock. This is an advance of ¼ to 1 per cent over the last previous rate and increases the dividend rate from 6 to 7 per cent. The regular quarterly dividend of 1¾ on the preferred stock was also declared. Daniel Guggenheim was elected president of the company, succeeding the late Edward W. Nash. The chairmanship of the board previously held by Mr. Guggenheim, was abolished.

Mr. Guggenheim also succeeds the late Mr. Nash as president of the American Smelting Securities company. Edward Brush, secretary of the Smelting company was elected assistant to president Guggenheim.

STRIKE IN CHECKMATE.

Leasers Taking Out Ore That Shows Values of $150 a Ton.

S. M. Carhart, who is in from Pearl, says the Boise Statesman, brings confirmation of a report that F. H. Feul, who is leasing in the Checkmate mine, has opened some very rich ore. He states the ore is found above No. 1 level east of the shaft.

The very rich ore comes in streaks and is taken out separately and sacked for shipment. One shipment of this high grade product has been made. Mr. Feul is in Portland, but his men are at work and are still sacking the rich ore.

A lot of second class ore has been milled by Mr. Feul, and it is the understanding that the lease is proving very profitable.

It appears from such information the Statesman can get that the ore is of different character from the ordinary rich ore of the property. It is said to show little or nothing in the pan, but when submitted to the fire test it runs up to $150 of more.

Mr. Carhart states the Black Pearl mill building is looming up in fine shape. The frame is up and it makes an imposing appearance, the structure being of great size. The installation of machinery has not yet begun, but everything has been arranged so it can be put up in short order.

The cyanide plant on the Lincoln is nearing completion and it is the understanding about camp that it will be started some time during the present month. The supply of water available is said to be ample.

COPPER, easy	16@16⅛

BLUE BELL PAYMENT.

Bingham Con. Ready to Shell Out Another $448,000 on Purchase Price.

In the course of a few hours, according to advices received recently by the late owners of the Eagle & Blue Bell, the Bingham Con. will deposit to the credit of the McChrystal estate the neat sum of $85,600, as an additional payment on the purchase price of this Tintic producer. This will leave the sum of $50,000 yet to be paid, an amount which will find its way into the McChrystal coffers on schedule time. By the payment of the sum named the Bingham Con. has shelled out a total of $200,000, and finds the property in highly satisfactory condition, well able to meet the demands made upon it by the company's plant. On the 1,000-foot level Manager MacVichie reports a quality of ore equal to that encountered on the 800 some time ago, and is more confident than ever that the mine has in it the elements which go to make up a bonanza of the first water.

SANTAQUIN MEETING.

Stockholders Elect Board of Directors And Hear Reports.

At the annual meeting of the stockholders of the Santaquin Mining company held today, the following board of directors was elected for the ensuing year: Abel Preece, president; James W. Wilson, vice president and general manager; J. N. Melton, secretary and treasurer; James W. Love, John Holley, Andrew J. Wilson and William B. Armstrong, Sr., directors.

The company is elated over a new strike and hopes to have ore in the market in the near future. Their lead and copper properties at Santaquin are showing up well and bid fair to become heavy producers. The company is patenting its ground and getting everything in first class shape for a good year's work.

Goldfield's Latest.

The report of an exceptionally rich strike of $1,000 ore is being circulated about town. It is known to be about eight miles east of Goldfield, but details will not be given out by parties interested. Among them are some of the people connected with the Goldfield Lumber company. When seen today they refused to either deny or affirm the report. They appeared much chagrined that a rumor had leaked out, and refused to give a hint as to why they wished no publicity.—Goldfield Sun.

Bamberger-Delamar Output.

For the month of August, the shipments of bullion from Bamberger's DeLamar Gold Mines company, at DeLamar, Nevada, amounted to $56,297.

CONCENTRATES.

The day's receipts at the Taylor-Brunton sampler amounted to two cars of ore each from Idaho, Tintic and Bingham.

The Pioneer sampler reported today two cars of ore from Bingham, four from Alta, two from Tintic and one from Nevada.

The copper channel in the Ohio mine at Bingham has been pushed a distance of 350 feet and shows a good quality of ore practically all the way.

Ore and bullion settlements reported late yesterday afternoon by McCornick & Co. amounted to $85,400, divided as follows: Bullion, $43,100; gold, silver, lead and copper ores, $42,300.

Advices from the north indicate that the Dominion Copper company has decided to build a new smelter at the Montreal & Boston property, the plant to cost in the neighborhood of $1,000,000. It will probably have its location at Great Falls.

According to the Pioche Record, the Stampede Gap is showing ore yielding returns of 358 ounces silver and 25 per cent lead to the ton, while the Pioche-Nevada Consolidated has developed a good ore body, showing great bunches of high-grade galena.

DeLamar Lode: Persistent rumors of a sensational find by several prospectors of Fay have been reaching here for the past ten days. The discovery is shrouded in mystery, and the identity of the lucky prospectors is guarded almost as closely as the find. And since the story will not down, an effort has been made to trace its origin and reliability.

At the annual stockholders' meeting of the Utah Apex company, held yesterday at Portland, Me., the following were elected directors: Charles Hayden, Boston; Charles A. Morse, New York; and Henry R. Bradley, Bangor, representing the European stockholders; Edwin B. Hastings, Frank A. Schlerner, John W. Horne and William J. Carlin, Boston; Albert J. Orem, Salt Lake, and Charles E. Graham, New York.

DeLamar Lode: Maurice Lindeman, who for some time has been foreman of the Bamberger-DeLamar mill, has accepted a position as superintendent of a large cyanide mill in Nicaragua, the property of a New Orleans company. With his well known ability and thorough knowledge of the business, he will undoubtedly be a valuable man for the company who has secured his services. Mr. Lindeman leaves many friends in DeLamar, who, while regretting his departure, will heartily wish him Godspeed. He will go via New York, visiting his relatives there, and expects to make his destination about Oct. 1.

TONOPAH PEOPLE STILL IN SESSION.

Shareholders Hold a Protracted Meeting and Discuss Dividends.

KNOX CONTINUES IN CONTROL.

Mine in Excellent Condition and Able To Produce Big Profits for Years.

In the A. O. U. W. hall on lower Main street a protracted session of the shareholders of the Montana-Tonopah is being held. The meeting began yesterday morning and at 6 o'clock last night took an adjournment to meet again at 8:30 this morning. At noon the session was still on, with no likelihood of a definite termination until a late hour.

While little could be learned concerning the exact cause of the long drawn out session, it is understood that the discussion alongs on the report of President Knox, which, while revealing a most satisfactory condition of affairs at the mine, upholds a policy in the mater of dividends that is not altogether agreeable to certain interests. It will be remembered that a month or so ago the directors of the company met at Tonopah, at which time the point in controversy was gone into quite thoroughly. The matter, however, was not definitely determined and was left open for further discussion at this meeting.

The report of Mr. Knox was most gratifying, disclosing as it did the excellent condition of the mine, which shows ore bodies of an extent calculated to enrich the company's coffers for years to come. For this condition of affairs Mr. Knox paid high tribute to Duncan Gillies, the retiring manager, not forgetting kindly remembrance of Jean A. Kirby, his able successor. The matter of tonnage and values was not touched upon, the president confining his report to that period dating from the organization of the company until October, 1904, when he himself served as manager of the concern.

In his report the president says that to retain the confidence of the stockholders, frequent and exhaustive reports upon the condition of the mine must be made, and that prior to April, 1904, they were each week submitted by him. He is still of the opinion that the shareholders are entitled to them, as was practised by him up to the hour that they were abolished, at the request of an official of the company.

Mr. Knox reiterates his belief in dividends, and says that he has worked for them unceasingly. He maintains, however, that a reserve of not less than $100,000 should be held in the treasury, and if the quarterly dividend reaches that amount, the reserve should at least equal it. He regarded the present controversy in the board over the dividend as unfortunate and injurious. He by far was the greatest sufferer, as he was the owner of 65,000 shares of the stock, with the next largest holder credited with less than 35,000 shares. The stock later, indeed, would show that his holdings had not varied 5,000 shares in three years past, with the exception of a 10,000 share block exchanged for shares in those of a neighboring company.

The president stated that his reason for opposing the recent dividend was primarily that the treasury and its condition did not justify it at that hour.

The report of the manager had not been made public up till a late hour, but it is known to reveal excellent achievements during the year. Nor had the meeting decided upon officers and directors for the ensuing term, but inasmuch as Mr. Knox still holds a majority of the stock, he will undoubtedly continue as president and be able to hold pretty much intact the present directorate.

I, C. S. Tingey, Secretary of State of the State of Utah, do hereby certify that the foregoing is a full, true and correct copy of the statement of the above-named company, now on file in my office this 12th day of September, 1905.

(Seal) C. S. TINGEY, Secretary of State.

TENDENCY OF STOCKS UPWARD.

Improvement in London Because Of Lowering of Bank Rate Didn't Help Americans.

AM. SMELTER WAS RUN UP.

Caused Sympathetic Hardening Elsewhere—Profit-Taking Resulted In Recessions.

New York, Sept. 14.—The opening in stocks was mainly higher than last night, but with slight irregularity in sympathy with London where the improvement in the market on account of the reduction of the Bank of England rate did not extend to the American department. American Smelting was run up 1¾ after the opening and St. Paul rose ¾ and Minneapolis, St. Paul and Saulte Ste Marie preferred 1. The trading was only a moderate scale.

The market advanced on the same tactics that were pursued yesterday, selected stocks being lifted up vigorously with a sympathetic hardening elsewhere. Of these Smelting made the most progress with a rise of 2⅝. St. Paul, Northern Pacific and Reading improved 1⅜@1½, and Great Northern preferred, Missouri Pacific, Amalgamated Tennessee Coal and Hide and Leather preferred 1. Profit taking in St. Paul, Reading, Union Pacific, Smelting and Amalgamated Copper, which forced them back nearly a point, awakened the list and prices fluctuated irregularly.

A rise in the southwesterns centered in Missouri Pacific, which advanced briskly 2½. The Wabash stocks, Wheeling & Lake Erie second preferred, Texas and Pacific and Rock Island gained 1. St. Louis Southwestern preferred 1½, St. Joseph & Grand Island second preferred 2, and Wheeling & Lake Erie first preferred 2. Colorado Fuel and Republic Steel preferred also rose 1, and Virginia-Carolina Chemical preferred 1½. The market was affected in sympathy, but only fractionally.

Bonds were steady at noon.

The volume of business after 12 o'clock was of small proportions but toward 1 o'clock prices tended upwards. Leading stocks were lifted sharply from time to time without eliciting any substantial offerings. Republic Steel preferred moved up 3 points, Great Northern preferred 2, Chesapeake & Ohio 1¾ and Union Pacific, Erie, New York Central, Rock Island preferred and People's Gas 1.

The absorption of huge blocks of Erie and Union Pacific at prices over a point above yesterday's closing attracted general attention and stimulated buying elsewhere. The market was a succession of upward movements in selected stocks which included a large number of favorites. St. Jo & Grand Island first preferred improved 3, St. Paul and Atchison, B. & O., Colorado & Southern second preferred and Biscuit preferred 1 to 1½. Lake Erie & Western yielded 2.

LIVE STOCK.

CHICAGO.

Chicago, Sept. 14.—Cattle—Receipts, 11,000; market slow and steady. Beeves, 3.75@6.35; cows and heifers, 1.35@4.60; Texans, 3.20@4.50; westerns, 3.00@5.85.

WOOL.

ST. LOUIS.

St. Louis, Sept. 14.—Wool, steady. Territory and western mediums, 28@30; fine mediums, 22@26; fine, 18@20.

PRODUCE.

CHICAGO.

Chicago, Sept. 14.—Unsettled weather in the northwest caused considerable covering by shorts in the wheat pit here today, resulting in a firm market. Lower prices at Liverpool acted as a check on buyers. December opened ⅛ to ¼@⅜ higher, at 83 to 83⅛@83¼, and after touching 83¾ the price settled back to 83.

Minneapolis, Duluth and Chicago reported receipts of 677 cars against 459 a year ago.

Firmness of wheat had a steadying effect on the corn market. Shorts and commission houses were moderate buyers. December opened unchanged to a shade higher at 43⅝ to 43⅝@43¾, and sold at 43¾.

Several prominent commission houses were fairly active bidders for oats. The result was a firmness in the market. December opened ⅛ to ¼ higher, at 27¼ to 27⅜, sold at 27⅜@28, and then eased off to 27¼.

Notwithstanding a 10 to 15 cent decline in the price of live hogs the provision market was steady to moderate covering by shorts. January pork was unchanged at 12.17½; lard and ribs were also unchanged at 6.72½ and 6.35 respectively.

Cash: Wheat—No. 2, red, 84½; No. 3, red, 81@82½; No. 2, hard, 82½@83; No. 3, hard, 80@81; No. 1, northern, 86; No. 2, northern, 83@85; No. 3, spring, 80@81.

Corn—No. 2, 43¾@43; No. 3, 42½@43.

Oats—No. 2, 26½; No. 3, 26.

The highest point of the day was reached at 83¾@83⅞. The market closed firm with December up ⅝ at 83¾.

Corn—After touching 44½, December closed with a gain of ¼@⅜ at 44@44⅛.

Close: Wheat—Sept., 82⅞; Dec., 83¼; May, 85⅝.

Corn—Sept., 43¼; old, 55; Dec., 44@44¼; old, 45½@45⅝; May, 45¾.

Oats—Sept., 27¼; Dec., 28¼; May, 30@30¼.

Pork—Sept., 15.35; Oct., 14.72½; Jan., 12.20@12.25.

Lard—Sept., 7.47½; Oct., 7.55; Nov., 7.32½; Dec., 6.80; Jan., 6.77½@6.80.

Ribs—Sept., 5.45; Oct., 5.50@5.52½; Jan., 6.40.

Rye—Cash, 62½.

Flax—Cash, northwest, 1.10.

Clover—Cash, $9.75@11.00.

Barley—Cash, 37@54.

Timothy—Oct., 3.40.

NEW YORK PRODUCE.

New York, Sept. 14.—Butter—Steady, unchanged.

Cheese—Easy, unchanged.

Eggs—Firm. Western extra firsts, 22; firsts, 20@21.

Sugar—Raw, quiet. Fair refining, 3¼; centrifugal, 96 test, 3⅞; molasses sugar, 3.

Refined—Dull. Crushed, 6.00; powdered, 5.40; granulated, 5.30.

Coffee—Quiet. No. rii, 8 11-16.

ATTORNEYS, NOTARIES and real estate men will find a full supply of legal blanks at the Deseret News Book store.

LOCAL MARKETS.

Today's local markets may be found a fresh car of California sweet potatoes, also a car of fresh bananas, while by express Tokay, Black Prince and Muscat grapes are being received in good condition. A car of lemons is a timely arrival, with prices remaining the same as previously, as the limit has been reached beyond which dealers say prices can go. Oranges are practically out of the market, but fine tomatoes are being received from Weber and northern Davis counties, as the canneries are not doing anything, and the farmers are bringing their product into Ogden and Salt Lake markets. A little Utah cabbage is arriving and wholesaling at 3 cents per pound. Local plums, pears, peaches and apricots are in plenty, and Utah celery is now to be had at 60 cents per dozen.

Poultry, except turkeys, is plentiful; and so is fish of all kinds, and of oysters there is no lack. Butter is getting scarce, and the price is going up as farmers are not feeding their cows hay as yet, and pasturing is scant; consequently the butter supply is falling off. Prices obtaining in today's local markets are as follows:

RETAIL.

Corn, per cwt	$1.50
Corn, cracked, per cwt	1.55

Only Sailing Vessels

Are bothered by "calms." The steamship does not have to wait for a breeze. And in the business world only the store that does not advertise (or that does not advertise enough) is bothered by "dull days."

Money used to buy advertising space in the "News" is money wisely spent—it always comes back with interest.

Reward!

TO THE person who finds the green tag number 2857 which we have lost somewhere in the down-town district, we will give away, absolutely free of charge, the best steel range that has so far been built, a Buck's.

This range is now on exhibition in our window. The lost tag is in plain sight somewhere in the down-town district. The number is 2857.

FREED FURNITURE & CARPET CO.

"Yes" or "No" does not answer all the questions of this world. There are generally some "If's" and "And's" to be considered.

IF you depend upon the Home Fire Insurance Company of Utah to protect your best interests in case of fires AND follow the example of the money wise people who are the policyholders—you'll get there.
